

ASSEMBLY BILL

No. 400

Introduced by Assembly Member Simitian

February 20, 2001

An act to amend Section 42700 of the Public Resources Code, relating to solid waste.

LEGISLATIVE COUNSEL'S DIGEST

AB 400, as introduced, Simitian. Paving materials.

Existing law, the California Integrated Waste Management Act of 1989, requires the Director of Transportation, upon consultation with the California Integrated Waste Management Board, to review and modify all bid specifications relating to the purchase of specified paving materials and backfill materials using certain recycled materials.

This bill would make technical nonsubstantive changes to that provision.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
