CALIFORNIA LEGISLATURE—2001–02 REGULAR SESSION

ASSEMBLY BILL

No. 408

Introduced by Assembly Member Correa

February 20, 2001

An act to amend Sections 7617.1, 7623, 7630, 7685.3, 9662, and 9780 of, and to add Section 9780.5 to, the Business and Professions Code, relating to human remains, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 408, as amended, Correa. Funeral, cemetery, and crematory establishments.

Existing law requires an officer of a corporation or association or a partner of the partnership appearing for an applicant for a funeral establishment license to be at least 18 years of age and to have not committed acts or crimes constituting grounds for denial of licensure.

This bill would require all officers of a corporation or association or all general partners of a partnership appearing for an applicant for a funeral establishment license to be at least 18 years of age and to have not committed acts or crimes constituting grounds for denial of licensure.

Existing law requires a funeral director to obtain a separate license for each funeral establishment the director operates.

This bill would require the funeral establishment to obtain a separate license for each funeral establishment operated.

Existing law allows the assignment of a funeral establishment’s license if, among other things, a licensed funeral director manages, directs, or controls the business of the funeral establishment.

This bill would authorize the assignment of a funeral establishment’s license upon receipt of a satisfactory audit, performed by a licensed certified public accountant or public accountant, that verifies the accuracy of the establishment’s trust fund balances and reports the establishment’s compliance with certain provisions of the Funeral Directors and Embalmers Law.

Existing law authorizes a crematory to be established, operated, or maintained by corporations, partnerships, or individuals that have a valid crematory license issued by the Cemetery and Funeral Bureau.

This bill would delete the cemetery authority exemption from the crematory license requirement. The bill would require the bureau to be notified of any change of equitable interest of 50% or more in a crematory and would require that a new owner obtain a new crematory license from the bureau.

Because this bill would lead to an increase in certain fees and fines that are deposited in the Funeral Directors and Embalmers Fund and the Cemetery Fund, both of which are continuously appropriated, the bill would make an appropriation.

Vote: ²/₃. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.
