An act to repeal and add Section 11465.6 of the Welfare and Institutions Code, relating to public social services.

LEGISLATIVE COUNSEL'S DIGEST

AB 1105, as amended, Simitian. Child care: foster family homes: child care reimbursement.

Existing law establishes the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, under which counties provide payments to foster care providers, including foster family homes, on behalf of qualified children in foster care. The program is funded by a combination of federal, state, and county funds.

Existing law provides that the department establish a program in up to 5 consenting counties under which licensed family homes and relative caregivers would be provided with reimbursement for the cost of licensed child care for each foster child under 13 years of age, if any of specified conditions are met.

This bill would repeal that requirement, and, instead, would, subject to the appropriation of funds and federal ~~approval~~ *financial participation*, require the department, with the advice, assistance, and

cooperation of the counties and foster care providers, to develop, implement, and maintain a *statewide* system to provide child care assistance under specified circumstances for ~~statewide~~ foster children in the care of a licensed family home or relative caregiver receiving payments under the AFDC-FC program.

~~This bill would make implementation of its provisions contingent upon specified federal financial participation, and upon the provision of funding in the annual Budget Act, or other statute.~~

Because each county is required to administer the AFDC-FC program, the bill would constitute a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. It is the intent of the Legislature in enacting this
- 2 act to accomplish all of the following:
- 3 (a) To provide high quality early childhood education and
- 4 schoolage child care programs for children in foster care.
- 5 (b) To provide safe and stable homelike placements for
- 6 children served by the foster care system.
- 7 (c) To recruit and retain high quality foster families, including
- 8 working parents, to ensure an adequate supply of homes for abused
- 9 and neglected children.
- 10 (d) To avoid costly and often inappropriate placements of
- 11 children.
- 12 (e) To reduce the financial barriers for current foster parents in
- 13 finding high quality child care so that they may attend foster parent

1 training, work outside the home, and participate in activities  
2 related to fulfilling their foster caregiving responsibilities.

3 (f) To support counties in their responsibility to meet the needs  
4 of foster children in a manner that recognizes county  
5 circumstances and conforms with uniform statewide standards.

6 SEC. 2. The Legislature finds and declares all of the  
7 following:

8 (a) Child care in a high quality setting can provide children with  
9 experiences that enhance their social, emotional, and behavioral  
10 development and improve school readiness, and successful  
11 transition into elementary school.

12 (b) Foster children and their foster families should be provided  
13 with the resources and support necessary to ensure optimal growth  
14 and development in a cost-effective manner.

15 (c) By providing child care to foster families, this act provides  
16 offsetting savings to the state and counties based on the following:

17 (1) Reduced utilization of emergency shelter placement.

18 (2) Reduced use of inappropriate foster family agencies and  
19 group home placements.

20 (3) Reduced social work activity due to fewer disrupted

10 be contingent upon receipt of federal financial participation and an
