[Approved by Governor October 9, 2001. Filed with  
Secretary of State October 10, 2001.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 1695, Committee on Human Services. Foster care.

Existing law sets forth the California Community Care Facilities Act which regulates, among other things, residential care facilities for children, except as specified.

This bill would exempt from that act the homes of relatives and nonrelative extended family members when children are placed by the juvenile court, as specified. The bill would also revise the requirements for licensure of foster family homes, and exempt foster family homes from provisions for the temporary licensure of community care facilities, as specified.

Existing law authorizes the Department of Justice to provide subsequent arrest notification to certain public agencies for specified purposes.

This bill would add to those purposes the approval of relative caregivers and nonrelative extended family members, as defined, and would make related changes.

Existing law sets forth various placement options for children who have been adjudged dependent children of the juvenile court and removed from their homes on the basis of neglect or abuse. Existing law also specifies various placement options for children who have been declared wards of the juvenile court. Existing law establishes a preference for placement in the home of a relative.

Existing law generally requires a court to make a determination on the record at the initial petition hearing as to whether reasonable efforts were made to prevent or eliminate the need to remove a dependent child from the home. If the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home,

even if reasonable services were provided, the court must make a finding that the lack of preplacement preventive services was reasonable.

This bill would provide that the standards used to evaluate and grant or deny approval of the home of a relative or the home of a nonrelative extended family member for the placement of a child shall be the same standards as set forth in specified regulations for licensing foster family homes, as specified. The bill would also provide for conditional approval pending criminal history information, would delete certain status review criteria regarding the substantial probability a dependent child in foster care will return to his or her parents' safe home within 6 months, and would revise the safety requirements regarding placement in a relative's home in specified instances. The bill would impose a state-mandated local program by increasing the level of service required of county employees under an existing program.

The bill would also delete the provision requiring the court to make a finding that the lack of preplacement preventive services was reasonable if the first contact with the family of a dependent child has occurred during an emergency situation as described above. The bill would revise the list of homes into which a dependent child who is under the care, custody, and control of a social worker, or a ward of the juvenile court who is under the care, custody, and control of a probation officer, may be placed to specifically include the home of a nonrelative extended family member, as defined. The bill would make other related changes. The bill would require the State Department of Social Services to adopt regulations to implement these provisions by July 1, 2002. The bill would also include a statement of legislative intent.

Existing law specifies the circumstances in which reunification services need not be provided to a parent or guardian from whose custody a child has been removed by the juvenile court.

This bill would revise those circumstances, as specified.

Existing law provides for Aid to Families with Dependent Children (AFDC) for children who have been removed from their homes in certain instances.

This bill would remove specified requirements for AFDC where a child was removed from his or her home during an emergency situation or when there is a judicial determination that the lack of preplacement preventive efforts was reasonable, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The bill would declare that it is to take effect immediately as an urgency statute.

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature to continue to promote the successful implementation of the statutory preference for foster care placement with relative caregivers as set forth in Section 7950 of the Family Code. Placement of a child with a relative caregiver most closely meets the statutory requirement of Section 16000 of the Welfare and Institutions Code that a child live in the least restrictive and most familylike setting possible. California’s clear mandate for an exhaustive search for available relatives and primary consideration of these relatives for placement is in accord with federal Title IV-E requirements that the “State shall consider giving preference to an adult relative over a nonrelated caregiver when determining placement for a child.”

The intent of the Legislature is to clarify that California’s relative caregiver approval process employs the same standards used to license foster care homes in accordance with the federal Adoption and Safe Families Act of 1997, (P.L. 105-89), and, therefore, California’s compliance entitles it to continuous Title IV-E foster care maintenance and administration payments.

The project owner or operator may coordinate, or help residents gain access to, the supportive services, either directly, or through a service coordinator.

SEC. 3. Section 1521.5 of the Health and Safety Code is amended to read:

1521.5. (a) The county welfare director shall, prior to the issuance of any foster family home license, ensure that the county licensing staff, or the placement staff, conducts one or more in-home interviews with the prospective foster parent sufficient to collect information on caregiver qualifications that may be used by the placement agency to evaluate the ability, willingness, and readiness of the prospective foster parent to meet the varying needs of children. The inability of a prospective foster parent to meet the varying needs of children, shall not, in and of itself, preclude a prospective foster parent from obtaining a foster family home license. In counties in which the county has not contracted with the state to license foster family homes, the in-home interview shall be done by the placement agency.

(b) All in-home interviews required by this section shall be on an in-person basis.

(c) If the in-home interview is conducted by the licensing agency, it shall be a part of the licensing record, and shall be shared with the

placement agency pursuant to subdivision (e) of Section 1798.24 of the Civil Code.

(d) The in-home interview required by this section shall be completed no later than 120 days following notification by the licensing agency.

(e) No license shall be issued unless an in-home interview has been conducted as required by this section.

SEC. 4. Section 1521.6 of the Health and Safety Code is amended to read:

1521.6. (a) The Legislature recognizes the importance of ensuring that prospective foster family homes meet specified health and safety requirements. Moreover, the Legislature acknowledges that there is a further need to evaluate a licensed foster parent's ability, readiness, and willingness to meet the varying needs of children, including hard-to-place children, in order to ensure competent placement resources. Therefore, it is the intent of the Legislature that the State Department of Social Services, in consultation with county placement agencies, foster care providers, and other interested parties, develop and implement through regulations, a comprehensive home study process that integrates the decision outcome of the home study developed pursuant to Section 16518 of the Welfare and Institutions Code, as a criteria for placement.

(b) This section shall become inoperative on the date the regulations adopted pursuant to this section are filed with the Secretary of State.

SEC. 5. Section 1525.5 of the Health and Safety Code is amended to read:

1525.5. (a) The director may issue provisional licenses to operate community care facilities for facilities which the director determines are in substantial compliance with the provisions of this chapter and the rules and regulations adopted pursuant thereto, provided, that no life safety risks are involved, as determined by the director. In determining whether any life safety risks are involved, the director shall require completion of all applicable fire clearances and criminal record clearances as otherwise required by the department's rules and regulations. The provisional license shall expire six months from the date of issuance, or at any earlier time as the director may determine, and may not be renewed. However, the director may extend the term of a provisional license for an additional six months at time of application, if it is determined that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, provided all other requirements for a license have been met.

(b) This section shall not apply to foster family homes.

SEC. 6. Section 11105.2 of the Penal Code is amended to read:

11105.2. (a) The Department of Justice may provide subsequent arrest notification to any agency authorized by Section 11105 to receive state summary criminal history information to assist in fulfilling employment, licensing, certification duties, or the duties of approving relative caregivers and nonrelative extended family members, upon the arrest of any person whose fingerprints are maintained on file at the Department of Justice as the result of an application for licensing, employment, certification, or approval. The notification shall consist of a current copy of the person's state summary criminal history transcript.

(b) For purposes of this section, "approval" means those duties described in subdivision (d) of Section 309 of the Welfare and Institutions Code for approving the home of a relative caregiver or of a nonrelative extended family member for placement of a child supervised by the juvenile court.

(c) Any agency, other than a law enforcement agency employing peace officers as defined in Section 830.1, subdivisions (a) and (e) of Section 830.2, subdivision (a) of Section 830.3, subdivisions (a) and (b) of Section 830.5, and subdivision (a) of Section 830.31, shall enter into a contract with the Department of Justice in order to receive notification of subsequent arrests for licensing, employment, or certification purposes.

(d) Any agency which submits the fingerprints of applicants for licensing, employment, certification, or approval to the Department of Justice for the purpose of establishing a record of the applicant to receive notification of subsequent arrests shall immediately notify the department when the employment of the applicant is terminated, when the applicant's license or certificate is revoked, when the applicant may no longer renew or reinstate the license or certificate, or when a relative caregiver's or nonrelative extended family member's approval is terminated. The Department of Justice shall terminate subsequent arrest notification on any applicant upon the request of the licensing, employment, certifying, or approving authority.

(e) Any agency receiving a notification of subsequent arrest for a person unknown to the agency, or for a person no longer employed by the agency, or no longer eligible to renew the certificate or license for which subsequent arrest notification service was established shall immediately return the subsequent arrest notification to the Department of Justice, informing the department that the agency is no longer interested in the applicant. The agency shall not record or otherwise retain any information received as a result of the subsequent arrest notice.

(f) Any agency which submits the fingerprints of an applicant for employment, licensing, certification, or approval to the Department of

Justice for the purpose of establishing a record at the department to receive notification of subsequent arrest shall immediately notify the department if the applicant is not subsequently employed, or if the applicant is denied licensing certification, or approval.

(g) An agency which fails to provide the Department of Justice with notification as set forth in subdivisions (c), (d), and (e) may be denied further subsequent arrest notification service.

(h) Notwithstanding subdivisions (c), (d), and (f), subsequent arrest notification by the Department of Justice and retention by the employing agency shall continue as to retired peace officers listed in subdivision (c) of Section 830.5.

SEC. 7. Section 309 of the Welfare and Institutions Code is amended to read:

309. (a) Upon delivery to the social worker of a child who has been taken into temporary custody under this article, the social worker shall immediately investigate the circumstances of the child and the facts surrounding the child's being taken into custody and attempt to maintain the child with the child's family through the provision of services. The social worker shall immediately release the child to the custody of the child's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The child has no parent, guardian, or responsible relative; or the child's parent, guardian, or responsible relative is not willing to provide care for the child.

(2) Continued detention of the child is a matter of immediate and urgent necessity for the protection of the child and there are no reasonable means by which the child can be protected in his or her home or the home of a responsible relative.

(3) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(4) The child has left a placement in which he or she was placed by the juvenile court.

(5) The parent or other person having lawful custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code and did not reclaim the child within the 14-day period specified in subdivision (e) of that section.

(b) In any case in which there is reasonable cause for believing that a child who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the child shall be deemed to have been taken into temporary custody and delivered to the social worker for the purposes of this chapter while the child is at the office of the physician or surgeon or the medical facility.

(c) If the child is not released to his or her parent or guardian, the child shall be deemed detained for purposes of this chapter.

(d) If an able and willing relative, as defined in Section 319, is available and requests temporary placement of the child pending the detention hearing, the county welfare department shall initiate an assessment of the relative's suitability, which shall include an in-home inspection to assess the safety of the home and the ability of the relative to care for the child's needs, and a consideration of the results of a criminal records check and a check of allegations of prior child abuse or neglect concerning the relative and other adults in the home. The standards used to evaluate and grant or deny approval of the home of the relative and of the home of a nonrelative extended family member, as described in Section 362.7, shall be the same standards set forth in regulations for the licensing of foster family homes which prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver. If a relative or nonrelative extended family member meets all other conditions for approval, except for the receipt of the Federal Bureau of Investigation's criminal history information for the relative or nonrelative extended family member, and other adults in the home, as indicated, the county welfare department may approve the home and document that approval, if the relative or nonrelative extended family member, and each adult in the home, has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after the approval has been granted, the department determines that the relative or nonrelative extended family member or other adult in the home has a criminal record, the approval may be terminated.

(e) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 8. Section 309 of the Welfare and Institutions Code is amended to read:

309. (a) Upon delivery to the social worker of a child who has been taken into temporary custody under this article, the social worker shall immediately investigate the circumstances of the child and the facts surrounding the child's being taken into custody and attempt to maintain the child with the child's family through the provision of services. The social worker shall immediately release the child to the custody of the child's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The child has no parent, guardian, or responsible relative; or the child's parent, guardian, or responsible relative is not willing to provide care for the child.

(2) Continued detention of the child is a matter of immediate and urgent necessity for the protection of the child and there are no reasonable means by which the child can be protected in his or her home or the home of a responsible relative.

(3) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(4) The child has left a placement in which he or she was placed by the juvenile court.

(b) In any case in which there is reasonable cause for believing that a child who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the child shall be deemed to have been taken into temporary custody and delivered to the social worker for the purposes of this chapter while the child is at the office of the physician or surgeon or the medical facility.

(c) If the child is not released to his or her parent or guardian, the child shall be deemed detained for purposes of this chapter.

(d) If an able and willing relative, as defined in Section 319, is available and requests temporary placement of the child pending the detention hearing, the county welfare department shall initiate an assessment of the relative's suitability, which shall include an in-home inspection to assess the safety of the home and the ability of the relative to care for the child's needs, and a consideration of the results of a criminal records check and a check of allegations of prior child abuse or neglect concerning the relative and other adults in the home. The standards used to evaluate and grant or deny approval of the home of a relative or a nonrelative extended family member, as described in Section 362.7, shall be the same standards set forth in regulations for licensing foster family homes. These regulations prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver. If a relative or nonrelative extended family member meets all other conditions for approval, except for the receipt of the Federal Bureau of Investigations' criminal history information for a relative, or nonrelative extended family member, and other adults in the home, as indicated, the county welfare department may approve the home and document that approval, if the relative, or nonrelative extended family member, and each adult in the home has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of

Section 42001 of the Vehicle Code. If, after the approval has been granted, the department determines that the relative or nonrelative extended family member or other adult in the home has a criminal record, the approval may be terminated.

SEC. 9. Section 319 of the Welfare and Institutions Code is amended to read:

319. (a) At the initial petition hearing, the court shall examine the child's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the child, the child's parents or guardians, the petitioner, or their counsel desires to present. The court may examine the child, as provided in Section 350.

(b) The social worker shall report to the court on the reasons why the child has been removed from the parent's custody; the need, if any, for continued detention; the available services and the referral methods to those services that could facilitate the return of the child to the custody of the child's parents or guardians; and whether there are any relatives who are able and willing to take temporary custody of the child. The court shall order the release of the child from custody unless a prima facie showing has been made that the child comes within Section 300, the court finds that continuance in the parent's or guardian's home is contrary to the child's welfare, and any of the following circumstances exist:

(1) There is a substantial danger to the physical health of the child or the child is suffering severe emotional damage, and there are no reasonable means by which the child's physical or emotional health may be protected without removing the child from the parents' or guardians' physical custody.

(2) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(3) The child has left a placement in which he or she was placed by the juvenile court.

(4) The child indicates an unwillingness to return home, if the child has been physically or sexually abused by a person residing in the home.

(c) If the matter is continued pursuant to Section 322 or for any other reason, the court shall find that the continuance of the child in the parent's or guardian's home is contrary to the child's welfare at the initial petition hearing or order the release of the child from custody.

(d) (1) The court shall also make a determination on the record, referencing the social worker's report or other evidence relied upon, as to whether reasonable efforts were made to prevent or eliminate the need for removal of the child from his or her home, pursuant to subdivision (b) of Section 306, and whether there are available services that would prevent the need for further detention. Services to be considered for

purposes of making this determination are case management, counseling, emergency shelter care, emergency in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training, transportation, and any other child welfare services authorized by the State Department of Social Services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. The court shall also review whether the social worker has considered whether a referral to public assistance services pursuant to Chapter 2 (commencing with Section 11200) and Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 would have eliminated the need to take temporary custody of the child or would prevent the need for further detention.

(2) If the child can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the child with his or her parent or guardian and order that the services shall be provided. If the child cannot be returned to the custody of his or her parent or guardian, the court shall determine if there is a relative who is able, approved, and willing to care for the child.

(e) Whenever a court orders a child detained, the court shall state the facts on which the decision is based, shall specify why the initial removal was necessary, shall reference the social worker's report or other evidence relied upon to make its determination whether continuance in the home of the parent or legal guardian in contrary to the child's welfare, shall order temporary placement and care of the child to be vested with the county child welfare department pending the hearing held pursuant to Section 355 or further order of the court, and shall order services to be provided as soon as possible to reunify the child and his or her family if appropriate.

(f) When the child is not released from custody, the court may order that the child shall be placed in the approved home of a relative, in an emergency shelter or other suitable licensed place, in a place exempt from licensure designated by the juvenile court, or in the approved home of a nonrelative extended family member as defined in Section 362.7 for a period not to exceed 15 judicial days.

As used in this section, "relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of these persons, even if the marriage was terminated by death or dissolution. However, only the following relatives shall be given preferential consideration for placement of the child: an adult who is a grandparent, aunt, uncle, or sibling of the child.

The court shall consider the recommendations of the social worker based on the approval of the relative's home, including the results of a criminal records check and prior child abuse allegations, if any, prior to ordering that the child be placed with a relative. The court shall order the parent to disclose to the social worker the names, residences, and any known identifying information of any maternal or paternal relatives of the child. The social worker shall initiate the assessment pursuant to Section 361.3 of any relative to be considered for continuing placement.

SEC. 10. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a child pursuant to Section 361, the court shall first determine whether there is a parent of the child, with whom the child was not residing at the time that the events or conditions arose that brought the child within the provisions of Section 300, who desires to assume custody of the child. If that parent requests custody, the court shall place the child with the parent unless it finds that placement with that parent would be detrimental to the safety, protection, or physical or emotional well-being of the child.

(b) If the court places the child with that parent it may do either of the following:

(1) Order that the parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the child. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the supervision of the juvenile court. In that case the court may order that reunification services be provided to the parent or guardian from whom the child is being removed, or the court may order that services be provided solely to the parent who is assuming physical custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the child.

(c) The court shall make a finding either in writing or on the record of the basis for its determination under subdivisions (a) and (b).

(d) Part 6 (commencing with Section 7950) of Division 12 of the Family Code shall apply to the placement of a child pursuant to paragraphs (1) and (2) of subdivision (e).

(e) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the child to be under

the supervision of the social worker who may place the child in any of the following:

- (1) The home of a noncustodial parent as described in subdivision (a).
- (2) The approved home of a relative.
- (3) The approved home of a nonrelative extended family member as defined in Section 362.7.
- (4) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.
- (5) A suitable licensed community care facility.
- (6) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.
- (7) A home or facility in accordance with the federal Indian Child Welfare Act.
- (8) A child under the age of six years may be placed in a community care facility licensed as a group home for children, or a temporary shelter care facility as defined in Section 1530.8 of the Health and Safety Code, only under any of the following circumstances:
  - (A) When a case plan indicates that placement is for purposes of providing specialized treatment to the child, the case plan specifies the need for, nature of, and anticipated duration of this treatment, and the facility meets the applicable regulations adopted under Section 1530.8 of the Health and Safety Code and standards developed pursuant to Section 11467.1. The specialized treatment period shall not exceed 120 days, unless additional time is needed pursuant to the case plan as documented by the caseworker and approved by the caseworker's supervisor.
  - (B) When a case plan indicates that placement is for purposes of providing family reunification services. In addition, the facility offers family reunification services that meet the needs of the individual child and his or her family, permits parents to have reasonable access to their children 24 hours a day, encourages extensive parental involvement in meeting the daily needs of their children, and employs staff trained to provide family reunification services. In addition, one of the following conditions exists:
    - (i) The child's parent is also a ward of the court and resides in the facility.
    - (ii) The child's parent is participating in a treatment program affiliated with the facility and the child's placement in the facility facilitates the coordination and provision of reunification services.
    - (iii) Placement in the facility is the only alternative that permits the parent to have daily 24-hour access to the child in accordance with the

case plan, to participate fully in meeting all of the daily needs of the child, including feeding and personal hygiene, and to have access to necessary reunification services.

(f) (1) If the child is taken from the physical custody of the child's parent or guardian and unless the child is placed with relatives, the child shall be placed in foster care in the county of residence of the child's parent or guardian in order to facilitate reunification of the family.

(2) In the event that there are no appropriate placements available in the parent's or guardian's county of residence, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parent's or guardian's community of residence.

(3) Nothing in this section shall be interpreted as requiring multiple disruptions of the child's placement corresponding to frequent changes of residence by the parent or guardian. In determining whether the child should be moved, the social worker shall take into consideration the potential harmful effects of disrupting the placement of the child and the parent's or guardian's reason for the move.

(4) When it has been determined that it is necessary for a child to be placed in a county other than the child's parent's or guardian's county of residence, the specific reason the out-of-county placement is necessary shall be documented in the child's case plan. If the reason the out-of-county placement is necessary is the lack of resources in the sending county to meet the specific needs of the child, those specific resource needs shall be documented in the case plan.

(5) When it has been determined that a child is to be placed out-of-county either in a group home or with a foster family agency for subsequent placement in a certified foster family home, and the sending county is to maintain responsibility for supervision and visitation of the child, the sending county shall develop a plan of supervision and visitation that specifies the supervision and visitation activities to be performed and specifies that the sending county is responsible for performing those activities. In addition to the plan of supervision and visitation, the sending county shall document information regarding any known or suspected dangerous behavior of the child that indicates the child may pose a safety concern in the receiving county. Upon implementation of the Child Welfare Services Case Management System, the plan of supervision and visitation, as well as information regarding any known or suspected dangerous behavior of the child, shall be made available to the receiving county upon placement of the child in the receiving county. If placement occurs on a weekend or holiday, the information shall be made available to the receiving county on or before the end of the next business day.

(6) When it has been determined that a child is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and visitation of the child, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the child, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the child in the receiving county. In addition, upon completion of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county. The case plan shall include information regarding any known or suspected dangerous behavior of the child that indicates the child may pose a safety concern to the receiving county.

(g) Whenever the social worker must change the placement of the child and is unable to find a suitable placement within the county and must place the child outside the county, the placement shall not be made until he or she has served written notice on the parent or guardian at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parent or guardian may object to the placement not later than seven days after receipt of the notice and, upon objection, the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the child's particular needs require placement outside the county.

(h) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the child will be served by granting visitation rights to the child's grandparents. The court shall clearly specify those rights to the social worker.

(i) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether there are any siblings under the court's jurisdiction, the nature of the relationship between the child and his or her siblings, the appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002, and the impact of the sibling relationships on the child's placement and planning for legal permanence.

SEC. 11. Section 361.3 of the Welfare and Institutions Code is amended to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential

consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether placement with a relative is appropriate, the county social worker and court shall consider, but shall not be limited to, consideration of all the following factors:

- (1) The best interest of the child, including special physical, psychological, educational, medical, or emotional needs.
- (2) The wishes of the parent, the relative, and child, if appropriate.
- (3) The provisions of Part 6 (commencing with Section 7950) of Division 12 of the Family Code regarding relative placement.
- (4) Placement of siblings and half-siblings in the same home, if that placement is found to be in the best interest of each of the children as provided in Section 16002.
- (5) The good moral character of the relative and any other adult living in the home, including whether any individual residing in the home has a prior history of violent criminal acts or has been responsible for acts of child abuse or neglect.
- (6) The nature and duration of the relationship between the child and the relative, and the relative's desire to care for the child.
- (7) The ability of the relative to do the following:
  - (A) Provide a safe, secure, and stable environment for the child.
  - (B) Exercise proper and effective care and control of the child.
  - (C) Provide a home and the necessities of life for the child.
  - (D) Protect the child from his or her parents.
  - (E) Facilitate court-ordered reunification efforts with the parents.
  - (F) Facilitate visitation with the child's other relatives.
  - (G) Facilitate implementation of all elements of the case plan.
  - (H) Provide legal permanence for the child if reunification fails.

However, any finding made with respect to the factor considered pursuant to this subparagraph and pursuant to subparagraph (G) shall not be the sole basis for precluding preferential placement with a relative.

- (I) Arrange for appropriate and safe child care, as necessary.
- (8) The safety of the relative's home. For a relative to be considered appropriate to receive placement of a child under this section, the relative's home shall first be approved pursuant to the process and standards described in subdivision (d) of Section 309.

In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a county social worker's determination as to the ability of a disabled relative to exercise care and control should center upon whether the relative's disability prevents him or her from exercising care and control. The court shall order the parent to disclose to the county social worker the names, residences, and any other known identifying information of any

maternal or paternal relatives of the child. This inquiry shall not be construed, however, to guarantee that the child will be placed with any person so identified. The county social worker shall initially contact the relatives given preferential consideration for placement to determine if they desire the child to be placed with them. Those desiring placement shall be assessed according to the factors enumerated in this subdivision. The county social worker shall document these efforts in the social study prepared pursuant to Section 358.1. The court shall authorize the county social worker, while assessing these relatives for the possibility of placement, to disclose to the relative, as appropriate, the fact that the child is in custody, the alleged reasons for the custody, and the projected likely date for the child's return home or placement for adoption or legal guardianship. However, this investigation shall not be construed as good cause for continuance of the dispositional hearing conducted pursuant to Section 358.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, each relative shall be considered under the factors enumerated in subdivision (a).

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great" or "grand" or the spouse of any of these persons even if the marriage was terminated by death or dissolution. However, only the following relatives shall be given preferential consideration for the placement of the child: an adult who is a grandparent, aunt, uncle, or sibling.

(d) Subsequent to the hearing conducted pursuant to Section 358, whenever a new placement of the child must be made, consideration for placement shall again be given as described in this section to relatives who have not been found to be unsuitable and who will fulfill the child's reunification or permanent plan requirements. In addition to the factors described in subdivision (a), the county social worker shall consider whether the relative has established and maintained a relationship with the child.

(e) If the court does not place the child with a relative who has been considered for placement pursuant to this section, the court shall state for the record the reasons placement with that relative was denied.

SEC. 11.3. Section 361.5 of the Welfare and Institutions Code, as amended by Section 5 of Chapter 824 of the Statutes of 2000, is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in

the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent

or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or

omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child; or that the parent or other person having custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code. For the purposes of this paragraph, “serious danger” means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, “willful abandonment” shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a) and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half-sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court’s

attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively

attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

(j) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 11.6. Section 361.5 of the Welfare and Institutions Code, as added by Section 5.5 of Chapter 824 of the Statutes of 2000, is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any

animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half-sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable

effort to treat the problems that led to removal of the sibling or half-sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, “extended family” for the purpose of this paragraph shall include, but not be limited to, the child’s siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child’s medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child’s needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, “relative” means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words “great,” “great-great,” or “grand,” or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child’s age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child’s sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child’s sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child’s sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

(j) This section shall become operative on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 12. Section 362.7 is added to the Welfare and Institutions Code, to read:

362.7. When the home of a nonrelative extended family member is being considered for placement of a child, the home shall be evaluated, and approval of that home shall be granted or denied, pursuant to the same standards set forth in the regulations for the licensing of foster family homes which prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver.

A “nonrelative extended family member” is defined as any adult caregiver who has an established familial or mentoring relationship with the child. The county welfare department shall verify the existence of a relationship through interviews with the parent and child or with one or more third parties. The parties may include relatives of the child, teachers, medical professionals, clergy, neighbors, and family friends.

SEC. 12.3. Section 366 of the Welfare and Institutions Code is amended to read:

366. (a) (1) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months, as calculated from the date of the original dispositional hearing, until the hearing described in Section 366.26 is completed. The court shall consider the safety of the child and shall determine all of the following:

(A) The continuing necessity for and appropriateness of the placement.

(B) The extent of the agency’s compliance with the case plan in making reasonable efforts to return the child to a safe home and to complete any steps necessary to finalize the permanent placement of the child.

(C) Whether the child has other siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(i) The nature of the relationship between the child and his or her siblings.

(ii) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(iii) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(iv) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(v) The impact of the sibling relationships on the child's placement and planning for legal permanence.

(vi) The continuing need to suspend sibling interaction, if applicable, pursuant to subdivision (c) of Section 16002.

The factors the court may consider in making a determination regarding the nature of the child's sibling relationships may include, but are not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(D) The extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care.

(2) The court shall project a likely date by which the child may be returned to and safely maintained in the home or placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(b) Subsequent to the hearing, periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.3 and 16503.

(c) If the child has been placed out of state, each review described in subdivision (a) and any reviews conducted pursuant to Sections 366.3 and 16503 shall also address whether the out-of-state placement continues to be the most appropriate placement selection and in the best interests of the child.

(d) A child shall not be placed in an out-of-state group home, or remain in an out-of-state group home, unless the group home is in compliance with Section 7911.1 of the Family Code.

SEC. 12.6. Section 366.1 of the Welfare and Institutions Code is amended to read:

366.1. Each supplemental report required to be filed pursuant to Section 366 shall include, but not be limited to, a factual discussion of each of the following subjects:

(a) Whether the county welfare department social worker has considered child protective services, as defined in Chapter 5 (commencing with Section 16500) of Part 4 of Division 9, as a possible solution to the problems at hand, and has offered those services to qualified parents if appropriate under the circumstances.

(b) What plan, if any, for the return and maintenance of the child in a safe home is recommended to the court by the county welfare department social worker.

(c) Whether the subject child appears to be a person who is eligible to be considered for further court action to free the child from parental custody and control.

(d) What actions, if any, have been taken by the parent to correct the problems that caused the child to be made a dependent child of the court.

(e) Whether the child has any siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(1) The nature of the relationship between the child and his or her siblings.

(2) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(3) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(4) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(5) The impact of the sibling relationships on the child's placement and planning for legal permanence.

The factual discussion shall include a discussion of indicators of the nature of the child's sibling relationships including, but not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

SEC. 13. Section 727 of the Welfare and Institutions Code is amended to read:

727. (a) When a minor is adjudged a ward of the court on the ground that he or she is a person described by Section 601 or 602 the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of the minor, including medical treatment, subject to further order of the court. To facilitate coordination and cooperation among government agencies, the court may, after giving notice and an opportunity to be heard, join in the juvenile court proceedings any agency that the court determines has failed to meet a

legal obligation to provide services to the minor. However, no governmental agency shall be joined as a party in a juvenile court proceeding in which a minor has been ordered committed to the Department of the Youth Authority. In any proceeding in which an agency is joined, the court shall not impose duties upon the agency beyond those mandated by law. Nothing in this section shall prohibit agencies which have received notice of the hearing on joinder from meeting prior to the hearing to coordinate services for the minor.

The court has no authority to order services unless it has been determined through the administrative process of an agency that has been joined as a party, that the minor is eligible for those services. With respect to mental health assessment, treatment, and case management services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, the court's determination shall be limited to whether the agency has complied with that chapter.

In the discretion of the court, a ward may be ordered to be on probation without supervision of the probation officer. The court, in so ordering, may impose on the ward any and all reasonable conditions of behavior as may be appropriate under this disposition. A minor who has been adjudged a ward of the court on the basis of the commission of any of the offenses described in subdivision (b) or paragraph (2) of subdivision (d) of Section 707, Section 459 of the Penal Code, or subdivision (a) of Section 11350 of the Health and Safety Code, shall not be eligible for probation without supervision of the probation officer. A minor who has been adjudged a ward of the court on the basis of the commission of any offense involving the sale or possession for sale of a controlled substance, except misdemeanor offenses involving marijuana, as specified in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, or of an offense in violation of Section 12220 of the Penal Code, shall be eligible for probation without supervision of the probation officer only when the court determines that the interests of justice would best be served and states reasons on the record for that determination.

In all other cases, the court shall order the care, custody, and control of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The approved home of a relative, or the approved home of a nonrelative, extended family member as defined in Section 362.7. When a decision has been made to place the minor in the home of a relative, the court may authorize the relative to give legal consent for the minor's medical, surgical, and dental care and education as if the relative caretaker were the custodial parent of the minor.

(2) A suitable licensed community care facility.

(3) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(b) When a minor has been adjudged a ward of the court on the ground that he or she is a person described in Section 601 or 602 and the court finds that notice has been given in accordance with Section 661, and when the court orders that a parent or guardian shall retain custody of that minor either subject to or without the supervision of the probation officer, the parent or guardian may be required to participate with that minor in a counseling or education program including, but not limited to, parent education and parenting programs operated by community colleges, school districts, or other appropriate agencies designated by the court.

(c) The juvenile court may direct any and all reasonable orders to the parents and guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out subdivisions (a) and (b), including orders to appear before a county financial evaluation officer and orders directing the parents or guardians to ensure the minor's regular school attendance and to make reasonable efforts to obtain appropriate educational services necessary to meet the needs of the minor.

When counseling or other treatment services are ordered for the minor, the parent, guardian, or foster parent shall be ordered to participate in those services, unless participation by the parent, guardian, or foster parent is deemed by the court to be inappropriate or potentially detrimental to the child.

SEC. 14. Section 11400 of the Welfare and Institutions Code is amended to read:

(p) “Voluntary placement agreement” means a written agreement between either the county welfare department, a licensed public or private adoption agency, or the department acting as an adoption agency, and the parents or guardians of a child that specifies, at a minimum, the following:

This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage the placement of children in family homes.
