CHAPTER _____

An act to amend Section 202 of the Fish and Game Code, and to amend Sections 11340.85, 11343, 11346.2, 11346.5, 11347.6, and 11354.1 of the Government Code, relating to administrative rulemaking.

LEGISLATIVE COUNSEL'S DIGEST

AB 1857, Wayne. Administrative procedures.

(1) Existing law provides that the regulations adopted, amended, or repealed by the Fish and Game Commission are not subject to specified time periods prescribed in the Administrative Procedure Act relating to the adoption, amendment, or repeal of regulations.

This bill would further exempt the commission's regulations from the time period for adding specified documents to the rulemaking file after publication of the notice of the proposed regulatory action, where the state agency relies on the document in proposing the action.

(2) Existing law requires that every state agency subject to the act that maintains an Internet Web site or similar forum for the electronic publication or distribution of written material is required to publish on that Web site or other forum specified information regarding a proposed regulation or regulatory repeal or amendment.

This bill would require this information to include the text of a proposed emergency adoption, amendment, or repeal of a regulation and the date it was submitted to the Office of Administrative Law for review and filing with the Office of Administrative Law.

It would also require that a document that is required to be published electronically pursuant to these provisions be posted within a reasonable time after issuance of the document and remain posted for at least 15 days after the rulemaking action is filed with the Secretary of State or notice of a decision not to proceed with the proposed action is published by the agency.

(3) Existing law requires every state agency subject to the act to submit, with the notice of the proposed adoption, amendment, or repeal of a regulation, an initial statement of reasons for

proposing the adoption, amendment, or repeal of a regulation. Existing law also requires that the initial statement of reasons include, among other things, a description of any reasonable alternatives the agency has identified or that have otherwise been identified and brought to the attention of the agency that would lessen any adverse impact on small business.

This bill would also require this statement of reasons to include the state agency's reasons for rejecting those reasonable alternatives.

(4) Existing law requires that the notice of the proposed amendment, adoption, or repeal of a regulation include the name and telephone number of the agency representative and designated backup contact person to whom inquiries concerning the proposed administrative action may be directed, as well as the name and telephone number of an agency person or persons designated to respond to questions on the substance of the proposed adoption, amendment, or repeal of a regulation.

This bill would delete the requirement for inclusion of the name and telephone number of an agency person or persons designated to respond to questions on the substance of the proposed adoption, amendment, or repeal of a regulation, but would, instead, require that if the agency representative receives an inquiry regarding the proposed action that he or she cannot answer, the agency representative shall refer the inquiry to another person in the agency for a prompt response.

(5) The bill would also make various technical or clarifying changes.

The people of the State of California do enact as follows:

SECTION 1. Section 202 of the Fish and Game Code is amended to read:

202. The commission shall exercise its powers under this article by regulations made and promulgated pursuant to this article. Regulations adopted pursuant to this article shall not be subject to the time periods for the adoption, amendment, or repeal of regulations prescribed in Sections 11343.4, 11346.4, 11346.8, and 11347.1 of the Government Code.

SEC. 2. Section 11340.85 of the Government Code is amended to read:

11340.85. (a) As used in this section, “electronic communication” includes electronic transmission of written or graphical material by electronic mail, facsimile, or other means, but does not include voice communication.

(b) Notwithstanding any other provision of this chapter that refers to mailing or to oral or written communication:

(1) An agency may permit and encourage use of electronic communication, but may not require use of electronic communication.

(2) An agency may publish or distribute a document required by this chapter or by a regulation implementing this chapter by means of electronic communication, but shall not make that the exclusive means by which the document is published or distributed.

(3) A notice required or authorized by this chapter or by a regulation implementing this chapter may be delivered to a person by means of electronic communication if the person has expressly indicated a willingness to receive the notice by means of electronic communication.

(4) A comment regarding a regulation may be delivered to an agency by means of electronic communication.

(5) A petition regarding a regulation may be delivered to an agency by means of electronic communication if the agency has expressly indicated a willingness to receive a petition by means of electronic communication.

(c) An agency that maintains an Internet Web site or other similar forum for the electronic publication or distribution of written material shall publish on that Web site or other forum information regarding a proposed regulation or regulatory repeal or amendment, that includes, but is not limited to, the following:

(1) Any public notice required by this chapter or by a regulation implementing this chapter.

(2) The initial statement of reasons prepared pursuant to subdivision (b) of Section 11346.2.

(3) The final statement of reasons prepared pursuant to subdivision (a) of Section 11346.9.

(4) Notice of a decision not to proceed prepared pursuant to Section 11347.

(5) The text of a proposed action or instructions on how to obtain a copy of the text.

(6) A statement of any decision made by the office regarding a proposed action.

(7) The date a rulemaking action is filed with the Secretary of State.

(8) The effective date of a rulemaking action.

(9) A statement to the effect that a business or person submitting a comment regarding a proposed action has the right to request a copy of the final statement of reasons.

(10) The text of a proposed emergency adoption, amendment, or repeal of a regulation pursuant to Section 11346.1 and the date it was submitted to the office for review and filing.

(d) A document that is required to be posted pursuant to subdivision (c) shall be posted within a reasonable time after issuance of the document, and shall remain posted until at least 15 days after (1) the rulemaking action is filed with the Secretary of State, or (2) notice of a decision not to proceed is published pursuant to Section 11347. Publication under subdivision (c) supplements any other required form of publication or distribution. Failure to comply with this section is not grounds for disapproval of a proposed regulation. Subdivision (c) does not require an agency to establish or maintain a Web site or other forum for the electronic publication or distribution of written material.

(e) Nothing in this section precludes the office from requiring that the material submitted to the office for publication in the California Code of Regulations or the California Regulatory Notice Register be submitted in electronic form.

(f) This section is intended to make the regulatory process more user-friendly and to improve communication between interested parties and the regulatory agencies.

SEC. 3. Section 11343 of the Government Code is amended to read:

11343. Every state agency shall:

(a) Transmit to the office for filing with the Secretary of State a certified copy of every regulation adopted or amended by it except one that is a building standard.

(b) Transmit to the office for filing with the Secretary of State a certified copy of every order of repeal of a regulation required to be filed under subdivision (a).

(c) Deliver to the office, at the time of transmittal for filing a regulation or order of repeal, six duplicate copies of the regulation or order of repeal, together with a citation of the authority pursuant to which it or any part thereof was adopted.

(d) Deliver to the office a copy of the notice of proposed action required by Section 11346.4.

(e) Transmit to the California Building Standards Commission for approval a certified copy of every regulation, or order of repeal of a regulation, that is a building standard, together with a citation of authority pursuant to which it or any part thereof was adopted, a copy of the notice of proposed action required by Section 11346.4, and any other records prescribed by the State Building Standards Law (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code).

(f) Whenever a certification is required by this section, it shall be made by the head of the state agency that is adopting, amending, or repealing the regulation, or by a designee of the agency head, and the certification and delegation shall be in writing.

SEC. 4. Section 11346.2 of the Government Code is amended to read:

11346.2. Every agency subject to this chapter shall prepare, submit to the office with the notice of the proposed action as described in Section 11346.5, and make available to the public upon request, all of the following:

(a) A copy of the express terms of the proposed regulation.

(1) The agency shall draft the regulation in plain, straightforward language, avoiding technical terms as much as possible, and using a coherent and easily readable style. The agency shall draft the regulation in plain English.

(2) The agency shall include a notation following the express terms of each California Code of Regulations section, listing the specific statutes or other provisions of law authorizing the adoption of the regulation and listing the specific statutes or other provisions of law being implemented, interpreted, or made specific by that section in the California Code of Regulations.

(3) The agency shall use underline or italics to indicate additions to, and strikeout to indicate deletions from, the California Code of Regulations.

(b) An initial statement of reasons for proposing the adoption, amendment, or repeal of a regulation. This statement of reasons shall include, but not be limited to, all of the following:

(1) A statement of the specific purpose of each adoption, amendment, or repeal and the rationale for the determination by the agency that each adoption, amendment, or repeal is reasonably necessary to carry out the purpose for which it is proposed. Where the adoption or amendment of a regulation would mandate the use of specific technologies or equipment, a statement of the reasons why the agency believes these mandates or prescriptive standards are required.

(2) An identification of each technical, theoretical, and empirical study, report, or similar document, if any, upon which the agency relies in proposing the adoption, amendment, or repeal of a regulation.

(3) (A) A description of reasonable alternatives to the regulation and the agency's reasons for rejecting those alternatives. In the case of a regulation that would mandate the use of specific technologies or equipment or prescribe specific actions or procedures, the imposition of performance standards shall be considered as an alternative.

(B) A description of reasonable alternatives to the regulation that would lessen any adverse impact on small business and the agency's reasons for rejecting those alternatives.

(C) Notwithstanding subparagraph (A) or (B), an agency is not required to artificially construct alternatives, describe unreasonable alternatives, or justify why it has not described alternatives.

(4) Facts, evidence, documents, testimony, or other evidence on which the agency relies to support an initial determination that the action will not have a significant adverse economic impact on business.

(5) A department, board, or commission within the Environmental Protection Agency, the Resources Agency, or the Office of the State Fire Marshal shall describe its efforts, in connection with a proposed rulemaking action, to avoid unnecessary duplication or conflicts with federal regulations contained in the Code of Federal Regulations addressing the same issues. These agencies may adopt regulations different from federal regulations contained in the Code of Federal Regulations

addressing the same issues upon a finding of one or more of the following justifications:

(A) The differing state regulations are authorized by law.

(B) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with subdivision (b) if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation that the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

SEC. 5. Section 11346.5 of the Government Code is amended to read:

11346.5. (a) The notice of proposed adoption, amendment, or repeal of a regulation shall include the following:

(1) A statement of the time, place, and nature of proceedings for adoption, amendment, or repeal of the regulation.

(2) Reference to the authority under which the regulation is proposed and a reference to the particular code sections or other provisions of law that are being implemented, interpreted, or made specific.

(3) An informative digest drafted in plain English in a format similar to the Legislative Counsel's digest on legislative bills. The informative digest shall include the following:

(A) A concise and clear summary of existing laws and regulations, if any, related directly to the proposed action and of the effect of the proposed action.

(B) If the proposed action differs substantially from an existing comparable federal regulation or statute, a brief description of the significant differences and the full citation of the federal regulations or statutes.

(C) A policy statement overview explaining the broad objectives of the regulation and, if appropriate, the specific objectives.

(4) Any other matters as are prescribed by statute applicable to the specific state agency or to any specific regulation or class of regulations.

(5) A determination as to whether the regulation imposes a mandate on local agencies or school districts and, if so, whether the mandate requires state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4.

(6) An estimate, prepared in accordance with instructions adopted by the Department of Finance, of the cost or savings to any state agency, the cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, other nondiscretionary cost or savings imposed on local agencies, and the cost or savings in federal funding to the state.

For purposes of this paragraph, “cost or savings” means additional costs or savings, both direct and indirect, that a public agency necessarily incurs in reasonable compliance with regulations.

(7) If a state agency, in proposing to adopt, amend, or repeal any administrative regulation, makes an initial determination that the action may have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall include the following information in the notice of proposed action:

(A) Identification of the types of businesses that would be affected.

(B) A description of the projected reporting, recordkeeping, and other compliance requirements that would result from the proposed action.

(C) The following statement: “The (name of agency) has made an initial determination that the (adoption/amendment/repeal) of this regulation may have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The (name of agency) (has/has not) considered proposed alternatives that would lessen any adverse economic impact on

business and invites you to submit proposals. Submissions may include the following considerations:

(i) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to businesses.

(ii) Consolidation or simplification of compliance and reporting requirements for businesses.

(iii) The use of performance standards rather than prescriptive standards.

(iv) Exemption or partial exemption from the regulatory requirements for businesses.”

(8) If a state agency, in adopting, amending, or repealing any administrative regulation, makes an initial determination that the action will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect in the notice of proposed action. In making this declaration, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support its initial determination.

An agency’s initial determination and declaration that a proposed adoption, amendment, or repeal of a regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(9) A description of all cost impacts, known to the agency at the time the notice of proposed action is submitted to the office, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

If no cost impacts are known to the agency, it shall state the following:

“The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.”

(10) A statement of the results of the assessment required by subdivision (b) of Section 11346.3.

(11) The finding prescribed by subdivision (c) of Section 11346.3, if required.

(12) A statement that the action would have a significant effect on housing costs, if a state agency, in adopting, amending, or repealing any administrative regulation, makes an initial determination that the action would have that effect. In addition, the agency officer designated in paragraph (14), shall make available to the public, upon request, the agency's evaluation, if any, of the effect of the proposed regulatory action on housing costs.

(13) A statement that the adopting agency must determine that no reasonable alternative considered by the agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

(14) The name and telephone number of the agency representative and designated backup contact person to whom inquiries concerning the proposed administrative action may be directed.

(15) The date by which comments submitted in writing must be received to present statements, arguments, or contentions in writing relating to the proposed action in order for them to be considered by the state agency before it adopts, amends, or repeals a regulation.

(16) Reference to the fact that the agency proposing the action has prepared a statement of the reasons for the proposed action, has available all the information upon which its proposal is based, and has available the express terms of the proposed action, pursuant to subdivision (b).

(17) A statement that if a public hearing is not scheduled, any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to Section 11346.8.

(18) A statement indicating that the full text of a regulation changed pursuant to Section 11346.8 will be available for at least 15 days prior to the date on which the agency adopts, amends, or repeals the resulting regulation.

(19) A statement explaining how to obtain a copy of the final statement of reasons once it has been prepared pursuant to subdivision (a) of Section 11346.9.

(20) If the agency maintains an Internet Web site or other similar forum for the electronic publication or distribution of written material, a statement explaining how materials published or distributed through that forum can be accessed.

(b) The agency representative designated in paragraph (14) of subdivision (a) shall make available to the public upon request the express terms of the proposed action. The representative shall also make available to the public upon request the location of public records, including reports, documentation, and other materials, related to the proposed action. If the representative receives an inquiry regarding the proposed action that the representative cannot answer, the representative shall refer the inquiry to another person in the agency for a prompt response.

(c) This section shall not be construed in any manner that results in the invalidation of a regulation because of the alleged inadequacy of the notice content or the summary or cost estimates, or the alleged inadequacy or inaccuracy of the housing cost estimates, if there has been substantial compliance with those requirements.

SEC. 6. Section 11347.6 of the Government Code is amended to read:

11347.6. Each state agency that adopts regulations shall, in the final statement of reasons, separately identify comments made by the Office of Small Business Advocate and the Technology, Trade, and Commerce Agency pursuant to subdivision (e) of Section 15363.6 and respond to each and every comment made by that office or agency directed at the proposed action or at the procedures followed by the agency in proposing or adopting the action, including providing a basis for why those comments were rejected, if applicable.

SEC. 7. Section 11354.1 of the Government Code is amended to read:

11354.1. (a) For purposes of this section, “commission” means the San Francisco Bay Conservation and Development Commission.

(b) This chapter does not apply to any policy, plan, or guideline adopted by the commission prior to January 1, 1996, pursuant to Chapter 5 (commencing with Section 66650) of Title 7.2 of this code or Division 19 (commencing with Section 29000) of the Public Resources Code.

(c) The issuance or denial by the commission of any permit pursuant to subdivision (a) of Section 66632, and the issuance or denial by, or appeal to, the commission of any permit pursuant to Chapter 6 (commencing with Section 29500) of Division 19 of the Public Resources Code, are not subject to this chapter.

(d) (1) Any amendments or other changes to the San Francisco Bay Plan or to a special area plan pursuant to Chapter 5 (commencing with Section 66650) of Title 7.2, adopted by the commission on or after January 1, 1996, and any amendments or other changes to the Suisun Marsh Protection Plan, as defined in Section 29113 of the Public Resources Code, or in the Suisun Marsh local protection program, as defined in Section 29111 of the Public Resources Code, adopted by the commission on and after January 1, 1996, shall be submitted to the office but are not subject to this chapter except as provided in this subdivision.

(2) The commission shall include in its submittal to the office pursuant to paragraph (1) both of the following documents:

(A) A clear and concise summary of any regulatory provision adopted or approved by the commission as part of the proposed change for publication in the California Code of Regulations.

(B) The administrative record for the proceeding, and a list of the documents relied upon in making the change. Proposed additions to the plans shall be indicated by underlined text, and proposed deletions shall be indicated by strike-through text in documents submitted as part of the administrative record for the proceeding.

(3) The office shall review the regulatory provisions to determine compliance with the standards of necessity, authority, clarity, consistency, reference, and nonduplication set forth in subdivision (a) of Section 11349.1. The office shall also review the responses to public comments prepared by the commission to determine compliance with the public participation requirements of Sections 11000 to 11007, inclusive, of Title 14 of the California Code of Regulations, and to ensure that the commission considers all relevant matters presented to it before adopting, amending, or repealing any regulatory provision, and that the commission explains the reasons for not modifying a proposed plan change to accommodate an objection or recommendation. The office shall restrict its review to the regulatory provisions and the administrative record of the proceeding. Sections 11349.3,

11349.4, 11349.5, and 11350.3 shall apply to the review by the office to the extent that those sections are consistent with this section.

(4) In reviewing proposed changes to the commission's plans for the criteria specified in subdivision (a) of Section 11349.1, the office shall consider the clarity of the proposed plan change in the context of the commission's existing plans.

(5) The proposed plan or program change subject to this subdivision shall not become effective unless and until the regulatory provisions are approved by the office in accordance with subdivision (a) of Section 11349.3.

(6) Upon approval of the regulatory provisions, the office shall transmit to the Secretary of State for filing the clear and concise summary of the regulatory provisions submitted by the commission.

(e) Except as provided in subdivisions (b) , (c), and (d), the adoption of any regulation by the commission shall be subject to this chapter in all respects.
