An act to amend Section 803 of, to add Sections 801.1 and 803.6 to, and to repeal Section 805.5 of, the Penal Code, relating to criminal procedure.

LEGISLATIVE COUNSEL'S DIGEST

AB 1667, as amended, Kehoe. Criminal procedure.

Existing law establishes various statutes of limitations for various offenses. Certain provisions of existing law extend the statutes of limitations for certain sex offenses, and revive, for purposes of prosecution, certain offenses for which the statute of limitations had

expired. The provisions reviving expired statutes of limitations have been held by the United States Supreme Court to be unconstitutional.

This bill would repeal those provisions of law that have been held to be unconstitutional. It would reorganize certain provisions relating to limitations on filing criminal charges. ~~The bill would generally provide for a 10-year statute of limitations for felony sex offenses that subject the defendant to sex offender registration.~~ This bill would also provide that in regard to the statutes of limitations for certain sex offenses alleged to have been committed when the victim was under 18 years of age, prosecution may be commenced within one year of a report to law enforcement with specified corroboration, or within one year of a report made at any age with a greater level of corroboration, as provided.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
