

AMENDED IN ASSEMBLY JUNE 12, 2003

AMENDED IN SENATE MAY 15, 2003

AMENDED IN SENATE APRIL 24, 2003

Senate Concurrent Resolution

No. 11

Introduced by Senator Soto

February 18, 2003

Senate Concurrent Resolution No. 11—Relative to HIV and AIDS drug treatment.

LEGISLATIVE COUNSEL'S DIGEST

SCR 11, as amended, Soto. HIV and AIDS drug treatment: public pensions.

This measure would encourage the governing bodies of the public pension and retirement systems of this state, in their capacities as shareholders of pharmaceutical companies that develop HIV and AIDS drug treatments, to ~~introduce~~ *take affirmative action*, whenever consistent with their fiduciary responsibilities, ~~a shareholder resolution to impel pharmaceutical companies~~ to develop and implement a policy, in consultation with the appropriate United Nations agencies and independent nongovernmental organizations, to provide HIV and AIDS drug treatments in a manner that would make those treatments affordable to those infected in lesser developed countries.

Fiscal committee: no.

- 1 WHEREAS, 8,500 people die every day from acquired immune
- 2 deficiency syndrome (AIDS) despite the existence of
- 3 pharmaceutical treatments that have drastically reduced deaths in
- 4 the United States and other developed nations; and

1 WHEREAS, Human immunodeficiency virus (HIV) and AIDS
2 are the leading killers in sub-Saharan Africa, home to only 10
3 percent of the world's population, but 70 percent of the world's
4 HIV and AIDS cases; and

5 WHEREAS, The United Nations reports that in 2001, alone,
6 more than 2,400,000 people in Africa died of HIV and AIDS; and

7 WHEREAS, A recent study by Doctors Without Borders
8 concluded that in industrialized countries where HIV and AIDS
9 patients receive drug therapy, AIDS-related mortality has
10 decreased by more than 70 percent; and

11 WHEREAS, Unfortunately, these life-prolonging treatments
12 remain largely out of reach for most of Africa's population due to
13 the high prices of these drugs; and

14 WHEREAS, Certain pharmaceutical companies' reaction to the
15 HIV and AIDS epidemic in developing countries has been
16 insufficient, and significant restrictions have been imposed on the
17 donation and importation of critical drugs to HIV and AIDS
18 patients in Africa and developing world nations; and

19 WHEREAS, For example, one pharmaceutical manufacturer
20 attempted to impose time limits on the use of a particular
21 life-extending drug, even though that drug must be used over a
22 patient's entire lifetime; and

23 WHEREAS, These restrictions were unacceptable to the South
24 African government, and the South African Medicines Control
25 Council has recently given permission for the importation of a
26 generic equivalent of the drug; and

27 WHEREAS, The public pension and retirement systems of this
28 state have invested billions of dollars in the major manufacturers
29 of HIV and AIDS drug treatments that can prolong the lives of
30 individuals living with this disease; and

31 WHEREAS, The public pension and retirement systems of this
32 state have demonstrated that accurate information relating to
33 pharmaceutical manufacturer policies and practices relating to the
34 availability and cost of their HIV and AIDS drug treatments, and
35 other products, may be best elicited through establishing and
36 maintaining open lines of communication and dialogue on both
37 informal and formal bases, and that developing partnerships for
38 corporate responsiveness in these matters is similarly achieved;
39 now, therefore, be it

1 *Resolved by the Senate of the State of California, the Assembly*
2 *thereof concurring,* That the Legislature and the State of California
3 encourages the governing bodies of the public pension and
4 retirement systems of this state, in their capacities as shareholders
5 of pharmaceutical companies that develop HIV and AIDS drug
6 treatments, to ~~introduce~~ *take affirmative action,* whenever
7 consistent with their fiduciary responsibilities, ~~a shareholder~~
8 ~~resolution~~ *to impel pharmaceutical companies* to develop and
9 implement a policy, in consultation with the appropriate United
10 Nations agencies and independent nongovernmental
11 organizations, to provide HIV and AIDS drug treatments in a
12 manner that would make those treatments affordable to the
13 majority of those infected with HIV and AIDS in lesser developed
14 countries; and be it further
15 *Resolved,* That the Secretary of the Senate transmit a copy of
16 this resolution to each member of a retirement board, as described
17 in Section 17 of Article XVI of the California Constitution.
