SENATE BILL

No. 705

Introduced by Senator Florez

February 21, 2003

An act to add Section 41855.5 to the Health and Safety Code, relating to air quality.

LEGISLATIVE COUNSEL'S DIGEST

SB 705, as amended, Florez. Air quality: agricultural burning: San Joaquin Valley Unified Air Pollution Control District.

(1) Existing law prohibits any person from knowingly setting or permitting agricultural burning unless he or she has a valid permit designated by the State Air Resources Board to issue a permit in the area where the burning is to take place. Existing law requires the state board to designate public fire protection agencies or other equivalent agencies to issue permits, and to adopt rules and regulations to provide a procedure for the issuance of those permits.

This bill would prohibit the issuance of any permit to a person to burn certain categories of agricultural waste, as defined, within the jurisdiction of the San Joaquin Valley Unified Air Pollution Control District, commencing on the date specified for each category. The bill would require the district to develop and adopt, by June 1, 2005, rules establishing the best management practices for certain other weeds and maintenance, as defined, and would require those rules to become

operative on June 1, 2006. The *bill would require the district to develop and adopt rules to regulate the burning of diseased crops. The bill would prescribe the circumstances under which a conditional field crop burning permit would be issued.*

The additional duties of the bill for the district would impose a state-mandated local program.

(2) Existing law makes a violation of any rule, regulation, or order of the state board or a district a misdemeanor.

By expanding the scope of a crime, this bill would impose a state-mandated local program.

This bill would make findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of the California Constitution.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 41855.5 is added to the Health and
2 Safety Code, to read:
3 41855.5. (a) Notwithstanding any other provision of law, no
4 permit may be issued to a person to burn any of the following
5 categories of agricultural waste within the jurisdiction of the San

1 impacts on air quality in the San Joaquin Valley, a statute of general
2 applicability cannot be enacted within the meaning of subdivision
3 (b) of Section 16 of Article IV of the California Constitution.

4 SEC. 3. No reimbursement is required by this act pursuant to
5 Section 6 of Article XIII B of the California Constitution for
6 certain costs that may be incurred by a local agency or school
7 district because in that regard this act creates a new crime or
8 infraction, eliminates a crime or infraction, or changes the penalty
9 for a crime or infraction, within the meaning of Section 17556 of
10 the Government Code, or changes the definition of a crime within
11 the meaning of Section 6 of Article XIII B of the California
12 Constitution.

13 In addition, no reimbursement is required by this act pursuant
14 to Section 6 of Article XIII B of the California Constitution for
15 certain other costs that may be incurred by a local agency or school
16 district because a local agency or school district has the authority
17 to levy service charges, fees, or assessments sufficient to pay for
18 the program or level of service mandated by this act, within the
19 meaning of Section 17556 of the Government Code.
