[Approved by Governor September 28, 2003. Filed with Secretary of State September 29, 2003.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1077, Committee on Business and Professions. Professions and vocations.

(1) Existing law exempts physicians and surgeons licensed and located outside this state from the Medical Practice Act under certain conditions.

This bill would extend this exemption to doctors of podiatric medicine that are licensed and located outside this state.

(2) Existing law requires the Medical Board of California to make various reports to the Legislature.

This bill would repeal an obsolete reporting requirement.

(3) Existing law requires the Bureau of Medical Statistics within the Medical Board of California to conduct research deemed necessary by the board.

This bill would correct an erroneous cross-reference in these provisions.

(4) Existing law provides that it is unprofessional conduct for a licensed physician and surgeon alone, or in conjunction with specified business organizations, to use a fictitious, false, or assumed name without a fictitious-name permit. Existing law exempts certain licensed physicians and surgeons and medical schools from these provisions. Existing law requires the Medical Board of California or the Division of Licensing to issue a fictitious-name permit if the applicant for the permit satisfies certain conditions, including having a name that includes specified designations.

This bill would exempt specified licensees and outpatient surgery clinics from the requirement of obtaining a fictitious name permit. The bill would delete the provisions requiring an applicant for a fictitious name permit to include specified designations.

(5) Existing law requires licensees of the Medical Board of California to pay certain licensing fees, which may be waived at the discretion of the board if a licensee demonstrates that he or she is unable to practice medicine due to a disability. A licensee who has been granted a waiver may not practice medicine unless he or she pays the current renewal fee and signs a statement under penalty of perjury that the disability either no longer exists or does not affect his or her ability to practice medicine safely.

This bill would alternatively authorize a licensee whose renewal fee has been waived to sign an agreement under penalty of perjury with the board in which the licensee agrees to limit his or her practice consistent with limitations imposed by his or her reviewing physician. Because the bill would change the definition of a crime, it would impose a state-mandated local program.

(6) Under existing law, the Medical Board of California establishes fees for the renewal of a physician and surgeon's license. Existing law provides for the waiver of the fee for a physician and surgeon who certifies that the license renewal is for the sole purpose of providing voluntary, unpaid service to specified agencies, institutions, and corporations.

This bill would delete the limitation on what agencies, institutions, or corporations a physician and surgeon may provide that unpaid service.

(7) Existing law authorizes licensed marriage and family therapists and licensed clinical social workers to apply to have their licenses placed on inactive status. Existing law exempts marriage and family therapists and clinical social workers with inactive licenses from certain continuing education requirements. Existing law specifies the training and experience required by an applicant, trainee, intern, or associate for a marriage and family therapy license or a clinical social worker's license. Existing law requires licensees to obtain a specified number of supervised hours and authorizes these hours to be obtained by training with a governmental entity, a school, college, university, or a private practice.

This bill would require these therapists and social workers to complete certain continuing education in order to reactivate their licenses. The bill would require licensed therapists and social workers to complete a continuing education course on spousal or partner abuse for license renewal and on and after January 1, 2005, the course would be required to consist of not less than 7 hours of training. The bill would require that

the training hours required by therapists and social workers be obtained in settings that, among other things, provide clinical social work, mental health counseling, and psychotherapy. The bill would additionally require that at least half of the training required for a licensed clinical social worker be supervised by a licensee. The bill would delete an obsolete reporting requirement.

(8) Existing law authorizes an unlicensed marriage and family therapist applicant to obtain intern registration status and practice as a marriage and family therapist, subject to specified conditions and requirements.

Existing law requires an applicant with intern registration status to fulfill all hours of experience required in his or her intern registration period, and prohibits using hours of experience obtained under a prior intern registration period to fulfill his or her hours of experience.

The bill would delete the requirement that the applicant fulfill all hours of experience in his or her intern registration period. The bill would also delete the prohibition against using hours of experience obtained under a prior intern registration period to fulfill his or her hours of experience.

(9) Existing law provides for licensing and regulation of professional engineers and land surveyors by the Board for Professional Engineers and Land Surveyors.

This bill would revise existing provisions relating to filing of corner records by a land surveyor or civil engineer with the county surveyor.

(10) Existing law provides for licensing and regulation of contractors by the Contractors' State License Board.

This bill would revise existing provisions relating to the following: contractors bidding on projects as a joint venture, the period of time that the board discloses to the public citations or accusations against a contractor, and the issuance of renewal licenses to contractors whose licenses have been expired for not more than 5 years. The bill would also add new provisions allowing use of prior recorded testimony of witnesses in proceedings of the board, and providing that it is a cause for discipline for a contractor to claim to be insured or bonded under certain conditions or to engage in conduct that subverts an investigation of the board or in other related conduct.

(11) Existing law requires a contractor to make certain declarations upon the issuance of a building permit, and requires the Contractors' State License Board to provide, semiannually at the request of local building departments, a list of all contractors who did not secure payment of prescribed workers' compensation.

This bill would delete the requirement that the Contractors' State License Board provide that list of contractors. The bill would also delete

a provision exempting permits under \$100 from a requirement to affirm under penalty of perjury that the permittee will maintain workers' compensation insurance, thereby creating a state-mandated local program by subjecting those persons to the crime of perjury.

(12) Existing law requires all unencumbered funds remaining in the Transcript Reimbursement Fund as of June 29, 2001, to be transferred to the Court Reporters' Fund.

This bill would change the date for that transfer to June 29, 2005, consistent with the revised sunset data applicable to these and other related provisions.

(13) This bill would make other related changes.

(14) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 29.5 of the Business and Professions Code is amended to read:

29.5. In addition to other qualifications for licensure prescribed by the various acts of boards under the department, applicants for licensure and licensees renewing their licenses shall also comply with Section 17520 of the Family Code.

This practitioner shall not open an office, appoint a place to meet patients, receive calls from patients within the limits of this state, give orders, or have ultimate authority over the care or primary diagnosis of a patient who is located within this state.

SEC. 3. Section 2106 of the Business and Professions Code is repealed.

SEC. 4. Section 2135.5 of the Business and Professions Code is amended to read:

For the purposes of this section, this course shall be a one-time requirement of 12 credit hours within the required minimum established by regulation, to be completed by December 31, 2006. All physicians and surgeons licensed on and after January 1, 2002, shall complete this requirement within four years of their initial license or by their second renewal date, whichever occurs first. The board may verify completion of this requirement on the renewal application form.

(b) By regulatory action, the board may exempt physicians and surgeons by practice status category from the requirement in subdivision (a) if the physician and surgeon does not engage in direct patient care, does not provide patient consultations, or does not reside in the State of California.

(c) This section shall not apply to physicians and surgeons practicing in pathology or radiology specialty areas.

SEC. 6. Section 2285 of the Business and Professions Code is amended to read:

2285. The use of any fictitious, false, or assumed name, or any name other than his or her own by a licensee either alone, in conjunction with a partnership or group, or as the name of a professional corporation, in any public communication, advertisement, sign, or announcement of his or her practice without a fictitious-name permit obtained pursuant to

Section 2415 constitutes unprofessional conduct. This section shall not apply to the following:

(a) Licensees who are employed by a partnership, a group, or a professional corporation that holds a fictitious name permit.

(b) Licensees who contract with, are employed by, or are on the staff of, any clinic licensed by the State Department of Health Services under Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code.

(c) An outpatient surgery setting granted a certificate of accreditation from an accreditation agency approved by the medical board.

(d) Any medical school approved by the division or a faculty practice plan connected with the medical school.

SEC. 8. Section 2415 of the Business and Professions Code is amended to read:

2415. (a) Any physician and surgeon or any doctor of podiatric medicine, as the case may be, who as a sole proprietor, or in a partnership, group, or professional corporation, desires to practice under any name that would otherwise be a violation of Section 2285 may practice under that name if the proprietor, partnership, group, or corporation obtains and maintains in current status a fictitious-name permit issued by the Division of Licensing, or, in the case of doctors of podiatric medicine, the California Board of Podiatric Medicine, under the provisions of this section.

(b) The division or the board shall issue a fictitious-name permit authorizing the holder thereof to use the name specified in the permit in connection with his, her, or its practice if the division or the board finds to its satisfaction that:

(1) The applicant or applicants or shareholders of the professional corporation hold valid and current licenses as physicians and surgeons or doctors of podiatric medicine, as the case may be.

(2) The professional practice of the applicant or applicants is wholly owned and entirely controlled by the applicant or applicants.

(3) The name under which the applicant or applicants propose to practice is not deceptive, misleading, or confusing.

(c) Each permit shall be accompanied by a notice that shall be displayed in a location readily visible to patients and staff. The notice shall be displayed at each place of business identified in the permit.

(d) This section shall not apply to licensees who contract with, are employed by, or are on the staff of, any clinic licensed by the State Department of Health Services under Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code or any medical school approved by the division or a faculty practice plan connected with that medical school.

(e) Fictitious-name permits issued under this section shall be subject to Article 19 (commencing with Section 2420) pertaining to renewal of licenses, except the division shall establish procedures for the renewal of fictitious-name permits every two years on an anniversary basis. For the purpose of the conversion of existing permits to this schedule the division may fix prorated renewal fees.

(f) The division or the board may revoke or suspend any permit issued if it finds that the holder or holders of the permit are not in compliance with the provisions of this section or any regulations adopted pursuant to this section. A proceeding to revoke or suspend a fictitious-name permit shall be conducted in accordance with Section 2230.

(g) A fictitious-name permit issued to any licensee in a sole practice is automatically revoked in the event the licensee's certificate to practice medicine or podiatric medicine is revoked.

(h) The division or the board may delegate to the executive director, or to another official of the board, its authority to review and approve applications for fictitious-name permits and to issue those permits.

(i) The California Board of Podiatric Medicine shall administer and enforce this section as to doctors of podiatric medicine and shall adopt and administer regulations specifying appropriate podiatric medical name designations.

SEC. 9. Section 2439 of the Business and Professions Code is amended to read:

2439. (a) Every licensee is exempt from the payment of the renewal fee provided the licensee has practiced medicine or podiatry for 20 years or more in this state, has reached the age of retirement under the Social Security Act, and customarily provides his or her services free of charge to any person, organization, or agency. In the event that charges are made, the charges shall be nominal and in no event shall the aggregate of such charges in any single calendar year be in an amount which would result in his or her income being such as to make the practitioner ineligible for full social security benefits.

(b) This section shall become inoperative on July 1, 2004, and as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 10. Section 2439 is added to the Business and Professions Code, to read:

2439. (a) Every licensee is exempt from the payment of the renewal fee and requirement for continuing medical education if the licensee has applied to the Division of Licensing for a retired license. The holder of a retired license may not engage in the practice of medicine or the practice of podiatric medicine.

(b) This section shall become operative on July 1, 2004.

SEC. 11. Section 2441 of the Business and Professions Code is amended to read:

2441. Any licensee who demonstrates to the satisfaction of the board that he or she is unable to practice medicine due to a disability may request a waiver of the license renewal fee. The granting of a waiver shall be at the discretion of the board and may be terminated at any time. Waivers shall be based on the inability of a licensee to practice medicine. A licensee whose renewal fee has been waived pursuant to this section shall not engage in the practice of medicine unless and until the licensee pays the current renewal fee and does either of the following:

(a) Establishes to the satisfaction of the board, on a form prescribed by the board and signed under penalty of perjury, that the licensee's disability either no longer exists or does not affect his or her ability to practice medicine safely.

(b) Signs an agreement on a form prescribed by the board, signed under penalty of perjury, in which the licensee agrees to limit his or her practice in the manner prescribed by the reviewing physician.

SEC. 12. Section 2442 of the Business and Professions Code is amended to read:

2442. The renewal fee shall be waived for a physician and surgeon who certifies to the Medical Board of California that license renewal is for the sole purpose of providing voluntary, unpaid service.

SEC. 13. Section 2570.4 of the Business and Professions Code is amended to read:

2570.4. Nothing in this chapter shall be construed as preventing or restricting the practice, services, or activities of any of the following persons:

(a) Any person licensed, certified, or otherwise recognized in this state by any other law or regulation when that person is engaged in the profession or occupation for which he or she is licensed, certified, or otherwise recognized.

(b) Any person pursuing a supervised course of study leading to a degree or certificate in occupational therapy at an accredited educational program, if the person is designated by a title which clearly indicates his or her status as a student or trainee.

(c) Any person fulfilling the supervised fieldwork experience requirements of subdivision (c) of Section 2570.6, if the experience constitutes a part of the experience necessary to meet the requirement of that provision.

(d) Any person performing occupational therapy services in the state, if those services are performed for no more than 45 days in a calendar year in association with an occupational therapist licensed under this chapter, and the person is licensed under the laws of another state that the board determines has licensure requirements at least as stringent as the requirements of this chapter.

(e) Any person employed as an aide subject to the supervision requirements of this section.

SEC. 14. Section 4980.43 of the Business and Professions Code is amended to read:

4980.43. (a) For all applicants, a minimum of two calendar years of supervised experience is required, which experience shall consist of 3,000 hours obtained over a period of not less than 104 weeks. Not less than 1,500 hours of experience shall be gained subsequent to the granting of the qualifying master's or doctor's degree. For those applicants who enroll in a qualifying degree program on or after January 1, 1995, not more than 750 hours of counseling and direct supervisor contact may be obtained prior to the granting of the qualifying master's or doctor's degree. However, this limitation shall not be interpreted to include professional enrichment activities. Except for personal psychotherapy hours gained after enrollment and commencement of classes in a qualifying degree program, no hours of experience may be gained prior to becoming a trainee. All experience shall be gained within the six years immediately preceding the date the application for licensure was filed, except that up to 500 hours of clinical experience gained in the supervised practicum required by subdivision (b) of Section 4980.40 shall be exempt from this six-year requirement.

(b) All applicants, trainees, and registrants shall be at all times under the supervision of a supervisor who shall be responsible for ensuring that the extent, kind, and quality of counseling performed is consistent with the training and experience of the person being supervised, and who shall be responsible to the board for compliance with all laws, rules, and regulations governing the practice of marriage and family therapy. Experience shall be gained by interns and trainees either as an employee or as a volunteer in any allowable work setting specified in this chapter. The requirements of this chapter regarding gaining hours of experience and supervision are applicable equally to employees and volunteers. Experience shall not be gained by interns or trainees as an independent contractor.

(c) Supervision shall include at least one hour of direct supervisor contact for each week of experience claimed. A trainee shall receive an average of at least one hour of direct supervisor contact for every five hours of client contact in each setting. A person gaining postdegree experience shall receive an average of at least one hour of direct supervisor contact for every 10 hours of client contact in each setting in which experience is gained. For purposes of this section, “one hour of direct supervisor contact” means one hour of face-to-face contact on an individual basis or two hours of face-to-face contact in a group of not more than eight persons. The contact may be counted toward the experience requirement for licensure, up to the maximum permitted by subdivision (d). All experience gained by a trainee shall be monitored by the supervisor as specified by regulation. The 5-to-1 and 10-to-1 ratios specified in this subdivision shall be applicable to all hours gained on or after January 1, 1995.

(d) (1) The experience required by Section 4980.40 shall include supervised marriage and family therapy, and up to one-third of the hours may include direct supervisor contact and other professional enrichment activities.

(2) “Professional enrichment activities,” for the purposes of this section, may include group, marital or conjoint, family, or individual psychotherapy received by an applicant. This psychotherapy may include up to 100 hours taken subsequent to enrolling and commencing classes in a qualifying degree program, or as an intern, and each of those hours shall be triple counted toward the professional experience requirement. This psychotherapy shall be performed by a licensed marriage and family therapist, licensed clinical social worker, licensed psychologist, licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology, or a licensed physician who has completed a residency in psychiatry.

(e) (1) A trainee may gain the experience required by subdivision (f) of Section 4980.40 in any setting that meets all of the following:

(A) Lawfully and regularly provides mental health counseling or psychotherapy.

(B) Provides oversight to ensure that the trainee’s work at the setting meets the experience and supervision requirements set forth in this chapter and is within the scope of practice for the profession as defined in Section 4980.02.

(C) Is not a private practice owned by a licensed marriage and family therapist, a licensed psychologist, a licensed clinical social worker, a licensed physician and surgeon, or a professional corporation of any of those licensed professions.

(2) Experience may be gained by the trainee solely as part of the position for which the trainee volunteers or is employed.

(f) (1) An intern may gain the experience required by subdivision (f) of Section 4980.40 in any setting that meets both of the following:

(A) Lawfully and regularly provides mental health counseling or psychotherapy.

(B) Provides oversight to ensure that the intern's work at the setting meets the experience and supervision requirements set forth in this chapter and is within the scope of practice for the profession as defined in Section 4980.02.

(2) An applicant shall not be employed or volunteer in a private practice, as defined in subparagraph (C) of paragraph (1) of subdivision (e), until registered as an intern.

(3) While an intern may be either a paid employee or a volunteer, employers are encouraged to provide fair remuneration to interns.

(4) An intern who is employed or volunteering in private practice shall be under the direct supervision of a licensee enumerated in subdivision (f) of Section 4980.40 who shall be employed by and practice at the same site as the intern's employer.

(5) Experience may be gained by the intern solely as part of the position for which the intern volunteers or is employed.

(g) All persons shall register with the board as an intern in order to be credited for postdegree hours of experience gained toward licensure, regardless of the setting where those hours are to be gained. Except as provided in subdivision (h), all postdegree hours shall be gained as a registered intern.

(h) Except when employed in a private practice setting, all postdegree hours of experience shall be credited toward licensure so long as the applicant applies for the intern registration within 90 days of the granting of the qualifying master's or doctor's degree and is thereafter granted the intern registration by the board.

(i) Trainees, interns, and applicants shall not receive any remuneration from patients or clients, and shall only be paid by their employers.

(j) Trainees, interns, and applicants shall only perform services at the place where their employers regularly conduct business, which may include performing services at other locations, so long as the services are performed under the direction and control of their employer and supervisor, and in compliance with the laws and regulations pertaining to supervision. Trainees and interns shall have no proprietary interest in the employer's business.

(k) Trainees, interns, or applicants who provide volunteered services or other services, and who receive no more than a total, from all work

settings, of five hundred dollars (\$500) per month as reimbursement for expenses actually incurred by those trainees, interns, or applicants for services rendered in any lawful work setting other than a private practice shall be considered an employee and not an independent contractor. The board may audit applicants who receive reimbursement for expenses, and the applicants shall have the burden of demonstrating that the payments received were for reimbursement of expenses actually incurred.

(l) Each educational institution preparing applicants for licensure pursuant to this chapter shall consider requiring, and shall encourage, its students to undergo individual, marital or conjoint, family, or group counseling or psychotherapy, as appropriate. Each supervisor shall consider, advise, and encourage his or her interns and trainees regarding the advisability of undertaking individual, marital or conjoint, family, or group counseling or psychotherapy, as appropriate. Insofar as it is deemed appropriate and is desired by the applicant, the educational institution and supervisors are encouraged to assist the applicant in locating that counseling or psychotherapy at a reasonable cost.

SEC. 15. Section 4980.44 of the Business and Professions Code is amended to read:

4980.44. (a) An unlicensed marriage and family therapist intern employed under this chapter shall:

(1) Have earned at least a master's degree as specified in Section 4980.40.

(2) Be registered with the board prior to the intern performing any duties, except as otherwise provided in subdivision (e) of Section 4980.43.

(3) File for renewal of registration annually for a maximum of five years after initial registration with the board. Renewal of registration shall include filing an application for renewal, paying a renewal fee of seventy-five dollars (\$75), and notifying the board whether he or she has been convicted, as defined in Section 490, of a misdemeanor or felony, or whether any disciplinary action has been taken by any regulatory or licensing board in this or any other state, subsequent to the issuance of the initial registration or the registrant's last renewal.

(4) Inform each client or patient prior to performing any professional services that he or she is unlicensed and under the supervision of a licensed marriage and family therapist, licensed clinical social worker, licensed psychologist, licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology, or a licensed physician who has completed a residency in psychiatry and who is described in subdivision (f) of Section 4980.40, whichever is applicable. Continued employment as an unlicensed marriage and family therapist intern shall

cease after six years unless the requirements of subdivision (b) are met. No registration shall be renewed or reinstated beyond the six years from initial issuance regardless of whether it has been revoked.

(b) When no further renewals are possible, either because the applicant has exhausted the number of renewals available or because of the repeal of Section 4980.44, as amended by Chapter 1114 of the Statutes of 1991, an applicant may apply for and obtain new intern registration status if the applicant meets the educational requirements for registration in effect at the time of the application for a new intern registration. An applicant who is issued a subsequent intern registration pursuant to this subdivision may be employed or volunteer in all allowable work settings except in private practice.

SEC. 16. Section 4980.57 of the Business and Professions Code is amended to read:

4980.57. (a) The board shall require a licensee who began graduate study prior to January 1, 2004, to take a continuing education course during his or her first renewal period after the operative date of this section in spousal or partner abuse assessment, detection, and intervention strategies, including community resources, cultural factors, and same gender abuse dynamics. On and after January 1, 2005, the course shall consist of not less than seven hours of training. Equivalent courses in spousal or partner abuse assessment, detection, and intervention strategies taken prior to the operative date of this section or proof of equivalent teaching or practice experience may be submitted to the board and at its discretion, may be accepted in satisfaction of this requirement.

(b) Continuing education courses taken pursuant to this section shall be applied to the 36 hours of approved continuing education required under paragraph (1) of subdivision (c) of Section 4980.54.

(c) This section shall become operative on January 1, 2004.

SEC. 17. Section 4982 of the Business and Professions Code is amended to read:

4982. The board may refuse to issue any registration or license, or may suspend or revoke the license or registration of any registrant or licensee if the applicant, licensee, or registrant has been guilty of unprofessional conduct. Unprofessional conduct shall include, but not be limited to:

(a) The conviction of a crime substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially

related to the qualifications, functions, or duties of a licensee or registrant under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter shall be deemed to be a conviction within the meaning of this section. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw a plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(b) Securing a license or registration by fraud, deceit, or misrepresentation on any application for licensure or registration submitted to the board, whether engaged in by an applicant for a license or registration, or by a licensee in support of any application for licensure or registration.

(c) Administering to himself or herself any controlled substance or using of any of the dangerous drugs specified in Section 4022, or of any alcoholic beverage to the extent, or in a manner, as to be dangerous or injurious to the person applying for a registration or license or holding a registration or license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a registration or license to conduct with safety to the public the practice authorized by the registration or license, or the conviction of more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof. The board shall deny an application for a registration or license or revoke the license or registration of any person, other than one who is licensed as a physician and surgeon, who uses or offers to use drugs in the course of performing marriage and family therapy services.

(d) Gross negligence or incompetence in the performance of marriage and family therapy.

(e) Violating, attempting to violate, or conspiring to violate any of the provisions of this chapter or any regulation adopted by the board.

(f) Misrepresentation as to the type or status of a license or registration held by the person, or otherwise misrepresenting or permitting misrepresentation of his or her education, professional qualifications, or professional affiliations to any person or entity.

(g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee, allowing any other person to use his or her license or registration.

(h) Aiding or abetting, or employing, directly or indirectly, any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.

(i) Intentionally or recklessly causing physical or emotional harm to any client.

(j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.

(k) Engaging in sexual relations with a client, or a former client within two years following termination of therapy, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a marriage and family therapist.

(l) Performing, or holding oneself out as being able to perform, or offering to perform, or permitting any trainee or registered intern under supervision to perform, any professional services beyond the scope of the license authorized by this chapter.

(b) Prior to obtaining a joint venture license, contractors licensed in accordance with this chapter may jointly bid for the performance of work covered by this section. If a combination of licensees submit a bid for the performance of work for which a joint venture license is required, a failure to obtain that license shall not prevent the imposition of any penalty specified by law for the failure of a contractor who submits a bid to enter into a contract pursuant to the bid.

(2) Have been referred for investigation after a determination by board enforcement staff that a probable violation has occurred, and have been reviewed by a supervisor, and regard allegations that if proven would present a risk of harm to the public and would be appropriate for suspension or revocation of the contractor's license or criminal prosecution.

(b) The board shall create a disclaimer that shall accompany the disclosure of a complaint that shall state that the complaint is an allegation. The disclaimer may also contain any other information the board determines would be relevant to a person evaluating the complaint.

At the end of the specified time period, those citations shall no longer be disclosed.

(2) Accusations that result in suspension, stayed suspension, or stayed revocation of the contractor's license shall be disclosed from the date the accusation is filed and for seven years after the accusation has been settled, including the terms and conditions of probation if no

Renewal under this section shall be effective on the date an acceptable renewal application is filed with the board. The licensee shall be considered unlicensed and there will be a break in the licensing time between the expiration date and the date the renewal becomes effective. If the license is renewed after the expiration date, the licensee shall also pay the delinquency fee prescribed by this chapter. If so renewed, the license shall continue in effect through the date provided in Section 7140 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

8762. (a) Except as provided in subdivision (b), after making a field survey in conformity with the practice of land surveying, the licensed surveyor or licensed civil engineer may file with the county surveyor in the county in which the field survey was made, a record of the survey.

(b) Notwithstanding subdivision (a), after making a field survey in conformity with the practice of land surveying, the licensed land surveyor or licensed civil engineer shall file with the county surveyor in the county in which the field survey was made a record of the survey relating to land boundaries or property lines, if the field survey discloses any of the following:

(1) Material evidence or physical change, which in whole or in part does not appear on any subdivision map, official map, or record of survey previously recorded or properly filed in the office of the county recorder or county surveying department, or map or survey record maintained by the Bureau of Land Management of the United States.

(2) A material discrepancy with the information contained in any subdivision map, official map, or record of survey previously recorded or filed in the office of the county recorder or the county surveying department, or any map or survey record maintained by the Bureau of Land Management of the United States. For purposes of this subdivision, a “material discrepancy” is limited to a material discrepancy in the position of points or lines, or in dimensions.

(3) Evidence that, by reasonable analysis, might result in materially alternate positions of lines or points, shown on any subdivision map, official map, or record of survey previously recorded or filed in the office of the county recorder or the county surveying department, or any map or survey record maintained by the Bureau of Land Management of the United States.

(4) The establishment of one or more points or lines not shown on any subdivision map, official map, or record of survey, the positions of which are not ascertainable from an inspection of the subdivision map, official map, or record of survey.

(5) The points or lines set during the performance of a field survey of any parcel described in any deed or other instrument of title recorded in the county recorder’s office are not shown on any subdivision map, official map, or record of survey.

(c) The record of survey required to be filed pursuant to this section shall be filed within 90 days after the setting of boundary monuments during the performance of a field survey or within 90 days after completion of a field survey, whichever occurs first.

(d) (1) If the 90-day time limit contained in subdivision (c) cannot be complied with for reasons beyond the control of the licensed land surveyor or licensed civil engineer, the 90-day time period shall be extended until the time at which the reasons for delay are eliminated. If the licensed land surveyor or licensed civil engineer cannot comply with the 90-day time limit, he or she shall, prior to the expiration of the 90-day time limit, provide the county surveyor with a letter stating that he or she

is unable to comply. The letter shall provide an estimate of the date for completion of the record of survey, the reasons for the delay, and a general statement as to the location of the survey, including the assessor's parcel number or numbers.

(2) The licensed land surveyor or licensed civil engineer shall not initially be required to provide specific details of the survey. However, if other surveys at the same location are performed by others which may affect or be affected by the survey, the licensed land surveyor or licensed civil engineer shall then provide information requested by the county surveyor without unreasonable delay.

(e) Any record of survey filed with the county surveyor shall, after being examined by him or her, be filed with the county recorder.

(f) If the preparer of the record of survey provides a postage-paid, self-addressed envelope or postcard with the filing of the record of survey, the county recorder shall return the postage-paid, self-addressed envelope or postcard to the preparer of the record of survey with the filing data within 10 days of final filing. For the purposes of this subdivision, "filing data" includes the date, the book or volume, and the page at which the record of survey is filed with the county recorder.

(2) Its compliance with Sections 8762.5, 8763, 8764.5, 8771.5, and 8772.

(b) The examination pursuant to this section shall not require the licensed land surveyor or registered civil engineer submitting the record of survey to change the methods or procedures utilized or employed in the performance of the survey, nor shall the examination require a field survey to verify the data shown on the record of survey.

(c) Nothing in this section shall limit the county surveyor from including notes expressing opinions regarding the record of survey, or the methods or procedures utilized or employed in the performance of the survey.

(d) The examination pursuant to this section shall be performed by, or under the direct supervision of, a licensed land surveyor or registered civil engineer.

(b) In the event the submitted “corner record” fails to comply with the examination criteria of subdivision (a), the county surveyor or engineer shall return it to the person who submitted it together with a written statement of the changes necessary to make it conform to the requirements of subdivision (a). The licensed land surveyor or licensed civil engineer submitting the corner record may then make the agreed changes in compliance with subdivision (a) and note those matters that cannot be agreed upon in accordance with the provisions of subdivision (c), and shall resubmit the corner record within 60 days, or within the time as may be mutually agreed upon by the licensed land surveyor or licensed civil engineer and the county surveyor, to the county surveyor for filing pursuant to subdivision (c). The county surveyor or engineer shall file the corner record within 10 working days after receipt of the resubmission.

(c) If the matters appearing on the corner record cannot be agreed upon by the licensed land surveyor or the licensed civil engineer and the county surveyor within 10 working days after the licensed land surveyor or licensed civil engineer resubmits and requests the corner record be filed without further change, an explanation of the differences shall be noted on the corner record and it shall be submitted to and filed by the county surveyor. The licensed land surveyor or licensed civil engineer filing the corner record shall attempt to reach agreement with the county surveyor regarding the language for the explanation of the differences. If they cannot agree on the language explaining the differences, then both shall add a notation on the corner record explaining the differences. The explanation of the differences shall be sufficiently specific to identify the factual basis for the differences.

(d) The corner record filed with the county surveyor of any county shall be securely fastened by him or her into a suitable book provided for that purpose.

(e) A charge for examining, indexing, and filing the corner record may be collected by the county surveyor, not to exceed the amount required for the recording of a deed.

(f) If the preparer of the corner record provides a postage-paid, self-addressed envelope or postcard with the filing of the corner record, the county surveyor shall return the postage-paid, self-addressed envelope or postcard to the preparer of the corner record with the filing

data within 20 days of final filing. For the purposes of this subdivision, “filing data” includes the date, book or volume, and the page at which the corner record is filed by the county surveyor. (b) A corner record need not be filed when:

(1) A corner record is on file and the corner is found as described in the existing corner record.

(2) All conditions of Section 8773 are complied with by proper notations on a record of survey map filed in compliance with the Professional Land Surveyors’ Act or a parcel or subdivision map, in compliance with the Subdivision Map Act.

(3) When the survey is a survey of a mobilehome park interior lot as defined in Section 18210 of the Health and Safety Code, provided that no subdivision map, official map, or record of survey has been previously filed for the interior lot or no conversion to residential ownership has occurred pursuant to Section 66428.1 of the Government Code.
