An act to amend Section 1365.5 of the Health and Safety Code, and to amend Section 10140 of the Insurance Code, relating to insurance.

LEGISLATIVE COUNSEL'S DIGEST

AB 1586, as amended, Koretz. Insurers: health care service plans: discrimination.

Existing law provides for licensing and regulation of health care service plans by the Department of Managed Health Care. Existing law provides for licensing and regulation of insurers by the Department of Insurance.

Existing law prohibits certain discriminatory acts by health care service plans and insurers. With respect to health care service plans, certain discrimination based on the sex of an enrollee is prohibited. With respect to life and disability insurers, an insurer may not refuse to accept an insurance application, or issue or cancel insurance under conditions less favorable to the insured than in other comparable cases, except for reasons applicable alike to persons of every race, color, religion, national origin, ancestry, or sexual orientation. The Insurance Commissioner has authority to assess specified administrative penalties for a violation of these provisions.

This bill; would add “sex” to the insurance provision ~~on governing~~ life and disability insurers. The bill, for purposes of both of these provisions, would provide that “sex” shall have the same meaning as ~~“gender”~~ “gender,” as defined. *The bill would state the intent of the Legislature in that regard.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
