

ASSEMBLY BILL

No. 2202

Introduced by Assembly Member Saldana

February 22, 2006

An act to amend Section 25214.10 of the Health and Safety Code, relating to hazardous waste.

LEGISLATIVE COUNSEL'S DIGEST

AB 2202, as introduced, Saldana. Hazardous waste: electronic devices.

(1) Existing law requires the Department of Toxic Substances Control to adopt regulations to prohibit an electronic device from being sold or offered for sale in this state if the electronic device is prohibited from being sold in the European Union on and after its date of manufacture, due to the presence of certain heavy metals. Existing law require these regulations to take effect January 1, 2007, or on or after the date the Directive 2002/95/EC, as adopted by the European Parliament and the Council of the European Union on January 27, 2003, takes effect, whichever date is later. Existing law defines the term "electronic device," for purpose of those provisions, with reference to the Electronic Waste Recycling Act of 2003, which defines the term "electronic device" as a video display device, as specified, that is identified by the department, pursuant to specified regulations, as a presumed hazardous waste when discarded.

A violation of the hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime.

This bill would revise the definition of "electronic device" for purposes of that sale prohibition to mean, instead, a device that is dependent on electric currents or electromagnetic fields to work properly or is a device for the generation, transfer, or measurement of

electric currents or fields, that falls under the categories set out in Annex IA to Directive 2002/96/EC, and is designed for use with a voltage rating that does not exceed 1000 volts for alternating current and 1500 volts for direct current. The bill would require the regulations adopted by the department to implement the changes made by the bill to take effect on January 1, 2008.

Since a violation of those regulations would be a crime, the bill would impose a state mandated local program by creating a new crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

39 SEC. 2. No reimbursement is required by this act pursuant to
40 Section 6 of Article XIII B of the California Constitution because
