
Introduced by Senator Perata

February 22, 2005

An act to amend Section 40057 of the Public Resources Code, relating to solid waste.

LEGISLATIVE COUNSEL'S DIGEST

SB 1076, as introduced, Perata. Solid waste.

The California Integrated Waste Management Act requires each county, city, district, or other local governmental agency that provides solid waste handling services to provide for those services, including, but not limited to, source reduction, recycling, composting activities, and the collection, transfer, and disposal of solid waste within or without the territory subject to its solid waste handling jurisdiction.

This bill would make a technical, nonsubstantive change in that provision.
