ASSEMBLY BILL

No. 347

Introduced by Assembly Member Nava

February 14, 2007

An act to amend Sections 1240, 35186, 37254, 52378, and 52380 of the Education Code, relating to pupil instruction, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 347, as amended, Nava. Pupils: high school exit examination: intensive instruction and services.

(1) Existing law requires each pupil completing grade 12 to successfully pass the high school exit examination as a condition of

receiving a diploma of graduation or a condition of graduation from high school.

Existing law provides specified funding for eligible pupils, as defined, who are required to pass the high school exit examination, to be used for intensive instruction and services for those pupils, and provides for the allocation of those funds, based on a per pupil rate calculation, to schools. As a condition of receiving funding, a school district is required to accomplish certain matters, including, among other things, ensure that each eligible pupil receives an appropriate diagnostic assessment to identify that pupil's areas of need and submit an annual report to the Superintendent of Public Instruction relating to the provision of intensive instruction and services to pupils.

This bill, among other things, would revise the definition of "eligible pupil" to include pupils who have not satisfied the requirement that they pass the high school exit examination in order to graduate from high school and have failed one or both parts of the examination by the end of grade 12; revise the calculation for determining the per pupil rate for purposes of funding; authorize the receipt of intensive instruction and services on Saturdays, evenings, or at a time and location deemed appropriate by the school district for eligible pupils; expand the authorized scope of intensive instruction and services to include instruction in English language arts or mathematics, or both, that eligible pupils need to pass those parts of the high school exit examination not yet passed and the provision of instruction and services by a public or nonpublic entity as determined by the local educational agency; require a school district to accomplish additional matters relating to pupils who have not passed one or both parts of the exit examination by the end of grade 12; and require the annual report to also include information relating to the notification of eligible pupils of the intensive instruction and services provided and be submitted to the appropriate county superintendent of schools.

(2) Existing law requires a school district to use its uniform complaint process to help identify and resolve any deficiencies related to instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of pupils or staff, and teacher vacancy or misassignment. A notice regarding the appropriate subjects of a complaint is required to be posted in each classroom in each school in the school district and a complaint regarding those deficiencies is required to be filed with the principal of the school or his or her designee.

This bill also would require a school district to use its uniform complaint process to help identify and resolve any deficiencies related to intensive instruction and services provided to pupils who have not passed one or both parts of the high school exit examination after the completion of grade 12. The bill would also require the notice, for certain classrooms, to include certain information about the entitlement to receive the intensive instruction and services, and would require a complaint regarding any deficiency related to intensive instruction and services to be submitted to the district official designated by the district superintendent. By imposing additional duties on school districts, this bill would impose a state-mandated local program.

(3) Existing law establishes the Middle and High School Supplemental Counseling Program and requires the governing board of a school district that maintains any of grades 7 to 12, inclusive, as a condition of receiving funds appropriated for purposes of that program, to adopt a counseling program at a public meeting that includes, among other things, a provision for a counselor to meet with each pupil, as specified, to explain the academic and deportment records of the pupil, his or her educational options, the coursework and academic progress needed for satisfactory completion of middle or high school, passage of the high school exit examination, and the availability of career technical education. In addition to these counseling services, a school district is required to identify certain pupils, such as those at risk of not graduating with the rest of their class, and to require its schools to provide certain assistance in developing a list of coursework and experience. As a further condition of receipt of funds, a school district is required to submit an annual report in a manner determined by the Superintendent that describes certain matters, including the number and percentage of pupils who participated in conferences and who fail to pass one or both sections of the high school exit examination.

This bill also would require the counselor to explain the availability, for up to 2 consecutive academic years after the completion of grade 12 or until the pupil has passed both parts of the high school exit examination, whichever comes first, of intensive instruction and services for those pupils who have not passed one or both parts of the exit examination by the end of grade 12. The bill also would require a school district, for the identified pupils, to inform a pupil who has not passed one or both parts of the high school exit examination of the option of intensive instruction and services. The bill would require the report also to be submitted to the appropriate county superintendent of schools and

contain an assurance that the school district has complied with the provision that requires a school counselor to apprise a pupil of certain information during an individual conference.

(4) Existing law requires a county superintendent of schools to undertake specified duties regarding the oversight of the school districts within his or her jurisdiction.

This bill would require a county superintendent of schools to perform additional duties related to conducting school visits and verifying that pupils who have not passed the high school exit examination by the end of grade 12 are informed that they are entitled to receive intensive instruction and services for up to 2 consecutive academic years after completion of grade 12 or until the pupil has passed both parts of the exit examination, whichever comes first, and verifying that those pupils who elected to receive the instruction and services are being served. By imposing additional duties on local educational agencies or officials, the bill would impose a state-mandated local program.

(5) This bill would make other technical, nonsubstantive changes to existing law.

(6) This bill also would incorporate additional changes in Section 52378 of the Education Code, proposed by SB 405, to be operative if SB 405 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

~~(6)~~

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

~~(7)~~

(8) By specifying a new purpose for the use of \$1.5 million of funds that would be appropriated to the State Department of Education in the Budget Act of 2007 for allocation to county offices of education, this bill would make an appropriation.

To the extent that the funds appropriated by this bill are allocated to a school district, which is defined to include, but is not limited to, a county board of education and a county superintendent of schools, which govern and administer, respectively, a county office of education, those funds would be applied toward the minimum funding requirements

for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(8)

(9) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.

State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1240 of the Education Code is amended
2 to read:

3 1240. The county superintendent of schools shall do all of the
4 following:

5 (a) Superintend the schools of his or her county.

6 (b) Maintain responsibility for the fiscal oversight of each school
7 district in his or her county pursuant to the authority granted by
8 this code.

9 (c) (1) Visit and examine each school in his or her county at
10 reasonable intervals to observe its operation and to learn of its
11 problems. He or she annually may present a report of the state of
12 the schools in his or her county, and of his or her office, including,
13 but not limited to, his or her observations while visiting the schools,
14 to the board of education and the board of supervisors of his or
15 her county.

16 (2) (A) For fiscal years 2004–05 to 2006–07, inclusive, to the
17 extent that funds are appropriated for purposes of this paragraph,
18 the county superintendent, or his or her designee, annually shall
19 submit a report, at a regularly scheduled November board meeting,
20 to the governing board of each school district under his or her
21 jurisdiction, the county board of education of his or her county,
22 and the board of supervisors of his or her county describing the
23 state of the schools in the county or of his or her office that are
24 ranked in deciles 1 to 3, inclusive, of the 2003 base Academic
25 Performance Index (API), as defined in subdivision (b) of Section
26 17592.70, and shall include, among other things, his or her
27 observations while visiting the schools and his or her
28 determinations for each school regarding the status of all of the
29 circumstances listed in subparagraph (J) and teacher
30 misassignments and teacher vacancies. As a condition for receipt

1 of funds, the county superintendent, or his or her designee, shall
2 use a standardized template to report the circumstances listed in
3 subparagraph (J) and teacher misassignments and teacher
4 vacancies, unless the current annual report being used by the county
5 superintendent, or his or her designee, already includes those details
6 for each school.

7 (B) Commencing with the 2007–08 fiscal year, to the extent
8 that funds are appropriated for purposes of this paragraph, the
9 county superintendent, or his or her designee, annually shall submit
10 a report, at a regularly scheduled November board meeting, to the
11 governing board of each school district under his or her jurisdiction,
12 the county board of education of his or her county, and the board
13 of supervisors of his or her county describing the state of the
14 schools in the county or of his or her office that are ranked in
15 deciles 1 to 3, inclusive, of the 2006 base API, pursuant to Section
16 52056. As a condition for the receipt of funds, the annual report
17 shall include the determinations for each school made by the county
18 superintendent, or his or her designee, regarding the status of all
19 of the circumstances listed in subparagraph (J) and teacher
20 misassignments and teacher vacancies, and the county
21 superintendent, or his or her designee, shall use a standardized
22 template to report the circumstances listed in subparagraph (J) and
23 teacher misassignments and teacher vacancies, unless the current
24 annual report being used by the county superintendent, or his or
25 her designee, already includes those details with the same level of
26 specificity that is otherwise required by this subdivision. For
27 purposes of this section, schools ranked in deciles 1 to 3, inclusive,
28 on the 2006 base API shall include schools determined by the
29 department to meet either of the following:

- 30 (i) The school meets all of the following criteria:
- 31 (I) Does not have a valid base API score for 2006.
- 32 (II) Is operating in fiscal year 2007–08 and was operating in
33 fiscal year 2006–07 during the Standardized Testing and Reporting
34 (STAR) Program testing period.
- 35 (III) Has a valid base API score for 2005 that was ranked in
36 deciles 1 to 3, inclusive, in that year.
- 37 (ii) The school has an estimated base API score for 2006 that
38 would be in deciles 1 to 3, inclusive.
- 39 (C) The department shall estimate an API score for any school
40 meeting the criteria of subclauses (I) and (II) of clause (i) of

1 subparagraph (B) and not meeting the criteria of subclause (III)
2 of clause (i) of subparagraph (B), using available test scores and
3 weighting or corrective factors it deems appropriate. The
4 department shall post the API scores on its Internet Web site on
5 or before May 1.

6 (D) For purposes of this section, references to schools ranked
7 in deciles 1 to 3, inclusive, on the 2006 base API shall exclude
8 schools operated by county offices of education pursuant to Section
9 56140, as determined by the department.

10 (E) In addition to the requirements above, the county
11 superintendent, or his or her designee, annually shall verify both
12 of the following:

13 (i) That pupils who have not passed the high school exit
14 examination by the end of grade 12 are informed that they are
15 entitled to receive intensive instruction and services for up to two
16 consecutive academic years after completion of grade 12 or until
17 the pupil has passed both parts of the high school exit examination,
18 whichever comes first, pursuant to paragraphs (4) and (5) of
19 subdivision (d) of Section 37254.

20 (ii) That pupils who have elected to receive intensive instruction
21 and services, pursuant to paragraphs (4) and (5) of subdivision (d)
22 of Section 37254, are being served.

23 (F) (i) Commencing with the 2010–11 fiscal year and every
24 third year thereafter, the Superintendent shall identify a list of
25 schools ranked in deciles 1 to 3, inclusive, of the API for which
26 the county superintendent, or his or her designee, annually shall
27 submit a report, at a regularly scheduled November board meeting,
28 to the governing board of each school district under his or her
29 jurisdiction, the county board of education of his or her county,
30 and the board of supervisors of his or her county that describes the
31 state of the schools in the county or of his or her office that are
32 ranked in deciles 1 to 3, inclusive, of the base API as defined in
33 clause (ii).

34 (ii) For the 2010–11 fiscal year, the list of schools ranked in
35 deciles 1 to 3, inclusive, of the base API shall be updated using
36 the criteria set forth in clauses (i) and (ii) of subparagraph (B),
37 subparagraph (C), and subparagraph (D), as applied to the 2009
38 base API and thereafter shall be updated every third year using
39 the criteria set forth in clauses (i) and (ii) of subparagraph (B),

1 subparagraph (C), and subparagraph (D), as applied to the base
2 API of the year preceding the third year consistent with clause (i).

3 (iii) As a condition for the receipt of funds, the annual report
4 shall include the determinations for each school made by the county
5 superintendent, or his or her designee, regarding the status of all
6 of the circumstances listed in subparagraph (J) and teacher
7 misassignments and teacher vacancies, and the county
8 superintendent, or his or her designee, shall use a standardized
9 template to report the circumstances listed in subparagraph (J) and
10 teacher misassignments and teacher vacancies, unless the current
11 annual report being used by the county superintendent, or his or
12 her designee, already includes those details with the same level of
13 specificity that is otherwise required by this subdivision.

14 (G) The county superintendent of the Counties of Alpine,
15 Amador, Del Norte, Mariposa, Plumas, and Sierra, and the City
16 and County of San Francisco shall contract with another county
17 office of education or an independent auditor to conduct the
18 required visits and make all reports required by this paragraph.

19 (H) On a quarterly basis, the county superintendent, or his or
20 her designee, shall report the results of the visits and reviews
21 conducted that quarter to the governing board of the school district
22 at a regularly scheduled meeting held in accordance with public
23 notification requirements. The results of the visits and reviews
24 shall include the determinations of the county superintendent, or
25 his or her designee, for each school regarding the status of all of
26 the circumstances listed in subparagraph (J) and teacher
27 misassignments and teacher vacancies. If the county
28 superintendent, or his or her designee, conducts no visits or reviews
29 in a quarter, the quarterly report shall report that fact.

30 (I) The visits made pursuant to this paragraph shall be conducted
31 at least annually and shall meet the following criteria:

32 (i) Minimize disruption to the operation of the school.

33 (ii) Be performed by individuals who meet the requirements of
34 Section 45125.1.

35 (iii) Consist of not less than 25 percent unannounced visits in
36 each county. During unannounced visits in each county, the county
37 superintendent shall not demand access to documents or specific
38 school personnel. Unannounced visits shall only be used to observe
39 the condition of school repair and maintenance, and the sufficiency
40 of instructional materials, as defined by Section 60119.

1 (J) The priority objective of the visits made pursuant to this
2 paragraph shall be to determine the status of all of the following
3 circumstances:

4 (i) Sufficient textbooks as defined in Section 60119 and as
5 specified in subdivision (i).

6 (ii) The condition of a facility that poses an emergency or urgent
7 threat to the health or safety of pupils or staff as defined in district
8 policy or paragraph (1) of subdivision (c) of Section 17592.72.

9 (iii) The accuracy of data reported on the school accountability
10 report card with respect to the availability of sufficient textbooks
11 and instructional materials, as defined by Section 60119, and the
12 safety, cleanliness, and adequacy of school facilities, including
13 good repair as required by Sections 17014, 17032.5, 17070.75,
14 and 17089.

15 (iv) The extent to which pupils who have not passed the high
16 school exit examination by the end of grade 12 are informed that
17 they are entitled to receive intensive instruction and services for
18 up to two consecutive academic years after completion of grade
19 12 or until the pupil has passed both parts of the high school exit
20 examination, whichever comes first, pursuant to paragraphs (4)
21 and (5) of subdivision (d) of Section 37254.

22 (v) The extent to which pupils who have elected to receive
23 intensive instruction and services, pursuant to paragraphs (4) and
24 (5) of subdivision (d) of Section 37254, are being served.

25 (K) The county superintendent may make the status
26 determinations described in subparagraph (J) during a single visit
27 or multiple visits. In determining whether to make a single visit
28 or multiple visits for this purpose, the county superintendent shall
29 take into consideration factors such as cost-effectiveness, disruption
30 to the schoolsite, deadlines, and the availability of qualified
31 reviewers.

32 (L) If the county superintendent determines that the condition
33 of a facility poses an emergency or urgent threat to the health or
34 safety of pupils or staff as defined in district policy or paragraph
35 (1) of subdivision (c) of Section 17592.72, or is not in good repair,
36 as specified in subdivision (d) of Section 17002 and required by
37 Sections 17014, 17032.5, 17070.75, and 17089, the county
38 superintendent, among other things, may do any of the following:

39 (i) Return to the school to verify repairs.

(ii) Prepare a report that specifically identifies and documents the areas or instances of noncompliance if the district has not provided evidence of successful repairs within 30 days of the visit of the county superintendent or, for major projects, has not provided evidence that the repairs will be conducted in a timely manner. The report may be provided to the governing board of the school district. If the report is provided to the school district, it shall be presented at a regularly scheduled meeting held in accordance with public notification requirements. The county superintendent shall post the report on his or her Internet Web site. The report shall be removed from the Internet Web site when the county superintendent verifies the repairs have been completed.

(d) Distribute all laws, reports, circulars, instructions, and blanks that he or she may receive for the use of the school officers.

(e) Annually, on or before August 15, present a report to the governing board of the school district and the Superintendent regarding the fiscal solvency of a school district with a disapproved budget, qualified interim certification, or a negative interim certification, or that is determined to be in a position of fiscal uncertainty pursuant to Section 42127.6.

(f) Keep in his or her office the reports of the Superintendent.

(g) Keep a record of his or her official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of an applicant or his or her authorized agent.

(h) Enforce the course of study.

(i) (1) Enforce the use of state textbooks and instructional materials and of high school textbooks and instructional materials regularly adopted by the proper authority in accordance with Section 51050.

(2) For purposes of this subdivision, sufficient textbooks or instructional materials has the same meaning as in subdivision (c) of Section 60119.

(3) (A) Commencing with the 2005–06 school year, if a school is ranked in any of deciles 1 to 3, inclusive, of the base API, as specified in paragraph (2) of subdivision (c), and not currently under review pursuant to a state or federal intervention program, the county superintendent specifically shall review that school at least annually as a priority school. A review conducted for purposes

1 of this paragraph shall be completed by the fourth week of the
2 school year. For the 2004–05 fiscal year only, the county
3 superintendent shall make a diligent effort to conduct a visit to
4 each school pursuant to this paragraph within 120 days of receipt
5 of funds for this purpose.

6 (B) In order to facilitate the review of instructional materials
7 before the fourth week of the school year, the county superintendent
8 in a county with 200 or more schools that are ranked in any of
9 deciles 1 to 3, inclusive, of the base API, as specified in paragraph
10 (2) of subdivision (c), may utilize a combination of visits and
11 written surveys of teachers for the purpose of determining
12 sufficiency of textbooks and instructional materials in accordance
13 with subparagraph (A) of paragraph (1) of subdivision (a) of
14 Section 60119 and as defined in subdivision (c) of Section 60119.
15 If a county superintendent elects to conduct written surveys of
16 teachers, the county superintendent shall visit the schools surveyed
17 within the same academic year to verify the accuracy of the
18 information reported on the surveys. If a county superintendent
19 surveys teachers at a school in which the county superintendent
20 has found sufficient textbooks and instructional materials for the
21 previous two consecutive years and determines that the school
22 does not have sufficient textbooks or instructional materials, the
23 county superintendent shall within 10 business days provide a copy
24 of the insufficiency report to the school district as set forth in
25 paragraph (4).

26 (C) For purposes of this paragraph, “written surveys” may
27 include paper and electronic or online surveys.

28 (4) If the county superintendent determines that a school does
29 not have sufficient textbooks or instructional materials in
30 accordance with subparagraph (A) of paragraph (1) of subdivision
31 (a) of Section 60119 and as defined by subdivision (c) of Section
32 60119, the county superintendent shall do all of the following:

33 (A) Prepare a report that specifically identifies and documents
34 the areas or instances of noncompliance.

35 (B) Provide within five business days of the review, a copy of
36 the report to the school district, as provided in subdivision (c), or,
37 if applicable, provide a copy of the report to the school district
38 within 10 business days pursuant to subparagraph (B) of paragraph
39 (3).

1 (C) Provide the school district with the opportunity to remedy
2 the deficiency. The county superintendent shall ensure remediation
3 of the deficiency no later than the second month of the school term.

4 (D) If the deficiency is not remedied as required pursuant to
5 subparagraph (C), the county superintendent shall request the
6 department to purchase the textbooks or instructional materials
7 necessary to comply with the sufficiency requirement of this
8 subdivision. If the department purchases textbooks or instructional
9 materials for the school district, the department shall issue a public
10 statement at the first regularly scheduled meeting of the state board
11 occurring immediately after the department receives the request
12 of the county superintendent and that meets the applicable public
13 notice requirements, indicating that the district superintendent and
14 the governing board of the school district failed to provide pupils
15 with sufficient textbooks or instructional materials as required by
16 this subdivision. Before purchasing the textbooks or instructional
17 materials, the department shall consult with the district to determine
18 which textbooks or instructional materials to purchase. All
19 purchases of textbooks or instructional materials shall comply with
20 Chapter 3.25 (commencing with Section 60420) of Part 33. The
21 amount of funds necessary for the purchase of the textbooks and
22 materials is a loan to the school district receiving the textbooks or
23 instructional materials. Unless the school district repays the amount
24 owed based upon an agreed-upon repayment schedule with the
25 Superintendent, the Superintendent shall notify the Controller and
26 the Controller shall deduct an amount equal to the total amount
27 used to purchase the textbooks and materials from the next
28 principal apportionment of the district or from another
29 apportionment of state funds.

30 (j) Preserve carefully all reports of school officers and teachers.

31 (k) Deliver to his or her successor, at the close of his or her
32 official term, all records, books, documents, and papers belonging
33 to the office, taking a receipt for them, which shall be filed with
34 the department.

35 (l) (1) Submit two reports during the fiscal year to the county
36 board of education in accordance with the following:

37 (A) The first report shall cover the financial and budgetary status
38 of the county office of education for the period ending October
39 31. The second report shall cover the period ending January 31.

40 Both reports shall be reviewed by the county board of education

1 and approved by the county superintendent no later than 45 days
2 after the close of the period being reported.

3 (B) As part of each report, the county superintendent shall certify
4 in writing whether or not the county office of education is able to
5 meet its financial obligations for the remainder of the fiscal year
6 and, based on current forecasts, for two subsequent fiscal years.
7 The certifications shall be classified as positive, qualified, or
8 negative, pursuant to standards prescribed by the Superintendent,
9 for the purposes of determining subsequent state agency actions
10 pursuant to Section 1240.1. For purposes of this subdivision, a
11 negative certification shall be assigned to a county office of
12 education that, based upon current projections, will not meet its
13 financial obligations for the remainder of the fiscal year or for the
14 subsequent fiscal year. A qualified certification shall be assigned
15 to a county office of education that may not meet its financial
16 obligations for the current fiscal year or two subsequent fiscal
17 years. A positive certification shall be assigned to a county office
18 of education that will meet its financial obligations for the current
19 fiscal year and subsequent two fiscal years. In accordance with
20 those standards, the Superintendent may reclassify a certification.
21 If a county office of education receives a negative certification,
22 the Superintendent, or his or her designee, may exercise the
23 authority set forth in subdivision (c) of Section 1630. Copies of
24 each certification, and of the report containing that certification,
25 shall be sent to the Superintendent at the time the certification is
26 submitted to the county board of education. Copies of each
27 qualified or negative certification and the report containing that
28 certification shall be sent to the Controller at the time the
29 certification is submitted to the county board of education.

30 (2) All reports and certifications required under this subdivision
31 shall be in a format or on forms prescribed by the Superintendent,
32 and shall be based on standards and criteria for fiscal stability
33 adopted by the state board pursuant to Section 33127. The reports
34 and supporting data shall be made available by the county
35 superintendent to an interested party upon request.

36 (3) This subdivision does not preclude the submission of
37 additional budgetary or financial reports by the county
38 superintendent to the county board of education or to the
39 Superintendent.

1 (4) The county superintendent is not responsible for the fiscal
2 oversight of the community colleges in the county, however, he
3 or she may perform financial services on behalf of those
4 community colleges.

5 (m) If requested, act as agent for the purchase of supplies for
6 the city and high school districts of his or her county.

7 (n) For purposes of Section 44421.5, report to the Commission
8 on Teacher Credentialing the identity of a certificated person who
9 knowingly and willingly reports false fiscal expenditure data
10 relative to the conduct of an educational program. This requirement
11 applies only if, in the course of his or her normal duties, the county
12 superintendent discovers information that gives him or her
13 reasonable cause to believe that false fiscal expenditure data
14 relative to the conduct of an educational program has been reported.

15 SEC. 2. Section 35186 of the Education Code is amended to
16 read:

17 35186. (a) A school district shall use the uniform complaint
18 process it has adopted as required by Chapter 5.1 (commencing
19 with Section 4600) of Title 5 of the California Code of Regulations,
20 with modifications, as necessary, to help identify and resolve any
21 deficiencies related to instructional materials, emergency or urgent
22 facilities conditions that pose a threat to the health and safety of
23 pupils or staff, teacher vacancy or misassignment, and intensive
24 instruction and services provided pursuant to Section 37254 to
25 pupils who have not passed one or both parts of the high school
26 exit examination after the completion of grade 12.

(b) (1) From the funds appropriated for purposes of this section in the annual Budget Act or other statute, the Superintendent shall determine a per pupil rate of funding by dividing the total amount of funds appropriated for purposes of this section by the number of eligible pupils in grade 12 as reported by school districts in accordance with paragraph (7) of subdivision (d). The Superintendent shall then apportion to each school district an amount equal to the per pupil rate determined pursuant to this paragraph multiplied by the number of eligible grade 12 pupils reported pursuant to paragraph (7) of subdivision (d).

Eligible pupils may receive intensive

1 instruction and services on Saturdays, evenings, or at a time and
2 location deemed appropriate by the school district in order to meet
