An act to add Section 51834 to the Education Code, relating to pupil instruction.

LEGISLATIVE COUNSEL'S DIGEST

AB 1122, as introduced, Duvall. Pupil instruction: consumer credit.

Existing law requires the Superintendent of Public Instruction, with the approval of the State Board of Education, to plan and develop a one-semester instructional program entitled consumer economics for use in schools maintaining any of grades 7 to 12, inclusive. That instructional program is required to include the uses and costs of credit.

This bill would require the State Department of Education to develop and make available to school districts information regarding instruction on the consumer credit system, including the history of credit, the manner of obtaining credit, the proper use of credit, understanding credit reports, the correction of an erroneous credit report, and ways of improving a credit report.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
