AMENDED IN ASSEMBLY APRIL 3, 2008

CALIFORNIA LEGISLATURE—2007–08 REGULAR SESSION

ASSEMBLY BILL

No. 2148

Introduced by Assembly Member Jeffries

February 20, 2008

An act to amend Sections 14825, 14826, 14827, 14830, 14838, 14841, 14842, 14843, 14844, 14845, 14855, and 14860 of, to add Sections 14832 and 14833 to, to repeal Sections 14857, 14858, and 14859 of, and to repeal and add Section 14856 of, the Health and Safety Code, relating to firefighters.

LEGISLATIVE COUNSEL'S DIGEST

AB 2148, as amended, Jeffries. Firefighters.

(1) Existing law permits fire companies in unincorporated towns to be organized by recording with the county recorder a certificate signed by the foreman or presiding officer and by the secretary.

This bill would instead permit fire companies in unincorporated towns to be organized by filing a certificate signed by the foreman or presiding officer and by the secretary, with the Fire and Rescue Operational Area Coordinator in the same county, or other county agency as designated by ordinance of the county board of supervisors.

(2) Existing law requires the certificate of organization of a fire company in an unincorporated town to include, among other things, the roll of active and honorary members.

This bill would instead, require the certificate to include the roll of active volunteer firefighters and those volunteer firefighters on leave.

(3) Existing law requires the certificate to be renewed and re-recorded every 6 months.

This bill would instead require the certificate to be filed by February 1 of each year. The bill would also authorize the board of supervisors to, by ordinance, require an updated or 2nd filing each year.

(4) Existing law requires every fire company to choose or elect a foreman, who is the presiding officer.

This bill would instead require every fire company to choose or elect a foreman or president, who would be the presiding officer.

(5) Existing law requires the chief of every fire company to inquire into the cause of and keep a record of every fire occurring in the town.

This bill would specify that either the chief or ranking officer of every fire company shall perform that duty.

(6) Existing law entitles the officers and members of unpaid fire companies regularly organized, and exempt firemen, to privileges and exemptions, including exemption from payment of poll tax, road tax, and head tax of every description, and exemption from military duty, except in case of war, invasion, or insurrection.

This bill would instead provide active volunteer firefighters of volunteer fire companies or departments regularly organized and recognized by the Fire and Rescue Operational Area Coordinator or the county board of supervisors ~~are entitled to exemption from recertification fees and tuition charged by public entities for emergency medical or hazardous material certifications required by the state of California to serve or remain as a volunteer firefighter, as well as exemption~~ *exempt* from military duty, except in case of war, invasion, or insurrection. The bill would also provide that the burden of providing proof of eligibility for those exemptions shall be the responsibility of the volunteer firefighter with the reasonable cooperation of his or her department.

This bill would also authorize the city council of an incorporated city to, by ordinance, regulate the formation and continued existence of fire companies providing services within its city.

This bill would also require that fire company vehicles granted exempt California vehicle registration or displaying exempt California license plates be properly insured, marked, and identified as a fire company vehicle. The bill would prohibit the fire company from allowing those vehicles to be loaned, rented, or used for personal pleasure or by for-profit businesses for private economic gain of a business or contractor. The bill would state that this limitation is not intended to

prohibit or hinder the fire company's legitimate use of fire company vehicles for emergency services, including contract arrangements or agreements to provide temporary emergency services or standby services to organizations or governmental agencies requesting those services.

(7) Existing law declares that every firefighter who has served 5 years in an organized fire company in this state is an "exempt fireman" and provides requirements and procedures related to firefighters obtaining certain certificates regarding their status in the fire company.

This bill would delete those provisions.

This bill would also make technical, nonsubstantive changes to these and other related provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 14825 of the Health and Safety Code is
