An act to amend Section 106965 of the Health and Safety Code, relating to X-ray operators.

LEGISLATIVE COUNSEL'S DIGEST

AB 2700, as introduced, Garrick. Radiologic technologies: x-ray operators.

Existing law requires the certification of persons who administer or use diagnostic or therapeutic X-ray on human beings. Existing law also requires certification of persons who perform mammography.

This bill would make nonsubstantive technical changes in these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 106965 of the Health and Safety Code  
2 is amended to read:  
3 106965. (a) It shall be unlawful for any person to administer  
4 or use diagnostic or therapeutic X-ray on human beings in this  
5 state ~~after July 1, 1971,~~ unless that person has been certified or  
6 granted a permit pursuant to subdivision (b) or (c) of Section  
7 114870 or pursuant to Section 114885, is acting within the scope  
8 of that certification or permit, and is acting under the supervision  
9 of a licentiate of the healing arts.

1 (b) ~~On and after July 15, 1993, it~~ *It* shall be unlawful for any  
2 person to perform mammography in this state unless that person  
3 has a current and valid certificate in mammographic radiologic  
4 technology issued pursuant to subdivision (b) of Section 114870,  
5 is acting within the scope of that certificate, and is acting under  
6 the supervision of a licentiate of the healing arts. Nothing in this  
7 article shall be construed as authorizing a person licensed under  
8 the Chiropractic Initiative Act to administer, use, or supervise the  
9 use of mammographic X-ray equipment.
