LEGISLATIVE COUNSEL'S DIGEST

SB 777, Kuehl. Discrimination.

(1) Existing law states that it is the policy of the state to afford equal rights and opportunities to all persons in the public or private elementary and secondary schools and postsecondary educational institutions of the state regardless of their sex, ethnic group identification, race, national origin, religion, or mental or physical disability and prohibits a person from being subjected to discrimination on those bases and contains various provisions to implement that policy.

Existing law prohibits a teacher from giving instruction, and a school district from sponsoring any activity, that reflects adversely upon persons because of their race, sex, color, creed, handicap, national origin, or ancestry.

This bill would revise the list of prohibited bases of discrimination and the kinds of prohibited instruction and activities and, instead, would refer to disability, gender, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic contained in the definition of hate crimes that is contained in the Penal Code. The bill would define disability, gender, nationality, race or ethnicity, religion, and sexual orientation for this purpose.

(2) Existing laws relating to education refer to "handicapped pupils," "handicapped adults," "physically handicapped pupils," "physically handicapped adults," "the handicapped," and "handicapped persons."

This bill would change these terms to "pupils with disabilities," "adults with disabilities," "pupils with physical disabilities," "adults with physical disabilities," and "persons with disabilities."

(3) This bill would incorporate additional changes in Section 44253.3 of the Education Code, proposed by SB 859, to be operative only if SB 859

and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

(4) This bill would incorporate additional changes in Section 66270 of the Education Code, proposed by AB 14, to be operative only if AB 14 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

SEC. 16. Section 18701 of the Education Code is amended to read:

18701. The Legislature finds and declares that it is in the interest of the people of the state to insure that all people have free and convenient access to all library resources and services that might enrich their lives, regardless of where they live or of the tax base of their local government.

This finding is based on the recognition that:

(a) The public library is a primary source of information, recreation, and education to persons of all ages, any location, or any economic circumstance.

(b) The expansion of knowledge and the increasing complexity of our society create needs for materials and information that go beyond the ability of any one library to provide.

(c) The public libraries of California are supported primarily by local taxes. The ability of local governments to provide adequate service is dependent on the taxable wealth of each local jurisdiction and varies widely throughout the state.

(d) Public libraries are unable to bear the greater costs of meeting the exceptional needs of many residents, including people with disabilities, non-English-speaking and limited-English-speaking persons, those who are confined to home or in an institution, and those who are economically disadvantaged.

(e) The effective sharing of resources and services among the libraries of California requires an ongoing commitment by the state to compensate libraries for services beyond their clientele.

(f) The sharing of services and resources is most efficient when a common database is available to provide information on where materials can be found.

SEC. 17. Section 18710 of the Education Code is amended to read:

(n) “Special library” means one maintained by an association, government service, research institution, learned society, professional association, museum, business firm, industrial enterprise, chamber of commerce, or other organized group, the greater part of their collections being in a specific field or subject, e.g., natural sciences, economics, engineering, law, and history.

SEC. 27. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (b) of Section 41365 may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) Notwithstanding subdivision (a), a charter school that is unable to locate within the jurisdiction of the chartering school district may establish one site outside the boundaries of the school district, but within the county

within which that school district is located, if the school district within whose jurisdiction the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools and the Superintendent are notified of the location of the charter school before it commences operations, and either of the following circumstances exist:

(A) The school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate.

(B) The site is needed for temporary use during a construction or expansion project.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program.

Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the state board, and the state board may approve the petition, in accordance with subdivision (b). Any charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location that it would otherwise be subject to if it receives approval from the entity to whom it originally submits its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

Upon satisfactory completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisory and oversight responsibilities for a charter school approved by the state board to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that has been granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school’s petition for renewal, the school may petition the state board for renewal of its charter.

(l) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering entity, and the department by December 15 of each year.
