

Introduced by Senator Yee

February 21, 2008

An act relating to energy.

LEGISLATIVE COUNSEL'S DIGEST

SB 1447, as introduced, Yee. Energy: net metering.

Existing law authorizes the City of Davis to receive a bill credit to a benefiting account for electricity supplied to the electrical grid by a photovoltaic facility located within and partially owned by the city.

This bill would state the intent of the Legislature to enact legislation to authorize net metering aggregation for installed solar energy systems to allow city governments to install solar panels in one location and use that collected energy to offset the energy costs of their other facilities.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature to enact
- 2 legislation to authorize net metering aggregation for installed solar
- 3 energy systems to allow city governments to install solar panels
- 4 in one location and use that collected energy to offset the energy
- 5 costs of their other facilities.
