

AMENDED IN ASSEMBLY MARCH 25, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 167

Introduced by Assembly Member Adams

January 28, 2009

An act to amend Section 51225.3 of the Education Code, relating to high school graduation.

LEGISLATIVE COUNSEL'S DIGEST

AB 167, as amended, Adams. High school graduation: local requirements: foster children.

(1) Existing law prescribes the course of study a pupil is required to complete while in grades 9 to 12, inclusive, in order to receive a diploma of graduation. Existing law authorizes the governing board of a school district to adopt rules specifying additional coursework requirements.

This bill would require a school district to exempt a pupil in foster care who transfers to the district in grade 11 or 12 and who otherwise would not be able to graduate from high school ~~by his or her 19th birthday while he or she remains eligible for foster care benefits pursuant to state law~~ from any additional coursework requirements the governing board has adopted. The bill would require a school district to notify a pupil in foster care who is granted an exemption, *and, as appropriate, the person holding the right to make educational decisions for the pupil*, if any of the requirements that are waived will affect the pupil's ability to gain admission to a postsecondary educational institution, and to provide information about transfer opportunities available through the California Community Colleges. ~~The bill would deem that notification requirement satisfied for each pupil who receives counseling services pursuant to the Middle and High School~~

~~Supplemental Counseling Program after transferring into the school district.~~

By requiring school districts to perform additional duties in complying with the exemption requirement, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares all of the
2 following:

3 (a) The state has a duty to care for and protect the children the
4 state places into foster care, and as a matter of public policy, the
5 state assumes an obligation to ensure the health, safety, and
6 education of children in foster care.

7 (b) While a good education is critical to every child’s successful
8 transition into adulthood, it is especially true for children who
9 spend long periods of their childhood in foster care. Research
10 indicates that 83 percent of foster children are held back by grade
11 3, 75 percent are working below grade level, and only 33 percent
12 of foster children will graduate from high school.

13 (c) California’s foster children are all too often bounced from
14 placement to placement and from school to school without regard
15 to the impact on their education. These constant transitions often
16 result in education-related problems, including a loss of school
17 credits, academic problems, and a delay in earning a high school
18 diploma. Studies show high school pupils who change schools
19 even once are ~~less than one-half as likely to graduate~~ *50 percent*
20 *as likely to graduate from high school as compared to high school*
21 *pupils who do not change schools.*

22 (d) The state sets minimum high school graduation standards
23 for the state’s school districts. However, school districts have

1 flexibility with regard to additional coursework pupils are required
2 to complete to graduate from high school. A foster child in high
3 school who has taken the courses required for graduation in his or
4 her current school district and is forced to relocate to another school
5 district in his or her junior or senior year may be faced with
6 additional graduation requirements at his or her new school with
7 little time to complete those courses in order to graduate with the
8 rest of his or her class.

9 (e) The key to improving outcomes for foster youth is identifying
10 the specific roadblocks to their educational success and working
11 to remove them.

12 (f) It is therefore the intent of the Legislature in enacting this
13 act that foster children who transition to a new school district in
14 their junior or senior year of high school only be required to meet
15 state standards for graduation.

16 SEC. 2. Section 51225.3 of the Education Code is amended to
17 read:

18 51225.3. (a) A pupil shall complete all of the following while
19 in grades 9 to 12, inclusive, in order to receive a diploma of
20 graduation from high school:

21 (1) At least the following numbers of courses in the subjects
22 specified, each course having a duration of one year, unless
23 otherwise specified.

24 (A) Three courses in English.

25 (B) Two courses in mathematics.

26 (C) Two courses in science, including biological and physical
27 sciences.

28 (D) Three courses in social studies, including United States
29 history and geography; world history, culture, and geography; a
30 one-semester course in American government and civics; and a
31 one-semester course in economics.

32 (E) One course in visual or performing arts or foreign language.
33 For the purposes of satisfying the requirement specified in this
34 subparagraph, a course in American Sign Language shall be
35 deemed a course in foreign language.

36 (F) Two courses in physical education, unless the pupil has been
37 exempted pursuant to the provisions of this code.

38 (2) Other coursework requirements adopted by the governing
39 board of the school district.

1 (b) The governing board, with the active involvement of parents,
2 administrators, teachers, and pupils, shall adopt alternative means
3 for pupils to complete the prescribed course of study that may
4 include practical demonstration of skills and competencies,
5 supervised work experience or other outside school experience,
6 career technical education classes offered in high schools, courses
7 offered by regional occupational centers or programs,
8 interdisciplinary study, independent study, and credit earned at a
9 postsecondary institution. Requirements for graduation and
10 specified alternative modes for completing the prescribed course
11 of study shall be made available to pupils, parents, and the public.

12 (c) Notwithstanding any other provision of law, a school district
13 shall exempt a pupil in foster care who transfers to the district in
14 grade 11 or 12 and who otherwise would not be able to graduate
15 from high school ~~by his or her 19th birthday while he or she~~
16 *remains eligible for foster care benefits pursuant to state law* from
17 any additional coursework requirements the governing board has
18 adopted pursuant to paragraph (2) of subdivision (a). A school
19 district shall notify a pupil in foster care who is granted an
20 exemption pursuant to this subdivision, *and, as appropriate, the*
21 *person holding the right to make educational decisions for the*
22 *pupil*, if any of the requirements that are waived will affect the
23 pupil's ability to gain admission to a postsecondary educational
24 institution and shall provide information about transfer
25 opportunities available through the California Community
26 Colleges. ~~The notification requirement specified in this subdivision~~
27 ~~shall be deemed satisfied for each pupil who receives counseling~~
28 ~~services pursuant to the Middle and High School Supplemental~~
29 ~~Counseling Program after transferring into the school district.~~

30 SEC. 3. If the Commission on State Mandates determines that
31 this act contains costs mandated by the state, reimbursement to
32 local agencies and school districts for those costs shall be made
33 pursuant to Part 7 (commencing with Section 17500) of Division
34 4 of Title 2 of the Government Code.
