CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 583

Introduced by Assembly Member Hayashi

February 25, 2009

An act to add Section 680.5 to the Business and Professions Code, relating to health care practitioners.

LEGISLATIVE COUNSEL'S DIGEST

AB 583, as amended, Hayashi. Health care practitioners: disclosure of education and office hours.

Existing law requires a health care practitioner to disclose, while working, his or her name and practitioner's license status on a name tag in at least 18-point type or to prominently display his or her license in his or her office, except as specified.

This bill would require each of those health care practitioners to also display the type of license and, except as specified, the highest level of academic degree he or she holds either prominently displayed in his or her office, or in writing given to a patient on his or her initial office visit. The bill would require a physician and surgeon, and an osteopathic physician and surgeon, who is certified in a medical specialty, as specified, to disclose the name of the certifying board or association in writing given to the patient on the patient's first office visit, or in a prominent display in his or her office. The bill would exempt specified

health care practitioners, including, without limitation, persons working in certain licensed laboratories and health care facilities, as specified, from these requirements.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 680.5 is added to the Business and
2 Professions Code, to read:

3 680.5. (a) (1) A health care practitioner licensed under
