

AMENDED IN ASSEMBLY APRIL 20, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 639

Introduced by Assembly Member Torlakson

February 25, 2009

~~An act to amend Section 1797.97 of the Health and Safety Code, relating to emergency medical services. An act to add Chapter 11 (commencing with Section 2898) to Part 2 of Division 1 of the Public Utilities Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 639, as amended, Torlakson. ~~Emergency medical services. Telephone Users Surcharge Act.~~

The existing Emergency Telephone Users Surcharge imposes a tax on amounts paid by every person in the state for intrastate telephone communication services to fund the emergency telephone number system administered by the Department of General Services.

This bill would, in addition, establish the Telephone Users Surcharge Fund and would require the Public Utilities Commission to assess and collect a monthly \$0.25 surcharge from every service user, as defined, in this state for intrastate telephone communication services or intrastate VoIP service in this state, except as specified. The bill would require the surcharge to be deposited into the fund and would continuously appropriate those moneys exclusively for poison control centers and 911 emergency call centers.

This bill would result in a change in state taxes for the purpose of increasing state revenues within the meaning of Section 3 of Article

XIIIA of the California Constitution, and thus would require for passage the approval of $\frac{2}{3}$ of the membership of each house of the Legislature.

This bill would take effect immediately as a tax levy, but its operative date would depend on its effective date.

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, authorizes each county to designate an emergency medical services agency, for the establishment and administration of an emergency medical services program in the county. Existing law also establishes the Emergency Medical Services Authority, which, among other things, adopts regulations governing the provision of emergency medical services.

This bill would make technical, nonsubstantive changes.

Vote: majority $\frac{2}{3}$. Appropriation: no/yes. Fiscal committee: no/yes. State-mandated local program: no.

The people of the State of California do enact as follows:
