## LEGISLATIVE COUNSEL'S DIGEST

AB 1393, Skinner. Foster youth.

(1) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges. Existing law establishes community college districts throughout the state, and authorizes them to provide instruction to students at community college campuses.

This bill would request community college campuses to give priority for housing to current and former foster youth. The bill would also request community college campuses that maintain student housing facilities open for occupation during school breaks, or on a year-round basis, to give first priority to current and former foster youth for residence in the housing facilities that are open for uninterrupted year-round occupation, and next give priority to current and former foster youth for housing that is open for occupation during the most days in the calendar year.

(2) Existing law establishes the California State University and the University of California as 2 of the segments of public postsecondary education in this state. Existing law imposes certain requirements on the California State University with respect to student housing.

This bill would require a campus of the state university that maintains student housing facilities to give priority to current and former foster youth. The bill also would require a campus of the state university that maintains student housing facilities open for occupation during school breaks, or on a year-round basis, to give priority to current and former foster youth, as specified. The bill would apply similar provisions to the University of California except that the housing priority for foster youth would only apply

for residence in housing facilities for which the foster youth are eligible. These provisions would apply to the University of California only to the extent that the Regents of the University of California act, by resolution, to make them applicable.
