An act to amend Sections 1571, 1572, 1573, 1574, 2009, 3240.5, and 12000 of, and to repeal and add Sections 3241 and 3242 of, the Fish and Game Code, relating to fish and wildlife.

LEGISLATIVE COUNSEL'S DIGEST

AB 1423, as amended, Tom Berryhill. Commercial hunting clubs: Shared Habitat Alliance for Recreational Enhancement program: interference with hunting.

(1) Existing law establishes the Department of Fish and Game in the Natural Resources Agency. Existing law authorizes the department to regulate commercial hunting clubs. Existing law requires a person in possession or control of property who imposes or collects a fee for the privilege of taking birds or mammals on that property, or who imposes or collects a fee for any type of entry or use permit that includes the privilege of taking birds or mammals on that property, to obtain a commercial hunting club license from the department, as prescribed. Existing law requires that license to be issued to any person upon submission of a completed application on a form approved by the Fish and Game Commission and the payment of a fee, as specified. Existing

law exempts from those provisions any hunting club or program licensed under other provisions of the Fish and Game Code and any person who receives less than \$50 per entrant to the club and an annual total of fees that is less than \$500.

This bill would recast those provisions to establish a number of exemptions from the requirement to obtain a commercial hunting club license, including an exemption where the property is used in conjunction with the Shared Habitat Alliance for Recreational Enhancement (SHARE) program. The bill would require an application for a commercial hunting club license to be on a form furnished by the department. The bill would require the application to contain prescribed information. The bill would authorize the department to issue a license to any person upon submission of a completed application and payment of a fee, in accordance with a fee schedule based on the number of properties used by the club.

(2) Existing law requires the Department of Fish and Game to establish ~~th~~ *the* SHARE program to encourage private landowners to voluntarily make their land available to the public for wildlife-dependent recreational activities, ~~which is as defined to mean hunting, fishing, wildlife observation, conservation education, and related outdoor activities.~~ Existing law establishes the SHARE Account in the Fish and Game Preservation Fund to be used for the program.

This bill, among other changes, would require the department to adopt regulations for the management and control of wildlife-dependent recreational activities on land that is subject to the program, to report to the Fish and Game Commission annually on the status of the program, and to maintain data on the types of wildlife-dependent recreational activities preferred by users of the program. The department would be authorized to establish and impose user fees, use existing hunting and fishing license stamp or tag fees from the Fish and Game Preservation Fund, or apply for grants, federal funds, or other contributions from other sources. Money generated pursuant to this authorization, except as otherwise provided, would be deposited into the SHARE Account and would, upon appropriation by the Legislature, be available for expenditure by the department to fund the program.

(3) Existing law prohibits a person from willfully interfering with the participation of any individual in the lawful activity of shooting, hunting, fishing, falconry, or trapping at the location where that activity is taking place.

This bill would include in that list of actions field trials and related hunting dog training. The bill would authorize a violation of the prohibition above to be enforced as either an infraction or a misdemeanor, and would make a 2nd violation within 2 years of a prior violation punishable as a misdemeanor. By creating a new crime, this bill would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 1571 of the Fish and Game Code is  
2 amended to read:

3 1571. For purposes of this article, the following definitions  
4 apply:

5 (a) "Agreement" includes, but is not limited to, a contract,  
6 license, easement, memorandum of understanding, or lease.

7 (b) "Partnership" means a collaborative effort involving financial  
8 or in-kind contributions by nongovernmental organizations, the  
9 department, and other interested parties working in concert to  
10 achieve the goals of the program.

11 (c) "Private landowner" means an owner of any possessory  
12 interest in real property that is suitable for use for  
13 wildlife-dependent recreational activities.

14 (d) "Program" means the SHARE program established under  
15 this article.

16 (e) "Wildlife-dependent recreational activities" means hunting,  
17 fishing, wildlife observation, conservation education, and related  
18 outdoor activities *through means that are consistent with applicable*  
19 *law.*

20 SEC. 2. Section 1572 of the Fish and Game Code is amended  
21 to read:

22 1572. (a) There is hereby established the Shared Habitat  
23 Alliance for Recreational Enhancement (SHARE) program. The  
24 department, in partnership with nonprofit conservation groups and

1 other interested nongovernmental organizations that seek to  
2 increase and enhance wildlife-dependent recreational opportunities,  
3 shall work cooperatively to implement the program in order to  
4 facilitate public access to private lands for wildlife-dependent  
5 recreational activities.

6 (b) The department shall adopt regulations for the management  
7 and control of wildlife-dependent recreational activities on land  
8 that is subject to the program. The department shall report to the  
9 commission annually on the status of the program and maintain  
10 data on the types of wildlife-dependent recreational activities  
11 preferred by users of the program.

12 (c) (1) The SHARE Account is hereby established in the Fish  
13 and Game Preservation Fund. Money deposited in the account  
14 from the sources cited in this subdivision shall only be used for  
15 the purposes set forth in this article.

16 (2) Consistent with existing law, the department may establish  
17 and impose user fees, use existing hunting and fishing license  
18 stamp or tag fees from the Fish and Game Preservation Fund, or  
19 apply for grants, federal funds, or other contributions from other  
20 sources to fund the program. General Fund moneys shall not be  
21 used for the program.

22 (3) All funding generated pursuant to paragraph (2) from grants,  
23 federal funds, or other sources, where the person or entity providing  
24 the funds specifically designates in writing prior to the time of  
25 transmittal of the funds to the department that the funds are  
26 intended solely for the purposes of the program, and any user fees  
27 assessed by the department specifically for the program, shall be  
28 deposited in the SHARE Account in the Fish and Game  
29 Preservation Fund. The moneys in the account, upon appropriation  
30 by the Legislature, shall be available for expenditure by the  
31 department solely for programs and projects to benefit the program  
32 and for the direct costs and administrative overhead incurred solely  
33 in carrying out the department's program activities. Funds may  
34 also be used for wildlife conservation purposes on lands subject  
35 to an agreement under the program. Administrative overhead shall  
36 be limited to the reasonable costs associated with the direct  
37 administration of the program. The department shall maintain  
38 internal accountability necessary to ensure that all restrictions on  
39 the expenditure of these funds are met.

1 (d) The department may make grants or enter into agreements  
2 with nonprofit organizations for the use of these funds when it  
3 finds that the agreements are necessary for carrying out the  
4 purposes of this article.

5 (e) The program is not subject to Part 2 (commencing with  
6 Section 10100) of Division 2 of the Public Contract Code, or  
7 Article 6 (commencing with Section 999) of Chapter 6 of Division  
8 4 of the Military and Veterans Code. With the approval of the  
9 entity in control of property affected by the program, the  
10 department may make grants to, or enter into agreements with,  
11 nonprofit organizations to accomplish the goals of the program,  
12 or the department may reimburse the controlling entity for its costs  
13 related to the implementation of the program.

14 SEC. 3. Section 1573 of the Fish and Game Code is amended  
15 to read:

16 1573. (a) (1) The department may enter into a voluntary  
17 agreement with a private landowner, including an agreement under  
18 which the private landowner is compensated by the department  
19 for public use of the land, to provide public access for  
20 wildlife-dependent recreational activities. Any financial  
21 compensation offered to a private landowner pursuant to this  
22 paragraph shall not exceed thirty dollars (\$30) per acre, or fifty  
23 dollars (\$50) per public participant per day, and shall be  
24 commensurate with the quality of the wildlife-dependent  
25 recreational opportunities that are to be provided on the property.

26 (2) The department also may enter into a voluntary agreement  
27 with a private landowner to facilitate access to adjacent public  
28 lands or waters, upon approval of the governmental entity that  
29 holds title to the land. This article does not authorize a private  
30 landowner to exclude persons not participating in the SHARE  
31 program from using public land for wildlife-dependent recreational  
32 activities.

33 (3) The department may enter into a voluntary agreement with  
34 a governmental entity to provide wildlife-dependent recreational  
35 opportunities to the public on public lands or waters.

36 (b) Notwithstanding any other provision of law, the department  
37 shall keep confidential and not release to the public any personal  
38 identifying information received from a private landowner  
39 participating in the program, unless the director determines that

1 release of that information is necessary for the administration of  
2 the program.

3 (c) Either the department or a private landowner may, in writing,  
4 modify or cancel an agreement executed under the program, at  
5 any time. Upon cancellation or modification of the agreement by  
6 either party, the other party shall be reimbursed for any lost  
7 revenues or expenses incurred pursuant to the terms of the original  
8 agreement.

9 (d) In addition to any other protection or remedy under law, the  
10 protections and remedies afforded to an owner of an estate or any  
11 other interest in real property under Section 846 of the Civil Code  
12 shall apply to a private landowner participating in the program.

13 (e) The department shall require every person who wants to use  
14 land that is subject to an agreement pursuant to subdivision (a),  
15 prior to using that land, to sign a waiver that releases the  
16 department or any private group, governmental entity, or other  
17 organization involved in administering the program, and the private  
18 landowner, from liability for any injury or damage that arises from,  
19 or is connected with that person's use of the land. Upon request,  
20 the department shall provide a copy of the waiver to any of the  
21 parties to the waiver.

22 (f) An agreement executed pursuant to the program shall not  
23 authorize the take of nongame species by public participants in  
24 the program. An agreement may not authorize a private landowner  
25 to transfer a hunting or fishing license, stamp, or tag to another  
26 person, unless otherwise authorized by law.

27 (g) In determining which lands may be included in the program,  
28 the department shall give priority to those lands with the greatest  
29 wildlife habitat value. To the extent possible, the department shall  
30 also include in the program private lands that permit multiple  
31 wildlife-dependent recreational activities, in order to take into  
32 consideration the participation of the general public in the program.

33 SEC. 4. Section 1574 of the Fish and Game Code is amended  
34 to read:

35 1574. (a) The department may revoke, for up to three years,  
36 the public access privilege granted pursuant to this article, of any  
37 person who violates any provision of this code or regulation  
38 adopted pursuant to this code while on any property that is subject  
39 to an agreement under the program.

1 (b) The department shall enforce all applicable regulations  
2 established by the commission or the department on property that  
3 is subject to an agreement executed under the program.

4 SEC. 5. Section 2009 of the Fish and Game Code is amended  
5 to read:

6 2009. (a) A person shall not willfully interfere with the  
7 participation of any individual in the lawful activity of shooting,  
8 hunting, fishing, falconry, field trials and related hunting dog  
9 training, or trapping at the location where that activity is taking  
10 place.

11 (b) A violation of this section is punishable pursuant to Section  
12 12000.

13 (c) Any person convicted for a violation of this section that  
14 occurred within two years of a prior violation of this section which  
15 resulted in a conviction is guilty of a misdemeanor, punishable by  
16 imprisonment in the county jail for a period of not more than one  
17 year, by a fine of not less than one hundred dollars (\$100) and not  
18 to exceed one thousand dollars (\$1,000), or by both imprisonment  
19 and fine.

20 (d) This section does not apply to the actions of any peace officer  
21 or personnel of the department in the performance of their official  
22 duties. This section does not obstruct the rights and normal  
23 activities of landowners or tenants, including, but not limited to,  
24 farming, ranching, and limiting unlawful trespass.

25 (e) In order to be liable for a violation of this section, the person  
26 is required to have had the specific intent to interfere with the  
27 participation of an individual who was engaged in lawful shooting,  
28 hunting, fishing, falconry, field trials and related hunting dog  
29 training, or trapping.

30 (f) For purposes of this section, “interfere with” means any  
31 action which physically impedes, hinders, or obstructs the lawful  
32 pursuit of any of the above-mentioned activities, including, but  
33 not limited to, all of the following:

34 (1) Actions taken for the purpose of frightening away animals  
35 from the location where the lawful activity is taking place.

36 (2) Placing or maintaining signs, gates, locks, or barricades that  
37 prohibit or deny access to lands without authorization from the  
38 landowner or lessee or an authorized designee of the landowner  
39 or lessee.

1 (3) Placing food on lands not belonging to the person placing  
2 the food for purposes of eliminating the lawful ability to hunt due  
3 to the presence of bait, as defined in this code or regulations  
4 adopted pursuant to this code.

5 SEC. 6. Section 3240.5 of the Fish and Game Code is amended  
6 to read:

8 of contiguous legal parcels held by an owner or a combination of  
9 owners and held out for a common purpose.

10 (b) A person, including, but not limited to, a renter or lessee, in  
11 possession or control of property on or with respect to which a fee  
12 for the privilege of taking birds or mammals is imposed or  
13 collected, or on or with respect to which a fee for any type of entry  
14 or use permit that includes the privilege of taking birds or mammals  
15 on the property is imposed or collected, is maintaining a  
16 commercial hunting club if birds or mammals are taken on the  
17 property, and shall procure a “commercial hunting club license”  
18 before birds or mammals are taken.

19 (c) This article does not apply if the property meets any of the  
20 following conditions:

21 (1) The landowner, or the renter or lessee, of the property  
22 receives less than one hundred dollars (\$100) per entrant and  
23 receives less than a total of one thousand dollars (\$1,000) between  
24 July 1 and the following June 30 for permission, entry access, or  
25 use fees that include the privilege of hunting on the property in  
26 his or her possession or control. The department may adjust the
