## LEGISLATIVE COUNSEL'S DIGEST

AB 1585, Committee on Accountability and Administrative Review. State government: reporting requirements: required repealer.

Existing law requires or requests various state and local agencies to submit reports on specified topics to the Legislature, the Governor, or both. Existing law requires a report that is to be made to the Members of either house of the Legislature to instead be submitted to the Legislative Counsel, the Secretary of the Senate, and the Chief Clerk of the Assembly. Each of these reports is required to include a summary of its contents, which the Legislative Counsel is required to provide to each Member of the appropriate house of the Legislature. Existing law also requires the Legislative Counsel to prepare and publish a list of all the reports that state and local agencies are required to submit, and, upon request, to provide aid and assistance to any Member of the Legislature with respect to a bill, resolution, or measure, including drafting a bill into its proper form.

This bill would require that the report submitted by a state or local agency to the Members of either house of the Legislature generally, be submitted as a printed copy to both the Legislative Counsel and the Secretary of the Senate, and as an electronic copy to the Chief Clerk of the Assembly. The bill would further require that the summary of a report made by a state agency to either house of the Legislature be submitted to the Members of the appropriate house by that agency, instead of by the Legislative Counsel. The bill would also specifically require the Legislative Counsel to maintain the list of state and local agencies' reports in a specified manner, including maintaining the list in an electronic format and deleting specified reports from the list.

This bill would also require any bill that requires a state agency to submit a report on any subject to either house of the Legislature, a committee or office of either house of the Legislature, or the Legislative Counsel Bureau to include a provision that repeals the reporting requirement, or makes the requirement inoperative, no later than a date 4 years following the operative date of the bill or 4 years after the due date of any report required every 4 or more years. The bill would also require the Legislative Counsel, in drafting a bill or amendment that includes a reporting requirement as described above, to include a provision repealing the reporting requirement or making the requirement inoperative, as specified, unless directed to do otherwise.

This bill would declare that it is to take effect immediately as an urgency statute.

*The people of the State of California do enact as follows:*

SECTION 1. Section 9795 of the Government Code is amended to read:

9795. (a) (1) Any report required or requested by law to be submitted by a state or local agency to the Members of either house of the Legislature generally, shall instead be submitted as a printed copy to both the Legislative Counsel and the Secretary of the Senate, and as an electronic copy to the Chief Clerk of the Assembly. Each report shall include a summary of its contents, not to exceed one page in length. If the report is submitted by a state agency, that agency shall also provide an electronic copy of the summary directly to each member of the appropriate house or houses of the Legislature. Notice of receipt of the report shall also be recorded in the journal of the appropriate house or houses of the Legislature by the secretary or clerk of that house.

(2) In addition to and as part of the information made available to the public in electronic form pursuant to Section 10248, the Legislative Counsel shall make available a list of the reports submitted by state and local agencies, as specified in paragraph (1). If the Legislative Counsel receives a request from a member of the public for a report contained in the list, the Legislative Counsel is not required to provide a copy of the report and may refer the requester to the state or local agency, as the case may be,

SEC. 2. Section 10231.5 is added to the Government Code, to read:

10231.5. (a) A bill that, as introduced or amended in either house of the Legislature, would require a state agency to submit a report on any subject to either house of the Legislature generally, a committee or office of either house of the Legislature, or the Legislative Counsel Bureau shall include a provision that repeals the reporting requirement, or makes the requirement inoperative, no later than a date four years following the date upon which the bill, as enacted, becomes operative or four years after the due date of any report required every four or more years. If the bill requires that the report be submitted to either house of the Legislature generally, it shall also include a provision that requires the report to be submitted pursuant to Section 9795.

(b) The Legislative Counsel, in drafting a bill for introduction or an amendment to a bill that would impose a reporting requirement described in subdivision (a), shall include a provision that repeals the reporting requirement, or makes the reporting requirement inoperative, four years after the date on which the requirement becomes operative, unless the person requesting the bill or amendment directs the Legislative Counsel to do otherwise. If the bill requires that the report be submitted to either house of the Legislature generally, the Legislative Counsel shall also include a provision that requires the report to be submitted pursuant to Section 9795.

SEC. 3. Section 10242.5 of the Government Code is amended to read:

(a) The Legislative Counsel shall annually prepare, publish, and maintain an electronic list of all reports that state and local agencies are required or requested by law to prepare and file with the Governor or the Legislature, or both, in the future or within the preceding year. The list shall include all of the following information:

(1) The name of the agency that is required or requested to prepare and file the report.

(2) A brief description of the subject of the report.

(3) The date on which the report is to be completed and filed.

(4) The date on which the report was completed and filed.

(b) Each list by the Legislative Counsel prepared pursuant to subdivision (a) shall be sent to each Member of the Legislature and shall be available to the public. The Legislative Counsel may charge a member of the public a fee that does not exceed the direct cost of printing the list.

(c) Each state and local agency that is required or requested by law to prepare a report described in subdivision (a) shall file a printed copy of the report with the Legislative Counsel.

(d) As used in this section:

(1) “Agency” includes any city, county, special district, department, board, bureau, or commission, including any task force or other similar body that is created by statute or resolution. “Agency” does not include the University of California.

(2) “Report” includes any study or audit.

(e) (1) The Legislative Counsel shall update the list required by subdivision (a) by removing obsolete or duplicate reports from the list. The Legislative Counsel shall also remove reports from the list as directed by Section 4 of the act adding this subdivision, or a subsequent statute that further requires the Legislative Counsel to remove reports included in the list.

(2) For purposes of this subdivision, “obsolete report” means a report that has not been completed and filed and for which the date that the report was required to be completed and filed was four or more years after the initial report is submitted.
