Assembly Bill No. 2352

CHAPTER 676

An act to add Section 14132.70 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 30, 2010. Filed with Secretary of State September 30, 2010.]

LEGISLATIVE COUNSEL’S DIGEST

Existing law establishes the Medi-Cal program, administered by the State Department of Health Care Services, under which basic health care services are provided to qualified low-income persons. Under existing law, organ transplants and donor surgeries are covered as reimbursable services under the Medi-Cal program.

This bill would provide that a Medi-Cal beneficiary shall remain eligible to receive Medi-Cal coverage for antirejection medication for up to 2 years following an organ transplant, unless during that period the beneficiary becomes eligible for Medicare or private health insurance that would cover the medication.

The people of the State of California do enact as follows:

SECTION 1. Section 14132.70 is added to the Welfare and Institutions Code, to read:

14132.70. (a) A Medi-Cal beneficiary shall remain eligible to receive Medi-Cal coverage for antirejection medication for up to two years following an organ transplant, unless during that period the beneficiary becomes eligible for Medicare or private health insurance that would cover the medication.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section by means of all-county letters, provider bulletins, or similar instructions, without taking any further regulatory action.
