2. Of the claims received for reimbursement of court-ordered or voluntary desegregation programs pursuant to Article 6 (commencing with Section 41540) of Chapter 3.2 of Part 24 of Division 3 of Title 2 of the Education Code, the Controller shall pay only those claims that have been subjected to audit by school districts in accordance with the Controller's procedures manual for conducting audits of education desegregation claims. Furthermore, the Controller shall pay only those past-year actual claims for desegregation program costs that are accompanied by all reports issued by the auditing entity, unless the auditing entity was the Controller.
3. The Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by Section 20050 of the State Administrative Manual, relating to the administration of federal pass-through funds.

No billing may be sent to affected departments sooner than 30 days after the Chairperson of the Joint Legislative Budget Committee has been notified by the Director of Finance that he or she concurs with the amounts specified in the billings.
4. (a) Notwithstanding subdivision (b) of Section 1531 of the Code of Civil Procedure, the Controller may publish notice in any manner that the Controller determines reasonable, provided that (1) none of the moneys used for this purpose is redirected from funding for the Controller's audit activities, (2) no photograph is used in the publication of notice, and (3) no elected official's name is used in the publication of notice.

(b) No funds appropriated in this act may be expended by the Controller to provide general information to the public, other than holders (as defined

in subdivision (e) of Section 1501 of the Code of Civil Procedure) of unclaimed property, concerning the unclaimed property program or possible existence of unclaimed property held by the Controller's office, except for informational announcements to the news media, through the exchange of information on electronic bulletin boards, or no more than \$50,000 per year to inform the public about this program in activities already organized by the Controller for other purposes. This restriction does not apply to sending individual notices to property owners (as required by the Code of Civil Procedure).

5. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.
6. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
 - (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor, or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
 - (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.
7. The funds appropriated to the Controller in this item may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the

- 2009–10 fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.
8. The Controller shall deliver his or her monthly report on General Fund cash receipts and disbursements within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of the Legislature, the Department of Finance, the Treasurer’s office, and the Legislative Analyst’s Office.
 9. For purposes of the review and payment of any claim for reimbursement by local government submitted pursuant to Section 54954.4 of the Government Code, the Controller shall use the procedures that were in effect at the time the claim was submitted.
 10. Pursuant to subdivision (c) of Section 1564 of the Code of Civil Procedure, the Controller shall transfer all moneys in the Abandoned Property Account in excess of \$50,000 to the General Fund no less frequently than at the end of each month. This transfer shall include unclaimed Proposition 103 insurance rebate moneys pursuant to Section 1861.01 of the Insurance Code and Section 1523 of the Code of Civil Procedure.
 11. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested; the amount reduced by the initial desk audit; the amount paid; the amount recouped; and the results of a final audit and subsequent funding adjustments. The report is due on June 30, 2010, and will cover the fourth quarter of the 2008–09 fiscal year and the first three quarters of the 2009–10 fiscal year.
 12. To the extent authorized by existing law, the Controller shall recoup the amount of any unallowable mandate claim costs resulting from desk or field audits of such claims.
 13. System to estimate state pension obligations; and (b) alternative calculations of the state's liability for other postemployment benefits using different long-term rates of investment return consistent with a hypothetical assumption that the state will begin to deposit 100 percent or a lesser percent, respectively, of its annual required contribution under GASB Statement 45 to a retiree health and dental benefits trust fund beginning in the 2007–08 fiscal year. This provision shall not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.

14. The funds appropriated to the Controller in this item may not be expended on additional actuarial valuations, beyond the annual actuarial valuation, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.
15. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the Human Resources Management System specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year, to be submitted annually but no later than August 30 of each year. The report should compare the known savings with the most recent estimate of projected savings and explain the methodology by which the savings were calculated.
16. The Controller shall deliver yearend financial data as specified by the Department of Finance, for the fiscal year just ended, in hard copy and electronic format, by October 15 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes. To ensure timely completion of the yearend financial data, the Controller should enforce provisions in Section 12461.2 of the Government Code and emphasize in its regulation the deadline the yearend financial statements are due from the operating departments to the Controller.
17. In the event new postage rates by the United States Postal Service are adopted, but not in time for inclu-

sion in the 2009–10 May Revision, and the State Controller’s Office notifies the Department of Finance with their estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated in this item by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

18. The \$345,000 loaned to the Local Agency Self Insurance Authority (LASIA), pursuant to Chapter 1327, Statutes of 1986, will not be required to be repaid.
19. It is the intent of the Legislature that this item contain zero funds for the purchase of modular furniture for the previously approved Cannery Business Park Lease Renewal/Expansion Project.
