

AMENDED IN SENATE APRIL 30, 2009

AMENDED IN SENATE APRIL 13, 2009

SENATE BILL

No. 124

Introduced by Senator Oropeza

February 4, 2009

An act to amend Section 42407 of, and to add Chapter 3.4 (commencing with Section 39640) to Part 2 of Division 26 of, the Health and Safety Code, relating to air pollution.

LEGISLATIVE COUNSEL'S DIGEST

SB 124, as amended, Oropeza. Air pollution: schoolbus idling and idling at schools.

Existing law designates the State Air Resources Board as the state agency charged with coordinating efforts to attain and maintain ambient air quality standards. Existing law also designates the state board as the state agency with the primary responsibility for the control of vehicular air pollution. Existing law requires the state board to identify toxic air contaminants that are emitted into the ambient air of the state, and requires the state board to establish toxic control measures for toxic air contaminants. Existing regulations adopted by the state board establish toxic control measures to limit schoolbus idling and idling at schools. Those existing regulations require drivers of schoolbuses, transit buses, school pupil activity buses, youth buses, general public paratransit vehicles, as those terms are defined in the regulations, and specified transit buses and commercial motor vehicles to, among other things, turn off the bus or vehicle engine upon stopping at or within 100 feet of a school, prohibits those drivers from turning the bus or vehicle engine on more than 30 seconds before beginning to depart from a school or within 100 feet of a school, and prohibits those drivers from

causing the bus or vehicle to idle for more than 5 consecutive minutes or 5 aggregate minutes in any one hour at any location greater than 100 feet from a school. Those existing regulations provide that any violation of those requirements subjects the driver or the motor carrier to a minimum civil penalty of \$100 and to criminal penalties. Those existing regulations authorize the state board, peace officers and the authorized representatives of their law enforcement agencies, and air quality management districts and air pollution control districts, to enforce those provisions.

This bill would codify those regulations, *and would increase the minimum civil penalty for a violation to \$300 and authorize additional civil penalties.*

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter 3.4 (commencing with Section 39640)
2 is added to Part 2 of Division 26 of the Health and Safety Code,
3 to read:

4
5 CHAPTER 3.4. SCHOOLBUS IDLING AND IDLING AT SCHOOLS
6

7 39640. The purpose of this chapter is to reduce public exposure,
8 especially schoolage children’s exposure, to diesel exhaust
9 particulate matter and other toxic air contaminants by limiting
10 unnecessary idling of specified vehicular sources.

11 39641. (a) A driver of a schoolbus, school pupil activity bus,
12 youth bus, or general public paratransit vehicle shall comply with
13 both of the following:

14 (1) Turn off the bus or vehicle engine upon stopping at a school
15 or within 100 feet of a school, and do not turn the bus or vehicle
16 engine on more than 30 seconds before beginning to depart from
17 a school or from within 100 feet of a school.

18 (2) Do not cause or allow a bus or vehicle to idle at a single
19 location greater than 100 feet from a school for either of the
20 following:

- 21 (A) More than five consecutive minutes.
- 22 (B) A period or periods aggregating more than five minutes in
- 23 any one hour.

1 (b) A driver of a transit bus or of a commercial motor vehicle
2 not described in subdivision (a) shall comply with both of the
3 following:

4 (1) Turn off the bus or vehicle engine upon stopping at a school
5 and do not turn the bus or vehicle engine on more than 30 seconds
6 before beginning to depart from a school.

7 (2) Do not cause or allow a bus or vehicle to idle at any location
8 within 100 feet of, but not at, a school for either of the following:

9 (A) More than five consecutive minutes.

10 (B) A period or periods aggregating more than five minutes in
11 any one hour.

12 (c) A motor carrier of a schoolbus, school pupil activity bus,
13 youth bus, or general public paratransit vehicle shall ensure all of
14 the following:

15 (1) The driver of the bus or vehicle, upon initial employment
16 and at least once per year thereafter, is informed of the
17 requirements described in subdivision (a), and of the consequences,
18 under this chapter and the motor carrier's terms of employment,
19 of not complying with those requirements.

20 (2) All complaints of noncompliance with, and enforcement
21 actions related to, the requirements of subdivision (a) are reviewed
22 and remedial action is taken as necessary.

23 (3) Records of paragraphs (1) and (2) are kept for at least three
24 years and made available or accessible to enforcement personnel
25 within three business days of their request.

26 (d) A motor carrier of a transit bus or of a commercial motor
27 vehicle not described in subdivision (a) shall ensure all of the
28 following:

29 (1) The driver of the bus or vehicle, upon initial employment
30 and at least once per year thereafter, is informed of the
31 requirements described in subdivision (b), and of the consequences,
32 under this chapter and the motor carrier's terms of employment,
33 of not complying with those requirements.

34 (2) All complaints of noncompliance with, and enforcement
35 actions related to, the requirements of subdivision (b) are reviewed
36 and remedial action is taken as necessary.

37 (3) Records of paragraphs (1) and (2) are kept for at least three
38 years and made available or accessible to enforcement personnel
39 within three business days of their request.

1 39642. This chapter applies to the operation of every schoolbus,
2 transit bus, school pupil activity bus, youth bus, general public
3 paratransit vehicle, and other commercial motor vehicle. This
4 chapter does not apply for the period during which:

5 (a) Idling is necessary while stopped at any of the following
6 times:

7 (1) For an official traffic control device.

8 (2) For an official traffic control signal.

9 (3) For traffic conditions over which the driver has no control,
10 including, but not limited to, being stopped in a line of traffic.

11 (4) At the direction of a peace officer.

12 (b) Idling is necessary to ascertain that the schoolbus, transit
13 bus, school pupil activity bus, youth bus, general public paratransit
14 vehicle, or other commercial motor vehicle is in safe operating
15 condition and equipped as required by other provisions of law,
16 and all equipment is in good working order, either as part of the
17 driver's daily vehicle inspection, or as otherwise needed.

18 (c) Idling is necessary for testing, servicing, repairing, or
19 diagnostic purposes.

20 (d) Idling is necessary, for a period not to exceed three to five
21 minutes, based on the recommendation of the manufacturer, to
22 cool down a turbo-charged diesel engine before turning the engine
23 off.

24 (e) Idling is necessary to accomplish work for which the vehicle
25 was designed, other than transporting passengers, including, but
26 not limited to:

27 (1) Collection of solid waste or recyclable material by an entity
28 authorized by contract, license, or permit by a school or local
29 government.

30 (2) Controlling cargo temperature.

31 (3) Operating a lift, crane, pump, drill, hoist, mixer, or other
32 auxiliary equipment other than a heater or air-conditioner.

33 (f) Idling is necessary to operate:

34 (1) A lift or other piece of equipment designed to ensure safe
35 loading, unloading, or transport of persons with disabilities.

36 (2) A heater or an air-conditioner of a bus or vehicle that has,
37 or will have, one or more children with exceptional needs aboard.

38 (g) Idling is necessary to operate defrosters, heaters,
39 air-conditioners, or other equipment to ensure the safety or health

1 of the driver or passengers, or as otherwise required by federal or
2 state motor carrier safety regulations.

3 (h) Idling is necessary solely to recharge a battery or other
4 energy storage unit of a hybrid electric bus or vehicle.

5 39643. This chapter does not allow idling in excess of other
6 applicable law, including, but not limited to:

7 (a) Section 1226 of Title 13 of the California Code of
8 Regulations.

9 (b) Section 22515 of the Vehicle Code.

10 (c) Any local ordinance or requirement that is as stringent as,
11 or more stringent than, this chapter.

12 39644. This chapter may be enforced by the state board, peace
13 officers, as defined in Chapter 4.5 (commencing with Section 830)
14 of Title 3 of the Penal Code, and their respective law enforcement
15 agencies' authorized representatives, and the air districts. A
16 violation of any provision of Section 39641 is subject to a
17 minimum civil penalty of ~~one hundred dollars (\$100)~~ *three hundred*
18 *dollars (\$300)*, *additional civil penalties as provided in Section*
19 *39674*, and to criminal penalties as provided in Article 3
20 (commencing with Section 42400) of Chapter 4 of Part 4.

21 39645. For the purposes of this chapter, the following terms
22 have the following meanings:

23 (a) "Children with exceptional needs" means children meeting
24 eligibility criteria described in Section 56026 of the Education
25 Code.

26 (b) "Commercial motor vehicle" means any vehicle or
27 combination of vehicles as defined in subdivision (b) of Section
28 15210 of the Vehicle Code, and any other motor truck with a gross
29 vehicle weight rating of 10,001 pounds or more, except either of
30 the following:

31 (1) A zero-emission vehicle.

32 (2) A pickup truck, as defined in Section 471 of the Vehicle
33 Code.

34 (c) "Driver" means any person who drives or is in actual
35 physical control of a vehicle.

36 (d) "General public paratransit vehicle" means any motor vehicle
37 as defined in Section 336 of the Vehicle Code, other than a
38 zero-emission general public paratransit vehicle, that is transporting
39 school pupils in kindergarten and grades 1 to 12, inclusive, to or
40 from public or private schools, or public or private school activities.

- 1 (e) “Gross vehicle weight rating” means the weight specified
2 by the manufacturer as the loaded weight of a single vehicle.
- 3 (f) “Hybrid electric bus or vehicle” means any schoolbus, transit
4 bus, school pupil activity bus, youth bus, general public paratransit
5 vehicle, or other commercial motor vehicle equipped with at least
6 the following two sources of motive energy on board:
- 7 (1) An electric drive motor that must be used to partially or fully
8 drive the bus or vehicle wheels.
- 9 (2) One of the following:
- 10 (A) An internal combustion engine.
- 11 (B) A turbine.
- 12 (C) A fuel cell.
- 13 (g) “Idling” means the engine of a bus or vehicle is running
14 while the bus or vehicle is stationary.
- 15 (h) “Motor carrier” means the registered owner, lessee, licensee,
16 school district superintendent, or bailee of any schoolbus, transit
17 bus, school pupil activity bus, youth bus, general public paratransit
18 vehicle, or other commercial motor vehicle who operates or directs
19 the operation of any such bus or vehicle on either a for-hire or
20 not-for-hire basis.
- 21 (i) “Motor truck” means a motor vehicle designed, used, or
22 maintained primarily for the transportation of property.
- 23 (j) “Official traffic control device” means any sign, signal,
24 marking or device, consistent with Section 21400 of the Vehicle
25 Code, placed or erected by authority of a public body or official
26 having jurisdiction, for the purpose of regulating, warning, or
27 guiding traffic, but does not include islands, curbs, traffic barriers,
28 speed humps, speed bumps, or other roadway design features.
- 29 (k) “Official traffic control signal” means any device that is
30 manually, electrically, or mechanically operated, by which traffic
31 is alternately directed to stop and proceed and that is erected by
32 authority of a public body or official having jurisdiction.
- 33 (l) “School” means any public or private school used for the
34 purposes of education and instruction of more than 12 school pupils
35 in kindergarten and grades 1 to 12, inclusive, but does not include
36 any private school in which education and instruction is primarily
37 conducted in private homes. “School” includes any building or
38 structure, playground, athletic field, or other area of school
39 property. The term excludes unimproved school property.

1 (m) “Schoolbus” means any schoolbus defined in Section 545
2 of the Vehicle Code, except a zero-emission schoolbus.

3 (n) “School pupil activity bus” means any bus defined in Section
4 546 of the Vehicle Code, except a zero-emission school pupil
5 activity bus.

6 (o) “Transit bus” means any bus defined in Section 642 of the
7 Vehicle Code, except a zero-emission transit bus.

8 (p) “Youth bus” means any bus defined in Section 680 of the
9 Vehicle Code, except a zero-emission youth bus.

10 (q) A “zero-emission schoolbus, transit bus, school pupil activity
11 bus, youth bus, general public paratransit vehicle, or other
12 commercial motor vehicle” means any bus or vehicle certified to
13 zero-emission standards by the state board.

14 SEC. 2. Section 42407 of the Health and Safety Code is
15 amended to read:

16 42407. Except as provided in Chapter 3.4 (commencing with
17 Section 39640) of Part 2 and Sections 40720 and 42403.5, this
18 article is not applicable to vehicular sources.
