

Senate Bill No. 224

CHAPTER 172

An act to amend Sections 50650.3, 50650.4, and 51504 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 2009. Filed with
Secretary of State October 11, 2009.]

LEGISLATIVE COUNSEL'S DIGEST

SB 224, Correa. Housing assistance.

(1) Existing law establishes the CalHome Program under the administration of the Department of Housing and Community Development and authorizes funds appropriated for purposes of the program to be used to enable low- and very low income households to become or remain homeowners. The program authorizes the use of grant funds for, among other things, home rehabilitation. Existing administrative regulations require installation of an ignition resistant construction system only when a manufactured home, mobilehome, multifamily manufactured home, or commercial modular is installed in designated areas.

This bill would provide that home rehabilitation includes the installation or retrofit of ignition resistant exterior components on existing manufactured homes, mobilehomes, and accessory structures required pursuant to specified administrative regulations. The bill would prohibit rehabilitation funding for these purposes under a specified circumstance.

(2) Under the CalHome Program, the department provides the program funds to local public agencies or nonprofit corporations as either grants or loans to assist home ownership and requires them to meet prescribed criteria. In administering the program, the department is authorized to permit local public agencies and nonprofit corporations to apply their own guidelines with respect to the use of CalHome funds.

This bill would prohibit a local public agency and a nonprofit corporation from denying funding or applying different underwriting guidelines to a housing program or project solely on the basis that the home is a manufactured home or mobilehome or the home is located in a mobilehome park or a manufactured housing community.

(3) Existing law requires the California Housing Finance Agency to administer the California Homebuyer's Downpayment Assistance Program for the purpose of assisting first-time low- and moderate-income home buyers utilizing existing mortgage financing. Under the program, the amount of the downpayment assistance is due and payable at the end of the term or upon sale of or refinancing of the home.

This bill would authorize the agency, in its discretion, to permit the downpayment assistance loan to be subordinated to refinancing if it determines that certain criteria have been met. The bill would authorize the agency to permit subordination on those terms and conditions as it determines are reasonable.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

The people of the State of California do enact as follows:

SECTION 1. Section 50650.3 of the Health and Safety Code is amended to read:

50650.3. (a) Funds appropriated for purposes of this chapter shall be used to enable low- and very low income households to become or remain homeowners. Funds shall be provided by the department to local public agencies or nonprofit corporations as either of the following:

(1) Grants for programs that assist individual households.

(2) Loans that assist development projects involving multiple home ownership units, including single-family subdivisions.

(b) (1) Grant funds may be used for first-time homebuyer downpayment assistance, home rehabilitation, including the installation or retrofit of ignition resistant exterior components on existing manufactured homes, mobilehomes, and accessory structures required pursuant to Article 2.3 (commencing with Section 4200) of Subchapter 2 of Chapter 3 of Division 1 of Title 25 of the California Code of Regulations, homebuyer counseling, home acquisition and rehabilitation, or self-help mortgage assistance programs, or for technical assistance for self-help and shared housing home ownership.

(2) Home rehabilitation funding for the purpose of installing ignition resistant components on manufactured homes, mobilehomes, or accessory structures pursuant to this subdivision shall not be conditioned upon the rehabilitation of additional or unrelated home components unless that rehabilitation is required pursuant to Article 2.3 (commencing with Section 4200) of Subchapter 2 of Chapter 3 of Division 1 of Title 25 of the California Code of Regulations. In administering funding for this purpose, local public agencies and nonprofit corporations may consider the condition and age of the manufactured home or mobilehome, including whether the home was constructed on or after June 15, 1976, in accordance with federal standards and whether the available funds could be more effectively used to replace the manufactured home or mobilehome.

(c) Loan funds may be used for purchase of real property, site development, predevelopment, and construction period expenses incurred on home ownership development projects, and permanent financing for mutual housing or cooperative developments. Upon completion of construction, the department may convert project loans into grants for programs of assistance to individual homeowners. Financial assistance

provided to individual households shall be in the form of deferred payment loans, repayable upon sale or transfer of the homes, when they cease to be owner-occupied, or upon the loan maturity date. Financial assistance may be provided in the form of a secured forgivable loan to an individual household to rehabilitate, repair, or replace manufactured housing located in a mobilehome park and not permanently affixed to a foundation. The loan shall be due and payable in 20 years, with 10 percent of the original principle to be forgiven annually for each additional year beyond the 10th year that the home is owned and continuously occupied by the borrower. Not more than 10 percent of the funds available for the purposes of this chapter in a fiscal year shall be used for financial assistance in the form of secured forgivable loans.

(d) All loan repayments shall be used for activities allowed under this section, and shall be governed by a reuse plan approved by the department. Those reuse plans may provide for loan servicing by the grant recipient or a third-party local government agency or nonprofit corporation.

SEC. 2. Section 50650.4 of the Health and Safety Code is amended to read:

50650.4. (a) To be eligible to receive a grant or loan, local public agencies or nonprofit corporations shall demonstrate sufficient organizational stability and capacity to carry out the activity for which they are requesting funds, including, where applicable, the capacity to manage a portfolio of individual loans over an extended time period. Capacity may be demonstrated by substantial successful experience performing similar activities, or through other means acceptable to the department. In administering the CalHome program, the department may permit local agencies and nonprofit corporations to apply their own underwriting guidelines when evaluating CalHome rehabilitation loan applications, following prior review and approval of those guidelines by the department. The local agency or nonprofit corporation shall not subsequently alter its underwriting guidelines with respect to the use of CalHome funds without review and approval by the department. In allocating funds, the department shall utilize a competitive application process, using weighted evaluation criteria, including, but not limited to, the extent that the program or project utilizes volunteer or self-help labor, trains youth and young adults in construction skills, creates balanced communities, involves community participation, or whether the program or project contributes toward community revitalization. To the extent feasible, the application process shall ensure a reasonable geographic distribution of funds.

(b) In administering department funds received pursuant to subdivision (a), local public agencies and nonprofit corporations shall not deny the funding application of, or apply different underwriting guidelines to, a housing program or project solely on the basis of either of the following:

(1) The home is a manufactured home or mobilehome, as defined in Sections 18007 and 18008.

(2) The home is located in a mobilehome park or in a manufactured housing community, as defined in Sections 18210.7 and 18214.

SEC. 3 Section 51504 of the Health and Safety Code is amended to read: 51504. (a) The agency shall administer a downpayment assistance program that includes, but is not limited to, all of the following:

(1) Downpayment assistance shall include, but not be limited to, a deferred-payment, low-interest, junior mortgage loan to reduce the principal and interest payments and make financing affordable to first-time low- and moderate-income home buyers.

(2) (A) Except as provided in subparagraph (B) or (C), the amount of downpayment assistance shall not exceed 3 percent of the home sale price.

(B) The amount of downpayment assistance for a new home within an infill opportunity zone, as defined in Section 65088.1 of the Government Code, a transit village development district, as defined in Section 65460.4 of the Government Code, or a transit-oriented development specific plan area, as defined in paragraph (6), shall not exceed 5 percent of the purchase price or the appraised value, whichever amount is less, of the new home. The borrower of the downpayment assistance shall provide the lender originating the loan with a certification from the local government agency administering the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area that states that the property involved in the loan transaction is within the boundaries of either the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area.

(C) Notwithstanding paragraph (1), the agency may, but is not required to, provide downpayment assistance that does not exceed 6 percent of the home sale price to first-time low-income home buyers who, as documented to the agency by a nonprofit organization that is certified and funded to provide home ownership counseling by a federally funded national nonprofit corporation, are purchasing a residence in a community revitalization area targeted by the nonprofit organization as a neighborhood in need of economic stimulation, renovation, and rehabilitation through efforts that include increased home ownership opportunities for low-income families. The agency shall not use more than six million dollars (\$6,000,000) in funds made available pursuant to Section 53533 for the purposes of this paragraph.

(3) The amount of the downpayment assistance shall be secured by a deed of trust in a junior position to the primary financing provided. The term of the loan for the downpayment assistance shall not exceed the term of the primary loan.

(4) (A) Except as provided in subparagraph (B), the amount of the downpayment assistance shall be due and payable at the end of the term or upon sale of or refinancing of the home. The borrower may refinance the mortgages on the home provided that the principal and accrued interest on the junior mortgage loan securing the downpayment assistance are repaid in full. All repayments shall be made to the agency to be reallocated for the purposes of this chapter.

(B) The agency may, in its discretion, permit the downpayment assistance loan to be subordinated to refinancing if it determines that the borrower has demonstrated hardship, subordination is required to avoid foreclosure, and

the new loan meets the agency's underwriting requirements. The agency may permit subordination on those terms and conditions as it determines are reasonable.

(5) The agency may use up to 5 percent of the funds appropriated by the Legislature for purposes of this chapter to administer this program.

(6) For purposes of this section, "transit-oriented development specific plan area" means a specific plan that meets the criteria set forth in Section 65451 of the Government Code, is centered around a rail or light-rail station, ferry terminal, bus hub, or bus transfer station, and is intended to achieve a higher density use of land that facilitates use of the transit station.

(b) In addition to the downpayment assistance program authorized by subdivision (a), the agency may, at its discretion, use not more than seventy-five million dollars (\$75,000,000) of the funds available pursuant to this chapter to finance the acquisition of land and the construction and development of for-sale residential structures, through short-term loans pursuant to its authority pursuant to Section 51100. However, the agency shall make downpayment assistance provided pursuant to paragraph (1), subparagraphs (A) and (B) of paragraph (2), and paragraphs (3) to (5), inclusive, of subdivision (a) the priority use for these funds. A loan made pursuant to this section is not subject to Article 4 (commencing with Section 51175) of Chapter 5.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that homeowners are able to refinance home loans at the earliest possible time to avoid foreclosure, it is necessary that this act take effect immediately.
