SENATE BILL No. 600

Introduced by Senators Padilla and Steinberg
(Coauthors: Senators DeSaulnier, Oropeza, and Romero)

February 27, 2009

An act to amend Sections 30104, 30108, and 30181 of, and to add Article 4 (commencing with Section 30135) to Chapter 2 of Part 13 of Division 2 of, the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, to take effect immediately, tax levy.

LEGISLATIVE COUNSEL’S DIGEST

SB 600, as amended, Padilla. Cigarette and tobacco products taxes: Tobacco Tax and Health Protection Fund.

The Cigarette and Tobacco Products Tax Law, the violation of which is a crime, imposes a tax on every distributor of cigarettes and tobacco products at specified rates, including additional taxes imposed under the Tobacco Tax and Health Protection Act of 1988 (Proposition 99) and the California Families and Children Act of 1998 (Proposition 10). A provision of that law imposes a tax upon the distribution of tobacco products at a tax rate which is equivalent to the combined rate of all taxes imposed on cigarettes, which is deposited in specified accounts.

This bill would, commencing on or after the first day of the first calendar quarter commencing more than 90 days on or after the effective date of the bill, impose an additional tax on the distribution of cigarettes at the rate of ($0.075) of ($0.075) or 75 mills for each cigarette distributed, and would require a dealer or wholesaler to file a return with the State Board of Equalization showing the number of cigarettes in his or her possession or under his or her control on that date, as
specified. Because the bill would impose an additional tax on cigarettes under the Cigarette and Tobacco Products Tax Law, it would increase the tax upon the distribution of tobacco products under that law. The bill would provide that the revenues collected from the additional tax would be allocated, upon appropriation by the Legislature, for certain purposes. The bill would require funds to be transferred from the fund to the California Children and Families First Trust Fund, which is a continuously appropriated fund, the Hospital Services Account, the Physician Services Account, the Unallocated Account of the Cigarette and Tobacco Products Surtax Fund, the Public Resources Account, and the Breast Cancer Fund, as necessary to offset revenue decreases to those accounts directly resulting from imposition of additional taxes by these provisions. Because this bill would require funds to be transferred to a continuously appropriated fund, it would make an appropriation.

This bill would result in a change in state taxes for the purpose of increasing state revenues within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of \( \frac{2}{3} \) of the membership of each house of the Legislature.

Because this bill would impose new requirements under the Cigarette and Tobacco Products Tax Law, the violation of which is a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would take effect immediately as a tax levy.

Vote: \( \frac{2}{3} \). Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Tobacco use and tobacco-related diseases place a tremendous financial burden upon the persons with the disease, their families, the health care delivery system, local and state governments, and society as a whole.
(b) Smoking related diseases have a major negative economic impact on all taxpayers and the entire health care system, which justifies the use of tobacco taxes to fund prevention, early detection, treatment, and research of major diseases.

(c) Tobacco use costs Californians more than $8.6 billion in medical expenses every year. The cost of lost productivity due to tobacco use adds an additional estimated $7.2 billion to the annual economic consequences of smoking in California.

(d) Smoking is the single most preventable cause of death and disease in California. Fully one in five deaths in California is attributable to smoking: more than 40,000 every year.

(e) Tobacco use is a major contributor to all the leading causes of death in California, including heart disease and stroke, cancer, diabetes, and lung disease.

(f) Smoking can have an adverse health effect on all Californians because secondhand smoke has been proven to be a leading cause of disability, disease, and death in California. Secondhand smoke is causally associated with lung disease, heart disease, cancer, and obesity.

(g) Increasing the cost of cigarettes and other tobacco products has proven to be one of the most effective ways to reduce smoking, especially among youth.

(h) Funding for California’s pioneering tobacco prevention and control program has dropped to the point where it is now far below what is recommended by federal public health agencies.

(i) Tobacco companies spend approximately 10 times more to promote tobacco use than the state spends to prevent it and to help tobacco users quit.

(j) California currently ranks 30th among the states in the level of cigarette taxes. If this measure were approved, four states would still have higher cigarette taxes than California.

(k) Forty-four states have raised their tobacco taxes since California last raised its tax.

(l) Providing new funding for enforcement of tobacco laws will reduce cigarette smuggling, the sale of black market cigarettes, and illegal sales of tobacco products to minors.

(m) Increasing tobacco taxes and directing a portion of the revenues for smoking cessation programs will assist smokers to quit smoking, especially persons of low socioeconomic status who comprise the largest number of current smokers.
SEC. 2. Section 30104 of the Revenue and Taxation Code is amended to read:

30104. The taxes imposed by this part shall not apply to the sale of cigarettes or tobacco products by a common carrier engaged in interstate or foreign passenger service or to a person authorized to sell cigarettes or tobacco products on the facilities of the carrier. Whenever cigarettes or tobacco products are sold by distributors to common carriers engaged in interstate or foreign passenger service for use or sale on facilities of the carriers, or to persons authorized to sell cigarettes or tobacco products on those facilities, the tax imposed by Sections 30101, 30123, and 30131.2 under this part shall not be levied with respect to the sales of the cigarettes or tobacco products by the distributors, but a tax is hereby levied upon the carriers or upon the persons authorized to sell cigarettes or tobacco products on the facilities of the carriers, as the case may be, for the privilege of making sales in California at the same rate as set forth in Sections 30101, 30123, and 30131.2 under this part. Those common carriers and authorized persons shall pay the tax imposed by this section and file reports with the board, as provided in Section 30186.

(a) Every distributor engaged in business in this state and selling or accepting orders for cigarettes or tobacco products with respect to the sale of which the tax imposed by Sections 30101, 30123, and 30131.2 under this part is inapplicable shall, at the time of making the sale or accepting the order or, if the purchaser is not then obligated to pay the tax with respect to his or her distribution of the cigarettes or tobacco products, at the time the purchaser becomes so obligated, collect the tax from the purchaser, if the purchaser is other than a licensed distributor, and shall give to the purchaser a receipt therefor in the manner and form prescribed by the board.

(b) Every person engaged in business in this state and making gifts of untaxed cigarettes or tobacco products as samples with respect to which the tax imposed by Sections 30101, 30123, and 30131.2 under this part is inapplicable shall, at the time of making the gift or, if the donee is not then obligated to pay the tax with respect to his or her distribution of the cigarettes or tobacco products, at the time the donee becomes so obligated, collect the
tax from the donee, if the donee is other than a licensed distributor, and shall give the donee a receipt therefor in the manner and form prescribed by the board. This section shall not apply to those distributions of cigarettes or tobacco products which are exempt from tax under Section 30105.5.

(c) “Engaged in business in the state” means and includes any of the following:
(1) Maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place, or other place of business.
(2) Having any representative, agent, salesperson, canvasser or solicitor operating in this state under the authority of the distributor or its subsidiary for the purpose of selling, delivering, or the taking of orders for cigarettes or tobacco products.
(d) The taxes required to be collected by this section constitute debts owed by the distributor, or other person required to collect the taxes, to the state.
