LEGISLATIVE COUNSEL'S DIGEST

SB 662, as amended, Yee. ~~Horse racing; parimutuel wagering; real time monitoring.~~ Domestic violence: funding.

Existing law provides for the indemnification of victims and derivative victims of specified types of crimes from the Restitution Fund, which is continuously appropriated to the California Victim Compensation and Government Claims Board for these purposes.

Existing law requires the Maternal and Child Health Branch of the State Department of Public Health to administer a comprehensive shelter-based services grant program to battered women's shelters, as prescribed.

This bill would, notwithstanding existing law, appropriate \$16,300,000 from the Restitution Fund to the State Department of Public Health to be allocated for purposes of funding this program.

Existing law provides that the California Horse Racing Board shall have all necessary powers to carry out the purposes of the Horse Racing Law and specifies certain responsibilities of the board.

This bill would include, within those responsibilities of the board, providing real time transactional monitoring of all parimutuel wagering on California horse races and maintaining independent technology services for specified purposes.

Existing law, effective July 1, 2009, provides that, notwithstanding any other provision of law and in lieu of any license fee payable to the state prescribed for or referred to in specified provisions of the Horse Racing Law, any association or fair that conducts a racing meeting shall pay a license fee to fund the California Horse Racing Board and the equine drug testing program in accordance with a formula devised by the board in consultation with the industry, as provided.

This bill would also require any association or fair that conducts a racing meeting to pay a license fee to the state to fund real time transactional monitoring of all parimutuel wagering on California horse races, as specified.
