Introduced by Senator Wolk

*(Coauthors: Assembly Members Bill Berryhill, Buchanan, Galgiani,
Huber, and Yamada)*

February 27, 2009

An act to amend Sections 12986 and 12987.5 of the Water Code, relating to water projects, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 808, as amended, Wolk. Delta levee maintenance.

Existing law establishes a delta levee maintenance program pursuant to which a local agency may request reimbursement for costs incurred in connection with the maintenance or improvement of project or nonproject levees in the Sacramento-San Joaquin Delta. Existing law declares legislative intent to reimburse eligible local agencies under this program, until July 1, 2010, in an amount not to exceed 75% of those costs that are incurred in excess of \$1,000 per mile of levee, and on and after that date, in an amount not to exceed 50% of those described costs.

This bill, instead, would declare legislative intent to reimburse up to 75% of those described costs until July 1, 2016, and on and after that date, to reimburse up to 50% of those described costs.

Existing law, until July 1, 2010, authorizes the board to provide funds to an eligible local agency under this program in the form of an advance in an amount that does not exceed 75% of the estimated state share.

This bill would extend the operation of that authorization to July 1, 2016.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: 2/3. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
