(Coauthors: Senators Negrete McLeod and Pavley)

February 5, 2010

An act to add Article 7 (commencing with Section 10390) to Chapter 2 of Part 2 of Division 2 of the Public Contract Code, relating to public contracts.

LEGISLATIVE COUNSEL’S DIGEST

SB 967, as introduced, Correa. Public contracts: bid preferences.
Existing law imposes various requirements with respect to contracting by state agencies.
This bill would require a state agency that accepts bids or proposals for contracts for goods or services, or for the distribution of funds pursuant to the federal American Recovery and Reinvestment Act of 2009, to provide a credit of 5% of the bid price or quotation to a business that directly provides the goods or services, when 90% of the employees of the business performing work on the contract reside in the state.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) California faces the most severe economic downturn since the Great Depression. Over two million Californians are out of work and California’s unemployment rate is one of the highest in the nation.
(b) At a time of scarce state resources, state contracts should be used to stimulate our state economy and put people back to work. (c) The purpose of this act is to revive local communities by creating new jobs and stimulating the economy.

SEC. 2. Article 7 (commencing with Section 10390) is added to Chapter 2 of Part 2 of Division 2 of the Public Contract Code, to read:
