SENATE BILL

No. 1006

Introduced by Senator Pavley

February 10, 2010

An act to amend Sections 75120, 75125, and 75129 of the Public Resources Code, relating to natural resources.

LEGISLATIVE COUNSEL'S DIGEST

SB 1006, as amended, Pavley. Natural resources: climate change: Strategic Growth Council.

Existing law requires the Strategic Growth Council to take certain actions with regard to coordinating programs of member state agencies to improve air and water quality, improve natural resource protection, increase the availability of affordable housing, improve transportation, meet the goals of the California Global Warming Solutions Act of 2006, encourage sustainable land use planning, and revitalize urban and community centers in a sustainable manner. Existing law defines certain terms for the purposes of the Strategic Growth Council.

This bill would also require the council to take certain actions with regard to coordinating programs to address climate change impacts. The bill would require the council *additionally* to provide ~~guidelines, fund, and distribute data and information~~ to local governments and regional agencies ~~that will assist in developing and implementing~~ *regarding* climate change adaptation strategies, projects, or activities, as described. The bill would also define "financial assistance" for purposes of the council.

Existing law requires the council, to support the planning and development of sustainable communities, to manage and award financial assistance to a city, county, or nonprofit organization for the preparation, planning, and implementation of a specified urban greening project.

This bill would, instead, require the council to manage and award financial assistance to a city, county, special district, nonprofit organization, council of governments, metropolitan planning organization, or entity formed under a joint powers agreement. The bill would provide that financial assistance shall be awarded for those specified activities.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.
