An act to amend Section 4231 of, and to add Section 4231.5 to, the Probate Code, relating to powers of attorney.

LEGISLATIVE COUNSEL'S DIGEST

SB 1038, as amended, Harman. Powers of attorney: duties.

The Power of Attorney Law creates various duties and requires an attorney-in-fact to observe the standard of care that would be observed by a prudent person dealing with property of another, or if an attorney-in-fact has special skills he or she shall observe the standard of care that would be observed by others with similar skills. However, existing law provides that an attorney-in-fact is not liable for a loss to the principal's property if he or she is not compensated, unless the loss results from his or her bad faith, intentional wrongdoing, or gross negligence.

This bill would delete this provision. The bill would provide that if the attorney-in-fact breaches a duty pursuant to the Power of Attorney Law he or she can be charged with interest for any loss or depreciation in value of the property, any profit made through the breach, or any profit that would have accrued to the principal if the loss or profit is a result of the breach. This bill would allow the court, in its discretion, to excuse the attorney-in-fact if he or she acted reasonably and in good faith, or if the attorney-in-fact acted in bad faith, he or she can be held liable for twice the value of the property recovered.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
