LEGISLATIVE COUNSEL’S DIGEST

SB 1111, as amended, Negrete McLeod. Regulatory boards.
Existing law provides for the regulation of healing arts licensees by various boards within the Department of Consumer Affairs. The department is under the control of the Director of Consumer Affairs. Existing law, the Chiropractic Act, enacted by initiative, provides for
the licensure and regulation of chiropractors by the State Board of Chiropractic Examiners.

(1) Existing law requires certain boards within the department to disclose on the Internet information on their respective licensees. This bill would additionally require specified healing arts boards and the State Board of Chiropractic Examiners to disclose on the Internet information on their respective licensees, as specified. The bill would also declare the intent of the Legislature that the department establish an information technology system to create and update healing arts license information and track enforcement cases pertaining to these licensees.

Existing law authorizes the director to audit and review, among other things, inquiries and complaints regarding licensees, dismissals of disciplinary cases, and discipline short of formal accusation by the Medical Board of California and the California Board of Podiatric Medicine.

This bill would additionally authorize the director or his or her designee to audit and review the aforementioned activities by any of the healing arts boards.

Existing law authorizes an administrative law judge to order a licentiate in a disciplinary proceeding to pay, upon request of the licensing authority, a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

This bill would instead authorize any entity within the department, the State Board of Chiropractic Examiners, or the administrative law judge to order a licensee or applicant in any penalty or disciplinary hearing to pay a sum not to exceed the actual reasonable costs of the investigation, prosecution, and enforcement of the case, in full, within 30 days of the effective date of an order to pay costs, unless subject to an agreed upon payment plan. The bill would also authorize any entity within the department to request that the administrative law judge charge a licensee on probation the costs of the monitoring of his or her probation, and would prohibit relicensure if those costs are not paid. The bill would authorize any board within the department and the State Board of Chiropractic Examiners to contract with a collection agency for the purpose of collecting outstanding fees, fines, or cost recovery amounts, upon a final decision, and would authorize the release of personal information, including the birth date, telephone number, and social security number of the person who owes that money to the board.
Existing law provides for the regulation of citation or administrative fine assessments issued pursuant to a citation. Hearings to contest citations or administrative fine assessments are conducted pursuant to a formal adjudication process.

This bill would authorize a healing arts board to proceed pursuant to an alternative adjudication process, as specified, provided the board has adopted specified regulations.

Existing law requires a physician and surgeon, osteopathic physician and surgeon, and a doctor of podiatric medicine to report to his or her respective board when there is an indictment or information charging a felony against the licensee or he or she has been convicted of a felony or misdemeanor.

This bill would expand that requirement to a licensee of any healing arts board, as specified, would require those licensees to submit a written report, and would further require a report upon the arrest of the licensee or when disciplinary action is taken against a licensee by another healing arts board or by a healing arts board of another state or an agency of the federal government. The bill would also require a licensee who is arrested or charged with a misdemeanor or felony to inform law enforcement and the court that he or she is a licensee of a healing arts board.

Existing law requires the district attorney, city attorney, and other prosecuting agencies to notify the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, the State Board of Chiropractic Examiners, and other allied health boards and the court clerk if felony charges have been filed against one of the board’s licensees. Existing law also requires, within 10 days after a court judgment, the clerk of the court to report to the appropriate board when a licentiate has committed a crime or is liable for any death or personal injury resulting in a specified judgment. Existing law also requires the clerk of the court to transmit to certain boards specified felony preliminary transcript hearings concerning a defendant licentiate.

This bill would instead make those provisions applicable to any described healing arts board. By imposing additional duties on these local agencies, the bill would impose a state-mandated local program.

(2) Under existing law, healing arts licensees are regulated by various healing arts boards and these boards are authorized to issue, deny, suspend, and revoke licenses based on various grounds and to take disciplinary action against a licensee for the failure to comply with their
laws and regulations. Existing law requires or authorizes a healing arts board to appoint an executive officer or an executive director to, among other things, perform duties delegated by the board. Under existing law, the State Board of Chiropractic Examiners has the authority to issue, suspend, revoke a license to practice chiropractic, and to place a licensee on probation for various violations. Existing law requires the State Board of Chiropractic Examiners to employ an executive officer to carry out certain duties.

This bill would authorize the a healing arts board to delegate to its executive officer or the executive director of specified healing arts licensing boards, where an administrative action has been filed by the board to revoke the license of a licensee and the licensee has failed to file a notice of defense, appear at the hearing, or has agreed to the revocation or surrender of his or her license, to adopt a proposed default decision or a proposed settlement agreement. The bill would also authorize a healing arts board to enter into a settlement with a licensee or applicant prior to in lieu of the issuance of an accusation or statement of issues against the licensee or applicant.

Upon receipt of evidence that a licensee of a healing arts board has engaged in conduct that poses an imminent risk of harm to the public health, safety, or welfare, or has failed to comply with a request to inspect or copy records, the bill would authorize the executive officer of the healing arts board to petition the director or his or her designee to issue a temporary order that the licensee cease all practice and activities under his or her license. The bill would require the executive officer to provide notice to the licensee of the hearing at least one hour 5 business days prior to the hearing and would provide a mechanism for the presentation of evidence and oral or written arguments. The bill would allow for the permanent revocation of the license if the director makes a determination that the action is necessary to protect upon a preponderance of the evidence that an imminent risk to the public health, safety, or welfare exists.

The bill would also provide that the license of a licensee shall be suspended if the licensee is incarcerated after the conviction of a felony and would require the board to notify the licensee of the suspension and of his or her right to a specified hearing. The bill would specify that no hearing is required, however, if the conviction was for a violation of federal law or state law for the use of dangerous drugs or controlled substances or specified sex offenses; a violation for the use of dangerous
drugs or controlled substances would also constitute unprofessional conduct and a crime, thereby imposing a state-mandated local program.

The bill would prohibit the issuance of a healing arts license to any person who is a registered sex offender, and would provide for the revocation of a license upon the conviction of certain sex offenses, as defined. The bill would provide that the commission of, and conviction for, any act of sexual abuse, misconduct, or attempted sexual misconduct, whether or not with a patient, or conviction of a felony requiring registration as a sex offender, be considered a crime substantially related to the qualifications, functions, or duties of a licensee.

The bill would also prohibit a licensee of healing arts boards from including certain provisions in an agreement to settle a civil dispute arising from his or her practice, as specified. The bill would make a licensee or a health care facility that fails to comply with a patient’s medical record request, as specified, within 10 15 days, if a licensee, or 30 days, if a health care facility, or who fails or refuses to comply with a court order mandating release of records, subject to civil and criminal penalties, as specified. By creating a new crime, the bill would impose a state-mandated local program.

The bill would authorize the Attorney General and his or her investigative agents and the healing arts boards to inquire into any alleged violation of the laws under the board’s jurisdiction and to inspect documents subject to specified procedures. The bill would also set forth procedures related to the inspection of patient records and patient confidentiality. The bill would require cooperation between state agencies and healing arts boards when investigating a licensee, and would require a state agency to provide to the board all records in the custody of the state agency. The bill would require all local and state law enforcement agencies, state and local governments, state agencies, licensed health care facilities, and any employers of any licensee to provide records to a healing arts board upon request by that board, and would make an additional requirement specific to the Department of Justice. By imposing additional duties on local agencies, the bill would impose a state-mandated local program.

The bill would require the healing arts boards to report annually, by October 1, to the department and the Legislature certain information, including, but not limited to, the total number of consumer calls received by the board, the total number of complaint forms received by the board, the total number of convictions reported to the board, and the total
number of licensees in diversion or on probation for alcohol or drug abuse. The bill would require the healing arts boards to search submit licensee information to specified national databases, and to search those databases prior to licensure of an applicant or licensee who holds a license in another state, and would authorize a healing arts board to charge a fee for the cost of conducting the search. The bill would authorize a healing arts board to automatically suspend the license of any licensee who also has an out-of-state license or a license issued by an agency of the federal government that is suspended or revoked, except as specified.

The bill would authorize the healing arts boards to refuse to issue a license to an applicant if the applicant appears to may be unable to practice safely due to mental illness or chemical dependency, subject to specified procedural requirements and medical examinations. The bill would also authorize the healing arts boards to issue limited licenses to practice to an applicant with a disability, as specified.

(3) This bill would make it a crime to violate any of the provisions of (2) above; to engage in the practice of healing arts without a current and valid license, except as specified; or to fraudulently buy, sell, or obtain a license to practice healing arts; or to represent oneself as engaging or authorized to engage in healing arts if he or she is not authorized to do so. The bill would, except as otherwise specified, make the provisions of paragraph (2) applicable to licensees subject to the jurisdiction of the State Board of Chiropractic Examiners. By creating new crimes, the bill would impose a state-mandated local program.

This bill would also provide that it is an act of unprofessional conduct for any licensee of a healing arts board to fail to furnish information in a timely manner to the board or the board’s investigators, or to fail to cooperate and participate in any disciplinary investigation pending against him or her, except as specified.

(4) Existing law requires regulatory fees to be deposited into special funds within the Professions and Vocations Fund, and certain of those special funds are continuously appropriated for those purposes. Those funds are created, and those fees are set, by the Legislature by statute or, if specified, by administrative regulation.

This bill would authorize the Department of Consumer Affairs to adjust those healing arts regulatory fees consistent with the California Consumer Price Index. By adding a new source of revenue for deposit into certain continuously appropriated funds, the bill would make an appropriation.
Existing law provides in the State Treasury the Professions and Vocations Fund, consisting of the special funds of the healing arts boards, many of which are continuously appropriated.

This bill would establish in the State Treasury the Emergency Health Care Enforcement Reserve Fund, which would be a continuously appropriated fund, and would require that any moneys in a healing arts board fund consisting of more than 4 months operating expenditures be transferred to the fund and would authorize expenditure for specified enforcement purposes, thereby making an appropriation. The bill would require the fund to be administered by the department, and would authorize a healing arts board to loan its surplus moneys in the fund to another healing arts board, thereby making an appropriation.

Existing law requires specified agencies within the Department of Consumer Affairs with unencumbered funds equal to or more than the agency’s operating budget for the next 2 fiscal years to reduce license fees in order to reduce surplus funds to an amount less than the agency’s operating budget, as specified. With respect to certain other boards within the department, existing law imposes various reserve fund requirements.

Under this bill, if a healing arts board’s fund reserve exceeds its statutory maximum, the bill would authorize the board to lower its fees by resolution in order to reduce its fund reserves to an amount below its statutory maximum.

The bill would also authorize the department to request that the Department of Finance augment the amount available for expenditures to pay enforcement costs for the services of the Attorney General’s Office and the Office of Administrative Hearings and the bill would impose specified procedures for instances when the augmentation exceeds 20% of the board’s budget for the enforcement costs for these services. The bill would make findings and statements of intent with respect to this provision.

Existing law authorizes the director to employ investigators, inspectors, and deputies as are necessary to investigate and prosecute all violations of any law, the enforcement of which is charged to the department, or to any board in the department. Inspectors used by the boards are not required to be employees of the Division of Investigation, but may be employees of, or under contract to, the boards.

This bill would authorize healing arts boards and the State Board of Chiropractic Examiners to employ investigators who are not employees of the Division of Investigation, and would authorize those boards to
contract for investigative services provided by the Medical Board of California or provided by the Department of Justice. The bill would also provide within the Division of Investigation the Health Quality Enforcement Unit to provide investigative services for healing arts proceedings.

Existing law provides that the chief and all investigators of the Division of Investigation of the department and all investigators of the Medical Board of California have the authority of peace officers.

This bill would include within that provision investigators of the Board of Registered Nursing and would also provide that investigators employed by the Medical Board of California, the Dental Board of California, and the Board of Registered Nursing are not required to be employed by the division. The bill would also authorize the Board of Registered Nursing to employ nurse consultants and other personnel as it deems necessary.

(6) Existing law establishes diversion and recovery programs to identify and rehabilitate dentists, osteopathic physicians and surgeons, physical therapists and physical therapy assistants, registered nurses, physician assistants, pharmacists and intern pharmacists, and veterinarians and registered veterinary technicians whose competency may be impaired due to, among other things, alcohol and drug abuse.

This bill would make the provisions establishing these diversion programs inoperative on January 1, 2013.

(7) Existing law provides in the Department of Justice the Health Quality Enforcement Section, whose primary responsibility is to investigate and prosecute proceedings against licensees and applicants within the jurisdiction of the Medical Board of California and any committee of the board, the California Board of Podiatric Medicine, and the Board of Psychology.

This bill would require a healing arts board to utilize the services of the Health Quality Enforcement Section to provide investigative and prosecutorial services to any healing arts board, as defined, upon request by the executive officer of the board or licensing section. The bill would also require the Attorney General to assign attorneys employed by the office of the Attorney General to work on location at the Health Quality Enforcement Unit of the Division of Investigation of the Department of Consumer Affairs, as specified.
The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Consumer Health Protection Enforcement Act.

SEC. 2. (a) The Legislature finds and declares the following:

(1) In recent years, it has been reported that many of the healing arts boards within the Department of Consumer Affairs take, on average, more than three years to investigate and prosecute violations of law, a timeframe that does not adequately protect consumers.

(2) The excessive amount of time that it takes healing arts boards to investigate and prosecute licensed professionals who have violated the law has been caused, in part, by legal and procedural impediments to the enforcement programs.

(3) Both consumers and licensees have an interest in the quick resolution of complaints and disciplinary actions. Consumers need prompt action against licensees who do not comply with professional standards, and licensees have an interest in timely review of consumer complaints to keep the trust of their patients.

(b) It is the intent of the Legislature that the changes made by this act will improve efficiency and increase accountability within the healing arts boards of the Department of Consumer Affairs, and will remain consistent with the long-held paramount goal of consumer protection.

(c) It is further the intent of the Legislature that the changes made by this act will provide the healing arts boards within the Department of Consumer Affairs with the regulatory tools and authorities necessary to reduce the average timeframe for
investigating and prosecuting violations of law by healing arts practitioners to between 12 and 18 months.

SEC. 6. Section 125.3 of the Business and Professions Code, as amended by Section 2 of Chapter 223 of the Statutes of 2006, is amended to read:

125.3. (a) (1) Except as otherwise provided by law, in any order issued in resolution of a penalty or disciplinary proceeding or hearing on a citation issued pursuant to Section 125.9 or regulations adopted pursuant thereto, before any board specified in Section 101, the board or the administrative law judge may direct any licensee or applicant found to have committed a violation or violations of law to pay to the board a sum not to exceed the actual reasonable costs of the investigation, prosecution, and enforcement of the case.

(2) In an order issued pursuant to paragraph (1) that places a license on probation, the administrative law judge may direct a licensee to pay the board’s actual reasonable costs of monitoring that licensee while he or she remains on probation, if so requested by the entity bringing the proceeding. The board shall provide the administrative law judge with a good faith estimate of the probation monitoring costs at the time of the request.
(b) In the case of a disciplined licentiate that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of actual reasonable costs of investigation, prosecution, and enforcement of the case. The costs shall include the amount of investigative, prosecution, and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

d) The administrative law judge shall make a proposed finding of the amount of actual reasonable costs of investigation, prosecution, and enforcement of the case and probation monitoring costs when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase any cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

e) In determining reasonable costs pursuant to subdivision (a), the administrative law judge shall only consider the public resources expended pursuant to the investigation, prosecution, and enforcement of the case. The administrative law judge shall provide an explanation as to how the amount ordered for reasonable costs was determined if the actual costs were not ordered.

(f) If an order for recovery of costs is made, payment is due and payable, in full, 30 days after the effective date of the order, unless the licensee and the board have agreed to a payment plan. If timely payment is not made as directed in the board’s decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licentiate to pay costs.

(g) In any action for recovery of costs, proof of the board’s decision shall be conclusive proof of the validity of the order of payment and the terms for payment.
(h) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license, or terminate the probation of any licentiate who has failed to pay all of the costs ordered under this section. This paragraph shall not apply to an administrative law judge when preparing a proposed decision.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licentiate who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(i) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(j) Nothing in this section shall preclude a board from including the recovery of the costs of investigation, prosecution, and enforcement of a case in any stipulated settlement.

(k) This section does not apply to any board if a specific statutory provision in that board’s licensing act provides for broader authority for the recovery of costs in an administrative disciplinary proceeding.

(l) Notwithstanding the provisions of this section, the Medical Board of California shall not request nor obtain from a physician and surgeon, investigation and prosecution costs for a disciplinary proceeding against the licentiate. The board shall ensure that this subdivision is revenue neutral with regard to it and that any loss of revenue or increase in costs resulting from this subdivision is offset by an increase in the amount of the initial license fee and the biennial renewal fee, as provided in subdivision (e) of Section 2435.

(m) For purposes of this chapter, costs of prosecution shall include, but not be limited to, costs of attorneys, expert consultants, witnesses, any administrative filing and service fees, and any other cost associated with the prosecution of the case.

The contractual agreement shall provide that the collection agency may use or release personal information only as authorized by the contract, and shall provide safeguards to ensure that the personal information is protected from unauthorized disclosure. The contractual agreement shall hold the collection agency liable for the unauthorized use or disclosure of personal information received or collected under this section.

(b) A board shall not use a collection agency to recover outstanding fees, fines, or cost recovery amounts until the person has exhausted all appeals and the decision is final.

SEC. 8.
SEC. 9. Section 125.9 of the Business and Professions Code is amended to read:

125.9. (a) Except with respect to persons regulated under Chapter 11 (commencing with Section 7500), and Chapter 11.6 (commencing with Section 7590) of Division 3, any board, bureau, commission, or committee within the department, the board created by the Chiropractic Initiative Act, and the Osteopathic Medical Board of California, may establish, by regulation, a system for the issuance to a licensee of a citation that may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, commission, or committee where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:
(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, commission, or committee exceed five thousand dollars ($5,000) for each inspection or each investigation made with respect to the violation, or five thousand dollars ($5,000) for each violation or count if the violation involves fraudulent billing submitted to an insurance company, the Medi-Cal program, or Medicare. In assessing a fine, the board, bureau, commission, or committee shall give due consideration to the appropriateness of the amount of the fine with respect to factors such as the gravity of the violation, the good faith of the licensee, and the history of previous violations.

(4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if he or she desires a hearing to appeal the finding of a violation, that hearing shall be requested by written notice to the board, bureau, commission, or committee within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code or, at the discretion of a healing arts board, as defined listed in Section 720, pursuant to paragraph (5).

(5) (A) If the healing arts board is a board or committee, the executive officer and two members of that board or committee shall hear the appeal and issue a citation decision. A licensee desiring to appeal the citation decision shall file a written appeal of the citation decision with the board or committee within 30 days of issuance of the decision. The appeal shall be considered by the board or committee itself and shall issue a written decision on the appeal. The members of the board or committee who issued the citation decision shall not participate in the appeal before the board or committee unless one or both of the members are needed to establish a quorum to act on the appeal.

(B) If the healing arts board is a bureau, the director shall appoint a designee to hear the appeal and issue a citation decision.
A licensee desiring to appeal the citation decision shall file a written appeal of the citation decision with the bureau within 30 days of issuance of the decision. The appeal shall be considered by the director or his or her designee who shall issue a written decision on the appeal.

(C) The hearings specified in this paragraph are not subject to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(D) A healing arts board may adopt regulations to implement this paragraph, which may include the use of telephonic hearings.

(5) (A) If the healing arts board is a board or committee, two members of that board or committee shall hear the appeal and issue a citation decision. One of the two members shall be a licensee of the board.

(B) If the healing arts board is a bureau, the director shall appoint a designee to hear the appeal and issue a citation decision.

(C) A hearing held pursuant to this paragraph is not subject to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(D) A board or committee choosing to utilize the provisions of this paragraph shall first have adopted regulations providing for notice and opportunity to be heard. The regulations shall provide the licensee with due process and describe, in detail, the process for that hearing. Appeal of the citation decision may be made through the filing of a petition for writ of mandate.

(E) A healing arts board may permit the use of telephonic hearings. The decision to have a telephonic hearing shall be at the discretion of the licensee subject to the citation.

(6) Failure of a licensee to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the board, bureau, commission, or committee. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(c) The system may contain the following provisions:

(1) A citation may be issued without the assessment of an administrative fine.

(2) Assessment of administrative fines may be limited to only particular violations of the applicable licensing act.
(d) Notwithstanding any other provision of law, if a fine is paid
to satisfy an assessment based on the finding of a violation,
payment of the fine shall be represented as satisfactory resolution
of the matter for purposes of public disclosure.
(e) Administrative fines collected pursuant to this section shall
be deposited in the special fund of the particular board, bureau,
commission, or committee.

(b) Unless otherwise provided, as used in this article, “board” means all healing arts boards described under subdivision (a) and “licensee” means a licensee of a healing arts board described in subdivision (a).

720.2. (a) A healing arts board may delegate to its executive officer or executive director of a healing arts board the authority to adopt a proposed default decision where an administrative action to revoke a license has been filed and the licensee has failed to file a notice of defense or to appear at the hearing and a proposed default decision revoking the license has been issued.

(b) A healing arts board may delegate to its executive officer or executive director of a healing arts board the
authority to adopt a proposed settlement agreement where an administrative action to revoke a license has been filed by the healing arts board and the licensee has agreed to surrender the revocation or surrender of his or her license.

720.4. (a) Notwithstanding Section 11415.60 of the Government Code, a healing arts board may enter into a settlement with a licensee or applicant prior to the board’s issuance of an accusation or statement of issues against that licensee or applicant, as applicable. (b) The settlement shall include language identifying the factual basis for the action being taken and a list of the statutes or regulations violated. (c) A person who enters a settlement pursuant to this section may not be precluded from filing a petition, in the timeframe permitted by law, to modify the terms of the settlement or petition for early termination of probation, if probation is part of the settlement. (d) Any settlement against a licensee executed pursuant to this section shall be considered discipline and a public record and shall be posted on the applicable board’s Internet Web site. Any settlement against an applicant executed pursuant to this section shall be considered a public record and shall be posted on the applicable board’s Internet Web site.

720.6. (a) Notwithstanding any other provision of law, upon receipt of evidence that a licensee of a healing arts board has engaged in conduct that poses an imminent risk of serious harm to the public health, safety, or welfare, or has failed to comply with a request to inspect or copy records made pursuant to Section 720.16, the executive officer of that board may petition the director to issue a temporary order that the licensee cease all practice and activities that require a license by that board. (b) (1) The executive officer of the healing arts board shall, to the extent practicable, provide telephonic, electronic mail, message, or facsimile written notice to the licensee of a hearing on the petition at least 24 hours before the hearing. The licensee and his or her counsel and the executive officer or his or her designee shall have the opportunity to present oral or written argument before the director. After presentation of the
evidence and consideration of any arguments presented, the director may issue an order that the licensee cease all practice and activities that require a license by that board when, in the opinion of the director, the action is necessary to protect the public health, safety, or welfare. If, in the director’s opinion, the petitioner has established by a preponderance of the evidence that an imminent risk of serious harm to the public health, safety, or welfare exists, the director may issue an order that the licensee cease all practice and activities that require a license by that board.

(2) The hearing specified in this subdivision shall not be subject to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Any order to cease practice issued pursuant to this section shall automatically be vacated within 90 days of issuance, or until the healing arts board, pursuant to Section 494, files a petition for an interim suspension order and the petition is denied or granted, whichever occurs first.

(d) A licensee who fails or refuses to comply with an order of the director to cease practice pursuant to this section is subject to disciplinary action to revoke or suspend his or her license by his or her respective healing arts board and an administrative fine assessed by the board not to exceed twenty-five thousand dollars ($25,000). The remedies provided herein are in addition to any other authority of the healing arts board to sanction a licensee for practicing or engaging in activities subject to the jurisdiction of the board without proper legal authority.

(e) Upon receipt of new information, the executive officer for the healing arts board who requested the temporary suspension order shall review the basis for the license suspension to determine if the grounds for the suspension continue to exist. The executive officer shall immediately notify the director if the executive officer believes that the licensee no longer poses an imminent risk of serious harm to the public health, safety, or welfare or that the licensee has complied with the request to inspect or copy records pursuant to Section 720.16. The director shall review the information from the executive officer and may vacate the suspension order, if he or she believes that the suspension is no longer necessary to protect the public health, safety, or welfare.

(f) Any petition and order to cease practice shall be displayed on the Internet Web site of the applicable healing arts board, except
that if the petition is not granted or the director vacates the
suspension order pursuant to subdivision (e), the petition and order
shall be removed from the respective board’s Internet Web site.
(g) If the position of director is vacant, the chief deputy director
of the department shall fulfill the duties of this section.
(h) Temporary suspension orders shall be subject to judicial
review pursuant to Section 1094.5 of the Code of Civil Procedure
and shall be heard only in the superior court in, and for, the
Counties of Sacramento, San Francisco, Los Angeles, or San

(i) For the purposes of this section, “imminent risk of serious
harm to the public health, safety, or welfare” means that there is
a reasonable likelihood that allowing the licensee to continue to
practice will result in serious physical or emotional injury,
unlawful sexual contact, or death to an individual or individuals
within the next 90 days.

720.8. (a) The license of a licensee of a healing arts board
shall be suspended automatically during any time that the licensee
is incarcerated after conviction of a felony, regardless of whether
the conviction has been appealed. The healing arts board shall,
immediately upon receipt of the certified copy of the record of
conviction, determine whether the license of the licensee has been
automatically suspended by virtue of his or her incarceration, and
if so, the duration of that suspension. The healing arts board shall
notify the licensee in writing of the license suspension and of his
or her right to elect to have the issue of penalty heard as provided
in subdivision (d).
(b) Upon receipt of the certified copy of the record of conviction,
if after a hearing before an administrative law judge from the Office
of Administrative Law Hearings it is determined that the felony
for which the licensee was convicted was substantially related to
the qualifications, functions, or duties of a licensee, the board shall
suspend the license until the time for appeal has elapsed, if no
appeal has been taken, or until the judgment of conviction has been
affirmed on appeal or has otherwise become final, and until further
order of the healing arts board.
(c) Notwithstanding subdivision (b), a conviction of a charge
of violating any federal statute or regulation or any statute or
regulation of this state, regulating dangerous drugs or controlled
substances, or a conviction of Section 187, 261, 262, or 288 of the
Penal Code, shall be conclusively presumed to be substantially related to the qualifications, functions, or duties of a licensee and no hearing shall be held on this issue. However, upon its own motion or for good cause shown, the healing arts board may decline to impose or may set aside the suspension when it appears to be in the interest of justice to do so, with due regard to maintaining the integrity of, and confidence in, the practice regulated by the healing arts board.

(d) (1) Discipline may be ordered against a licensee in accordance with the laws and regulations of the healing arts board when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

(2) The issue of penalty shall be heard by an administrative law judge from the Office of Administrative Law Hearings. The hearing shall not be had until the judgment of conviction has become final or, irrespective of a subsequent order under Section 1203.4 of the Penal Code, an order granting probation has been made suspending the imposition of sentence; except that a licensee may, at his or her option, elect to have the issue of penalty decided before those time periods have elapsed. Where the licensee so elects, the issue of penalty shall be heard in the manner described in subdivision (b) at the hearing to determine whether the conviction was substantially related to the qualifications, functions, or duties of a licensee. If the conviction of a licensee who has made this election is overturned on appeal, any discipline ordered pursuant to this section shall automatically cease. Nothing in this subdivision shall prohibit the healing arts board from pursuing disciplinary action based on any cause other than the overturned conviction.

(e) The record of the proceedings resulting in a conviction, including a transcript of the testimony in those proceedings, may be received in evidence.

(f) Any other provision of law setting forth a procedure for the suspension or revocation of a license issued by a healing arts board shall not apply to proceedings conducted pursuant to this section.
720.10. Except as otherwise provided, any proposed decision or decision issued under this article in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, that contains any finding of fact that the licensee or registrant engaged in any act of sexual contact, as defined in subdivision (c) of Section 729, with a patient, or has committed an act or been convicted of a sex offense as defined in Section 44010 of the Education Code, shall contain an order of revocation. The revocation shall not be stayed by the administrative law judge. Unless otherwise provided in the laws and regulations of the healing arts board, the patient shall no longer be considered a patient of the licensee when the order for medical services and procedures provided by the licensee is terminated, discontinued, or not renewed by the prescribing physician and surgeon.

720.12. (a) Except as otherwise provided, with regard to an individual who is required to register as a sex offender pursuant to Section 290 of the Penal Code, or the equivalent in another state or territory, under military law, or under federal law, the healing arts board shall be subject to the following requirements:

(1) The healing arts board shall deny an application by the individual for licensure in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) If the individual is licensed under this division, the healing arts board shall promptly revoke the license of the individual in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The healing arts board shall not stay the revocation and place the license on probation.

(3) The healing arts board shall not reinstate or reissue the individual’s license. The healing arts board shall not issue a stay of license denial and nor place the license on probation.

(b) This section shall not apply to any of the following:

(1) An individual who has been relieved under Section 290.5 of the Penal Code of his or her duty to register as a sex offender, or whose duty to register has otherwise been formally terminated under California law or the law of the jurisdiction that requires his or her registration as a sex offender.
(2) An individual who is required to register as a sex offender pursuant to Section 290 of the Penal Code solely because of a misdemeanor conviction under Section 314 of the Penal Code. However, nothing in this paragraph shall prohibit the healing arts board from exercising its discretion to discipline a licensee under any other provision of state law based upon the licensee’s conviction under Section 314 of the Penal Code.

(3) Any administrative adjudication proceeding under Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code that is fully adjudicated prior to January 1, 2008. A petition for reinstatement of a revoked or surrendered license shall be considered a new proceeding for purposes of this paragraph, and the prohibition against reinstating a license to an individual who is required to register as a sex offender shall be applicable.

720.14. (a) A licensee of a healing arts board shall not include or permit to be included any of the following provisions in an agreement to settle a civil dispute arising from his or her practice, whether the agreement is made before or after the filing of an action:

(1) A provision that prohibits another party to the dispute from contacting or cooperating with the healing arts board.
(2) A provision that prohibits another party to the dispute from filing a complaint with the healing arts board.
(3) A provision that requires another party to the dispute to withdraw a complaint he or she has filed with the healing arts board.

(b) A provision described in subdivision (a) is void as against public policy.
(c) A violation of this section constitutes unprofessional conduct and may subject the licensee to disciplinary action.
(d) If a board complies with Section 2220.7, that board shall not be subject to the requirements of this section.

720.16. (a) Notwithstanding any other provision of law making a communication between a licensee of a healing arts board and his or her patients a privileged communication, those provisions shall not apply to investigations or proceedings conducted by a healing arts board. Members of a healing arts board, deputies, employees, agents, the office of the Attorney General, and representatives of the board shall keep in confidence during the
course of investigations the names of any patients whose records
are reviewed and may not disclose or reveal those names, except
as is necessary during the course of an investigation, unless and
until proceedings are instituted. The authority under this
subdivision to examine records of patients in the office of a licensee
is limited to records of patients who have complained to the healing
arts board about that licensee.

(b) Notwithstanding any other provision of law, the Attorney
General and his or her investigative agents, and a healing arts board
and its investigators and representatives may inquire into any
alleged violation of the laws under the jurisdiction of the healing
arts board or any other federal or state law, regulation, or rule
relevant to the practice regulated by the healing arts board,
whichever is applicable, and may inspect documents relevant to
those investigations in accordance with the following procedures:

(1) Any document relevant to an investigation may be inspected,
and copies may be obtained, where patient consent is given.
(2) Any document relevant to the business operations of a
licensee, and not involving medical records attributable to
identifiable patients, may be inspected and copied where relevant
to an investigation of a licensee.

(c) In all cases where documents are inspected or copies of those
documents are received, their acquisition or review shall be
arranged so as not to unnecessarily disrupt the medical and business
operations of the licensee or of the facility where the records are
kept or used.

(d) Where certified documents are lawfully requested from
licensees in accordance with this section by the Attorney General
or his or her agents or deputies, or investigators of any board, the
documents shall be provided within 10 business days of receipt of
the request, unless the licensee is unable to provide the certified
documents within this time period for good cause, including, but
not limited to, physical inability to access the records in the time
allowed due to illness or travel. Failure to produce requested
certified documents or copies thereof, after being informed of the
required deadline, shall constitute unprofessional conduct. A
healing arts board may use its authority to cite and fine a licensee
for any violation of this section. This remedy is in addition to any
other authority of the healing arts board to sanction a licensee for
a delay in producing requested records.
(e) Searches conducted of the office or medical facility of any licensee shall not interfere with the recordkeeping format or preservation needs of any licensee necessary for the lawful care of patients.

(f) The licensee shall cooperate with the healing arts board in furnishing information or assistance as may be required, including, but not limited to, participation in an interview with investigators or representatives of the healing arts board.

(g) If a board complies with Section 2225, that board shall not be subject to the requirements of this section.

(h) This section shall not apply to a licensee who does not have access to, and control over, certified medical records.

720.18. (a) (1) Notwithstanding any other provision of law, a licensee who fails or refuses to comply with a request for the certified medical records of a patient, that is accompanied by that patient’s written authorization for release of records to a healing arts board, within 15 days of receiving the request and authorization, shall pay to the healing arts board a civil penalty of up to one thousand dollars ($1,000) per day for each day that the documents have not been produced after the 15th day, up to one hundred thousand dollars ($100,000), unless the licensee is unable to provide the documents within this time period for good cause.

(2) A health care facility shall comply with a request for the certified medical records of a patient that is accompanied by that patient’s written authorization for release of records to a healing arts board together with a notice citing this section and describing the penalties for failure to comply with this section. This paragraph shall not require health care facilities to assist a healing arts board in obtaining the patient’s authorization. A healing arts board shall pay the reasonable costs of copying the certified medical records, but shall
not be required to make that payment prior to the production of
the medical records.

(b) (1) A licensee who fails or refuses to comply with a court
order, issued in the enforcement of a subpoena, mandating the
release of records to a healing arts board, shall pay to the healing
arts board a civil penalty of up to one thousand dollars ($1,000)

after the date by which the court order requires the documents to
be produced, up to ten thousand dollars ($10,000), unless it is

arts board shall be tolled during the period the licensee is out of
compliance with the court order and during any related appeals.

healing arts board a civil penalty of up to one thousand dollars
($1,000) per day for each day that the documents have not been
produced, up to ten thousand dollars ($10,000), after the date by which the court order
requires the documents to be produced, unless it is determined that
the order is unlawful or invalid. Any statute of limitations
applicable to the filing of an accusation by the board against a
licensee shall be tolled during the period the health care facility is

Any statute of limitations applicable to the filing of an accusation by the healing arts board against a licensee shall be tolled during the period the health care facility is out of compliance with the court order and during any related appeals.

(c) Multiple acts by a licensee in violation of subdivision (b) shall be punishable by a fine not to exceed five thousand dollars ($5,000) or by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment.
