

AMENDED IN SENATE APRIL 21, 2010

AMENDED IN SENATE APRIL 7, 2010

SENATE BILL

No. 1298

Introduced by Senator Hancock

February 19, 2010

An act to amend Section 42605 of the Education Code, relating to categorical education programs.

LEGISLATIVE COUNSEL'S DIGEST

SB 1298, as amended, Hancock. Regional occupational centers and programs.

Existing law establishes various categorical education programs, including regional occupational centers and programs, and appropriates the funding for those programs in the annual Budget Act. Existing law requires the Superintendent of Public Instruction, for the 2008–09 to 2012–13 fiscal years, inclusive, to apportion from the amount provided in the annual Budget Act for specified categorical education programs an amount based on the same relative proportion that the local educational agency received in the 2008–09 fiscal year for those programs and authorizes school districts, for those fiscal years, to use these funds, with specified exceptions, for any educational purpose, to the extent permitted by federal law. Existing law, for those fiscal years, deems local educational agencies that use these categorical education program funds for any educational purpose to be in compliance with the program and funding requirements of those categorical education programs.

This bill, *for the 2011–12 fiscal year*, would restrict the authority of a school district to withdraw from a regional occupational center or program if the State Board of Education determines that doing so would

negatively impact the career technical education services received by high school pupils of other school districts or charter schools in the region. The bill would require a recipient of funds allocated for career technical education services to expend those funds in accordance with the regional plan for occupational course sequences, in order to meet documented labor market demand, and focus on the needs of high school pupils. The bill would make legislative findings and declarations regarding career technical education programs organized and implemented as occupational course sequences.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares that career
2 technical education programs organized and implemented as
3 occupational course sequences that result in career-ready industry
4 certification are essential components of the state's secondary and
5 community college school system, and are vital to the state's
6 economic development. The Legislature further finds and declares
7 that, to be effective, these course sequences must be organized
8 regionally, with courses integrated across local educational
9 agencies and community colleges, with the active involvement of
10 business, labor, and workforce development agencies.

11 SEC. 2. Section 42605 of the Education Code is amended to

25 changes in charter school attendance in the district. The amounts
26 allocated shall be adjusted for any greater or lesser amount
27 appropriated for the items enumerated in paragraph (2) of
28 subdivision (a). For a charter school that began operation in the
29 2008–09 fiscal year, if a school district received funding on behalf
30 of that charter school pursuant to Sections 47634.1 and 47651, the

35 the district. The amounts allocated shall be adjusted for any greater
