LEGISLATIVE COUNSEL’S DIGEST

SB 1330, as amended, Committee on Judiciary. Maintenance of the codes.

Existing law directs the Legislative Counsel to advise the Legislature from time to time as to legislation necessary to maintain the codes.
This bill would make nonsubstantive changes in various provisions of law to effectuate the recommendations made by the Legislative Counsel to the Legislature.

The people of the State of California do enact as follows:

SECTION 1. Section 31 of the Business and Professions Code is amended to read:

31. (a) As used in this section, “board” means any entity listed in Section 101, the entities referred to in Sections 1000 and 3600, the State Bar, the Department of Real Estate, and any other state agency that issues a license, certificate, or registration authorizing a person to engage in a business or profession.

(b) Each applicant for the issuance or renewal of a license, certificate, registration, or other means to engage in a business or profession regulated by a board who is not in compliance with a judgment or order for support shall be subject to Section 17520 of the Family Code.

(c) “Compliance with a judgment or order for support” has the meaning given in paragraph (4) of subdivision (a) of Section 17520 of the Family Code.

SEC. 2. Section 490 of the Business and Professions Code is amended to read:

490. (a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee’s license was issued.

(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action that a board is permitted to take following
the establishment of a conviction may be taken when the time for
appeal has elapsed, or the judgment of conviction has been affirmed
on appeal, or when an order granting probation is made suspending
the imposition of sentence, irrespective of a subsequent order under
Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application
of this section has been made unclear by the holding in Petropoulos
v. Department of Real Estate (2006) 142 Cal.App.4th 554, and
that the holding in that case has placed a significant number of
statutes and regulations in question, resulting in potential harm to
the consumers of California from licensees who have been
convicted of crimes. Therefore, the Legislature finds and declares
that this section establishes an independent basis for a board to
impose discipline upon a licensee, and that the amendments to this
section made by Chapter 33 of the Statutes of 2008 do not
constitute a change to, but rather are declaratory of, existing law.

SEC. 3. Section 490.5 of the Business and Professions Code
is amended to read:

490.5. A board may suspend a license pursuant to Section
17520 of the Family Code if a licensee is not in compliance with
a child support order or judgment.

SEC. 4. Section 654.3 of the Business and Professions Code
is amended to read:

654.3. (a) A dentist, or an employee or agent of a dentist, shall
not charge treatment or costs to an open-end credit, that is extended
by a third party and that is arranged for or established in a dental
office, before the date upon which the treatment is rendered or
costs are incurred, without first providing the patient a list of the
treatment and services to be rendered, the estimated costs of the
treatment and services, and which treatment and services are being
charged in advance of rendering or incurring of costs, and ensuring
that the patient has received the treatment plan required by
subdivision (d).

(b) A dentist shall, within 15 business days of a patient’s request,
refund to the lender any payment received through credit extended
by a third party that is arranged for or established in a dental office
for treatment that has not been rendered or costs that have not been
incurred.

(c) A dentist, or an employee or agent of that dentist, shall not
arrange for or establish credit extended by a third party for a patient
without first providing the following written notice, on one page
in at least 14-point type, and obtaining a signature from the patient:

“Credit for Dental Services
The attached application and information is for a credit card/line
of credit or loan to help you finance your dental treatment. You
should know that:
You are applying for a ____ credit card/line of credit or a ____
loan for $____.
You do not have to apply for the credit card/line of credit or
loan. You may pay your dentist for dental treatment in another
manner.
This credit card/line of credit or loan is not a payment plan with
the dental office; it is credit with [name of company issuing the
credit card/line of credit or loan]. Your dentist does not work for
this company.
Before applying for this credit card/line of credit or loan, you
have the right to a written treatment plan from your dentist that
includes the anticipated treatment to be provided and the estimated
costs of each service.
If you are approved for a credit card/line of credit, your dentist
can only charge treatment and lab costs to that credit card/line of
credit when you get the treatment or the dentist incurs costs unless
your dentist has first given you a list of treatments that you are
paying for in advance and the cost for each treatment or service.
You have the right to receive a credit to your credit card/line of
credit or loan account refunded for any costs charged to the credit
card/line of credit or loan for treatment that has not been rendered
or costs that your dentist has not incurred. Your dentist must refund
the amount of the charges to the lender within 15 business days
of your request, after which the lender will credit your account.
Please read carefully the terms and conditions of this credit
card/line of credit or loan, including any promotional offers.
You may be required to pay interest on the amount charged to
the credit card/line of credit or the amount of the loan. If you miss
a payment or do not pay on time, you may have to pay a penalty
and/or a higher interest rate.
If you do not pay the money that you owe the company that
provides you with a credit card/line of credit or loan, your missed
payments can appear on your credit report and could hurt your credit rating. You could also be sued.

[Patient’s Signature]”

(d) A dentist shall give a patient a written treatment plan prior to arranging for or establishing credit extended by a third party. The treatment plan shall include each anticipated service to be provided and the estimated cost of each service. If a patient is covered by a private or government dental benefit plan or dental insurance, from which the dentist takes assignment of benefits, the treatment plan shall indicate the patient’s private or government-estimated share of cost for each service. If the dentist does not take assignment of benefits from a patient’s dental benefit plan or insurance, the treatment plan shall indicate that the treatment may or may not be covered by a patient’s dental benefit or insurance plan, and that the patient has the right to confirm dental benefit or insurance information from the patient’s plan, insurer, or employer before beginning treatment.

(e) A dentist, or an employee or agent of that dentist, shall not arrange for or establish credit extended by a third party for a patient with whom the dentist, or an employee or agent of that dentist, communicates primarily in a language other than English that is one of the Medi-Cal threshold languages, unless the written notice information required by subdivision (c) is also provided in that language.

(f) A dentist, or an employee or agent of that dentist, shall not arrange for or establish credit that is extended by a third party for a patient who has been administered or is under the influence of general anesthesia, conscious sedation, or nitrous oxide.

(g) A patient who suffers any damage as a result of the use or employment by any person of a method, act, or practice that willfully violates this section may seek the relief provided by Chapter 4 (commencing with Section 1780) of Title 1.5 of Part 4 of Division 3 of the Civil Code.

(h) The rights, remedies, and penalties established by this article are cumulative, and shall not supersede the rights, remedies, or penalties established under other laws.

(i) For purposes of this section, the following definitions shall apply:
(1) “Dentist” includes, but is not limited to, a dental corporation, as defined in Section 1800.

(2) “Open-end credit” means credit extended by a creditor under a plan in which the creditor reasonably contemplates repeated transactions, the creditor may impose a finance charge from time to time on an outstanding unpaid balance, and the amount of credit that may be extended to the debtor during the term of the plan (up to any limit set by the creditor) is generally made available to the extent that any outstanding balance is repaid.

(3) “Patient” includes, but is not limited to, the patient’s parent or other legal representative.

SEC. 5. Section 728 of the Business and Professions Code is amended to read:

728. (a) Any psychotherapist or employer of a psychotherapist who becomes aware through a patient that the patient had alleged sexual intercourse or alleged sexual contact with a previous psychotherapist during the course of a prior treatment shall provide to the patient a brochure promulgated by the department that delineates the rights of, and remedies for, patients who have been involved sexually with their psychotherapists. Further, the psychotherapist or employer shall discuss with the patient the brochure prepared by the department.

(b) Failure to comply with this section constitutes unprofessional conduct.

(c) For the purpose of this section, the following definitions apply:

(1) “Psychotherapist” means a physician and surgeon specializing in the practice of psychiatry or practicing psychotherapy, a psychologist, a clinical social worker, a marriage and family therapist, a licensed professional clinical counselor, a psychological assistant, a marriage and family therapist registered intern or trainee, an intern or clinical counselor trainee, as specified in Chapter 16 (commencing with Section 4999.10), or an associate clinical social worker.

(2) “Sexual contact” means the touching of an intimate part of another person.

(3) “Intimate part” and “touching” have the same meaning as defined in subdivisions (g) and (e), respectively, of Section 243.4 of the Penal Code.
(4) “The course of a prior treatment” means the period of time during which a patient first commences treatment for services that a psychotherapist is authorized to provide under his or her scope of practice, or that the psychotherapist represents to the patient as being within his or her scope of practice, until the psychotherapist-patient relationship is terminated.

SEC. 6. Section 1246 of the Business and Professions Code is amended to read:

1246. (a) Except as provided in subdivisions (b) and (c), and in Section 23158 of the Vehicle Code, an unlicensed person employed by a licensed clinical laboratory may perform venipuncture or skin puncture for the purpose of withdrawing blood or for clinical laboratory test purposes upon specific authorization from a licensed physician and surgeon provided that he or she meets both of the following requirements:

(1) He or she works under the supervision of a person licensed under this chapter or of a licensed physician and surgeon or of a licensed registered nurse. A person licensed under this chapter, a licensed physician or surgeon, or a registered nurse shall be physically available to be summoned to the scene of the venipuncture within five minutes during the performance of those procedures.

(2) He or she has been trained by a licensed physician and surgeon or by a clinical laboratory bioanalyst in the proper procedure to be employed when withdrawing blood in accordance with training requirements established by the department and has a statement signed by the instructing physician and surgeon or by the instructing clinical laboratory bioanalyst that the training has been successfully completed.

(b) (1) On and after the effective date of the regulations specified in paragraph (2), any unlicensed person employed by a clinical laboratory performing the duties described in this section shall possess a valid and current certification as a certified phlebotomy technician issued by the department. However, an unlicensed person employed by a clinical laboratory to perform these duties pursuant to subdivision (a) on that date shall have until January 1, 2007, to comply with this requirement, provided that he or she has submitted the application to the department on or before July 1, 2006.
(2) The department shall adopt regulations for certification by January 1, 2001, as a certified phlebotomy technician that shall include all of the following:

(A) The applicant shall hold a valid, current certification as a phlebotomist issued by a national accreditation agency approved by the department, and shall submit proof of that certification when applying for certification pursuant to this section.

(B) The applicant shall complete education, training, and experience requirements as specified by regulations that shall include, but not be limited to, the following:

(i) At least 40 hours of didactic instruction.

(ii) At least 40 hours of practical instruction.

(iii) At least 50 successful venipunctures.

However, an applicant who has been performing these duties pursuant to subdivision (a) may be exempted from the requirements specified in clauses (ii) and (iii), and from 20 hours of the 40 hours of didactic instruction as specified in clause (i), if he or she has at least 1,040 hours of work experience, as specified in regulations adopted by the department.

It is the intent of the Legislature to permit persons performing these duties pursuant to subdivision (a) to use educational leave provided by their employers for purposes of meeting the requirements of this section.

(C) Each certified phlebotomy technician shall complete at least three hours per year or six hours every two years of continuing education or training. The department shall consider a variety of programs in determining the programs that meet the continuing education or training requirement.

(D) He or she has been found to be competent in phlebotomy by a licensed physician and surgeon or person licensed pursuant to this chapter.

(E) He or she works under the supervision of a licensed physician and surgeon, licensed registered nurse, or person licensed under this chapter, or the designee of a licensed physician and surgeon or the designee of a person licensed under this chapter.

(3) The department shall adopt regulations establishing standards for approving training programs designed to prepare applicants for certification pursuant to this section. The standards shall ensure that these programs meet the state’s minimum education and training requirements for comparable programs.
(4) The department shall adopt regulations establishing standards for approving national accreditation agencies to administer certification examinations and tests pursuant to this section.

(5) The department shall charge fees for application for and renewal of the certificate authorized by this section of no more than one hundred dollars ($100) for a two-year period.

(c) (1) (A) A certified phlebotomy technician may perform venipuncture or skin puncture to obtain a specimen for nondiagnostic tests assessing the health of an individual, for insurance purposes, provided that the technician works under the general supervision of a physician and surgeon licensed under Chapter 5 (commencing with Section 2000). The physician and surgeon may delegate the general supervision duties to a registered nurse or a person licensed under this chapter, but shall remain responsible for ensuring that all those duties and responsibilities are properly performed. The physician and surgeon shall make available to the department, upon request, records maintained documenting when a certified phlebotomy technician has performed venipuncture or skin puncture pursuant to this paragraph.

(B) As used in this paragraph, general supervision requires the supervisor of the technician to determine that the technician is competent to perform venipuncture or skin puncture prior to the technician’s first blood withdrawal, and on an annual basis thereafter. The supervisor is also required to determine, on a monthly basis, that the technician complies with appropriate venipuncture or skin puncture policies and procedures approved by the medical director and required by state regulations. The supervisor, or another designated licensed physician and surgeon, registered nurse, or person licensed under this chapter, shall be available for consultation with the technician, either in person or through telephonic or electronic means, at the time of blood withdrawal.

(2) (A) Notwithstanding any other provision of law, a person who has been issued a certified phlebotomy technician certificate pursuant to this section may draw blood following policies and procedures approved by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000), appropriate to the location where the blood is being drawn and in accordance with state regulations. The blood collection shall be done at the request
and in the presence of a peace officer for forensic purposes in a jail, law enforcement facility, or medical facility, with general supervision.

(B) As used in this paragraph, “general supervision” means that the supervisor of the technician is licensed under this code as a physician and surgeon, physician assistant, clinical laboratory bioanalyst, registered nurse, or clinical laboratory scientist, and reviews the competency of the technician before the technician may perform blood withdrawals without direct supervision, and on an annual basis thereafter. The supervisor is also required to review the work of the technician at least once a month to ensure compliance with venipuncture policies, procedures, and regulations. The supervisor, or another person licensed under this code as a physician and surgeon, physician assistant, clinical laboratory bioanalyst, registered nurse, or clinical laboratory scientist, shall be accessible to the location where the technician is working to provide onsite, telephone, or electronic consultation, within 30 minutes when needed.

(d) The department may adopt regulations providing for the issuance of a certificate to an unlicensed person employed by a clinical laboratory authorizing only the performance of skin punctures for test purposes.

SEC. 7. Section 1301 of the Business and Professions Code is amended to read:

1301. (a) The annual renewal fee for a clinical laboratory license or registration set under this chapter shall be paid during the 30-day period before the expiration date of the license or registration. If the license or registration is not renewed before the expiration date, the licensee or registrant, as a condition precedent to renewal, shall pay a delinquency fee equal to 25 percent of the annual renewal fee for up to 60 days after the expiration date, in addition to the annual renewal fee in effect on the last preceding regular renewal date. Failure to pay the annual renewal fee in advance during the time the license or registration remains in force shall, ipso facto, work a forfeiture of the license or registration after a period of 60 days from the expiration date of the license or registration.

(b) (1) The department shall give written notice to all persons licensed pursuant to Section 1260, 1260.1, 1261, 1261.5, 1262, 1264, or 1270 30 days in advance of the regular renewal date that
a renewal fee has not been paid. In addition, the department shall
give written notice to licensed clinical laboratory bioanalysts or
doctoral degree specialists and clinical laboratory scientists or
limited clinical laboratory scientists by registered or certified mail
90 days in advance of the expiration of the fifth year that a renewal
fee has not been paid and if not paid before the expiration of the
fifth year of delinquency the licensee may be subject to
reexamination.

(2) If the renewal fee is not paid for five or more years, the
department may require an examination before reinstating the
license, except that no examination shall be required as a condition
for reinstatement if the original license was issued without an
examination. No examination shall be required for reinstatement
if the license was forfeited solely by reason of nonpayment of the
renewal fee if the nonpayment was for less than five years.

(3) If the license is not renewed within 60 days after its
expiration, the licensee, as a condition precedent to renewal, shall
pay the delinquency fee identified in subdivision (k) of Section
1300, in addition to the renewal fee in effect on the last preceding
regular renewal date. Payment of the delinquency fee will not be
necessary if within 60 days of the license expiration date the
licensee files with the department an application for inactive status.

SEC. 29. Section 1363.03 of the Civil Code is amended to read:

1363.03. (a) An association shall adopt rules, in accordance with the procedures prescribed by Article 4 (commencing with Section 1357.100) of Chapter 2, that do all of the following:
(1) Ensure that if any candidate or member advocating a point of view is provided access to association media, newsletters, or Internet Web sites during a campaign, for purposes that are reasonably related to that election, equal access shall be provided to all candidates and members advocating a point of view, including those not endorsed by the board, for purposes that are reasonably related to the election. The association shall not edit or redact any content from these communications, but may include a statement specifying that the candidate or member, and not the association, is responsible for that content.
(2) Ensure access to the common area meeting space, if any exists, during a campaign, at no cost, to all candidates, including those who are not incumbents, and to all members advocating a point of view, including those not endorsed by the board, for purposes reasonably related to the election.
(3) Specify the qualifications for candidates for the board of directors and any other elected position, and procedures for the nomination of candidates, consistent with the governing documents. A nomination or election procedure shall not be deemed reasonable if it disallows any member of the association from nominating himself or herself for election to the board of directors.
(4) Specify the qualifications for voting, the voting power of each membership, the authenticity, validity, and effect of proxies,
and the voting period for elections, including the times at which polls will open and close, consistent with the governing documents.

(5) Specify a method of selecting one or three independent third parties as inspector or inspectors of elections utilizing one of the following methods:

(A) Appointment of the inspector or inspectors by the board.

(B) Election of the inspector or inspectors by the members of the association.

(C) Any other method for selecting the inspector or inspectors.

(6) Allow the inspector or inspectors to appoint and oversee additional persons to verify signatures and to count and tabulate votes as the inspector or inspectors deem appropriate, provided that the persons are independent third parties.

(b) Notwithstanding any other law or provision of the governing documents, elections regarding assessments legally requiring a vote, election and removal of members of the association board of directors, amendments to the governing documents, or the grant of exclusive use of common area property pursuant to Section 1363.07 shall be held by secret ballot in accordance with the procedures set forth in this section. A quorum shall be required only if so stated in the governing documents of the association or other provisions of law. If a quorum is required by the governing documents, each ballot received by the inspector of elections shall be treated as a member present at a meeting for purposes of establishing a quorum. An association shall allow for cumulative voting using the secret ballot procedures provided in this section, if cumulative voting is provided for in the governing documents.

(c) (1) The association shall select an independent third party or parties as an inspector of elections. The number of inspectors of elections shall be one or three.

(2) For the purposes of this section, an independent third party includes, but is not limited to, a volunteer poll worker with the county registrar of voters, a licensee of the California Board of Accountancy, or a notary public. An independent third party may be a member of the association, but may not be a member of the board of directors or a candidate for the board of directors or related to a member of the board of directors or a candidate for the board of directors. An independent third party may not be a person, business entity, or subdivision of a business entity who is currently employed or under contract to the association for any compensable
services unless expressly authorized by rules of the association
adopted pursuant to paragraph (5) of subdivision (a).

(3) The inspector or inspectors of elections shall do all of the
following:
(A) Determine the number of memberships entitled to vote and
the voting power of each.
(B) Determine the authenticity, validity, and effect of proxies,
if any.
(C) Receive ballots.
(D) Hear and determine all challenges and questions in any way
arising out of or in connection with the right to vote.
(E) Count and tabulate all votes.
(F) Determine when the polls shall close, consistent with the
governing documents.
(G) Determine the tabulated results of the election.
(H) Perform any acts as may be proper to conduct the election
with fairness to all members in accordance with this section, the
Corporations Code, and all applicable rules of the association
regarding the conduct of the election that are not in conflict with
this section.

(4) An inspector of elections shall perform his or her duties
impartially, in good faith, to the best of his or her ability, and as
expeditiously as is practical. If there are three inspectors of
elections, the decision or act of a majority shall be effective in all
respects as the decision or act of all. Any report made by the
inspector or inspectors of elections is prima facie evidence of the
facts stated in the report.

(d) (1) For purposes of this section, the following definitions
shall apply:
(A) “Proxy” means a written authorization signed by a member
or the authorized representative of the member that gives another
member or members the power to vote on behalf of that member.
(B) “Signed” means the placing of the member’s name on the
proxy (whether by manual signature, typewriting, telegraphic
transmission, or otherwise) by the member or authorized
representative of the member.

(2) Proxies shall not be construed or used in lieu of a ballot. An
association may use proxies if permitted or required by the bylaws
of the association and if those proxies meet the requirements of
this article, other laws, and the association’s governing documents,
but the association shall not be required to prepare or distribute
proxies pursuant to this section.
(3) Any instruction given in a proxy issued for an election that
directs the manner in which the proxyholder is to cast the vote
shall be set forth on a separate page of the proxy that can be
detached and given to the proxyholder to retain. The proxyholder
shall cast the member’s vote by secret ballot. The proxy may be
revoked by the member prior to the receipt of the ballot by the
inspector of elections as described in Section 7613 of the
Corporations Code.
(e) Ballots and two preaddressed envelopes with instructions
on how to return ballots shall be mailed by first-class mail or
delivered by the association to every member not less than 30 days
prior to the deadline for voting. In order to preserve confidentiality,
a voter may not be identified by name, address, or lot, parcel, or
unit number on the ballot. The association shall use as a model
those procedures used by California counties for ensuring
confidentiality of vote by mail ballots, including all of the
following:
(1) The ballot itself is not signed by the voter, but is inserted
into an envelope that is sealed. This envelope is inserted into a
second envelope that is sealed. In the upper left-hand corner of the
second envelope, the voter shall sign his or her name, indicate his
or her name, and indicate the address or separate interest identifier
that entitles him or her to vote.
(2) The second envelope is addressed to the inspector or
inspectors of elections, who will be tallying the votes. The envelope
may be mailed or delivered by hand to a location specified by the
inspector or inspectors of elections. The member may request a
receipt for delivery.
(f) All votes shall be counted and tabulated by the inspector or
inspectors of elections or his or her designee in public at a properly
noticed open meeting of the board of directors or members. Any
candidate or other member of the association may witness the
counting and tabulation of the votes. No person, including a
member of the association or an employee of the management
company, shall open or otherwise review any ballot prior to the
time and place at which the ballots are counted and tabulated. The
inspector of elections, or his or her designee, may verify the
member’s information and signature on the outer envelope prior
to the meeting at which ballots are tabulated. Once a secret ballot is received by the inspector of elections, it shall be irrevocable.

(g) The tabulated results of the election shall be promptly reported to the board of directors of the association and shall be recorded in the minutes of the next meeting of the board of directors and shall be available for review by members of the association. Within 15 days of the election, the board shall publicize the tabulated results of the election in a communication directed to all members.

(h) The sealed ballots at all times shall be in the custody of the inspector or inspectors of elections or at a location designated by the inspector or inspectors until after the tabulation of the vote, and until the time allowed by Section 7527 of the Corporations Code for challenging the election has expired, at which time custody shall be transferred to the association. If there is a recount or other challenge to the election process, the inspector or inspectors of elections shall, upon written request, make the ballots available for inspection and review by an association member or his or her authorized representative. Any recount shall be conducted in a manner that preserves the confidentiality of the vote.

(i) After the transfer of the ballots to the association, the ballots shall be stored by the association in a secure place for no less than one year after the date of the election.

(j) Notwithstanding any other provision of law, the rules adopted pursuant to this section may provide for the nomination of candidates from the floor of membership meetings or nomination by any other manner. Those rules may permit write-in candidates for ballots.

(k) Except for the meeting to count the votes required in subdivision (f), an election may be conducted entirely by mail unless otherwise specified in the governing documents.

(l) The provisions of this section apply to both incorporated and unincorporated associations, notwithstanding any contrary provision of the governing documents.

(m) The procedures set forth in this section shall apply to votes cast directly by the membership, but do not apply to votes cast by delegates or other elected representatives.

(n) In the event of a conflict between this section and the provisions of the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the
Corporations Code) relating to elections, the provisions of this
section shall prevail.
(o) The amendments made to this section by the act adding this
subdivision shall become operative on July 1, 2006.
SEC. 30. Section 2954 of the Civil Code is amended to read:
2954. (a) (1) No impound, trust, or other type of account for
payment of taxes on the property, insurance premiums, or other
purposes relating to the property shall be required as a condition
of a real property sale contract or a loan secured by a deed of trust
or mortgage on real property containing only a single-family,
owner-occupied dwelling, except: (A) where required by a state
or federal regulatory authority, (B) where a loan is made,
guaranteed, or insured by a state or federal governmental lending
or insuring agency, (C) upon a failure of the purchaser or borrower
to pay two consecutive tax installments on the property prior to
the delinquency date for such payments, (D) where the original
principal amount of such a loan is (i) 90 percent or more of the
sale price, if the property involved is sold, or is (ii) 90 percent or
more of the appraised value of the property securing the loan, (E)
whenever the combined principal amount of all loans secured by
the real property exceeds 80 percent of the appraised value of the
property securing the loans, (F) where a loan is made in compliance
with the requirements for higher priced mortgage loans established
in Regulation Z, whether or not the loan is a higher priced mortgage
loan, or (G) where a loan is refinanced or modified in connection
with a lender’s homeownership preservation program or a lender’s
participation in such a program sponsored by a federal, state, or
local government authority or a nonprofit organization. Nothing
contained in this section shall preclude establishment of such an
account on terms mutually agreeable to the parties to the loan, if,
prior to the execution of the loan or sale agreement, the seller or
lender has furnished to the purchaser or borrower a statement in
writing, which may be set forth in the loan application, to the effect
that the establishment of such an account shall not be required as
a condition to the execution of the loan or sale agreement, and
further, stating whether or not interest will be paid on the funds in
such an account.
An impound, trust, or other type of account for the payment of
taxes, insurance premiums, or other purposes relating to property
established in violation of this subdivision is voidable, at the option
of the purchaser or borrower, at any time, but shall not otherwise affect the validity of the loan or sale.

(2) For the purposes of this subdivision, “Regulation Z” means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System and any interpretation or approval issued by an official or employee duly authorized by the board to issue interpretations or approvals dealing with, respectively, consumer leasing or consumer lending, pursuant to the federal Truth in Lending Act, as amended (15 U.S.C. Sec. 1601 et seq.).

(b) Every mortgagee of real property, beneficiary under a deed of trust on real property, or vendor on a real property sale contract upon the written request of the mortgagor, trustor, or vendee shall furnish to the mortgagor, trustor, or vendee for each calendar year within 60 days after the end of the year an itemized accounting of moneys received for interest and principal repayment and received and held in or disbursed from an impound or trust account, if any, for payment of taxes on the property, insurance premiums, or other purposes relating to the property subject to the mortgage, deed of trust, or real property sale contract. The mortgagor, trustor, or vendee shall be entitled to receive one such accounting for each calendar year without charge and shall be entitled to additional similar accountings for one or more months upon written request and on payment in advance of fees as follows:

(1) Fifty cents ($0.50) per statement when requested in advance on a monthly basis for one or more years.
(2) One dollar ($1) per statement when requested for only one month.
(3) Five dollars ($5) if requested for a single cumulative statement giving all the information described above back to the last statement rendered.

If the mortgagee, beneficiary, or vendor transmits to the mortgagor, trustor, or vendee a monthly statement or passbook showing moneys received for interest and principal repayment and received and held in and disbursed from an impound or trust account, if any, the mortgagee, beneficiary, or vendor shall be deemed to have complied with this section.

No increase in the monthly rate of payment of a mortgagor, trustor, or vendee on a real property sale contract for impound or trust accounts shall be effective until after the mortgagor,
beneficiary, or vendor has furnished the mortgagor, trustor, or vendee with an itemized accounting of the moneys presently held by it in the accounts, and a statement of the new monthly rate of payment, and an explanation of the factors necessitating the increase.

The provisions of this section shall be in addition to the obligations of the parties as stated by Section 2943.

Every person who willfully or repeatedly violates this subdivision shall be subject to punishment by a fine of not less than fifty dollars ($50) nor more than two hundred dollars ($200).

(c) As used in this section, “single-family, owner-occupied dwelling” means a dwelling that will be owned and occupied by a signatory to the mortgage or deed of trust secured by that dwelling within 90 days of the execution of the mortgage or deed of trust.

SEC. 31. Section 128.6 of the Code of Civil Procedure is repealed.

SEC. 32. Section 209 of the Code of Civil Procedure, as amended by Section 6 of Chapter 567 of the Statutes of 2006, is repealed.

SEC. 33. Section 234 of the Code of Civil Procedure is amended to read:

234. Whenever, in the opinion of a judge of a superior court about to try a civil or criminal action or proceeding, the trial is likely to be a protracted one, or upon stipulation of the parties, the court may cause an entry to that effect to be made in the minutes of the court and thereupon, immediately after the jury is impaneled and sworn, the court may direct the calling of one or more additional jurors, in its discretion, to be known as “alternate jurors.” These alternate jurors shall be drawn from the same source, and in the same manner, and have the same qualifications, as the jurors already sworn, and shall be subject to the same examination and challenges. However, each side, or each defendant, as provided in Section 231, shall be entitled to as many peremptory challenges to the alternate jurors as there are alternate jurors called.

The alternate jurors shall be seated so as to have equal power and facilities for seeing and hearing the proceedings in the case, and shall take the same oath as the jurors already selected, and shall, unless excused by the court, attend at all times upon the trial of the cause in company with the other jurors, but shall not
participate in deliberation unless ordered by the court, and for a
failure to do so are liable to be punished for contempt.

They shall obey the orders of and be bound by the admonition
of the court, upon each adjournment of the court; but if the regular
jurors are ordered to be kept in the custody of the sheriff or marshal
during the trial of the cause, the alternate jurors shall also be kept
in confinement with the other jurors; and upon final submission
of the case to the jury, the alternate jurors shall be kept in the
custody of the sheriff or marshal who shall not suffer any
communication to be made to them except by order of the court,
and shall not be discharged until the original jurors are discharged,
except as provided in this section.

If at any time, whether before or after the final submission of
the case to the jury, a juror dies or becomes ill, or upon other good
cause shown to the court is found to be unable to perform his or
her duty, or if a juror requests a discharge and good cause appears
thereof, the court may order the juror to be discharged and draw
the name of an alternate, who shall then take his or her place in
the jury box, and be subject to the same rules and regulations as

SEC. 34. Section 425.16 of the Code of Civil Procedure is
amended to read:

425.16. (a) The Legislature finds and declares that there has
been a disturbing increase in lawsuits brought primarily to chill
the valid exercise of the constitutional rights of freedom of speech
and petition for the redress of grievances. The Legislature finds
and declares that it is in the public interest to encourage continued
participation in matters of public significance, and that this
participation should not be chilled through abuse of the judicial
process. To this end, this section shall be construed broadly.

(b) (1) A cause of action against a person arising from any act
of that person in furtherance of the person’s right of petition or
free speech under the United States Constitution or the California
Constitution in connection with a public issue shall be subject to
a special motion to strike, unless the court determines that the
plaintiff has established that there is a probability that the plaintiff
will prevail on the claim.
(2) In making its determination, the court shall consider the
pleadings, and supporting and opposing affidavits stating the facts
upon which the liability or defense is based.
(3) If the court determines that the plaintiff has established a
probability that he or she will prevail on the claim, neither that
determination nor the fact of that determination shall be admissible
in evidence at any later stage of the case, or in any subsequent
action, and no burden of proof or degree of proof otherwise
applicable shall be affected by that determination in any later stage
of the case or in any subsequent proceeding.
(c) (1) Except as provided in paragraph (2), in any action subject
to subdivision (b), a prevailing defendant on a special motion to
strike shall be entitled to recover his or her attorney’s fees and
costs. If the court finds that a special motion to strike is frivolous
or is solely intended to cause unnecessary delay, the court shall
award costs and reasonable attorney’s fees to a plaintiff prevailing
on the motion, pursuant to Section 128.5.
(2) A defendant who prevails on a special motion to strike in
an action subject to paragraph (1) shall not be entitled to attorney’s
fees and costs if that cause of action is brought pursuant to Section
6259, 11130, 11130.3, 54960, or 54960.1 of the Government Code.
Nothing in this paragraph shall be construed to prevent a prevailing
defendant from recovering attorney’s fees and costs pursuant to
subdivision (d) of Section 6259, 11130.5, or 54690.5.
(d) This section shall not apply to any enforcement action
brought in the name of the people of the State of California by the
Attorney General, district attorney, or city attorney, acting as a
public prosecutor.
(e) As used in this section, “act in furtherance of a person’s right
of petition or free speech under the United States or California
Constitution in connection with a public issue” includes: (1) any
written or oral statement or writing made before a legislative,
executive, or judicial proceeding, or any other official proceeding
authorized by law, (2) any written or oral statement or writing
made in connection with an issue under consideration or review
by a legislative, executive, or judicial body, or any other official
proceeding authorized by law, (3) any written or oral statement or
writing made in a place open to the public or a public forum in
connection with an issue of public interest, or (4) any other conduct
in furtherance of the exercise of the constitutional right of petition
or the constitutional right of free speech in connection with a public
issue or an issue of public interest.

(f) The special motion may be filed within 60 days of the service
of the complaint or, in the court’s discretion, at any later time upon
terms it deems proper. The motion shall be scheduled by the clerk
of the court for a hearing not more than 30 days after the service
of the motion unless the docket conditions of the court require a
later hearing.

(g) All discovery proceedings in the action shall be stayed upon
the filing of a notice of motion made pursuant to this section. The
stay of discovery shall remain in effect until notice of entry of the
order ruling on the motion. The court, on noticed motion and for
good cause shown, may order that specified discovery be conducted
notwithstanding this subdivision.

(h) For purposes of this section, “complaint” includes
“cross-complaint” and “petition,” “plaintiff” includes
“cross-complainant” and “petitioner,” and “defendant” includes
“cross-defendant” and “respondent.”

(i) An order granting or denying a special motion to strike shall
be appealable under Section 904.1.

(j) (1) Any party who files a special motion to strike pursuant
to this section, and any party who files an opposition to a special
motion to strike, shall, promptly upon so filing, transmit to the
Judicial Council, by e-mail or facsimile, a copy of the endorsed,
filed caption page of the motion or opposition, a copy of any related
notice of appeal or petition for a writ, and a conformed copy of
any order issued pursuant to this section, including any order
granting or denying a special motion to strike, discovery, or fees.

(2) The Judicial Council shall maintain a public record of
information transmitted pursuant to this subdivision for at least
three years, and may store the information on microfilm or other
appropriate electronic media.

SEC. 38. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for a fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

1. The inflation adjustment specified in Section 42238.1.
2. For the 1995–96 fiscal year, the equalization adjustment specified in Section 42238.4.
3. For the 1996–97 fiscal year, the equalization adjustments specified in Sections 42238.41, 42238.42, and 42238.43.
4. For the 1985–86 fiscal year, the amount per unit of average daily attendance received in the 1984–85 fiscal year pursuant to Section 42238.7.
5. For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.
6. For the 2004–05 fiscal year, the equalization adjustment specified in Section 42238.44.
7. For the 2006–07 fiscal year, the equalization adjustment specified in Section 42238.48.
8. For the 2011–12 fiscal year, the equalization adjustment specified in Section 42238.49.

(c) (1) (A) For the 2010–11 fiscal year, the Superintendent shall compute an add-on for each school district by adding the inflation adjustment specified in Section 42238.1 to the adjustment specified in Section 42238.485.
(B) For the 2011–12 fiscal year and each fiscal year thereafter, the Superintendent shall compute an add-on for each school district by adding the inflation adjustment specified in Section 42238.1 to
the amount computed pursuant to this paragraph for the prior fiscal year.

(2) Commencing with the 2010–11 fiscal year, the Superintendent shall compute an add-on for each school district by dividing each school district’s fiscal year average daily attendance computed pursuant to Section 42238.5 by the total adjustments in funding for each district made for the 2007–08 fiscal year pursuant to Section 42238.22 as it read on January 1, 2009.

(d) The sum of the base revenue limit computed pursuant to subdivision (b) and the add-on computed pursuant to subdivision (c) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(e) For districts electing to compute units of average daily attendance pursuant to paragraph (2) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(f) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees’ Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

(g) The reduction required by subdivision (f) shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees’ Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees’ Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.
The actual amount of employer contributions made to the Public Employees’ Retirement System in the 1983–84 fiscal year.

For purposes of this subdivision, employer contributions to the Public Employees’ Retirement System for either of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by a single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent with the approval of the Director of Finance.

For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent.

The Superintendent shall apportion to each school district the amount determined in this section less the sum of:

1. The district’s property tax revenue received pursuant to Chapter 3.5 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.
2. The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of Division 2 of the Revenue and Taxation Code.
3. The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.
4. Prior years’ taxes and taxes on the unsecured roll.
5. Fifty percent of the amount received pursuant to Section 41603.
6. The amount, if any, received pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15 of, paragraph (4) of subdivision (a) of Section 33607.5.
of, or Section 33607.7 of, the Health and Safety Code that is
allocated exclusively for educational facilities.

(7) For a unified school district, other than a unified school
district that has converted all of its schools to charter status
pursuant to Section 47606, the amount of statewide average
general-purpose funding per unit of average daily attendance
received by school districts for each of four grade level ranges, as
computed by the department pursuant to Section 47633, multiplied
by the average daily attendance, in corresponding grade level
ranges, of any pupils who attend charter schools funded pursuant
to Chapter 6 (commencing with Section 47630) of Part 26.8 of
Division 4 for which the district is the sponsoring local educational
agency, as defined in Section 47632, and who reside in and would
otherwise have been eligible to attend a noncharter school of the
district.

(i) A transfer of pupils of grades 7 and 8 between an elementary
school district and a high school district shall not result in the
receiving district receiving a revenue limit apportionment for those
pupils that exceeds 105 percent of the statewide average revenue
limit for the type and size of the receiving school district.

(2) This section and Section 42 of Chapter 12 of the 2009–10 Third Extraordinary Session do not authorize a school district that receives funding on behalf of a charter school pursuant to Sections 47634.1 and 47651 to redirect this funding for another purpose unless otherwise authorized in law or pursuant to an agreement between a charter school and its chartering authority. Notwithstanding paragraph (1), for the 2008–09 fiscal year to the 2012–13 fiscal year, inclusive, a school district that receives funding on behalf of a charter school pursuant to Sections 47634.1 and 47651 shall continue to distribute the funds to those charter schools based on the relative proportion that the school district distributed in the 2007–08 fiscal year, and shall adjust those amounts to reflect changes in charter school attendance in the district. (2) As a condition of receipt of funds, the governing board of the school district or board of the county office of education, as appropriate, at a regularly scheduled open public hearing shall take testimony from the public, discuss, approve or disapprove the proposed use of funding, and make explicit for each of the budget items in paragraph (2) of subdivision (a) the purposes for which the funds will be used.

(3) Using the Standardized Account Code Structure reporting process, a local educational agency shall report expenditures of funds pursuant to the authority of this section by using the appropriate function codes to indicate the activities for which these funds are expended. The department shall collect and provide this information to the Department of Finance and the appropriate policy and budget committees of the Legislature by April 15, 2010, and annually thereafter on April 15 until, and including, April 15, 2014.

instruction, or cultural enrichment, in the schools of the district,
subject to the rules and regulations of the state board, may conclude
arrangements with the proper authorities of a foreign country, or
of a state, territory, or possession of the United States, for the hiring
of bilingual teachers employed in public or private schools of a
foreign country, state, territory, or possession. To be eligible for
employment, the teacher must speak English fluently. Any persons
employed pursuant to this section shall be known as a “sojourn
certificated employee.”

A person shall not be hired as a sojourn certificated employee
by a school district unless he or she holds the necessary valid
credential or credentials issued by the Commission on Teacher
Credentialing authorizing the person to serve in a position requiring
certification qualifications in the school district proposing to
employ him or her. The person may be employed for a period not
to exceed two years, except that thereafter the period of
employment may be extended from year to year for a total period
of not more than five years upon verification by the employing
district that termination of the employment would adversely affect
an existing bilingual or foreign language program or program of
cultural enrichment, and that attempts to secure the employment
of a certificated California teacher qualified to fill the position
have been unsuccessful. The commission shall establish minimum
standards for the credentials for sojourn certificated employees.

SEC. 43. Section 45103.1 of the Education Code is amended
to read:

45103.1. (a) Notwithstanding any other provision of this
chapter, personal services contracting for all services currently or
customarily performed by classified school employees to achieve
cost savings is permissible, unless otherwise prohibited, when all
the following conditions are met:

(1) The governing board or contracting agency clearly
demonstrates that the proposed contract will result in actual overall
cost savings to the school district, provided that:

(A) In comparing costs, there shall be included the school
district’s additional cost of providing the same service as proposed
by a contractor. These additional costs shall include the salaries
and benefits of additional staff that would be needed and the cost
of additional space, equipment, and materials needed to perform
the function.

(B) In comparing costs, there shall not be included the school
district’s indirect overhead costs unless these costs can be attributed
solely to the function in question and would not exist if that
function was not performed by the school district. Indirect overhead
costs shall mean the pro rata share of existing administrative
salaries and benefits, rent, equipment costs, utilities, and materials.
(C) In comparing costs, there shall be included in the cost of a contractor providing a service any continuing school district costs that would be directly associated with the contracted function. These continuing school district costs shall include, but not be limited to, those for inspection, supervision, and monitoring.

(2) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractor’s wages are at the industry’s level and do not undercut school district pay rates.

(3) The contract does not cause the displacement of school district employees. The term “displacement” includes layoff, demotion, involuntary transfer to a new classification, involuntary transfer to a new location requiring a change of residence, and time base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same classification and general location or employment with the contractor, so long as wages and benefits are comparable to those paid by the school district.

(4) The savings shall be large enough to ensure that they will not be eliminated by private sector and district cost fluctuations that could normally be expected during the contracting period.

(5) The amount of savings clearly justify the size and duration of the contracting agreement.

(6) The contract is awarded through a publicized, competitive bidding process.

(7) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that the contractor’s hiring practices meet applicable nondiscrimination standards.

(8) The potential for future economic risk to the school district from potential contractor rate increases is minimal.

(9) The contract is with a firm. A “firm” means a corporation, limited liability company, partnership, nonprofit organization, or sole proprietorship.

(10) The potential economic advantage of contracting is not outweighed by the public’s interest in having a particular function performed directly by the school district.
(b) Notwithstanding any other provision of this chapter, personal
services contracting shall also be permissible when any of the
following conditions can be met:

1. The contract is for new school district functions and the
   Legislature has specifically mandated or authorized the
   performance of the work by independent contractors.

2. The services contracted are not available within the district,
   cannot be performed satisfactorily by school district employees,
   or are of such a highly specialized or technical nature that the
   necessary expert knowledge, experience, and ability are not
   available through the school district.

3. The services are incidental to a contract for the purchase or
   lease of real or personal property. Contracts under this criterion,
   known as “service agreements,” shall include, but not be limited
   to, agreements to service or maintain office equipment or
   computers that are leased or rented.

4. The policy, administrative, or legal goals and purposes of
   the district cannot be accomplished through the utilization of
   persons selected pursuant to the regular or ordinary school district
   hiring process. Contracts are permissible under this criterion to
   protect against a conflict of interest or to ensure independent and
   unbiased findings in cases where there is a clear need for a
   different, outside perspective. These contracts shall include, but
   not be limited to, obtaining expert witnesses in litigation.

5. The nature of the work is such that the criteria for emergency
   appointments apply. “Emergency appointment” means an
   appointment made for a period not to exceed 60 working days
   either during an actual emergency to prevent the stoppage of public
   business or because of the limited duration of the work. The method
   of selection and the qualification standards for an emergency
   employee shall be determined by the district. The frequency of
   appointment, length of employment, and the circumstances
   appropriate for the appointment of firms or individuals under
   emergency appointments shall be restricted so as to prevent the
   use of emergency appointments to circumvent the regular or
   ordinary hiring process.

6. The contractor will provide equipment, materials, facilities,
   or support services that could not feasibly be provided by the
   school district in the location where the services are to be
   performed.
The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under the district’s regular or ordinary hiring process would frustrate their very purpose.

(c) This section shall apply to all school districts, including districts that have adopted the merit system.

(d) This section shall apply to personal service contracts entered into after January 1, 2003. This section shall not apply to the renewal of personal services contracts subsequent to January 1, 2003, where the contract was entered into before January 1, 2003, irrespective of whether the contract is renewed or rebid with the existing contractor or with a new contractor.

(1) Inactive members of the National Guard and Military Reserve;

(2) Members of the uniformed services now retired, except as provided in Section A;

(3) Veterans of the uniformed services, except as provided in Section A; and

(4) Other U.S. Dept. of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.
Article IV. Educational Records and Enrollment

(A) Unofficial or “hand-carried” education records – In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission to the extent feasible. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

(B) Official education records/transcripts – Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student’s official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten (10) days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission to the extent practicable in each case.

(C) Immunizations – Compacting states shall give thirty (30) days from the date of enrollment or within such time as is reasonably determined under the rules promulgated by the Interstate Commission, for students to obtain any immunization(s) required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within thirty (30) days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

(D) Kindergarten and First (1st) grade entrance age – Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level (including Kindergarten) from a local education agency in the sending state at the time of transition, regardless of age. A student that has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving
state on his or her validated level from an accredited school in the
sending state.

Article V. Placement and Attendance

(A) Course placement – When the student transfers before or
during the school year, the receiving state school shall initially
honor placement of the student in educational courses based on
the student’s enrollment in the sending state school and/or
educational assessments conducted at the school in the sending
state if the courses are offered and there is space available, as
determined by the school district. Course placement includes, but
is not limited to, Honors, International Baccalaureate, Advanced
Placement, vocational, technical and career pathways courses.
Continuing the student’s academic program from the previous
school and promoting placement in academically and career
challenging courses should be paramount when considering
placement. This does not preclude the school in the receiving state
from performing subsequent evaluations to ensure appropriate
placement and continued enrollment of the student in the course(s).

(B) Educational program placement – The receiving state school
shall initially honor placement of the student in educational
programs based on current educational assessments conducted at
the school in the sending state or participation/placement in like
programs in the sending state, provided that the program exists in
the school and there is space available, as determined by the school
district. Such programs include, but are not limited to: 1) gifted
and talented programs; and 2) English as a second language (ESL).
This does not preclude the school in the receiving state from
performing subsequent evaluations to ensure appropriate placement
of the student.

(C) Special education services – 1) In compliance with the
federal requirements of the Individuals with Disabilities Education
Act (IDEA), 20 U.S.C.A. Section 1400 et seq., the receiving state
shall initially provide comparable services to a student with
disabilities based on his/her current Individualized Education
Program (IEP); and 2) In compliance with the requirements of
Section 504 of the Rehabilitation Act, 29 U.S.C.A. Section 794,
and with Title II of the Americans with Disabilities Act, 42
U.S.C.A. Sections 12131-12165, the receiving state shall make
reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing Section 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

(D) Placement flexibility – Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

(E) Absence as related to deployment activities – A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

Article VI. Eligibility

(A) Eligibility for enrollment

(1) Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law, shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

(2) A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

(3) A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis, who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent.

(B) Eligibility for extracurricular participation – State and local education agencies shall facilitate the opportunity for transitioning military children’s inclusion in extracurricular activities, regardless
of application deadlines, to the extent they are otherwise qualified
and space is available, as determined by the school district.

Article VII. Graduation

In order to facilitate the on-time graduation of children of
military families, states and local education agencies shall
incorporate the following procedures:

(A) Waiver requirements – Local education agency
administrative officials shall use best efforts to waive specific
courses required for graduation if similar coursework has been
satisfactorily completed in another local education agency or shall
provide reasonable justification for denial. Should a waiver not be
granted to a student who would qualify to graduate from the
sending school, the local education agency shall use best efforts
to provide an alternative means of acquiring required coursework
so that graduation may occur on time.

(B) Exit exams – States shall accept: 1) exit or end-of-course
exams required for graduation from the sending state; or 2) national
norm-referenced achievement tests; or 3) alternative testing, in
lieu of testing requirements for graduation in the receiving state;
or 4) in California, the passage of the exit examination adopted
pursuant to Section 60850 is required for the student to graduate
if the diploma is to be issued by a California public school, as long
as it is a requirement in California. In the event the above
alternatives cannot be accommodated by the receiving state for a
student transferring in his or her Senior year, then the provisions
of Section C of this Article shall apply.

(C) Transfers during Senior year – Should a military student
transferring at the beginning or during his or her Senior year be
ineligible to graduate from the receiving local education agency
after all alternatives have been considered, the sending and
receiving local education agencies shall make best efforts to ensure
the receipt of a diploma from the sending local education agency,
if the student meets the graduation requirements of the sending
local education agency. In the event that one of the states in
question is not a member of this compact, the member state shall
use best efforts to facilitate the on-time graduation of the student
in accordance with Sections A and B of this Article.
Article VIII. State Coordination

(A) (1) Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state’s participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

(2) In California, members of the State Council shall include all of the following:

(a) The State Superintendent of Public Instruction or his or her designee.
(b) A school district superintendent or his or her designee from a school district with a high concentration of military children, selected by the State Superintendent of Public Instruction.
(c) A representative from a military installation.
(d) A member of the Senate appointed by the Senate Committee on Rules, or his or her designee, who represents a legislative district with a high concentration of military children.
(e) A member of the Assembly appointed by the Speaker of the Assembly, or his or her designee, who represents a legislative district with a high concentration of military children.
(f) The Secretary for Education or his or her designee.
(g) Any other persons appointed by the State Superintendent of Public Instruction.

(B) The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.
(C) (1) The compact commissioner responsible for the
administration and management of the state’s participation in the
compact shall be appointed by the Governor or as otherwise
determined by each member state.

(2) In California, the State Superintendent of Public Instruction
shall appoint the compact commissioner.

(D) The compact commissioner and the military family
education liaison designated herein shall be ex-officio members
of the State Council, unless either is already a full voting member
of the State Council.

Article IX. Interstate Commission on Educational Opportunity
for Military Children

The member states hereby create the “Interstate Commission on
Educational Opportunity for Military Children.” The activities of
the Interstate Commission are the formation of public policy and
are a discretionary state function. The Interstate Commission shall:

(A) Be a body corporate and joint agency of the member states
and shall have all the responsibilities, powers and duties set forth
herein, and such additional powers as may be conferred upon it
by a subsequent concurrent action of the respective legislatures of
the member states in accordance with the terms of this compact.

(B) Consist of one Interstate Commission voting representative
from each member state, who shall be that state’s compact
commissioner.

(1) Each member state represented at a meeting of the Interstate
Commission is entitled to one vote.

(2) A majority of the total member states shall constitute a
quorum for the transaction of business, unless a larger quorum is
required by the bylaws of the Interstate Commission.

(3) A representative shall not delegate a vote to another member
state. In the event the compact commissioner is unable to attend
a meeting of the Interstate Commission, the Governor or State
Council may delegate voting authority to another person from their
state for a specified meeting.

(4) The bylaws may provide for meetings of the Interstate
Commission to be conducted by telecommunication or electronic
communication.
(C) Consist of ex-officio, nonvoting representatives who are members of interested organizations. Such ex-officio members, as defined in the bylaws, may include, but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members.

(D) Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

(E) Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact, including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Dept. of Defense shall serve as an ex-officio, nonvoting member of the executive committee.

(F) Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

(G) Public notice shall be given by the Interstate Commission of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:
(1) Relate solely to the Interstate Commission’s internal personnel practices and procedures;
(2) Disclose matters specifically exempted from disclosure by federal and state statute;
(3) Disclose trade secrets or commercial or financial information which is privileged or confidential;
(4) Involve accusing a person of a crime, or formally censuring a person;
(5) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
(6) Disclose investigative records compiled for law enforcement purposes; or
(7) Specifically relate to the Interstate Commission’s participation in a civil action or other legal proceeding.

(H) For a meeting, or portion of a meeting, closed pursuant to this provision, the Interstate Commission’s legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptible provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

(I) The Interstate Commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

(J) The Interstate Commission shall create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction
of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

Article X. Powers and Duties of the Interstate Commission

The Interstate Commission shall have the following powers:

(A) To provide for dispute resolution among member states.

(B) To promulgate rules and take all necessary actions to effect the goals, purposes, and obligations as specifically set forth in Articles IV, V, VI, and VII of this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact.

(C) To issue, upon request of a member state, advisory opinions concerning the meaning or interpretation of the interstate compact, its bylaws, rules, and actions.

(D) To enforce compliance with the compact provisions, the rules promulgated by the Interstate Commission, and the bylaws, using all necessary and proper means, including, but not limited to, the use of judicial process.

(E) To establish and maintain offices which shall be located within one or more of the member states.

(F) To purchase and maintain insurance and bonds.

(G) To borrow, accept, hire, or contract for services of personnel.

(H) To establish and appoint committees including, but not limited to, an executive committee as required by Article IX, Section E, which shall have the power to act on behalf of the Interstate Commission in carrying out its powers and duties hereunder.

(I) To elect or appoint such officers, attorneys, employees, agents, or consultants, and to fix their compensation, define their duties and determine their qualifications, and to establish the Interstate Commission’s personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel.

(J) To accept any and all donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of it.
(K) To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use any property, real, personal, or mixed.
(L) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed.
(M) To establish a budget and make expenditures.
(N) To adopt a seal and bylaws governing the management and operation of the Interstate Commission.
(O) To report annually to the legislatures, governors, judiciary, and state councils of the member states concerning the activities of the Interstate Commission during the preceding year. Such reports shall also include any recommendations that may have been adopted by the Interstate Commission.
(P) To coordinate education, training, and public awareness regarding the compact, its implementation and operation for officials and parents involved in such activity.
(Q) To establish uniform standards for the reporting, collecting, and exchanging of data.
(R) To maintain corporate books and records in accordance with the bylaws.
(S) To perform such functions as may be necessary or appropriate to achieve the purposes of this compact.
(T) To provide for the uniform collection and sharing of information between and among member states, schools, and military families under this compact.

Article XI. Organization and Operation of the Interstate Commission

(A) The Interstate Commission shall, by a majority of the members present and voting, within 12 months after the first Interstate Commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including, but not limited to:
(1) Establishing the fiscal year of the Interstate Commission;
(2) Establishing an executive committee, and such other committees as may be necessary;
(3) Providing for the establishment of committees and for governing any general or specific delegation of authority or function of the Interstate Commission;
(4) Providing reasonable procedures for calling and conducting meetings of the Interstate Commission, and ensuring reasonable notice of each such meeting;
(5) Establishing the titles and responsibilities of the officers and staff of the Interstate Commission;
(6) Providing a mechanism for concluding the operations of the Interstate Commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations.
(7) Providing “start up” rules for initial administration of the compact.

(B) The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

(C) Executive Committee, Officers and Personnel
(1) The executive committee shall have such authority and duties as may be set forth in the bylaws, including, but not limited to:
(a) Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;
(b) Overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and
(c) Planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the Interstate Commission.
(2) The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such
compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a Member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

(D) The Interstate Commission’s executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(1) The liability of the Interstate Commission’s executive director and employees or Interstate Commission representatives, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring within such person’s state, may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.
(3) To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney’s fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

Article XII. Rulemaking Functions of the Interstate Commission

(A) Rulemaking Authority – The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact, as specifically set forth in Articles IV, V, VI, and VII. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the specific matters set forth in Articles IV, V, VI, and VII of this Act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

(B) Rulemaking Procedure – Rules shall be made pursuant to a rulemaking process that substantially conforms to the “Model State Administrative Procedure Act,” of 1981, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

(C) Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission’s authority.
(D) If a majority of the legislatures of the compacting states rejects a Rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

Article XIII. Oversight, Enforcement, and Dispute Resolution

(A) Oversight

(1) The executive, legislative and judicial branches of state government in each member state shall enforce this compact, and shall take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Interstate Commission.

(3) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

(B) Default, Technical Assistance, Suspension and Termination

– If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(1) Provide written notice, to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default.

(2) Provide remedial training and specific technical assistance regarding the default.

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges
and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(4) Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states.

(5) The state which has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

(6) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(7) The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney’s fees.

(C) Dispute Resolution

(1) The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states.

(2) The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(D) Enforcement

(1) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate
Commission has its principal offices, to enforce compliance with
the provisions of the compact or its promulgated rules and bylaws
against a member state in default. The relief sought may include
both injunctive relief and damages. In the event judicial
enforcement is necessary, the prevailing party shall be awarded
all costs of such litigation including reasonable attorney’s fees.
(3) The remedies herein shall not be the exclusive remedies of
the Interstate Commission. The Interstate Commission may avail
itself of any other remedies available under state law or the
regulation of a profession.

Article XIV. Financing of the Interstate Commission

(A) The Interstate Commission shall pay, or provide for the
payment of, the reasonable expenses of its establishment,
organization and ongoing activities.
(B) The Interstate Commission may levy on and collect an
annual assessment from each member state to cover the cost of
the operations and activities of the Interstate Commission and its
staff which must be in a total amount sufficient to cover the
Interstate Commission’s annual budget as approved each year.
The aggregate annual assessment amount shall be allocated based
upon a formula to be determined by the Interstate Commission,
which shall promulgate a rule binding upon all member states.
(C) The Interstate Commission shall not incur obligations of
any kind prior to securing the funds adequate to meet the same;
nor shall the Interstate Commission pledge the credit of any of the
member states, except by and with the authority of the member
state.
(D) The Interstate Commission shall keep accurate accounts of
all receipts and disbursements. The receipts and disbursements of
the Interstate Commission shall be subject to the audit and
accounting procedures established under its bylaws. However, all
receipts and disbursements of funds handled by the Interstate
Commission shall be audited yearly by a certified or licensed public
accountant, and the report of the audit shall be included in and
become part of the annual report of the Interstate Commission.

Article XV. Member States, Effective Date and Amendment
(A) Any state is eligible to become a member state.
(B) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten (10) of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states.
(C) The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

Article XVI. Withdrawal and Dissolution

(A) Withdrawal
(1) Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.
(2) Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member jurisdiction.
(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state’s intent to withdraw within sixty (60) days of its receipt thereof.
(4) The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.
(5) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

(B) Dissolution of Compact

(1) This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

Article XVII. Severability and Construction

(A) The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(B) The provisions of this compact shall be liberally construed to effectuate its purposes.

(C) Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

Article XVIII. Binding Effect of Compact and Other Laws

(A) Other Laws

(1) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

(2) All member states’ laws conflicting with this compact are superseded to the extent of the conflict.

(B) Binding Effect of the Compact

(1) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.

(2) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(3) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member
state, such provision shall be ineffective to the extent of the conflict
with the constitutional provision in question in that member state.

(d) For the 2013–14 fiscal year the amounts appropriated under subdivision (c) shall be adjusted to reflect the total fiscal settlement agreed to by the parties in California Teachers Association, et al. v. Arnold Schwarzenegger (Case Number 05CS01165 of the Superior Court for the County of Sacramento) and the sum of all fiscal years of funding provided to fund this article shall not exceed the total funds agreed to by those parties. This annual appropriation shall continue to be made until the Director of Finance reports to the Legislature, along with all proposed adjustments to the Governor’s Budget pursuant to Section 13308 of the Government Code, that the sum of appropriations made and allocated pursuant to subdivision (c) equals the total outstanding balance of the minimum state educational funding obligation to school districts and community college districts required by Section 8 of Article XVI of the California Constitution and Chapter 213 of the Statutes of 2004 for the 2004–05 and 2005–06 fiscal years, as determined in subdivision (a) or (b) of Section 41207.1.

(2) Ten million dollars ($10,000,000) to the community colleges for the purpose of providing one-time block grants to community

(4) Funds allocated under paragraph (2) shall supplement and not supplant existing expenditures and may not be counted as the district contribution for physical plant projects and instructional material purchases funded in Item 6870-101-0001 of Section 2.00 of the annual Budget Act.

(f) For each fiscal year, commencing with the 2010–11 fiscal year, to the 2014–15 fiscal year, inclusive, the sum transferred pursuant to subparagraph (A) of paragraph (2) of subdivision (c) shall be allocated by the Chancellor of the California Community Colleges as follows: Forty-eight million dollars ($48,000,000) to the community colleges for the purpose of providing funding to the community colleges to improve and expand career technical education in public secondary education and lower division public higher education pursuant to Section 88532, including the hiring of additional faculty to expand the number of career technical education programs and course offerings.

(g) The appropriations made under subdivision (c) are for the purpose of discharging in full the minimum state educational funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California
Constitution and Chapter 213 of the Statutes of 2004 for the 2004–05 fiscal year, and the outstanding maintenance factor for the 2005–06 fiscal year resulting from this additional payment of the Chapter 213 amount for the 2004–05 fiscal year.

(h) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, including computation of the state’s minimum funding obligation to school districts and community college districts in subsequent fiscal years, the first one billion six hundred twenty million nine hundred twenty-eight thousand dollars ($1,620,928,000) in appropriations made pursuant to subdivision (c) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 and “General Fund revenues appropriated for community college districts,” as defined in subdivision (d) of Section 41202, for the 2004–05 fiscal year and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202, for that fiscal year. The remaining appropriations made pursuant to subdivision (c) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 and “General Fund revenues appropriated for community college districts,” as defined in subdivision (d) of Section 41202, for the 2005–06 fiscal year and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202, for that fiscal year.

(i) From funds appropriated under subdivision (c), the Superintendent shall provide both of the following:

1. Not more than two million dollars ($2,000,000) annually to county superintendents of schools to carry out the requirements of this article, allocated in a manner similar to that created to carry out the new duties of those superintendents under the settlement agreement in the case of Williams v. California (Super. Ct. San Francisco, No. CGC-00-312236).

2. Five million dollars ($5,000,000) in the 2007–08 fiscal year to support regional assistance under Section 52055.730. It is the intent of the Legislature that the Superintendent and the secretary, along with county offices of education, seek foundational and other
financial support to sustain and expand these services. Funds
provided under this paragraph that are not expended in the 2007–08
fiscal year shall be reappropriated for use in subsequent fiscal years
for the same purpose.
(j) Notwithstanding any other provision of law, funds
appropriated under subdivision (c) but not allocated to schools
with kindergarten or grades 1 to 12, inclusive, in a fiscal year, due
to program termination in any year or otherwise, shall be available
for reappropriation only in furtherance of the purposes of this
article. First priority for those amounts shall be to provide
cost-of-living increases and enrollment growth adjustments to
funded schools.
(k) The sum of three hundred fifty thousand dollars ($350,000)
is hereby appropriated from the General Fund to the State
Department of Education to fund 3.0 positions to implement this
article. Funding provided under this subdivision is not part of funds
provided pursuant to subdivision (c).
SEC. 47. Section 52165 of the Education Code is amended to
read:
52165. Each pupil of limited English proficiency enrolled in
the California public school system in kindergarten and grades 1
to 12, inclusive, shall receive instruction in a language
understandable to the pupil that recognizes the pupil’s primary
language and teaches the pupil English.
(a) In kindergarten and grades 1 to 6, inclusive, the following
shall apply:
(1) If the language census indicates that any school of a school
district has 10 or more pupils of limited English proficiency with
the same primary language in the same grade level or 10 or more
pupils of limited English proficiency with the same primary
language, in the same age group, and in a multigrade or ungraded
instructional environment, the school district shall offer instruction
pursuant to subdivision (a), (b), or (c) of Section 52163 for those
pupils at the school. If there are pupils of limited English
proficiency with different primary languages who do not otherwise
satisfy the program requirements of subdivision (a), (b), or (c) of
Section 52163 or of this subdivision, a language development
specialist defined in subdivision (b) may be used.
(2) To the extent state or federal categorical funds are available,
the services, as described in this paragraph, are required for pupils
of limited English proficiency in concentrations of fewer than 10 per grade level. If there are fewer than 10 pupils of limited English proficiency in the same grade, but at least 20 pupils of limited English proficiency in the school with the same primary language, the school district shall provide at least one certified bilingual-crosscultural teacher or teachers on waiver as defined in Section 52178 and an elementary level individual learning program as defined in subdivision (f) of Section 52163 for those pupils at the school. If the number of pupils of limited English proficiency in the school exceeds 45, the district shall provide two of those teachers. These teachers may be used as resource teachers or team teachers or to provide any other services to pupils of limited English proficiency as the district deems appropriate. These teachers shall be different teachers than those required pursuant to paragraph (1).

(b) The Legislature recognizes that in the past equal educational opportunities have not been fully available to secondary pupils of limited English proficiency. It is the intent of the Legislature to encourage school districts to offer a language learning program pursuant to subdivision (d) of Section 52163. Certified bilingual-crosscultural teachers or, if those teachers are not available, language development specialists assisted by a bilingual aide shall be qualified to provide instruction for those programs. Language development specialists shall be formally trained and competent in the field of English language learning, including second language acquisition and development, structure of modern English, and basic principles of linguistics, and shall meet the culture and methodology competencies established by subdivisions (b) and (c) of Section 44253.5. The Commission on Teacher Credentialing shall provide for the assessment of language competencies specified in this section and shall modify existing culture and methodology competency for language development specialist to ensure that they meet the crosscultural and instructional methodologies for pupils being served by those teachers. A teacher of English to speakers of other languages certificate from a commission-approved teacher training institution of higher education that meets the criteria established by the commission pursuant to Section 44253.5 shall be accepted instead of the methodology requirement.
(c) In kindergarten and grades 1 to 12, inclusive, pupils of limited English proficiency who are not enrolled in a program described in subdivision (a), (b), (c), or (d) of Section 52163 shall be individually evaluated and shall receive educational services defined in subdivision (e) or (f), as appropriate, of Section 52163. These services shall be provided in consultation with the pupil and the parent, parents, or guardian of the pupil.

(d) As a part of its consolidated application for categorical program funds, each district receiving those funds shall include a specific plan indicating the ways in which the individual learning plans will meet the needs of pupils of limited English proficiency. The plan shall describe all of the following:

1. Procedures used in making the individual evaluation.
2. The pupils’ levels of English and primary language proficiency and levels of educational performance.
3. Instructional objectives and scope of educational services to be provided.
4. Periodic evaluation procedures, using objective criteria, to determine whether the instructional objectives are being met.

SEC. 48. Section 53302 of the Education Code is amended to read:

53302. (a) No more than 75 schools shall be subject to a petition authorized by this article.
(b) A petition shall be counted toward this limit upon the Superintendent and state board receiving notice from the local educational agency of its final disposition of the petition.

SEC. 49. Section 60852.3 of the Education Code is amended to read:

60852.3. (a) Notwithstanding any other provision of law, commencing with the 2009–10 school year, an eligible pupil with a disability is not required to pass the high school exit examination established pursuant to Section 60850 as a condition of receiving a diploma of graduation or as a condition of graduation from high school.
(b) This exemption shall last until the state board, pursuant to Section 60852.1, makes a determination that the alternative means by which an eligible pupil with disabilities may demonstrate the same level of academic achievement in the portions of, or those content standards required for passage of, the high school exit
examination are not feasible or that the alternative means are
implemented.

(c) For the purposes of this section, an eligible pupil with a
disability is a pupil with an individualized education program
adopted pursuant to the federal Individuals with Disabilities
Education Act (20 U.S.C. Sec. 1400 et seq.) or a plan adopted
pursuant to Section 504 of the federal Rehabilitation Act of 1973
(29 U.S.C. Sec. 794(a)) that indicates the pupil is scheduled to
receive a high school diploma, and that the pupil has satisfied or
will satisfy all other state and local requirements for the receipt of
a high school diploma, on or after July 1, 2009.

(d) A local educational agency, as defined in Section 56026.3,
shall not adopt an individualized education program pursuant to
the federal Individuals with Disabilities Education Act or a plan
pursuant to Section 504 of the federal Rehabilitation Act of 1973
for a pupil for the sole purpose of exempting the pupil from the
requirement to pass the high school exit examination as a condition
of receiving a high school diploma, unless that adoption is
consistent with federal law.

(e) Pursuant to subdivision (b) of Section 60851, pupils with
exceptional needs shall take the high school exit examination in
grade 10 for purposes of fulfilling the requirements of the federal

Any person capable of authorizing the creation of the captioned format shall be deemed to be the publisher of that material for purposes of this section.

(D) If the publisher notifies the institution that it will provide an electronic format and a license permitting the institution to create a captioned format, it shall provide the electronic format and the license within seven calendar days of providing the notice pursuant to subparagraph (A).

(E) If the publisher notifies the institution that it will provide a captioned format of the requested material, the publisher shall provide the captioned format as soon as it is possible to do so, but not later than 14 calendar days after providing the notice pursuant to subparagraph (A).

(3) If a publisher fails to respond to a request, as required by paragraph (2), within 10 calendar days of receiving the request, the institution shall be deemed to have received a license permitting the institution to create a captioned format of the instructional material.

(c) (1) An institution, if it chooses to submit a request pursuant to subdivision (b), shall include in the request all of the following:

(A) Certification that the institution or an instructor at that institution has purchased the instructional material either (i) for use by a student with an auditory disability that prevents the student from using the instructional material in a noncaptioned format or (ii) for use in a class in which a student with such a disability is enrolled, or that a student with such a disability attending, or registered to attend, that institution has purchased the instructional material.
(B) Certification that the student has an auditory disability that prevents the student from using instructional material in noncaptioned format.

(C) Certification that the instructional material is for use by the student or an instructor in connection with a course in which the student is registered or enrolled at the institution.

(D) The signature of the coordinator of services for students with disabilities at the institution, or by an official responsible for monitoring compliance with the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) at the institution.

(E) At a minimum, an e-mail address and a facsimile number at which the person signing the request may be contacted.

(2) A publisher may require, in addition to the requirements enumerated in paragraph (1), a request to include a statement signed by the student agreeing to both of the following:

(A) He or she will use the captioned format of the instructional material solely for his or her own educational purposes.

(B) He or she will not distribute or reproduce the captioned format for use by others.

(d) (1) Any institution possessing an electronic format of an instructional material shall take reasonable precautions to ensure that the electronic format is not distributed to any third party, except as provided in paragraph (2) and subdivision (e), and shall, to the extent possible, maintain in effect all copy-protection measures embedded in any electronic format provided by a publisher.

(2) An institution may retain an outside vendor to assist it in the exercise of rights granted to it by a publisher or by this section, and shall ensure, pursuant to an agreement that the publisher and the institution shall both have the power to enforce, that the electronic format is not further distributed and that any captioned format made from it is provided only to the institution.

(e) (1) If a publisher provides to an institution a captioned format of instructional materials, the institution shall provide the captioned format to the student or instructor on whose behalf the request was made and may retain a copy of that captioned format.

(2) Except as provided in paragraph (4), if a publisher grants an institution a license to create a captioned format, the institution shall provide a copy of the resulting captioned format to the publisher and may retain a copy of the captioned format.
(3) Pursuant to paragraph (1) or (2), the institution may provide additional copies to any other of its students, any instructor employed by the institution for classroom use, any student at any other institution, or any other institution for classroom use, if the institution collects and forwards to the publisher all institutional and student certifications required under subdivision (b).

(4) The institution shall cease to distribute additional copies of a captioned format to any other institution if either of the following occurs:

(A) The institution receives notice that a captioned format has become commercially available from the publisher or other copyright owner of the instructional material. However, if this occurs, the institution may continue to allow its own instructors to use any captioned format that the institution previously created.

(B) The publisher, or other copyright owner, of the instructional material notifies the institution that the institution’s captioned format contains material errors or omissions.

(5) An instructor who receives a captioned format, or access to a captioned format pursuant to subparagraph (A) of paragraph (1) of subdivision (b), shall not use the captioned format for any purposes except for the classroom use for which the captioned format was requested or, in accordance with paragraph (3), for use in other classes at the institution with which the instructor is affiliated at the time that a request was made pursuant to subdivision (b).

(f) (1) The Chancellor of the California Community Colleges, the Chancellor of the California State University, and the President of the University of California may each designate an office, or may by agreement designate a single office, to maintain a registry of publisher contact information. A registry office designated pursuant to this subdivision may be a center described in subdivision (g) of this section or subdivision (g) of Section 67302.

(2) A publisher intending to sell instructional materials in the state shall provide to the office designated pursuant to paragraph (1) the name and contact information of its office or employee designated to handle requests made under this section, or an Internet Web site containing that information. If a publisher fails to provide that information, a request under subdivision (b) may be sent to a publisher at the address of its primary place of business, to the attention of its rights and permissions department.
(g) The Chancellor of the California Community Colleges, the
Chancellor of the California State University, and the President
of the University of California may each establish one or more
centers within their respective segments to process requests
pursuant to this section. A center under this subdivision may be a
center established under subdivision (g) of Section 67302. All of
the following requirements apply with respect to any center
established or designated for the purposes of this subdivision:

1. If an institution designated as within the jurisdiction of a
center chooses to process requests in the manner set forth in this
subdivision, it shall submit all requests made under this section to
the center, which shall transmit these requests to publishers.

2. Each center shall make every effort to coordinate requests
within its segment.

3. A publisher shall not be required to respond to requests from
institutions that a center has been designated to represent, unless
those requests are communicated through the center.

4. The center shall, in handling all electronic formats and
captioned formats for the benefit of students enrolled in the
institutions the center represents, have the same rights and
obligations arising under subdivisions (d) and (e) as the institutions
on whose behalf it acts.

(h) Access to a captioned format, an electronic format, or a
license to create a captioned format pursuant to subdivision (b)
shall be provided free of any fee or royalty that is additional to the
initial purchase of the instructional material by the student, the
instructor, or the institution.

(i) (1) The Board of Governors of the California Community
Colleges and the Trustees of the California State University may,
and the Regents of the University of California are requested to,
adopt guidelines consistent with this section for its implementation
and administration. It is the intent of the Legislature that the
guidelines, if adopted, address all of the following:

A. The designation of materials deemed “required for student
success.”

B. The procedures and standards relating to distribution of files
and materials pursuant to subdivisions (b), (d), and (e).

C. The possibility of involving outside networks or partnerships
between publishers and institutions to provide for access to
instructional materials for students with disabilities and to facilitate
the issuance of licenses by publishers under subparagraph (C) of paragraph (1), and paragraph (3), of subdivision (b).

(D) Other matters as are deemed necessary or appropriate to carry out the purposes of this section.

(2) For purposes of paragraph (1), the Board of Governors of the California Community Colleges, the Trustees of the California State University, and the University of California are encouraged, from time to time, in the reasonable discretion of the respective governing body, to convene an advisory group, at least one-third of the membership of which shall be representatives designated by publishers as having a substantial volume of transactions with institutions under this section.

(j) Nothing in this section shall be construed to require a publisher to produce or deliver an electronic format of instructional material if the publisher offers that instructional material for sale only in a form that is not computer-readable.

(k) Nothing in this section shall be construed as vesting any copyright or copyright interest in any captioned format in any person or entity other than the publisher.

(l) Nothing in this section shall be construed to authorize any use of instructional materials that would violate the takings clause of the Fifth Amendment to the United States Constitution or would constitute an infringement of copyright under the Copyright Revision Act of 1976, as amended (17 U.S.C. Sec. 101 et seq.).

(m) This section exclusively governs requests for captioned formats of instructional materials and Section 67302 does not apply to requests for captioned formats of instructional materials.

(n) The provisions of this section shall apply to the University of California, the California State University, and the California Community Colleges only to the extent that the respective institution, by appropriate resolution, makes these provisions applicable.

SEC. 51. Section 69458 of the Education Code is amended to read:

69458. (a) Participation in the pilot alternative delivery system pursuant to this article is voluntary. Any local agency electing to participate in the pilot alternative delivery system is deemed to have acknowledged and agreed that its participation is voluntary and does not constitute a cost that is reimbursable under Part 7
(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

(b) All costs associated with a qualifying institution’s election to participate in the pilot alternative delivery system shall be paid by the qualifying institution and, if the qualifying institution is a public institution, shall not require any additional state funds.

SEC. 52. Section 69460 of the Education Code is amended to read:

69460. (a) On or before January 10, 2012, the Legislative Analyst’s Office shall report to the Legislature and the Governor on the implementation and outcomes of the first award cycle under the pilot program. The report shall assess the extent to which the pilot program resulted in improved Cal Grant delivery to students, parents, and high school and financial aid counselors; administrative efficiencies; and sufficient state oversight. The report shall also identify any challenges or barriers to expansion of the alternative Cal Grant delivery system, as well as any associated information technology challenges that may need to be addressed or changes that may be required.

(b) Consistent with the criteria in subdivision (a), the Student Aid Commission may provide a report to the Legislature and the Governor.

SEC. 53. Section 69613 of the Education Code is amended to read:

69613. (a) Program participants shall meet all of the following eligibility criteria prior to selection in the program and shall continue to meet these criteria, as appropriate, during the payment periods:

(1) The applicant has completed at least 60 semester units, or the equivalent, and is enrolled in an academic program leading to a baccalaureate degree at an eligible institution, has agreed to participate in a teacher internship program, or has been admitted to a program of professional preparation that has been approved by the Commission on Teacher Credentialing.

(2) The applicant is currently enrolled in, or has been admitted to, a program in which he or she will be enrolled on at least a half-time basis, as determined by the participating institution. The applicant shall agree to maintain satisfactory academic progress and a minimum of half-time enrollment, as defined by the participating eligible institution.
(A) Except as provided in subparagraphs (B) and (C), if a person participating in the program fails to maintain at least half-time enrollment, as required by this article, under the terms of the agreement pursuant to paragraph (2), the loan assumption agreement shall be invalidated and the participant shall retain full liability for all student loan obligations. This subparagraph shall not apply if the participant is in his or her final semester or quarter in school and has no additional coursework required to obtain his or her teaching credential.

(B) Notwithstanding subparagraph (A), if a program participant is unable to maintain at least half-time enrollment due to serious illness, pregnancy, or other natural causes, or is called to active military duty status, the participant is not required to retain full liability for the student loan obligation for a period not to exceed one calendar year, unless approved by the commission for a longer period.

(C) If a natural disaster prevents a program participant from maintaining at least half-time enrollment due to the interruption of instruction at the eligible institution, the term of the loan assumption agreement shall be extended for a period not to exceed one calendar year, unless approved by the commission for a longer period.

(3) The applicant has been judged by his or her postsecondary institution, school district, or county office of education to have outstanding ability on the basis of criteria that may include, but need not be limited to, any of the following:

(A) Grade point average.
(B) Test scores.
(C) Faculty evaluations.
(D) Interviews.
(E) Other recommendations.

(4) The applicant has received, or is approved to receive, a loan under one or more of the following designated loan programs:

(A) The Federal Family Education Loan Program (20 U.S.C. Sec. 1071 et seq.).
(B) Any educational loan program approved by the Student Aid Commission.

(5) The applicant has agreed to teach full time for at least four consecutive academic years, or on a part-time basis for the equivalent of four full-time academic years, after obtaining a
teaching credential in a public elementary or secondary school in this state, in a subject area that is designated as a current or projected shortage area by the Superintendent of Public Instruction, or, on the date the teacher is hired, at an eligible school.

(b) An agreement shall remain valid even if the subject area under which an applicant becomes eligible to enter into an agreement ceases to be a designated shortage field by the time the applicant becomes a teacher.

(c) For the purposes of calculating eligible years of teaching for the redemption of an award, the inclusion by the Superintendent of Public Instruction of a school on a list prepared pursuant to Section 69613.1 shall apply retroactively from the date the school first opened.

(d) A person participating in the program pursuant to this section shall not enter into more than one agreement.

(e) A person participating in the program pursuant to this section shall not owe a refund on any state or federal educational grant or have defaulted on any student loan.

The commission shall develop and adopt regulations for the implementation of this subdivision by January 1, 2010.

SEC. 54. Section 69999.14 of the Education Code is amended to read:

69999.14. (a) The Legislature finds and declares all of the following:

(1) The California National Guard exists to provide a military organization in California with the capability to protect the lives and property of the people of the state during periods of natural disaster and civil disturbances, and to perform other functions required by the Military and Veterans Code or as directed by the Governor.
(2) The California National Guard performs an essential public purpose in protecting the health, safety, and property of California’s citizens and, in order to fulfill its objectives, it is necessary for the California National Guard to have sufficient human resources to deal with natural or human-caused disasters and emergencies.

(3) An educational assistance award program for members of the California National Guard would enhance retention rates within the California National Guard. Similar educational assistance programs have been highly successful in other states and have resulted in substantially higher retention rates.

(b) (1) As citizen soldiers, members of the California National Guard represent California’s labor force, which is a diverse workforce comprised of skilled and talented workers from all regions of the state. Education assistance awards have the added benefit of improving the skills, competencies, and abilities of the servicemen and servicewomen in the California National Guard who make significant contributions to our economy and are a vital component of the civilian workforce. It is the intent of the Legislature that members of the California National Guard use this education assistance program to enhance the state’s highly skilled and highly trained civilian labor force.

(2) It is the intent of the Legislature to ensure that the California National Guard has the ability to retain its most competent and capable members, both in the present and in the future. The Legislature recognizes that every member of the California National Guard represents additional federal funding to the State of California annually. Increasing the strength of the California National Guard through higher retention rates would augment the total federal revenue to the state, leading to additional money flowing into the General Fund as tax revenue.

(c) It is, therefore, the intent of the Legislature that, in order to fulfill the public program of maintaining required strength in the California National Guard, an inducement be provided to members of the California National Guard by making education assistance awards available to California National Guard members seeking to improve themselves through higher education. It is the intent of the Legislature that these assistance awards be available to California National Guard members who serve the state faithfully.

SEC. 55. Section 69999.18 of the Education Code is amended to read:
69999.18. (a) The Student Aid Commission is responsible for issuing awards authorized by Section 69999.16, upon receipt of a certificate from the Adjutant General verifying that the applicant meets the eligibility requirements of this article. The commission shall provide any information to the Military Department that is necessary to meet the reporting requirements of Section 69999.24.

(b) The amount of an award issued pursuant to this article shall be as follows:

1. For a recipient attending the University of California or the California State University, the maximum amount of the Cal Grant A award, pursuant to Section 66021.2, as adjusted in the annual Budget Act.

2. For a recipient attending a community college, the maximum amount of the Cal Grant B award, pursuant to Section 66021.2, as adjusted in the annual Budget Act.

3. For a recipient attending a nonpublic institution, the maximum amount of a Cal Grant A award for a student attending the University of California pursuant to Section 66021.2, as adjusted in the annual Budget Act.

(c) An award used for graduate studies shall not exceed the maximum amount of a Cal Grant A award, as specified in paragraph (1) of subdivision (b), plus five hundred dollars ($500) for books and supplies.

(d) The award amount under subdivisions (b) and (c) shall not exceed the difference between the recipient’s cost of attendance and any other student financial aid and educational benefits pursuant to the federal Montgomery GI Bill (38 U.S.C. Sec. 3001 et seq.) or any other federal educational benefits program for veterans.

(e) California National Guard Education Assistance awards may be renewed for each new academic year, for a maximum of the greater of either (1) four years of full-time equivalent enrollment or (2) the duration for which the qualifying member would otherwise be eligible pursuant to the Cal Grant Program (Chapter 1.7 (commencing with Section 69430)), if the Adjutant General certifies the qualifying member’s eligibility and the qualifying member maintains at least a 2.0 cumulative grade point average.

SEC. 56. Section 69999.20 of the Education Code is amended as follows:

97 — SB 1330 — 102 —
69999.20. Qualifying members shall not receive both a
California National Guard Education Assistance award and any
Cal Grant award for the same academic year. A qualifying member
under this article who is also eligible for a Cal Grant award may
elect between an award under this article and any Cal Grant award
for the same academic year.

SEC. 57. Section 87482 of the Education Code is amended to
read:
87482. (a) (1) Notwithstanding Section 87480, the governing
board of a community college district may employ any qualified
individual as a temporary faculty member for a complete school
year, but not less than a complete semester or quarter during a
school year. The employment of those persons shall be based upon
the need for additional faculty during a particular semester or
quarter because of the higher enrollment of students during that
semester or quarter as compared to the other semester or quarter
in the academic year, or because a faculty member has been granted
leave for a semester, quarter, or year, or is experiencing long-term
illness, and shall be limited, in number of persons so employed,
to that need, as determined by the governing board.

(2) Employment of a person under this subdivision may be
pursuant to contract fixing a salary for the entire semester or
quarter.

(b) A person, other than a person serving as clinical nursing
faculty and exempted from this subdivision pursuant to paragraph
(1) of subdivision (c), shall not be employed by any one district
under this section for more than two semesters or three quarters
within any period of three consecutive years.

(c) (1) Notwithstanding subdivision (b), a person serving as
full-time clinical nursing faculty or as part-time clinical nursing
faculty teaching the hours per week described in Section 87482.5
may be employed by any one district under this section for up to
four semesters or six quarters within any period of three
consecutive academic years between July 1, 2007, and June 30,
2014, inclusive.

(2) A district that employs faculty pursuant to this subdivision
shall provide data to the chancellor’s office as to the number of
faculty members hired under this subdivision, and what the ratio
of full-time to part-time faculty was for each of the three academic
years prior to the hiring of faculty under this subdivision and for
each academic year for which faculty is hired under this subdivision. This data shall be submitted, in writing, to the chancellor’s office on or before June 30, 2012.

(3) The chancellor shall report, in writing, to the Legislature and the Governor on or before September 30, 2012, in accordance with data received pursuant to paragraph (2), the number of districts that hired faculty under this subdivision, the number of faculty members hired under this subdivision, and what the ratio of full-time to part-time faculty was for these districts in each of the three academic years prior to the operation of this subdivision and for each academic year for which faculty is hired under this subdivision.

(4) A district may not employ a person pursuant to this subdivision if the hiring of that person results in an increase in the ratio of part-time to full-time nursing faculty in that district.

SEC. 58. Section 88003.1 of the Education Code is amended to read:

88003.1. (a) Notwithstanding any other provision of this chapter, personal services contracting for all services currently or customarily performed by classified school employees to achieve cost savings is permissible, unless otherwise prohibited, when all the following conditions are met:

(1) The governing board or contracting agency clearly demonstrates that the proposed contract will result in actual overall cost savings to the community college district, provided that:

(A) In comparing costs, there shall be included the community college district’s additional cost of providing the same service as proposed by a contractor. These additional costs shall include the salaries and benefits of additional staff that would be needed and the cost of additional space, equipment, and materials needed to perform the function.

(B) In comparing costs, there shall not be included the community college district’s indirect overhead costs unless these costs can be attributed solely to the function in question and would not exist if that function was not performed by the community college district. Indirect overhead costs shall mean the pro rata share of existing administrative salaries and benefits, rent, equipment costs, utilities, and materials.

(C) In comparing costs, there shall be included in the cost of a contractor providing a service any continuing community college
district costs that would be directly associated with the contracted function. These continuing community college district costs shall include, but not be limited to, those for inspection, supervision, and monitoring.

(2) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractor’s wages are at the industry’s level and do not undercut community college district pay rates.

(3) The contract does not cause the displacement of community college district employees. The term “displacement” includes layoff, demotion, involuntary transfer to a new classification, involuntary transfer to a new location requiring a change of residence, and time base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same classification and general location or employment with the contractor, so long as wages and benefits are comparable to those paid by the school district.

(4) The savings shall be large enough to ensure that they will not be eliminated by private sector and community college district cost fluctuations that could normally be expected during the contracting period.

(5) The amount of savings clearly justify the size and duration of the contracting agreement.

(6) The contract is awarded through a publicized, competitive bidding process.

(7) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that the contractor’s hiring practices meet applicable nondiscrimination standards.

(8) The potential for future economic risk to the community college district from potential contractor rate increases is minimal.

(9) The contract is with a firm. A “firm” means a corporation, limited liability company, partnership, nonprofit organization, or sole proprietorship.

(10) The potential economic advantage of contracting is not outweighed by the public’s interest in having a particular function performed directly by the community college district.
(b) Notwithstanding any other provision of this chapter, personal services contracting shall also be permissible when any of the following conditions can be met:

1. The contract is for new community college district functions and the Legislature has specifically mandated or authorized the performance of the work by independent contractors.

2. The services contracted are not available within community college districts, cannot be performed satisfactorily by community college district employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the community college district.

3. The services are incidental to a contract for the purchase or lease of real or personal property. Contracts under this criterion, known as “service agreements,” shall include, but not be limited to, agreements to service or maintain office equipment or computers that are leased or rented.

4. The policy, administrative, or legal goals and purposes of the community college district cannot be accomplished through the utilization of persons selected pursuant to the regular or ordinary hiring process. Contracts are permissible under this criterion to protect against a conflict of interest or to ensure independent and unbiased findings in cases where there is a clear need for a different, outside perspective. These contracts shall include, but not be limited to, obtaining expert witnesses in litigation.

5. The nature of the work is such that the criteria for emergency appointments apply. “Emergency appointment” means an appointment made for a period not to exceed 60 working days either during an actual emergency to prevent the stoppage of public business or because of the limited duration of the work. The method of selection and the qualification standards for an emergency employee shall be determined by the community college district. The frequency of appointment, length of employment, and the circumstances appropriate for the appointment of firms or individuals under emergency appointments shall be restricted so as to prevent the use of emergency appointments to circumvent the regular or ordinary hiring process.

6. The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the
community college district in the location where the services are to be performed.

(7) The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under the community college district’s regular or ordinary hiring process would frustrate their very purpose.

(c) This section shall apply to all community colleges, including community college districts that have adopted the merit system.

(d) This section shall apply to personal service contracts entered into after January 1, 2003. This section shall not apply to the renewal of personal services contracts subsequent to January 1, 2003, where the contract was entered into before January 1, 2003, irrespective of whether the contract is renewed or rebid with the existing contractor or with a new contractor.

SEC. 59. Section 89267.5 of the Education Code is amended to read:

89267.5. (a) As used in this section, “ADN-to-BSN student” means a person who meets all of the following qualifications:

(1) The person has earned an associate degree in nursing from a California Community College from a program approved by the Board of Registered Nursing.

(2) The person is licensed to work in California as a registered nurse.

(3) The person is applying to the California State University to earn a bachelor of science in nursing.

(b) Prior to the commencement of the 2012–13 academic year, the Chancellor of the California State University shall implement articulated nursing degree transfer pathways between the California Community Colleges and the California State University. The articulated nursing degree transfer pathways shall, at a minimum, comply with both of the following requirements:

(1) A campus of the California State University shall not require an ADN-to-BSN student to complete any duplicative courses for which the content is already required by the Board of Registered Nursing for licensure or that the student has already satisfied by earning the associate degree in nursing and becoming licensed as a registered nurse.

(2) A campus of the California State University shall not require an ADN-to-BSN student, who has taken a prerequisite course at a California community college to earn the associate degree in
nursing, to take the same prerequisite course or same content from 
that prerequisite course at the university for the bachelor of science 
in nursing degree.
(c) The Chancellor of the California State University and the 
Chancellor of the California Community Colleges may appoint 
representatives from their respective institutions to work 
collaboratively to provide advice and assistance on either or both 
of the following:
(1) Implementation of the articulated nursing degree transfer 
pathways.
(2) Identification of additional components to be included that 
are consistent with providing ADN-to-BSN students with a 
streamlined nursing degree transfer pathway consistent with the 
finding in subdivision (g) of Section 1 of Chapter 283 of the 
Statutes of 2009.
(d) By March 15, 2011, the Legislative Analyst’s Office shall 
prepare and submit to the Legislature and the Governor a report 
on the status of plans to implement articulated nursing degree 
transfer pathways between the California Community Colleges 
and the California State University. This report may be part of its 
annual budget report to the Legislature.
SEC. 60. Section 354.5 of the Elections Code is amended to

is written near the mark by a witness over 18 years of age

(c) An authorized user of a signature stamp may use it to affix 
a signature to a document or writing any time that a signature is 
required by this code, provided that all of the following conditions, 
as applicable, are met:

(2) A signature stamp shall be affixed by the authorized user in the presence of the Secretary of State, his or her designee, the local elections official, or his or her designee, to obtain a ballot, in any local, state, or federal election unless the authorized user of the signature stamp votes by vote by mail ballot. If the owner of a signature stamp votes by vote by mail ballot, he or she shall affix the signature stamp on the identification envelope in accordance with the requirements of Section 3019.

(d) A signature affixed with a signature stamp by an authorized user in accordance with the requirements of this section shall be treated in the same manner as a signature made in writing.

(e) A registered voter or any person who is eligible to vote, who qualifies as an authorized user pursuant to paragraph (1) of subdivision (g), may use a signature stamp only after he or she first submits his or her affidavit of registration or a new affidavit of registration, whichever is applicable, in the presence of a county elections official, using the signature stamp to sign the affidavit.

(f) The Secretary of State shall report to the Legislature not later than January 1, 2009, regarding the use of signature stamps during the 2008 elections.

(g) The following definitions apply for purposes of this section:

1. "Authorized user" means either of the following:
   (A) A person with a disability who, by reason of that disability, is unable to write and who owns a signature stamp.
   (B) A person using the signature stamp on behalf of the owner of the stamp with the owner’s express consent and in the presence of the owner.

and preaddressed return form, to enable the voter to verify or
correct address information.
Notification received through NCOA or Operation Mail that a
voter has moved and has given no forwarding address shall not
require the mailing of a forwardable notice to that voter.
(b) If change-of-address data indicates that the voter has moved
to a new residence address in the same county, the forwardable
notice shall be in substantially the following form:
“We have received notification that the voter has moved to a
new residence address in ____ County. You will be registered to
vote at your new address unless you notify our office within 15
days that the address to which this card was mailed is not a change
of your permanent residence. You must notify our office by either
returning the attached postage-paid postcard, or by calling toll
free. If this is not a permanent residence, and if you do not notify
us within 15 days, you may be required to provide proof of your
residence address in order to vote at future elections.”
(c) If change-of-address data indicates that the voter has moved
to a new address in another county, the forwardable notice shall
be in substantially the following form:
“We have received notification that you have moved to a new
address not in ____ County. Please use the attached postage-paid
postcard to: (1) advise us if this is or is not a permanent change of
residence address, or (2) to advise us if our information is incorrect.
If you do not return this card within 15 days and continue to reside
in ____ County, you may be required to provide proof of your
residence address in order to vote at future elections and, if you
do not offer to vote at any election in the period between the date
of this notice and the second federal general election following

“We are attempting to verify postal notification that the voter to whom this card is addressed has moved and left no forwarding address. If the person receiving this card is the addressed voter, please confirm your continued residence or provide current residence information on the attached postage-paid postcard within 15 days. (b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.
SEC. 63. Section 13307 of the Elections Code is amended to read:

13307. (a) (1) Each candidate for nonpartisan elective office in any local agency, including any city, county, city and county, or district, may prepare a candidate’s statement on an appropriate form provided by the elections official. The statement may include the name, age, and occupation of the candidate and a brief description, of no more than 200 words, of the candidate’s education and qualifications expressed by the candidate himself or herself. However, the governing body of the local agency may authorize an increase in the limitations on words for the statement from 200 to 400 words. The statement shall not include the party affiliation of the candidate, nor membership or activity in partisan political organizations.

(2) The statement authorized by this subdivision shall be filed in the office of the elections official when the candidate’s nomination papers are returned for filing, if it is for a primary election, or for an election for offices for which there is no primary. The statement shall be filed in the office of the elections official no later than the 88th day before the election, if it is for an election for which nomination papers are not required to be filed. If a runoff election or general election occurs within 88 days of the primary or first election, the statement shall be filed with the elections official by the third day following the governing body’s declaration of the results from the primary or first election.

(3) Except as provided in Section 13309, the statement may be withdrawn, but not changed, during the period for filing nomination papers and until 5 p.m. of the next working day after the close of the nomination period.

(b) The elections official shall send to each voter, together with the sample ballot, a voter’s pamphlet which contains the written statements of each candidate that is prepared pursuant to this section. The statement of each candidate shall be printed in type of uniform size and darkness, and with uniform spacing. The elections official shall provide a Spanish translation to those candidates who wish to have one, and shall select a person to provide that translation from the list of approved Spanish language translators and interpreters of the superior court of the county or from an institution accredited by the Western Association of Schools and Colleges.
(c) The local agency may estimate the total cost of printing, handling, translating, and mailing the candidate’s statements filed pursuant to this section, including costs incurred as a result of complying with the federal Voting Rights Act of 1965, as amended. The local agency may require each candidate filing a statement to pay in advance to the local agency his or her estimated pro rata share as a condition of having his or her statement included in the voter’s pamphlet. In the event the estimated payment is required, the receipt for the payment shall include a written notice that the estimate is just an approximation of the actual cost that varies from one election to another election and may be significantly more or less than the estimate, depending on the actual number of candidates filing statements. Accordingly, the local agency is not bound by the estimate and may, on a pro rata basis, bill the candidate for additional actual expense or refund any excess paid depending on the final actual cost. In the event of underpayment, the local agency may require the candidate to pay the balance of the cost incurred. In the event of overpayment, the local agency which, or the elections official who, collected the estimated cost shall prorate the excess amount among the candidates and refund the excess amount paid within 30 days of the election.

(d) Nothing in this section shall be deemed to make any statement, or the authors thereof, free or exempt from any civil or criminal action or penalty because of any false, slanderous, or libelous statements offered for printing or contained in the voter’s pamphlet.

(e) Before the nominating period opens, the local agency for that election shall determine whether a charge shall be levied against that candidate for the candidate’s statement sent to each voter. This decision shall not be revoked or modified after the seventh day prior to the opening of the nominating period. A written statement of the regulations with respect to charges for handling, packaging, and mailing shall be provided to each candidate or his or her representative at the time he or she picks up the nomination papers.

2089.12. (a) Unless the department determines that it is inappropriate to do so based on the nature of the management actions being proposed, the species listed in the permit, or other factors, the agreement shall require that the landowner provide the department with at least 60 days’ advance notice of any of the following:

(3) Notwithstanding paragraph (1), during the seven-day notice period, a landowner may object, in writing, to a person selected to access the land or water. If a landowner objects, another person shall be selected by the department, its contractors, or agents, and notification shall be provided to the landowner pursuant to paragraph (2). However, if a landowner objects to a selection on two successive occasions, the landowner shall be deemed to consent to access to the land or water by a person selected by the department, its contractors, or agents. Failure by a landowner to object to the selection within the seven-day notice period shall be deemed consent to access the land or water by a person selected by the department, its contractors, or agents.

(4) If the landowner objects to a person selected to access the land or water pursuant to paragraph (3), the 60-day notice period described in subdivision (a) shall be tolled for the period between the landowner’s objection to a person selected for access to the land or water and the landowner’s consent to a person selected for access to the land or water.

(2) The neighboring landowner agrees to maintain the baseline conditions for the duration specified in the safe harbor agreement.

(3) The department determines that allowing the neighboring landowner to receive an incidental take permit for the abutting property does not undermine the net conservation benefit determination made by the department in the approval of the safe harbor agreement.

(4) The take authorized by the department will not jeopardize the continued existence of the species. This determination shall be made in accordance with subdivision (c) of Section 2081.

(b) (1) Unless the department determines that it is inappropriate to do so based on the species listed in the permit, or any other
factors, the neighboring landowner shall provide the department with at least 60 days’ advance notice of any of the following:

(C) Notwithstanding subparagraph (B), during the seven-day notice period, the neighboring landowner may object, in writing, to a person selected to access the land or water. If the neighboring landowner objects, another person shall be selected by the department, its contractors, or agents, and notification shall be provided to the neighboring landowner pursuant to subparagraph (B). However, if the neighboring landowner objects to a selection on two successive occasions, the neighboring landowner shall be deemed to consent to access to the land or water by a person selected by the department, its contractors, or agents. Upon title to the parcel vesting in the purchaser or transferee of the property, the purchaser or transferee shall be subject to any local governmental land use entitlement approval requirements and to Chapter 3 (commencing with Section 21100) to Chapter 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code.

(2) If the disposition of state real property or buildings specified in subdivision (b) is not made on an “as is” basis and close of escrow is contingent on the satisfaction of a local governmental land use entitlement approval requirement or compliance by the local government with Chapter 3 (commencing with Section 21100) to Chapter 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code, the execution of the purchase and sale agreement or of the exchange agreement by all parties to the agreement shall be exempt from Chapter 3 (commencing with Section 21100) to Chapter 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code.

(3) For the purposes of this subdivision, “disposition” means the sale, lease, or repurchase of state property or buildings specified in subdivision (b).

(i) The disposition of real property or buildings, or both, pursuant to this section does not constitute a sale or other disposition of state surplus property within the meaning of Section 9 of Article III of the California Constitution and shall not be subject to subdivision (g) of Section 11011 of the Government Code.

(4) For the 1987–88 fiscal year, the levels specified in paragraph (3) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(5) For the 1988–89 fiscal year and each fiscal year thereafter, the foundation program level shall be the appropriations limit of the school district for the current fiscal year, plus amounts paid for any nonreimbursed court or federal mandates imposed on or after November 6, 1979, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

purpose apportionments and categorical aid subventions shall not
be considered proceeds of taxes for a school district.
(f) Each school district shall report to the Superintendent of
Public Instruction and to the Director of Finance at least annually

amount of its state aid apportionments and subventions included
within the proceeds of taxes of the school district, and amounts

prescribed by the Superintendent of Public Instruction and
approved by the Director of Finance.
(g) For the 1988–89 fiscal year and each fiscal year thereafter,
nothing in paragraph (2) of subdivision (e) shall be so construed
as to require that the amount determined pursuant to subdivision

(d) The agency may share facilities and systems for purposes of subdivision (b) with the private sector to the extent the costs for their use are reimbursed by the private sector.

(e) Proprietary information or information protected by state or federal privacy laws shall not be disclosed under this program.

(f) Notwithstanding Section 11005, donations and private grants may be accepted by the agency and shall not be subject to Section 11005.

(g) The Disaster Resistant Communities Fund is hereby created in the State Treasury. Upon appropriation by the Legislature, the Secretary of California Emergency Management may expend the moneys in the account for the costs associated with this section.

sector, or grant funds are received from the federal government, for these purposes.

SEC. 78. Section 8879.72 of the Government Code is amended to read:

8879.72. (a) To establish the funding shares for each eligible applicant described in paragraph (1) of subdivision (a) of Section 8879.71, the commission shall do the following prior to the commencement of a funding cycle:

(1) Determine the total amount of annual revenue generated from voter-approved sales taxes, voter-approved parcel or property taxes, and voter-approved bridge tolls dedicated to transportation improvements according to the most recent available data reported to the State Board of Equalization, the Controller, or the Bay Area Toll Authority.

(2) Establish a northern California and southern California share by attributing the proportional share of revenues from voter-approved sales taxes, voter-approved parcel or property taxes, and voter-approved bridge tolls dedicated to transportation improvements and imposed in counties in northern California to the northern share, and by attributing the proportional share of revenues from voter-approved sales taxes imposed in counties located in southern California to the southern share. The determination of whether a county is located in northern or southern California shall be based on the definitions set forth in Section 187 of the Streets and Highways Code.

(3) Program funds made available to the southern share, based on the determination in paragraph (2), shall be distributed to the entity responsible for programming and allocating revenues from the sales tax in proportion to the population of the county in which the entity is located compared to the total population of southern California counties with voter-approved sales taxes dedicated to transportation improvements. For the purpose of calculating population, the commission shall use the most recent information available from the Department of Finance.

(4) Program funds made available to the northern share, based on the determination in paragraph (2), shall be distributed as follows:

(A) Program funds generated by voter-approved bridge tolls and voter-approved parcel or property taxes dedicated to transportation improvements shall be distributed to the entity
responsible for programming and allocating revenues from the toll
or tax based on the proportional share of revenues generated by
the toll or tax by that entity in comparison to the total revenues
generated by voter-approved sales taxes, voter-approved parcel or
property taxes, and voter-approved bridge tolls dedicated to
transportation improvements in northern California.

(B) Program funds generated by voter-approved sales taxes
dedicated to transportation improvements shall be distributed to
the entity responsible for programming and allocating revenues
from the sales tax in proportion to the population of the county in
which the entity is located compared to the total population of the
northern California counties with voter-approved sales taxes
dedicated to transportation improvements. For the purposes of
calculating population, the commission shall use the most recent
information available from the Department of Finance.

(b) Under this section, each fiscal year in which funds are
appropriated for the program shall constitute a funding cycle.

(c) Each eligible applicant desiring to participate in the program
in any funding cycle under this section shall submit to the
commission all of the following:

(1) A description of the eligible project nominated for funding,
including a description of the project’s cost, scope, and specific
improvements and benefits it is anticipated to achieve.

(2) A description of the project’s current status, including the
phase of delivery the project is in at the time it is nominated for
funding and a schedule for the project’s completion.

(3) A description of how the project would support
transportation and land use planning goals within the region.

(4) The amount of eligible local matching funds the applicant
is committing to the project.

(5) The amount of program funds the applicant seeks from the
program for the project.

(d) The commission shall review nominated projects under this
section and their accompanying documentation to ensure that each
nominated project meets the requirements of this article and to
confirm that each project has a commitment of the requisite amount
of eligible local matching funds as required in this article. Upon
conducting the review of the requirements and determining the
proposed projects to be in compliance with this article, the projects
shall be deemed eligible.
(e) An eligible applicant that is identified to receive an allocation of funds under this section, but that does not submit a project for funding in a funding cycle, may utilize its funding share in a subsequent funding cycle.

(f) In addition to the requirements in subdivision (a), the commission shall, prior to the commencement of a funding cycle, calculate the amount of bond funds specified in subdivision (g) of Section 8879.23 that have not been appropriated and shall establish, using the distribution formula set forth in subdivision (a) of Section 8879.71, projected targets for the distribution of those funds for the purpose of planning consistent with Section 8879.501. The commission shall annually review and revise these projected targets.

SEC. 79. Section 11011.1 of the Government Code is amended to read:

11011.1. (a) Notwithstanding any other provision of law, except Article 8.5 (commencing with Section 54235) of Chapter 5 of Part 1 of Division 2 of Title 5, the disposal of surplus state real property by the Department of General Services shall be subject to the requirements of this section. For purposes of this section, “surplus state real property” means real property declared surplus by the Legislature and directed to be disposed of by the Department of General Services, including any real property previously declared surplus by the Legislature but not yet disposed of by the Department of General Services prior to the enactment of this section.

(b) (1) The department may dispose of surplus state real property by sale, lease, exchange, a sale combined with an exchange, or other manner of disposition of property, as authorized by the Legislature, upon any terms and conditions and subject to any reservations and exceptions the department deems to be in the best interests of the state.

(2) (A) The Legislature finds and declares that the provision of decent housing for all Californians is a state goal of the highest priority. The disposal of surplus state real property is a direct and substantial public purpose of statewide concern and will serve an important public purpose, including mitigating the environmental effects of state activities. Therefore, it is the intent of the Legislature that priority be given, as specified in this section, to the disposal of surplus state real property to housing for persons...
and families of low or moderate income, where land is suitable
for housing and there is a need for housing in the community.

(B) Surplus state real property that has been determined by the
department not to be needed by any state agency shall be offered
to any local agency, as defined in subdivision (a) of Section 54221,
and then to nonprofit affordable housing sponsors, prior to being
offered for sale to private entities or individuals. As used in this
subdivision, “nonprofit affordable housing sponsor” means any
of the following:

(i) A nonprofit corporation incorporated pursuant to Division
2 (commencing with Section 5000) of Title 1 of the Corporations
Code.
(ii) A cooperative housing corporation which is a stock
cooperative, as defined by Section 11003.2 of the Business and
Professions Code.
(iii) A limited-dividend housing corporation.

(C) The department, subject to this section, shall maintain a list
of surplus state real property in a conspicuous place on its Internet
Web site. The department shall provide local agencies and, upon
request, members of the public, with electronic notification of
updates to the list of properties.

(D) To be considered as a potential priority buyer of the surplus
state real property, a local agency or nonprofit affordable housing
sponsor shall notify the department of its interest in the surplus
state real property within 90 days of the department posting on its
Internet Web site the notice of the availability of the surplus state
real property. The local agency or nonprofit affordable housing
sponsor shall demonstrate, to the satisfaction of the department,
that the surplus state real property, or portion of that surplus state
real property, is to be used by the local agency or nonprofit
affordable housing sponsor for open space, public parks, affordable
housing projects, or development of local government-owned
facilities. When more than one local agency expresses an interest
in the surplus state real property, priority shall be given to the local
agency that intends to use the surplus state real property for
affordable housing. If no agreement or transfer of title occurs, the
priority shall next be given to the local agency that intends to use
the surplus state real property for open space, public parks, or
development of local government-owned facilities. The sales
agreement shall be executed by the local agency or nonprofit
affordable housing sponsor within 60 days after the director
determines the local agency or nonprofit affordable housing
sponsor is to receive the surplus state real property. The sale of
the surplus state real property to a local agency or nonprofit
affordable housing sponsor pursuant to this section shall be
completed, and title transferred, within 60 days of the date the
department executes the sales agreement, or, if required by law,
no later than 60 days after the State Public Works Board has
authorized the sale. If the sale of a surplus state real property to a
local agency or nonprofit affordable housing sponsor is not
completed within the timeframe specified in this subparagraph,
then the department shall proceed with the process for disposal to
other private entities or individuals.
(c) (1) If more than one local agency desires the surplus state
real property for use as an open space, a public park, or the
development of a local government-owned facility, the department
shall transfer the surplus state real property to the local agency
offering the highest price above fair market value. If more than
one local agency desires the surplus state real property for use as
an affordable housing project, the department shall transfer the
surplus state real property to the local agency offering the greatest
number of affordable housing units. If more than one nonprofit
affordable housing sponsor desires the surplus state real property
for use as an affordable housing project, the department shall
transfer the surplus state real property to the nonprofit affordable
housing sponsor offering the greatest number of affordable housing
units.
(2) If no local agency or nonprofit affordable housing sponsor
is interested, or an agreement, as provided above, is not reached,
then the disposal of the surplus state real property to private entities
or individuals shall be pursuant to a public bidding process
designed to obtain the highest most certain return for the state from
a responsible bidder, and any transaction based on such a bidding
process shall be deemed to be the fair market value for the purposes
of the reporting requirements pursuant to subdivision (d).
(3) Notwithstanding any other provision of law, the department
may sell surplus state real property, or a portion of surplus state
real property, to a local agency, or to a nonprofit affordable housing
sponsor if no local agency is interested in the surplus state real
property, for affordable housing projects at a sales price less than
fair market value if the department determines that such a discount will enable the provision of housing for persons and families of low or moderate income. Nothing shall preclude a local agency that purchases the surplus state real property for affordable housing from reconveying the surplus state real property to a nonprofit affordable housing sponsor for development of affordable housing. Transfer of title to the surplus state real property or lease of the surplus state real property for affordable housing shall be conditioned upon continued use of the surplus state real property as housing for persons and families of low and moderate income for at least 40 years and the department shall record a regulatory agreement that imposes affordability covenants, conditions, and restrictions on the surplus state real property. The regulatory agreement shall be a first priority lien on the surplus state real property and last for a period of at least 40 years, and if another state agency is lending funds for a project, a combined regulatory agreement shall be utilized. Notwithstanding any other provision of law, the regulatory agreement shall not be subordinated to any other lien or encumbrance except for any federal loan program the statutes or regulations of which require a first priority lien for that federal loan.

(4) Notwithstanding any other provision of law, the Director of General Services may transfer surplus state real property to a local agency for less than fair market value if the local agency uses the surplus state real property for parks or open-space purposes. The deed or other instrument of transfer shall provide that the surplus state real property would revert to the state if the use changed to a use other than parks or open-space purposes during the period of 25 years after the transfer date. For the purpose of this paragraph, “open-space purposes” means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

(d) Thirty days prior to executing a transaction for a sale, lease, exchange, a sale combined with an exchange, or other manner of disposition of the surplus state real property for less than fair market value or for affordable housing, or as authorized by the Legislature, the Director of General Services shall report to the chairpersons of the fiscal committees of the Legislature all of the following:

(1) The financial terms of the transaction.
(2) A comparison of fair market value for the surplus state real
property and the terms listed in paragraph (1).
(3) The basis for agreeing to terms and conditions other than
fair market value.
(e) As to surplus state real property sold or exchanged pursuant
to this section, the director shall except and reserve to the state all
mineral deposits, as described in Section 6407 of the Public
Resources Code, together with the right to prospect for, mine, and
remove the deposits. If, however, the director determines that there
is little or no potential for mineral deposits, the reservation may
be without surface right of entry above a depth of 500 feet, or the
rights to prospect for, mine, and remove the deposits shall be
limited to those areas of the surplus state real property conveyed
that the director determines to be reasonably necessary for the
removal of the deposits.
(f) The failure to comply with this section, except for subdivision
d, shall not invalidate the transfer or conveyance of surplus state
real property to a purchaser for value.
(g) For purposes of this section, fair market value is established
by an appraisal and economic evaluation conducted by the
department or approved by the department.
SEC. 80. Section 11011.2 of the Government Code is amended
to read:
11011.2. (a) (1) Notwithstanding any other law, including,
but not limited to, Sections 11011 and 14670, except as provided
in this section, the Department of General Services may lease real
property under the jurisdiction of a state agency, department, or
district agricultural association, if the Director of General Services
determines that the real property is of no immediate need to the
state but may have some potential future use to the program needs
of the agency, department, or district agricultural association.
(2) The Director of General Services may not lease any of the
following real property pursuant to this section:
(A) Tax-deeded land or lands under the jurisdiction of the State
Lands Commission.
(B) Land that has escheated to the state or that has been
distributed to the state by court decree in estates of deceased
persons.
(C) Lands under the jurisdiction of the State Coastal
Conservancy or another state conservancy.
(D) Lands under the jurisdiction of the Department of Transportation or the California State University system, or land owned by the Regents of the University of California.

(E) Lands under the jurisdiction of the Department of Parks and Recreation.

(F) Lands under the jurisdiction of the Department of Fish and Game.

(3) A lease entered into pursuant to this section shall be set at the amount of the lease’s fair market value, as determined by the Director of General Services. The Director of General Services may determine the length of term or a use of the lease, and specify any other terms and conditions which are determined to be in the best interest of the state.

(b) The Department of General Services may enter into a long-term lease of real property pursuant to this section that has outstanding lease revenue bonds and for which the real property cannot be disencumbered from the bonds, only if the issuer and trustee for the bonds approves the lease transaction, and this approval takes into consideration, among other things, that the proposed lease transaction does not breach a covenant or obligation of the issuer or trustee.

(c) (1) All issuer- and trustee-related costs for reviewing a proposed lease transaction pursuant to this section, and all other costs of the lease transaction related to the defeasance or other retirement of any bonds, including the cost of nationally recognized bond counsel, shall be paid from the proceeds of that lease.

(2) The Department of General Services shall be reimbursed for any reasonable costs or expenses incurred in conducting a transaction pursuant to this section.

(3) Notwithstanding subdivision (g) of Section 11011, the Department of General Services shall deposit into the General Fund the net proceeds of a lease entered into pursuant to this section, after deducting the amount of the reimbursement of costs incurred pursuant to this section or the reimbursement of adjustments to the General Fund loan made pursuant to Section 8 of Chapter 20 of the 2009–10 Fourth Extraordinary Session from the lease.

(d) The Department of General Services shall transmit a report to each house of the Legislature on or before June 30, 2011, and on or before June 30 each year thereafter, listing every new lease
that exceeds a period of five years entered into under the authority of this section and the following information regarding each listed lease:

(1) Lease payments.
(2) Length of the lease.
(3) Identification of the leasing parties.
(4) Identification of the leased property.
(5) Any other information the Director of General Services determines should be included in the report to adequately describe the material provisions of the lease.

SEC. 81. Section 11126 of the Government Code is amended to read:

11126. (a) (1) This article does not prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing.

(2) As a condition of holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against an employee at the closed session shall be null and void.

(3) The state body also may exclude from a public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body.

(4) Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

(b) For purposes of this section, “employee” does not include a person who is elected to, or appointed to a public office by, a state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees. Furthermore, for purposes of this section, “employee” includes a person exempt from civil service pursuant to subdivision (e) of Section 4 of Article VII of the California Constitution.
(c) This article does not do any of the following:

1. Prevent state bodies that administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

2. Prevent an advisory body of a state body that administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters that the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided that the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant’s qualifications for licensure and an inquiry specifically related to the state body’s enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

3. Prohibit a state body from holding a closed session to deliberate on a decision to be reached in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) or similar provisions of law.

4. Grant a right to enter a correctional institution or the grounds of a correctional institution if that right is not otherwise granted by law, and this article does not prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of an individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

5. Prevent a closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests that the donor or proposed donor has requested in writing to be kept confidential.

6. Prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

7. Prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.
(B) However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties that the negotiations may concern and the person or persons with whom its negotiator may negotiate.

(C) For purposes of this paragraph, the negotiator may be a member of the state body.

(D) For purposes of this paragraph, “lease” includes renewal or renegotiation of a lease.

(E) This paragraph does not preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (e).

(8) Prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

(9) Prevent the Bureau for Private Postsecondary Education from holding closed sessions to consider matters pertaining to the appointment or termination of the Executive Director of the Bureau for Private Postsecondary Education.

SEC. 82. Section 12715 of the Government Code is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit
Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county’s Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g) and the requirements specified in subdivision (h). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) Except as provided in Section 12715.5, the Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county. However, if only one city is within four miles of a tribal casino and that same casino is located entirely within the unincorporated area of that particular county, only one
elected representative from that city shall be included on the Indian Gaming Local Community Benefit Committee.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each Individual Tribal Casino Account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county’s Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local government jurisdiction to an individual Indian land upon which a tribal casino is located shall be used by each county’s Indian Gaming Local Community Benefit Committee to determine the relative priority for grants, using the following criteria:

(A) Whether the local government jurisdiction borders the Indian lands on all sides.

(B) Whether the local government jurisdiction partially borders Indian lands.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).
(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each Individual Tribal Casino Account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county’s Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each Individual Tribal Casino Account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county’s Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.
(A) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(B) Grants shall be subject to the sole sponsorship of the tribe that pays into the Indian Gaming Special Distribution Fund and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(2) If an eligible county does not have a tribal casino operated by a tribe that does not pay into the Indian Gaming Special Distribution Fund, the moneys available for discretionary grants under this subdivision shall be available for distribution pursuant to subdivision (d).

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county’s County Tribal Casino Account to make grants selected by the county’s Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g) and the requirements specified in subdivision (h).

(2) Funds not allocated from a county tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

(g) The following uses shall be the priorities for the receipt of grant moneys from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) In selecting grants pursuant to subdivision (b), an Indian Gaming Local Community Benefit Committee shall select only grant applications that mitigate impacts from casinos on local jurisdictions. If a local jurisdiction uses a grant selected pursuant to subdivision (b) for any unrelated purpose, the grant shall terminate immediately and any moneys not yet spent shall revert to the Indian Gaming Special Distribution Fund. If a local
jurisdiction approves an expenditure that mitigates an impact from
a casino on a local jurisdiction and that also provides other benefits
to the local jurisdiction, the grant selected pursuant to subdivision
(b) shall be used to finance only the proportionate share of the
expenditure that mitigates the impact from the casino.

(i) All grants from Individual Tribal Casino Accounts shall be
made only upon the affirmative sponsorship of the tribe paying
into the Indian Gaming Special Distribution Fund from whose
Individual Tribal Casino Account the grant moneys are available
for distribution. Tribal sponsorship shall confirm that the grant
application has a reasonable relationship to a casino impact and
satisfies at least one of the priorities listed in subdivision (g). A
grant may not be made for any purpose that would support or fund,
directly or indirectly, any effort related to the opposition or
challenge to Indian gaming in the state, and, to the extent any
awarded grant is utilized for any prohibited purpose by any local
government, upon notice given to the county by any tribe from
whose Individual Tribal Casino Account the awarded grant went
toward that prohibited use, the grant shall terminate immediately
and any moneys not yet used shall again be made available for
qualified nexus grants.

(j) A local government jurisdiction that is a recipient of a grant
from an Individual County Tribal Casino Account or a County
Tribal Casino Account shall provide notice to the public, either
through a slogan, signage, or other mechanism, stating that the
local government project has received funding from the Indian
Gaming Special Distribution Fund and further identifying the
particular Individual Tribal Casino Account from which the grant
derives.

(k) (1) Each county’s Indian Gaming Local Community Benefit
Committee shall submit to the Controller a list of approved projects
for funding from Individual Tribal Casino Accounts. Upon receipt
of this list, the Controller shall release the funds directly to the
local government entities for which a grant has been approved by
the committee.

(2) Funds not allocated from an Individual Tribal Casino
Account by the end of each fiscal year shall revert back to the
Indian Gaming Special Distribution Fund. Moneys allocated for
the 2003–04 fiscal year shall be eligible for expenditure through

(1) Notwithstanding any other law, a local government jurisdiction that receives a grant from an Individual Tribal Casino Account shall deposit all funds received in an interest-bearing account and use the interest from those funds only for the purpose of mitigating an impact from a casino. If any portion of the funds in the account is used for any other purpose, the remaining portion shall revert to the Indian Gaming Special Distribution Fund. As a condition of receiving further funds under this section, a local government jurisdiction, upon request of the county, shall demonstrate to the county that all expenditures made from the account have been in compliance with the requirements of this section.

date each year of July 1 shall be considered payables incurred in
the fiscal year in which the payment is issue dated.

The application of this subdivision shall be subject to the following:

1. The employer contribution with respect to each annuitant shall be adjusted by the employer each year. Those adjustments shall be based upon the principle that the employer contribution for each annuitant may not be less than the amount equal to 100 percent of the weighted average of the health benefits plan premiums for an employee or annuitant enrolled for self-alone, during the benefit year to which the formula is applied, for the four health benefit plans that had the largest agency enrollment, excluding family members, during the previous benefit year. For each annuitant with enrolled family members, the employer shall not pay an additional contribution.

2. The employer shall certify to the board, in the case of employees not represented by a bargaining unit, that there is not an applicable memorandum of understanding.

3. The credited service of an annuitant for the purpose of determining the percentage of employer contributions applicable under this section shall mean state service as defined in Section 20069, except that at least five years of credited service shall have been performed with the Alameda County Transportation Improvement Authority.

4. The employer shall provide the board any information requested that the board determines is necessary to implement this section.

(b) Notwithstanding subdivision (a), the contribution payable by the employer subject to this section shall be equal to 100 percent of the amount established pursuant to paragraph (1) of subdivision (a) on behalf of any annuitant who either:

1. Retired for disability.

2. Retired for service with 15 or more years of service credit entirely with that employer, regardless of the number of days after separation from employment. The contribution payable by the employer under this paragraph shall be paid only if it is greater than, and made in lieu of, a contribution payable to the annuitant by another employer under this part. The board shall establish
application procedures and eligibility criteria to implement this paragraph.

(c) This section applies only to the Alameda County Transportation Improvement Authority, or its successor, and only with regard to the employees of the agency who are first hired on or after October 1, 2004.

SEC. 89. Section 25331 of the Government Code is amended to read:

25331. It is the intent of the Legislature that the fees or charges authorized by this chapter are for optional services that the public may or may not choose to purchase, and are not taxes for the purposes of Article XIII A of the California Constitution.

SEC. 90. Section 31855.9 of the Government Code is amended to read:

31855.9. Upon the death of a member prior to retirement who was a member continuously for not less than 18 months immediately prior to the member’s death who is survived by a spouse with whom the member was living at the time of his or her death, the retirement system shall pay to the surviving spouse, in addition to all other payments due, if any, a lump sum supplemental survivorship benefit of two hundred fifty-five dollars ($255), as set forth in Section 31855.8 or 31855.12. If the member is not survived by a spouse with whom the member was living, the retirement system shall apply a lump sum supplemental survivorship benefit to reimburse the person who paid the funeral expenses of the member in an amount not to exceed two hundred fifty-five dollars ($255).

SEC. 91. Section 53601 of the Government Code is amended to read:

53601. This section shall apply to a local agency that is a city, a district, or other local agency that does not pool money in deposits or investments with other local agencies, other than local agencies that have the same governing body. However, Section 53635 shall apply to all local agencies that pool money in deposits or investments with other local agencies that have separate governing bodies. The legislative body of a local agency having moneys in a sinking fund or moneys in its treasury not required for the immediate needs of the local agency may invest any portion of the moneys that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any
securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency’s funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank’s customer book entry account may be used for book entry delivery.

For purposes of this section, “counterparty” means the other party to the transaction. A counterparty bank’s trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Registered treasury notes or bonds of any of the other 49 United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board,
agency, or authority of any of the other 49 United States, in addition to California.

(e) Bonds, notes, warrants, or other evidences of indebtedness of a local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(f) Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

(g) Bankers’ acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers’ acceptances shall not exceed 180 days’ maturity or 40 percent of the agency’s moneys that may be invested pursuant to this section. However, no more than 30 percent of the agency’s moneys may be invested in the bankers’ acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing moneys in its treasury in a manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(h) Commercial paper of “prime” quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical rating organization (NRSRO). The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (1) or (2):

(1) The entity meets the following criteria:
   (A) Is organized and operating in the United States as a general corporation.
   (B) Has total assets in excess of five hundred million dollars ($500,000,000).
   (C) Has debt other than commercial paper, if any, that is rated “A” or higher by an NRSRO.

(2) The entity meets the following criteria:
   (A) Is organized within the United States as a special purpose corporation, trust, or limited liability company.
   (B) Has programwide credit enhancements including, but not limited to, overcollateralization, letters of credit, or a surety bond.
(C) Has commercial paper that is rated “A-1” or higher, or the equivalent, by an NRSRO.

Eligible commercial paper shall have a maximum maturity of 270 days or less. Local agencies, other than counties or a city and county, may invest no more than 25 percent of their moneys in eligible commercial paper. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer. Counties or a city and county may invest in commercial paper pursuant to the concentration limits in subdivision (a) of Section 53635.

(i) Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit shall not exceed 30 percent of the agency’s moneys that may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the moneys are prohibited from investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or a person with investment decisionmaking authority in the administrative office manager’s office, budget office, auditor-controller’s office, or treasurer’s office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(j) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of securities authorized by this section, as long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on an investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities
that underlie a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:
(A) The security to be sold using a reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.
(B) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20 percent of the base value of the portfolio.
(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.
(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty using a reverse repurchase agreement or securities lending agreement shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) (A) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security may be made only upon prior approval of the governing body of the local agency and shall be made only with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.
(B) For purposes of this chapter, “significant banking relationship” means any of the following activities of a bank:

(i) Involvement in the creation, sale, purchase, or retirement of a local agency’s bonds, warrants, notes, or other evidence of indebtedness.
(ii) Financing of a local agency’s activities.
(iii) Acceptance of a local agency’s securities or funds as deposits.

(5) (A) “Repurchase agreement” means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank’s customer book-entry account may be used for book-entry delivery.

(B) “Securities,” for purposes of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) “Reverse repurchase agreement” means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) “Securities lending agreement” means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency’s pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.
(k) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated “A” or better by an NRSRO. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency’s moneys that may be invested pursuant to this section.

(l) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (k), inclusive, and subdivisions (m) to (o), inclusive, and that comply with the investment restrictions of this article and Article 2 (commencing with Section 53630). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company’s board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years’ experience investing in the securities and obligations authorized by subdivisions (a) to (k), inclusive, and subdivisions (m) to (o), inclusive, and with assets under management in excess of five hundred million dollars ($500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:
(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years’ experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include commission that the companies may charge and shall not exceed 20 percent of the agency’s moneys that may be invested pursuant to this section. However, no more than 10 percent of the agency’s funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(m) Moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

(n) Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank that is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(o) A mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough
certificate, or consumer receivable-backed bond of a maximum of
five years’ maturity. Securities eligible for investment under this
subdivision shall be issued by an issuer having an “A” or higher
rating for the issuer’s debt as provided by an NRSRO and rated in
a rating category of “AA” or its equivalent or better by an NRSRO.
Purchase of securities authorized by this subdivision may not
exceed 20 percent of the agency’s surplus moneys that may be
invested pursuant to this section.
(p) Shares of beneficial interest issued by a joint powers
authority organized pursuant to Section 6509.7 that invests in the
securities and obligations authorized in subdivisions (a) to (o),
inclusive. Each share shall represent an equal proportional interest
in the underlying pool of securities owned by the joint powers
authority. To be eligible under this section, the joint powers
authority issuing the shares shall have retained an investment
adviser that meets all of the following criteria:
1. The adviser is registered or exempt from registration with
   the Securities and Exchange Commission.

56375, the Marin Local Agency Formation Commission may

consolidation of the Sewerage Agency of Southern Marin and its
member districts, without protest hearings.
(b) If the commission initiates and approves the reorganization
or consolidation pursuant to subdivision (a), the commission may

(c) This section shall become effective on January 1, 2011.

(m) Any information or comments from the landowner or
owners, voters, or residents of the affected territory.
(n) Any information relating to existing land use designations.

SEC. 94. Section 63049.62 of the Government Code is amended
to read:
63049.62. Notwithstanding any other provision of this division,
a financing of the costs of claims of insolvent insurers upon the
request of the association pursuant to Section 1063.73 of the
Insurance Code shall be deemed to be in the public interest and
eligible for financing by the bank, and Article 3 (commencing with
Section 63040), Article 4 (commencing with Section 63042),
Article 5 (commencing with Section 63043), Article 6
(commencing with Section 63048), and Article 7 (commencing
with Section 63049) shall not apply to the financing provided by
the bank to, or at the request of, the association or the department
in connection with the fund. Notwithstanding any other provision
of this division, the bank shall have no authority over any matter
that is subject to the approval of the Insurance Commissioner under
Article 14.2 (commencing with Section 1063) of Chapter 1 of Part
2 of Division 1 of the Insurance Code.
SEC. 94.5. Section 63049.67 of the Government Code is
amended to read:
63049.67. (a) Notwithstanding any other provision of this
division, a financing of emergency apportionments upon the request

97
of a school district pursuant to Article 2.7 (commencing with Section 41329.50) of Chapter 3 of Part 24 of Division 3 of Title 2 of the Education Code, is deemed to be in the public interest and eligible for financing by the bank. Article 3 (commencing with Section 63040), Article 4 (commencing with Section 63042) and Article 5 (commencing with Section 63043) do not apply to the financing provided by the bank in connection with an emergency apportionment.

(b) The bank may issue bonds pursuant to Chapter 5 (commencing with Section 63070) and provide the proceeds to a school district pursuant to a lease agreement. The proceeds may be used as an emergency apportionment, to reimburse the interim emergency apportionment from the General Fund authorized pursuant to subdivision (b) of Section 41329.52 of the Education Code, or to refund bonds previously issued under this section. Bond proceeds may also be used to fund necessary reserves, capitalized interest, credit enhancement costs, and costs of issuance.

(c) Bonds issued under this article are not deemed to constitute a debt or liability of the state or of any political subdivision of the state, other than a limited obligation of the bank, or a pledge of the faith and credit of the state or of any political subdivision. All bonds issued under this article shall contain on the face of the bonds a statement to the same effect.

(d) Any fund or account established in connection with the bonds shall be established outside of the centralized treasury system. Notwithstanding any other law, the bank shall select the financing team and the trustee for the bonds, and the trustee shall be a corporation or banking association authorized to exercise corporate trust powers.

(e) Pursuant to Section 41329.55 of the Education Code, a school district other than the Compton Community College District shall instruct the Controller to repay the lease from moneys in the State School Fund designated for apportionment to the school district. Pursuant to Section 41329.55, if the school district is the Compton Community College District, the Controller shall be instructed to repay the lease from moneys in Section B of the State School Fund. Any amounts necessary to make this repayment shall be drawn from the total statewide funding available for community college apportionment consisting of funds in Section B of the State School Fund. Thereafter the Controller shall transfer to Section B of the
State School Fund, either in a single or multiple transfers, an amount equal to the total repayment, which amount shall be transferred from the amount designated for apportionment to the Compton Community College District from the State School Fund. If these transfers from the district prove inadequate to repay any repayments for any reason, the Compton Community College District is required to use any revenue sources available to it for transfer and repayment purposes.

(f) Notwithstanding any other law, as long as any bonds issued pursuant to this section are outstanding, the following requirements apply:

(1) The school district for which the bonds were issued is not eligible to be a debtor in a case under Chapter 9 of the United States Bankruptcy Code, as it may be amended from time to time, and no governmental officer or organization is or may be empowered to authorize the school district to be a debtor under that chapter.

(2) It is the intent of the Legislature that the Legislature should not in the future abolish the Compton Community College District or take any action that would prevent the Compton Community College from entering into or performing binding agreements or invalidate any prior binding agreements of the Compton Community College District, where invalidation may have a material adverse effect on the bonds issued pursuant to this section.

(3) The Compton Community College District shall not be reorganized or merged with another community college district unless all of the following apply:

(A) The successor district becomes by operation of law the owner of all property previously owned by the Compton Community College District.

(B) Any agreement entered into by the Compton Community College District in connection with bonds issued pursuant to this section are assumed by the successor district.

(C) The apportionment authorized by subdivision (e) remains in effect.

(D) Receipt by the bank of an opinion of bond counsel that the bonds issued for the Compton Community College District will remain tax exempt following the reorganization or merger.

(g) Nothing in this section limits the authority of the Legislature to abolish the Compton Community College District when bonds
issued for that district are no longer outstanding. Further, the
Legislature may provide for the redemption or defeasance of the
bonds at any time so that no bonds are outstanding. If the
Legislature provides for the redemption or defeasance of the bonds
issued for the Compton Community College District in order to
abolish that district, it is the intent of the Legislature that the funds
required for the redemption or defeasance should be appropriated
from Section B of the State School Fund.
(h) The bank may enter into contracts or agreements with banks,
insurers, or other financial institutions or parties that it determines
are necessary or desirable to improve the security and marketability
of, or to manage interest rates or other risks associated with, the
bonds issued pursuant to this section. The bank may pledge
apportionments made by the Controller directly to the bond trustee
pursuant to Section 41329.55 of the Education Code as security
for repayment of any obligation owed to a bank, insurer, or other
financial institution pursuant to this subdivision.
SEC. 95. Section 65080 of the Government Code is amended
to read:
65080. (a) Each transportation planning agency designated
under Section 29532 or 29532.1 shall prepare and adopt a regional
transportation plan directed at achieving a coordinated and balanced
regional transportation system, including, but not limited to, mass
transportation, highway, railroad, maritime, bicycle, pedestrian,
goods movement, and aviation facilities and services. The plan
shall be action-oriented and pragmatic, considering both the
short-term and long-term future, and shall present clear, concise
policy guidance to local and state officials. The regional
transportation plan shall consider factors specified in Section 134
of Title 23 of the United States Code. Each transportation planning
agency shall consider and incorporate, as appropriate, the
transportation plans of cities, counties, districts, private
organizations, and state and federal agencies.
(b) The regional transportation plan shall be an internally
consistent document and shall include all of the following:
(1) A policy element that describes the transportation issues in
the region, identifies and quantifies regional needs, and describes
the desired short-range and long-range transportation goals, and
pragmatic objective and policy statements. The objective and policy
statements shall be consistent with the funding estimates of the
financial element. The policy element of transportation planning agencies with populations that exceed 200,000 persons may quantify a set of indicators including, but not limited to, all of the following:

(A) Measures of mobility and traffic congestion, including, but not limited to, daily vehicle hours of delay per capita and vehicle miles traveled per capita.

(B) Measures of road and bridge maintenance and rehabilitation needs, including, but not limited to, roadway pavement and bridge conditions.

(C) Measures of means of travel, including, but not limited to, percentage share of all trips (work and nonwork) made by all of the following:
   (i) Single occupant vehicle.
   (ii) Multiple occupant vehicle or carpool.
   (iii) Public transit including commuter rail and intercity rail.
   (iv) Walking.
   (v) Bicycling.

(D) Measures of safety and security, including, but not limited to, total injuries and fatalities assigned to each of the modes set forth in subparagraph (C).

(E) Measures of equity and accessibility, including, but not limited to, percentage of the population served by frequent and reliable public transit, with a breakdown by income bracket, and percentage of all jobs accessible by frequent and reliable public transit service, with a breakdown by income bracket.

(F) The requirements of this section may be met utilizing existing sources of information. No additional traffic counts, household surveys, or other sources of data shall be required.

(2) A sustainable communities strategy prepared by each metropolitan planning organization as follows:

(A) No later than September 30, 2010, the State Air Resources Board shall provide each affected region with greenhouse gas emission reduction targets for the automobile and light truck sector for 2020 and 2035, respectively.

   (i) No later than January 31, 2009, the state board shall appoint a Regional Targets Advisory Committee to recommend factors to be considered and methodologies to be used for setting greenhouse gas emission reduction targets for the affected regions. The committee shall be composed of representatives of the metropolitan
planning organizations, affected air districts, the League of California Cities, the California State Association of Counties, local transportation agencies, and members of the public, including homebuilders, environmental organizations, planning organizations, environmental justice organizations, affordable housing organizations, and others. The advisory committee shall transmit a report with its recommendations to the state board no later than September 30, 2009. In recommending factors to be considered and methodologies to be used, the advisory committee may consider any relevant issues, including, but not limited to, data needs, modeling techniques, growth forecasts, the impacts of regional jobs-housing balance on interregional travel and greenhouse gas emissions, economic and demographic trends, the magnitude of greenhouse gas reduction benefits from a variety of land use and transportation strategies, and appropriate methods to describe regional targets and to monitor performance in attaining those targets. The state board shall consider the report prior to setting the targets.

(ii) Prior to setting the targets for a region, the state board shall exchange technical information with the metropolitan planning organization and the affected air district. The metropolitan planning organization may recommend a target for the region. The metropolitan planning organization shall hold at least one public workshop within the region after receipt of the report from the advisory committee. The state board shall release draft targets for each region no later than June 30, 2010.

(iii) In establishing these targets, the state board shall take into account greenhouse gas emission reductions that will be achieved by improved vehicle emission standards, changes in fuel composition, and other measures it has approved that will reduce greenhouse gas emissions in the affected regions, and prospective measures the state board plans to adopt to reduce greenhouse gas emissions from other greenhouse gas emission sources as that term is defined in subdivision (i) of Section 38505 of the Health and Safety Code and consistent with the regulations promulgated pursuant to the California Global Warming Solutions Act of 2006 (Division 25.5 (commencing with Section 38500) of the Health and Safety Code).

(iv) The state board shall update the regional greenhouse gas emission reduction targets every eight years consistent with each
metropolitan planning organization’s timeframe for updating its regional transportation plan under federal law until 2050. The state board may revise the targets every four years based on changes in the factors considered under clause (iii). The state board shall exchange technical information with the Department of Transportation, metropolitan planning organizations, local governments, and affected air districts and engage in a consultative process with public and private stakeholders prior to updating these targets.

(v) The greenhouse gas emission reduction targets may be expressed in gross tons, tons per capita, tons per household, or in any other metric deemed appropriate by the state board.

(B) Each metropolitan planning organization shall prepare a sustainable communities strategy, subject to the requirements of Part 450 of Title 23 of, and Part 93 of Title 40 of, the Code of Federal Regulations, including the requirement to utilize the most recent planning assumptions considering local general plans and other factors. The sustainable communities strategy shall (i) identify the general location of uses, residential densities, and building intensities within the region, (ii) identify areas within the region sufficient to house all the population of the region, including all economic segments of the population, over the course of the planning period of the regional transportation plan taking into account net migration into the region, population growth, household formation and employment growth, (iii) identify areas within the region sufficient to house an eight-year projection of the regional housing need for the region pursuant to Section 65584, (iv) identify a transportation network to service the transportation needs of the region, (v) gather and consider the best practically available scientific information regarding resource areas and farmland in the region as defined in subdivisions (a) and (b) of Section 65080.01, (vi) consider the state housing goals specified in Sections 65580 and 65581, (vii) set forth a forecasted development pattern for the region, which, when integrated with the transportation network, and other transportation measures and policies, will reduce the greenhouse gas emissions from automobiles and light trucks to achieve, if there is a feasible way to do so, the greenhouse gas emission reduction targets approved by the state board, and (viii) allow the regional transportation plan to comply with Section 176 of the federal Clean Air Act (42 U.S.C. Sec. 7506).
(C) (i) Within the jurisdiction of the Metropolitan Transportation Commission, as defined by Section 66502, the Association of Bay Area Governments shall be responsible for clauses (i), (ii), (iii), (v), and (vi) of subparagraph (B), the Metropolitan Transportation Commission shall be responsible for clauses (iv) and (viii) of subparagraph (B); and the Association of Bay Area Governments and the Metropolitan Transportation Commission shall jointly be responsible for clause (vii) of subparagraph (B).

(ii) Within the jurisdiction of the Tahoe Regional Planning Agency, as defined in Sections 66800 and 66801, the Tahoe Metropolitan Planning Organization shall use the Regional Plan for the Lake Tahoe Region as the sustainable community strategy, provided that it complies with clauses (vii) and (viii) of subparagraph (B).

(D) In the region served by the multicounty transportation planning agency described in Section 130004 of the Public Utilities Code, a subregional council of governments and the county transportation commission may work together to propose the sustainable communities strategy and an alternative planning strategy, if one is prepared pursuant to subparagraph (I), for that subregional area. The metropolitan planning organization may adopt a framework for a subregional sustainable communities strategy or a subregional alternative planning strategy to address the intraregional land use, transportation, economic, air quality, and climate policy relationships. The metropolitan planning organization shall include the subregional sustainable communities strategy for that subregion in the regional sustainable communities strategy to the extent consistent with this section and federal law and approve the subregional alternative planning strategy, if one is prepared pursuant to subparagraph (I), for that subregional area to the extent consistent with this section. The metropolitan planning organization shall develop overall guidelines, create public participation plans pursuant to subparagraph (F), ensure coordination, resolve conflicts, make sure that the overall plan complies with applicable legal requirements, and adopt the plan for the region.

(E) The metropolitan planning organization shall conduct at least two informational meetings in each county within the region for members of the board of supervisors and city councils on the
sustainable communities strategy and alternative planning strategy, if any. The metropolitan planning organization may conduct only one informational meeting if it is attended by representatives of the county board of supervisors and city council members representing a majority of the cities representing a majority of the population in the incorporated areas of that county. Notice of the meeting or meetings shall be sent to the clerk of the board of supervisors and to each city clerk. The purpose of the meeting or meetings shall be to discuss the sustainable communities strategy and the alternative planning strategy, if any, including the key land use and planning assumptions to the members of the board of supervisors and the city council members in that county and to solicit and consider their input and recommendations.

(F) Each metropolitan planning organization shall adopt a public participation plan, for development of the sustainable communities strategy and an alternative planning strategy, if any, that includes all of the following:

(i) Outreach efforts to encourage the active participation of a broad range of stakeholder groups in the planning process, consistent with the agency’s adopted Federal Public Participation Plan, including, but not limited to, affordable housing advocates, transportation advocates, neighborhood and community groups, environmental advocates, home builder representatives, broad-based business organizations, landowners, commercial property interests, and homeowner associations.

(ii) Consultation with congestion management agencies, transportation agencies, and transportation commissions.

(iii) Workshops throughout the region to provide the public with the information and tools necessary to provide a clear understanding of the issues and policy choices. At least one workshop shall be held in each county in the region. For counties with a population greater than 500,000, at least three workshops shall be held. Each workshop, to the extent practicable, shall include urban simulation computer modeling to create visual representations of the sustainable communities strategy and the alternative planning strategy.

(iv) Preparation and circulation of a draft sustainable communities strategy and an alternative planning strategy, if one is prepared, not less than 55 days before adoption of a final regional transportation plan.
(v) At least three public hearings on the draft sustainable communities strategy in the regional transportation plan and alternative planning strategy, if one is prepared. If the metropolitan transportation organization consists of a single county, at least two public hearings shall be held. To the maximum extent feasible, the hearings shall be in different parts of the region to maximize the opportunity for participation by members of the public throughout the region.

(vi) A process for enabling members of the public to provide a single request to receive notices, information, and updates.

(G) In preparing a sustainable communities strategy, the metropolitan planning organization shall consider spheres of influence that have been adopted by the local agency formation commissions within its region.

(H) Prior to adopting a sustainable communities strategy, the metropolitan planning organization shall quantify the reduction in greenhouse gas emissions projected to be achieved by the sustainable communities strategy and set forth the difference, if any, between the amount of that reduction and the target for the region established by the state board.

(I) If the sustainable communities strategy, prepared in compliance with subparagraph (B) or (D), is unable to reduce greenhouse gas emissions to achieve the greenhouse gas emission reduction targets established by the state board, the metropolitan planning organization shall prepare an alternative planning strategy to the sustainable communities strategy showing how those greenhouse gas emission targets would be achieved through alternative development patterns, infrastructure, or additional transportation measures or policies. The alternative planning strategy shall be a separate document from the regional transportation plan, but it may be adopted concurrently with the regional transportation plan. In preparing the alternative planning strategy, the metropolitan planning organization:

(i) Shall identify the principal impediments to achieving the targets within the sustainable communities strategy.

(ii) May include an alternative development pattern for the region pursuant to subparagraphs (B) to (G), inclusive.

(iii) Shall describe how the greenhouse gas emission reduction targets would be achieved by the alternative planning strategy, and why the development pattern, measures, and policies in the
alternative planning strategy are the most practicable choices for achievement of the greenhouse gas emission reduction targets.

(iv) An alternative development pattern set forth in the alternative planning strategy shall comply with Part 450 of Title 23 of, and Part 93 of Title 40 of, the Code of Federal Regulations, except to the extent that compliance will prevent achievement of the greenhouse gas emission reduction targets approved by the state board.

(v) For purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), an alternative planning strategy shall not constitute a land use plan, policy, or regulation, and the inconsistency of a project with an alternative planning strategy shall not be a consideration in determining whether a project may have an environmental effect.

(J) (i) Prior to starting the public participation process adopted pursuant to subparagraph (F), the metropolitan planning organization shall submit a description to the state board of the technical methodology it intends to use to estimate the greenhouse gas emissions from its sustainable communities strategy and, if appropriate, its alternative planning strategy. The state board shall respond to the metropolitan planning organization in a timely manner with written comments about the technical methodology, including specifically describing any aspects of that methodology it concludes will not yield accurate estimates of greenhouse gas emissions, and suggested remedies. The metropolitan planning organization is encouraged to work with the state board until the state board concludes that the technical methodology operates accurately.

(ii) After adoption, a metropolitan planning organization shall submit a sustainable communities strategy or an alternative planning strategy, if one has been adopted, to the state board for review, including the quantification of the greenhouse gas emission reductions the strategy would achieve and a description of the technical methodology used to obtain that result. Review by the state board shall be limited to acceptance or rejection of the metropolitan planning organization’s determination that the strategy submitted would, if implemented, achieve the greenhouse gas emission reduction targets established by the state board. The state board shall complete its review within 60 days.
(iii) If the state board determines that the strategy submitted would not, if implemented, achieve the greenhouse gas emission reduction targets, the metropolitan planning organization shall revise its strategy or adopt an alternative planning strategy, if not previously adopted, and submit the strategy for review pursuant to clause (ii). At a minimum, the metropolitan planning organization must obtain state board acceptance that an alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets established for that region by the state board.

(K) Neither a sustainable communities strategy nor an alternative planning strategy regulates the use of land, nor, except as provided by subparagraph (J), shall either one be subject to any state approval. Nothing in a sustainable communities strategy shall be interpreted as superseding the exercise of the land use authority of cities and counties within the region. Nothing in this section shall be interpreted to limit the state board’s authority under any other provision of law. Nothing in this section shall be interpreted to authorize the abrogation of any vested right whether created by statute or by common law. Nothing in this section shall require a city’s or county’s land use policies and regulations, including its general plan, to be consistent with the regional transportation plan or an alternative planning strategy. Nothing in this section requires a metropolitan planning organization to approve a sustainable communities strategy that would be inconsistent with Part 450 of Title 23 of, or Part 93 of Title 40 of, the Code of Federal Regulations and any administrative guidance under those regulations. Nothing in this section relieves a public or private entity or any person from compliance with any other local, state, or federal law.

(L) Nothing in this section requires projects programmed for funding on or before December 31, 2011, to be subject to the provisions of this paragraph if they (i) are contained in the 2007 or 2009 Federal Statewide Transportation Improvement Program, (ii) are funded pursuant to Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2, or (iii) were specifically listed in a ballot measure prior to December 31, 2008, approving a sales tax increase for transportation projects. Nothing in this section shall require a transportation sales tax authority to change the funding allocations approved by the voters for categories of
transportation projects in a sales tax measure adopted prior to December 31, 2010. For purposes of this subparagraph, a transportation sales tax authority is a district, as defined in Section 7252 of the Revenue and Taxation Code, that is authorized to impose a sales tax for transportation purposes.

(M) A metropolitan planning organization, or a regional transportation planning agency not within a metropolitan planning organization, that is required to adopt a regional transportation plan not less than every five years, may elect to adopt the plan not less than every four years. This election shall be made by the board of directors of the metropolitan planning organization or regional transportation planning agency no later than June 1, 2009, or thereafter 54 months prior to the statutory deadline for the adoption of housing elements for the local jurisdictions within the region, after a public hearing at which comments are accepted from members of the public and representatives of cities and counties within the region covered by the metropolitan planning organization or regional transportation planning agency. Notice of the public hearing shall be given to the general public and by mail to cities and counties within the region no later than 30 days prior to the date of the public hearing. Notice of election shall be promptly given to the Department of Housing and Community Development. The metropolitan planning organization or the regional transportation planning agency shall complete its next regional transportation plan within three years of the notice of election.

(N) Two or more of the metropolitan planning organizations for Fresno County, Kern County, Kings County, Madera County, Merced County, San Joaquin County, Stanislaus County, and Tulare County may work together to develop and adopt multiregional goals and policies that may address interregional land use, transportation, economic, air quality, and climate relationships. The participating metropolitan planning organizations may also develop a multiregional sustainable communities strategy, to the extent consistent with federal law, or an alternative planning strategy for adoption by the metropolitan planning organizations. Each participating metropolitan planning organization shall consider any adopted multiregional goals and policies in the development of a sustainable communities strategy and, if applicable, an alternative planning strategy for its region.
(3) An action element that describes the programs and actions necessary to implement the plan and assigns implementation responsibilities. The action element may describe all transportation projects proposed for development during the 20-year or greater life of the plan. The action element shall consider congestion management programming activities carried out within the region.

(4) (A) A financial element that summarizes the cost of plan implementation constrained by a realistic projection of available revenues. The financial element shall also contain recommendations for allocation of funds. A county transportation commission created pursuant to Section 130000 of the Public Utilities Code shall be responsible for recommending projects to be funded with regional improvement funds, if the project is consistent with the regional transportation plan. The first five years of the financial element shall be based on the five-year estimate of funds developed pursuant to Section 14524. The financial element may recommend the development of specified new sources of revenue, consistent with the policy element and action element.

(B) The financial element of transportation planning agencies with populations that exceed 200,000 persons may include a project cost breakdown for all projects proposed for development during the 20-year life of the plan that includes total expenditures and related percentages of total expenditures for all of the following:

(i) State highway expansion.
(ii) State highway rehabilitation, maintenance, and operations.
(iii) Local road and street expansion.
(iv) Local road and street rehabilitation, maintenance, and operation.
(v) Mass transit, commuter rail, and intercity rail expansion.
(vi) Mass transit, commuter rail, and intercity rail rehabilitation, maintenance, and operations.
(vii) Pedestrian and bicycle facilities.
(viii) Environmental enhancements and mitigation.
(ix) Research and planning.
(x) Other categories.

(C) The metropolitan planning organization or county transportation agency, whichever entity is appropriate, shall consider financial incentives for cities and counties that have resource areas or farmland, as defined in Section 65080.01, for the purposes of, for example, transportation investments for the
preservation and safety of the city street or county road system
and farm-to-market and interconnectivity transportation needs.
The metropolitan planning organization or county transportation
agency, whichever entity is appropriate, shall also consider
financial assistance for counties to address countywide service
responsibilities in counties that contribute toward the greenhouse
gas emission reduction targets by implementing policies for growth
to occur within their cities.
(c) Each transportation planning agency may also include other
factors of local significance as an element of the regional
transportation plan, including, but not limited to, issues of mobility
for specific sectors of the community, including, but not limited
to, senior citizens.
(d) Except as otherwise provided in this subdivision, each
transportation planning agency shall adopt and submit, every four
years, an updated regional transportation plan to the California
Transportation Commission and the Department of Transportation.
A transportation planning agency located in a federally designated
air quality attainment area or that does not contain an urbanized
area may at its option adopt and submit a regional transportation
plan every five years. When applicable, the plan shall be consistent
with federal planning and programming requirements and shall
conform to the regional transportation plan guidelines adopted by
the California Transportation Commission. Prior to adoption of
the regional transportation plan, a public hearing shall be held after
the giving of notice of the hearing by publication in the affected
county or counties pursuant to Section 6061.

SEC. 96. Section 65583 of the Government Code is amended
to read:
65583. The housing element shall consist of an identification
and analysis of existing and projected housing needs and a
statement of goals, policies, quantified objectives, financial
resources, and scheduled programs for the preservation,
 improvement, and development of housing. The housing element
shall identify adequate sites for housing, including rental housing,
factory-built housing, mobilehomes, and emergency shelters, and
shall make adequate provision for the existing and projected needs
of all economic segments of the community. The element shall
contain all of the following:
(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include all of the following:

1. An analysis of population and employment trends and documentation of projections and a quantification of the locality’s existing and projected housing needs for all income levels, including extremely low income households, as defined in subdivision (b) of Section 50105 and Section 50106 of the Health and Safety Code. These existing and projected needs shall include the locality’s share of the regional housing need in accordance with Section 65584. Local agencies shall calculate the subset of very low income households allotted under Section 65584 that qualify as extremely low income households. The local agency may either use available census data to calculate the percentage of very low income households that qualify as extremely low income households or presume that 50 percent of the very low income households qualify as extremely low income households. The number of extremely low income households and very low income households shall equal the jurisdiction’s allocation of very low income households pursuant to Section 65584.

2. An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

3. An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

4. (A) The identification of a zone or zones where emergency shelters are allowed as a permitted use without a conditional use or other discretionary permit. The identified zone or zones shall include sufficient capacity to accommodate the need for emergency shelter identified in paragraph (7), except that each local government shall identify a zone or zones that can accommodate at least one year-round emergency shelter. If the local government cannot identify a zone or zones with sufficient capacity, the local government shall include a program to amend its zoning ordinance to meet the requirements of this paragraph within one year of the adoption of the housing element. The local government may identify additional zones where emergency shelters are permitted
with a conditional use permit. The local government shall also
demonstrate that existing or proposed permit processing,
development, and management standards are objective and
encourage and facilitate the development of, or conversion to,
emergency shelters. Emergency shelters may only be subject to
those development and management standards that apply to
residential or commercial development within the same zone except
that a local government may apply written, objective standards
that include all of the following:

(i) The maximum number of beds or persons permitted to be
served nightly by the facility.

(ii) Off-street parking based upon demonstrated need, provided
that the standards do not require more parking for emergency
shelters than for other residential or commercial uses within the
same zone.

(iii) The size and location of exterior and interior onsite waiting
and client intake areas.

(iv) The provision of onsite management.

(v) The proximity to other emergency shelters, provided that
emergency shelters are not required to be more than 300 feet apart.

(vi) The length of stay.

(vii) Lighting.

(viii) Security during hours that the emergency shelter is in
operation.

(B) The permit processing, development, and management
standards applied under this paragraph shall not be deemed to be
discretionary acts within the meaning of the California
Environmental Quality Act (Division 13 (commencing with Section
21000) of the Public Resources Code).

(C) A local government that can demonstrate to the satisfaction
of the department the existence of one or more emergency shelters
either within its jurisdiction or pursuant to a multijurisdictional
agreement that can accommodate that jurisdiction’s need for
emergency shelter identified in paragraph (7) may comply with
the zoning requirements of subparagraph (A) by identifying a zone
or zones where new emergency shelters are allowed with a
conditional use permit.

(D) A local government with an existing ordinance or ordinances
that comply with this paragraph shall not be required to take
additional action to identify zones for emergency shelters. The
housing element must only describe how existing ordinances, policies, and standards are consistent with the requirements of this paragraph.

(5) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the types of housing identified in paragraph (1) of subdivision (c), and for persons with disabilities as identified in the analysis pursuant to paragraph (7), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584 and from meeting the need for housing for persons with disabilities, supportive housing, transitional housing, and emergency shelters identified pursuant to paragraph (7). Transitional housing and supportive housing shall be considered a residential use of property, and shall be subject only to those restrictions that apply to other residential dwellings of the same type in the same zone.

(6) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(7) An analysis of any special housing needs, such as those of the elderly, persons with disabilities, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter. The need for emergency shelter shall be assessed based on annual and seasonal need. The need for emergency shelter may be reduced by the number of supportive housing units that are identified in an adopted 10-year plan to end chronic homelessness and that are either vacant or for which funding has been identified to allow construction during the planning period.

(8) An analysis of opportunities for energy conservation with respect to residential development. Cities and counties are encouraged to include weatherization and energy efficiency improvements as part of publicly subsidized housing rehabilitation projects. This may include energy efficiency measures that
(9) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. “Assisted housing developments,” for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. “Assisted housing developments” shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use, and the total number of elderly and nonelderly units that could be lost from the locality’s low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program
funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community’s goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community’s ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category, including extremely low income, that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a schedule of actions during the planning period, each with a timeline for implementation, which may recognize that certain programs are ongoing, such that there will be beneficial impacts of the programs within the planning period, that the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, the provision of regulatory concessions and incentives, the utilization of appropriate federal and state financing and subsidy programs when available, and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify actions that will be taken to make sites available during the planning period of the general plan with appropriate zoning and development standards and with services and facilities
to accommodate that portion of the city’s or county’s share of the
regional housing need for each income level that could not be
accommodated on sites identified in the inventory completed
pursuant to paragraph (3) of subdivision (a) without rezoning, and
to comply with the requirements of Section 65584.09. Sites shall
be identified as needed to facilitate and encourage the development
of a variety of types of housing for all income levels, including
multifamily rental housing, factory-built housing, mobilehomes,
housing for agricultural employees, supportive housing,
single-room occupancy units, emergency shelters, and transitional
housing.

(A) Where the inventory of sites, pursuant to paragraph (3) of
subdivision (a), does not identify adequate sites to accommodate
the need for groups of all household income levels pursuant to
Section 65584, rezoning of those sites, including adoption of
minimum density and development standards, for jurisdictions
with an eight-year housing element planning period pursuant to
Section 65588, shall be completed no later than three years after
either the date the housing element is adopted pursuant to
subdivision (f) of Section 65585 or the date that is 90 days after
receipt of comments from the department pursuant to subdivision
(b) of Section 65585, whichever is earlier, unless the deadline is
extended pursuant to subdivision (f). Notwithstanding the
foregoing, for a local government that fails to adopt a housing
element within 120 days of the statutory deadline in Section 65588
for adoption of the housing element, rezoning of those sites,
including adoption of minimum density and development standards,
shall be completed no later than three years and 120 days from the
statutory deadline in Section 65588 for adoption of the housing
element.

(B) Where the inventory of sites, pursuant to paragraph (3) of
subdivision (a), does not identify adequate sites to accommodate
the need for groups of all household income levels pursuant to
Section 65584, the program shall identify sites that can be
developed for housing within the planning period pursuant to
subdivision (h) of Section 65583.2. The identification of sites shall
include all components specified in subdivision (b) of Section
65583.2.

(C) Where the inventory of sites pursuant to paragraph (3) of
subdivision (a) does not identify adequate sites to accommodate
the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.

(2) Assist in the development of adequate housing to meet the needs of extremely low, very low, low-, and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove constraints to, and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability.

(6) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (9) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (9) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(7) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.
(d) (1) A local government may satisfy all or part of its requirement to identify a zone or zones suitable for the development of emergency shelters pursuant to paragraph (4) of subdivision (a) by adopting and implementing a multijurisdictional agreement, with a maximum of two other adjacent communities, that requires the participating jurisdictions to develop at least one year-round emergency shelter within two years of the beginning of the planning period.

(2) The agreement shall allocate a portion of the new shelter capacity to each jurisdiction as credit towards its emergency shelter need, and each jurisdiction shall describe how the capacity was allocated as part of its housing element.

(3) Each member jurisdiction of a multijurisdictional agreement shall describe in its housing element all of the following:

(A) How the joint facility will meet the jurisdiction’s emergency shelter need.

(B) The jurisdiction’s contribution to the facility for both the development and ongoing operation and management of the facility.

(C) The amount and source of the funding that the jurisdiction contributes to the facility.

(4) The aggregate capacity claimed by the participating jurisdictions in their housing elements shall not exceed the actual capacity of the shelter.

(e) Except as otherwise provided in this article, amendments to this article that alter the required content of a housing element shall apply to both of the following:

(1) A housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, when a city, county, or city and county submits a draft to the department for review pursuant to Section 65585 more than 90 days after the effective date of the amendment to this section.

(2) Any housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, when the city, county, or city and county fails to submit the first draft to the department before the due date specified in Section 65588 or 65584.02.

(f) The deadline for completing required rezoning pursuant to subparagraph (A) of paragraph (1) of subdivision (c) shall be extended by one year if the local government has completed the
rezoning at densities sufficient to accommodate at least 75 percent of the units for low- and very low income households and if the legislative body at the conclusion of a public hearing determines, based upon substantial evidence, that any of the following circumstances exist:

(1) The local government has been unable to complete the rezoning because of the action or inaction beyond the control of the local government of any other state, federal, or local agency.

(2) The local government is unable to complete the rezoning because of infrastructure deficiencies due to fiscal or regulatory constraints.

(3) The local government must undertake a major revision to its general plan in order to accommodate the housing-related policies of a sustainable communities strategy or an alternative planning strategy adopted pursuant to Section 65080.

The resolution and the findings shall be transmitted to the department together with a detailed budget and schedule for preparation and adoption of the required rezonings, including plans for citizen participation and expected interim action. The schedule shall provide for adoption of the required rezoning within one year of the adoption of the resolution.

(g) (1) If a local government fails to complete the rezoning by the deadline provided in subparagraph (A) of paragraph (1) of subdivision (c), as it may be extended pursuant to subdivision (f), except as provided in paragraph (2), a local government may not disapprove a housing development project, nor require a conditional use permit, planned unit development permit, or other locally imposed discretionary permit, or impose a condition that would render the project infeasible, if the housing development project (A) is proposed to be located on a site required to be rezoned pursuant to the program action required by that subparagraph and (B) complies with applicable, objective general plan and zoning standards and criteria, including design review standards, described in the program action required by that subparagraph. Any subdivision of sites shall be subject to the Subdivision Map Act (Division 2 (commencing with Section 66410)). Design review shall not constitute a “project” for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code.
A local government may disapprove a housing development described in paragraph (1) if it makes written findings supported by substantial evidence on the record that both of the following conditions exist:

(A) The housing development project would have a specific, adverse impact upon the public health or safety unless the project is disapproved or approved upon the condition that the project be developed at a lower density. As used in this paragraph, a “specific, adverse impact” means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(B) There is no feasible method to satisfactorily mitigate or avoid the adverse impact identified pursuant to paragraph (1), other than the disapproval of the housing development project or the approval of the project upon the condition that it be developed at a lower density.

The applicant or any interested person may bring an action to enforce this subdivision. If a court finds that the local agency disapproved a project or conditioned its approval in violation of this subdivision, the court shall issue an order or judgment compelling compliance within 60 days. The court shall retain jurisdiction to ensure that its order or judgment is carried out. If the court determines that its order or judgment has not been carried out within 60 days, the court may issue further orders to ensure that the purposes and policies of this subdivision are fulfilled. In any such action, the city, county, or city and county shall bear the burden of proof.

For purposes of this subdivision, “housing development project” means a project to construct residential units for which the project developer provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of at least 49 percent of the housing units for very low, low-, and moderate-income households with an affordable housing cost or affordable rent, as defined in Section 50052.5 or 50053 of the Health and Safety Code, respectively, for the period required by the applicable financing.

An action to enforce the program actions of the housing element shall be brought pursuant to Section 1085 of the Code of Civil Procedure.

(G) To the extent the plan may include the transfer of assets or services from a local agency to the authority pursuant to Section 66540.11, that transfer shall be subject to negotiation and agreement by the local agency. The authority and the local agency shall negotiate and agree on fair terms, including just compensation, prior to any transfer authorized by this title.

(H) An initial five-year Capital Improvement Program (CIP) detailing how the authority and its local agency partners plan to support financing and completion of capital improvement projects, including, but not limited to, those described in subparagraph (C), that are required to support the operation of transferred ferry services. city’s general plan, its redevelopment plans, and its development
and disposition agreements for projects related to the provision of
water transportation services. Those projects include, but are not
limited to, the construction of parking facilities and transit transfer
facilities within close proximity of a ferry terminal or the relocation
of a ferry terminal.

(c) In developing the plans described in subdivisions (a) and
(b), the authority shall cooperate to the fullest extent possible with
the Metropolitan Transportation Commission, the California
Emergency Management Agency (Cal EMA), the Association of
Bay Area Governments, and the San Francisco Bay Conservation
and Development Commission, and shall, to the fullest extent
possible, coordinate its planning with local agencies, including
those local agencies that operated, or contracted for the operation
of, public water transportation services as of the effective date of
this title. To avoid duplication of work, the authority shall make
maximum use of data and information available from the planning
programs of the Metropolitan Transportation Commission, (Cal
EMA), the Association of Bay Area Governments, the San
Francisco Bay Conservation and Development Commission, the
cities and counties in the San Francisco Bay area, and other public
and private planning agencies. In addition, the authority shall

plans in consultation with existing operators of public ferry services
affected by the plans. The public input process shall include at

moneys from the local courthouse construction fund.

(c) The authority for all of the following shall expire

SEC. 101. Section 76000 of the Government Code is amended to read:

76000. (a) (1) Except as otherwise provided in this section, in each county there shall be levied an additional penalty in the amount of seven dollars ($7) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code.

(2) The additional penalty shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code. The moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(3) This additional penalty does not apply to the following:

(A) A restitution fine.

(B) A penalty authorized by Section 1464 of the Penal Code or this chapter.

(C) A parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50). The moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to
any division pursuant to Section 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In cities, districts, or other issuing agencies that elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, the city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section.

Each agency that elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation that is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. An issuing agency shall not be required to contribute revenues to a fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) The county treasurer shall deposit one dollar ($1) of every two dollars and fifty cents ($2.50) collected pursuant to subdivision (b) into the general fund of the county.

(d) The authority to impose the two-dollar-and-fifty-cent ($2.50) penalty authorized by subdivision (b) shall be reduced to one dollar ($1) as of the date of transfer of responsibility for facilities from the county to the Judicial Council pursuant to Article 3 (commencing with Section 70321) of Chapter 5.7, except as moneys are needed to pay for construction provided for in Section 76100 and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council.

(e) The seven-dollar ($7) additional penalty authorized by subdivision (a) shall be reduced in each county by the additional penalty amount assessed by the county for the local courthouse construction fund established by Section 76100 as of January 1, 1998, when the moneys in that fund are transferred to the state under Section 70402. The amount each county shall charge as an additional penalty under this section shall be as follows:

(c) Moneys collected pursuant to subdivision (a) shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code.

(d) Funds collected pursuant to this section shall be deposited into the Maddy Emergency Medical Services (EMS) Fund established pursuant to Section 1797.98a of the Health and Safety Code.

(2) The penalty imposed by this section shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code. The moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The board of supervisors shall establish in the county treasury a DNA Identification Fund into which shall be deposited the moneys collected pursuant to this section. The moneys of the fund shall be allocated pursuant to subdivision (b).
(3) The additional penalty does not apply to the following:
(A) A restitution fine.
(B) A penalty authorized by Section 1464 of the Penal Code or this chapter.
(C) A parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.
(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(b) (1) The fund moneys described in subdivision (a), together with any interest earned thereon, shall be held by the county treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code. Deposits to the fund may continue through and including the 20th year after the initial calendar year in which the surcharge is collected, or longer if and as necessary to make payments upon any lease or leaseback arrangement utilized to finance any of the projects specified herein.
(2) On the last day of each calendar quarter of the year specified in this subdivision, the county treasurer shall transfer fund moneys in the county’s DNA Identification Fund to the Controller for credit to the state’s DNA Identification Fund, which is hereby established in the State Treasury, as follows:

district attorney, and regional state crime laboratories for expenditures and administrative costs made or incurred in connection with the processing, analysis, tracking, and storage of DNA crime scene samples from cases in which DNA evidence would be useful in identifying or prosecuting suspects, including the procurement of equipment and software for the processing, analysis, tracking, and storage of DNA crime scene samples from unsolved cases.

(4) The state’s DNA Identification Fund shall be administered by the Department of Justice. Funds in the state’s DNA Identification Fund, upon appropriation by the Legislature, shall be used by the Attorney General only to support DNA testing in the state and to offset the impacts of increased testing and shall be allocated as follows:

SEC. 104. Section 91530 of the Government Code is amended to read:

91530. (a) Applications for projects or companies not in accordance with the reasonable priorities and criteria that an authority may establish need not be accepted and further processed by an authority.

(b) Acceptance of any application in no way obligates an authority to adopt a resolution of intention or undertake the project proposed.

(c) Upon acceptance of any application and request of a company, the board shall determine whether it is likely that the undertaking of the project by the authority will be a substantial factor in the accrual of one or more of the public benefits from the use of the facilities, including equipment, as proposed in the application, whether the activities or uses are in accord with Section 91503, and whether the project is otherwise in accord with the purposes and requirements of this title.

(d) Upon affirmative determinations under subdivision (c), the board may express the present intention of the authority to issue bonds in connection with the project and shall evidence the same by the adoption of a resolution of intention to undertake the project. The resolution of intention shall briefly describe the facilities, state the estimated principal amount of the bond issue (which estimate shall not limit the amount of bonds which may be issued), indicate whether it is expected that the bonds will be tax-exempt or taxable, and identify the company that is the applicant, and may include other provisions as the board shall prescribe.

(e) A notice of the filing of an application, naming the company that is the applicant, briefly describing the facilities, stating the estimated principal amount of the bond issue and referring to the
application for further particulars, shall be published by the
secretary of the authority pursuant to Section 6061, and in the
event the facilities are proposed to be located in a city and the
project is proposed to be undertaken by an authority the jurisdiction
of which is countywide, a copy of the notice shall be mailed by
the secretary of the authority to the governing body of the city.
Any amendment, supplement, or clarification of an application
that changes the company that is the applicant, the description of
the facilities, or the estimated principal amount of the bond issue,
as previously noticed, shall be noticed in the same manner.
(f) A copy of the application shall be filed with the public
agency. The authority shall not issue bonds with respect to any
project unless the public agency shall approve, conditionally or
unconditionally, the project, including the issuance of bonds
therefor. Action to approve or disapprove a project shall be taken
within 45 days of the filing with the public agency. Certification
of approval or disapproval shall be made by the clerk of the public
agency to the authority. If the governing body has declared itself
to be the board pursuant to Section 91523, the approvals and other
actions required of the authority or the public agency by this section
may be taken and performed on a joint and consolidated basis, as
may be deemed practicable in the discretion of the public agency.
(g) A resolution of intention may be revoked, amended,
supplemented or clarified by the board, at any time prior to entry
into the project agreements. The project agreements, indenture,
bonds and other proceedings shall be consistent with the resolution
of intention, and shall supersede it except to the extent otherwise
expressed.

on the same basis as other property, or shall cause the same to be
provided by others to the satisfaction of the authority.
(f) The amounts payable pursuant to the project agreements to
or for the benefit of an authority shall in the aggregate not be less

by the authority to pay the cost of the project, (2) to maintain any
required reserves, (3) to make payments as may be required into
any sinking fund or other similar fund, and (4) to pay those

those bonds and all other obligations incurred by an authority in

funds for that payment shall have been otherwise provided.

board are necessary or appropriate to effectuate the purposes of

or is entitled to be in possession of the facilities or for payment in
the event of sale or other transfer of ownership of or the

including the allocation of responsibility between the authority
and the company regarding the payment of administrative expenses
and costs of issuance, the acquisition of property, the making of

unconditional and shall be binding and enforceable in all
circumstances whatsoever notwithstanding any other law.

(6) Relating to the use, maintenance, repair, insurance, and
replacement of property relating to the project, such as the authority
and the company deem necessary for the protection of themselves
or others, including, but not limited to, liability insurance, and

7260) of Division 7 of Title 1, and shall reimburse the authority
or the public agency, as the case may be, for relocation assistance
services, and notwithstanding any other provision of this title, the
authority shall determine that those services are provided and that
relocation assistance payments are made.

(j) Notwithstanding any other provision of this title, projects
undertaken and carried out pursuant to this title shall be consistent
with the requirements of the general plan as contained in Article
5 (commencing with Section 65300) of Chapter 3 of Division 1
of Title 7 at the time of entry into the project agreement, or in the

(k) The company may, pursuant to project agreements, provide or cause to be provided other security, such as, but not limited to, an agreement of guaranty, either of itself or another person, or other consideration directly to the bondholders, their agent or the trustee under an indenture, and neither the company nor any such other person shall be precluded by the project agreements from having other contractual relationships with those bondholders or that agent or trustee.

(l) Authorities shall require, whether or not authorities, companies, or others are the contract-awarding bodies, that on any construction, improvement, reconstruction, or rehabilitation financed in whole or in part by means of bonds issued pursuant to this title, the resolution of intention for which is adopted on or after January 1, 1983, all workers employed in that work, exclusive of maintenance work, shall be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work. the physician receives the updated information, the physician shall
determine whether or not the medication change affects the
licensee’s or trainee’s fitness for duty. If the physician determines
that the medication change results in the pilot, inland pilot, or pilot
trainee being unfit for duty, the physician shall inform the board.
(f) The board may terminate a pilot trainee or suspend or revoke
the license of a pilot or an inland pilot who fails to submit the
prescribed medication information required by this section.

The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer’s business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis.    3. He or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan’s coverage, cessation of an employer’s contribution toward an employee or dependent’s coverage, death of the person through whom the individual was covered as a dependent, legal separation, or divorce; or he or she has lost or will lose coverage under the Healthy Families Program, the AIM Program, or the Medi-Cal program.

(B) In the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a written statement from the association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member’s later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or meets the requirements of paragraph (2) or (3).

Plans shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state’s population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No plan shall have less than one geographic area.

(ii) If the formula in clause (i) results in a plan that operates in more than one county having only one geographic region, then the
formula in clause (i) shall not apply and the plan may have two
geographic regions, provided that no county is divided into more
than one region.
Nothing in this section shall be construed to require a plan to

(1) Any person, firm, proprietary or nonprofit corporation,
partnership, public agency, or association that is actively engaged

year, employed at least two, but no more than 50, eligible
employees, the majority of whom were employed within this state,
that was not formed primarily for purposes of buying health care
service plan contracts, and in which a bona fide employer-employee
relationship exists. In determining whether to apply the calendar
quarter or calendar year test, a health care service plan shall use
the test that ensures eligibility if only one test would establish
eligibility. However, for purposes of subdivisions (a), (b), and (c)
of Section 1357.03, the definition shall include employers with at
least three eligible employees until July 1, 1997, and two eligible
employees thereafter. In determining the number of eligible
employees, companies that are affiliated companies and that are
eligible to file a combined tax return for purposes of state taxation
shall be considered one employer. Subsequent to the issuance of
a health care service plan contract to a small employer pursuant
to this article, and for the purpose of determining eligibility, the
size of a small employer shall be determined annually. Except as
otherwise specifically provided in this article, provisions of this
article that apply to a small employer shall continue to apply until

The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association, or a trust formed for or sponsored by an association, to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(5) The individual is an employee or dependent who meets the criteria described in paragraph (1) and was under a COBRA continuation provision, and the coverage under that provision has been exhausted. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. This information can also be accessed online at the Nursing Home
Compare Internet Web site at http://www.medicare.gov/NHcompare. Like any information, the
Five-Star Quality Rating System has strengths and limits. The
criteria upon which the rating is determined may not represent all
of the aspects of care that may be important to you. You are
encouraged to discuss the rating with facility staff. The Five-Star
Quality Rating System was created to help consumers, their
families, and caregivers compare nursing homes more easily and
help identify areas about which you may want to ask questions.
Nursing home ratings are assigned based on ratings given to health
inspections, staffing, and quality measures. Some areas are assigned
a greater weight than other areas. These ratings are combined to
calculate the overall rating posted here.”

(C) Whether the citation is class “AA” or class “A.”

(3) The facility may post the plan of correction.

(4) The facility may post a statement disputing the citation or a statement showing the appeal status, or both.

(5) The facility may remove and discontinue the posting required by this section if the citation is withdrawn or dismissed by the department, or is dismissed as a result of a citation review conference.

(b) Each class “B” citation specified in subdivision (e) of Section 1424 that is issued pursuant to this section and that has become final, or a copy or copies thereof, shall be retained by the licensee at the facility cited until the violation is corrected to the satisfaction of the department. Each citation shall be made promptly available by the licensee for inspection or examination by any member of the public who so requests. In addition, every licensee shall post in a place or places in plain view of the patient or resident in the long-term health care facility, persons visiting those patients or residents, and persons who inquire about placement in the facility,
a prominent notice informing those persons that copies of all final
uncorrected citations issued by the department to the facility will
be made promptly available by the licensee for inspection by any
person who so requests.
(c) A violation of this section shall constitute a class “B”
violation, and shall be subject to a civil penalty in the amount of
one thousand dollars ($1,000), as provided in subdivision (e) of
Section 1424. Notwithstanding Section 1290, a violation of this
section shall not constitute a crime. Fines imposed pursuant to this
section shall be deposited into the State Health Facilities Citation
Penalties Account, created pursuant to Section 1417.2.
SEC. 122. Section 1499 of the Health and Safety Code is
amended to read:
1499. (a) Any person or entity licensed or certificated under
Chapter 1 (commencing with Section 1200), Chapter 2
(commencing with Section 1250), Chapter 2.3 (commencing with
Section 1400), Chapter 2.35 (commencing with Section 1416),
Chapter 3.3 (commencing with Section 1570), Chapter 8
(commencing with Section 1725), Chapter 8.3 (commencing with
Section 1743), Chapter 8.5 (commencing with Section 1745), or
Chapter 8.6 (commencing with Section 1760) of this code, or under
Section 1247.6 of the Business and Professions Code, shall, in
addition to all other requirements, disclose as part of the application
for the license or certificate any revocation or other final
administrative action taken against a license, certificate,
registration, or other approval to engage in a profession, vocation,
or occupation, or a license or other permission to operate a facility
or institution.
(b) The department may consider, in determining whether to
grant or deny the license or certification, any final revocation or
other final administrative action taken against a license, certificate,
registration, or other permission to engage in a profession, vocation,
or occupation or a license or other permission to operate a facility
or institution.
(c) An applicant and any other person specified in this
subdivision, as part of the background clearance process, shall
provide information as to whether or not the person has any prior
criminal convictions, has had any arrests within the past 12-month
period, or has any active arrests, and shall certify that, to the best
of his or her knowledge, the information provided is true. This
requirement is not intended to duplicate existing requirements for individuals who are required to submit fingerprint images as part of a criminal background clearance process. Every applicant shall provide information on any prior administrative action taken against him or her by any federal, state, or local government agency and shall certify that, to the best of his or her knowledge, the information provided is true. An applicant or other person required to provide information pursuant to this section that knowingly or willfully makes false statements, representations, or omissions may be subject to administrative action, including, but not limited to, denial of his or her application or exemption or revocation of any exemption previously granted.

SEC. 123. Section 1568.03 of the Health and Safety Code is amended to read:

1568.03. (a) No person, firm, partnership, association, or corporation within the state and no state or local public agency shall operate, establish, manage, conduct, or maintain a residential care facility in this state without first obtaining and maintaining a valid license therefor, as provided in this chapter.

(b) A facility may accept or retain residents requiring varying levels of care. However, a facility shall not accept or retain residents who require a higher level of care than the facility is authorized to provide. Persons who require 24-hour skilled nursing intervention shall not be appropriate for a residential care facility.

(c) This chapter shall not apply to the following:

(1) Any health facility, as defined in Section 1250.

(2) Any clinic, as defined in Section 1200.

(3) Any arrangement for the receiving and care of persons with chronic, life-threatening illness by a relative, guardian or conservator, significant other, or close friend; or any arrangement for the receiving and care of persons with chronic, life-threatening illness from only one family as respite for the relative, guardian or conservator, significant other, or close friend, if the arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the department.

(4) (A) Any house, institution, hotel, foster home, shared housing project, or other similar facility that is limited to providing any of the following: housing, meals, transportation, housekeeping, recreational and social activities, the enforcement of house rules,
counseling on activities of daily living, and service referrals, as long as both of the following conditions are met:

(i) After any referral, all residents thereof independently obtain care and supervision and medical services without the assistance of the facility or of any person or entity with an organizational or financial connection with that facility.

(ii) No resident thereof has an unmet need for care and supervision or protective supervision. A memorandum of understanding between the facility and any service agency to which it refers residents does not necessarily itself constitute an agreement for care and supervision of the resident.

(B) In determining the applicability of this paragraph, the department shall determine the residents' need for care and supervision, if any, and shall identify the persons or entities providing or assisting in the provision of care and supervision. This paragraph shall apply only if the department determines that the care and supervision needs of all residents are being independently met.

(5) (A) (i) Any housing occupied by elderly or disabled persons, or both, that is approved and operated pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), or whose mortgage is insured pursuant to Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or that receives mortgage assistance pursuant to Section 221d (3) of Public Law 87-70 (12 U.S.C. Sec. 1751l), where supportive services are made available to residents at their option, as long as the project owner or operator does not contract for or provide the supportive services.

(ii) Any housing that qualifies for a low-income housing credit pursuant to Section 252 of Public Law 99-514 (26 U.S.C. Sec. 42) or that is subject to the requirements for rental dwellings for low-income families pursuant to Section 8 of Public Law 93-383 (42 U.S.C. Sec. 1437f), and that is occupied by elderly or disabled persons, or both, where supportive services are made available to residents at their option, as long as the project owner or operator does not contract for or provide the supportive services.

(B) The project owner or operator to which subparagraph (A) applies may coordinate, or help residents gain access to, the supportive services, either directly or through a service coordinator.

(6) Any similar facility determined by the director.
(d) A holder of a residential care facility license may hold or
gain an additional license or a child day care facility license, as
long as the services required by each license are provided at
separate locations or distinctly separate sections of the building.
(e) The director may bring an action to enjoin the violation or
threatened violation of this section in the superior court in and for
the county in which the violation occurred or is about to occur.
Any proceeding under this section shall conform to the
requirements of Chapter 3 (commencing with Section 525) of Title
7 of Part 2 of the Code of Civil Procedure, except that the director
shall not be required to allege facts necessary to show or tending
to show lack of adequate remedy at law or irreparable damage or
loss. The court shall, if it finds the allegations to be true, issue its
order enjoining continuance of the violation.

    subdivision, each employee shall pass an examination that tests
    the employee’s comprehension of, and competency in, the subjects
    listed in paragraph (4).

(6) Residential care facilities for the elderly shall encourage
    pharmacists and licensed medical professionals to use plain English
    when preparing labels on medications supplied to residents. As
    used in this section, “plain English” means that no abbreviations,
    symbols, or Latin medical terms shall be used in the instructions
    for the self-administration of medication.

(7) The training requirements of this section are not intended
    to replace or supplant those required of all staff members who

    in Section 1569.625.

(8) The training requirements of this section shall be repeated
    if either of the following occurs:

2. The date when consultation was provided.
3. The consultant’s organization affiliation, if any, and any educational and professional qualifications specific to medication management.
4. The training topics for which consultation was provided.

(e) Each person who provides employee training under this section shall meet the following education and experience requirements:

1. A minimum of five hours of initial, or certified continuing, education or three semester units, or the equivalent, from an accredited educational institution, on topics relevant to medication management.
2. The person shall meet any of the following practical experience or licensure requirements:
   (A) Two years of full-time experience, within the last four years, as a consultant with expertise in medication management in areas covered by the training described in subdivision (a).

that is responsible for all aspects of patient care and the operation
of the facility.

(b) The department shall accept a copy of the written notice and
a copy of the list of individuals and mailing addresses to whom
the facility sent the notification as satisfactory evidence that the

SEC. 126. Section 1736.5 of the Health and Safety Code is
amended to read:

1736.5. (a) The department shall deny a training application
and deny, suspend, or revoke a certificate issued under this article
if the applicant or certificate holder has been convicted of a
violation or attempted violation of any of the following Penal Code
provisions: Section 187, subdivision (a) of Section 192, Section
203, 205, 206, 207, 209, 210, 210.5, 211, 220, 222, 243.4, 245,

273d, 273.5, or 285, subdivisions (c), (d), (f), and (g) of Section

Sections 484d to 484j, inclusive, or Section 487, 488, 496, 503,
518, or 666, unless any of the following applies:

(1) The person was convicted of a felony and has obtained a
certificate of rehabilitation under Chapter 3.5 (commencing with
Section 4852.01) of Title 6 of Part 3 of the Penal Code and the
information or accusation against him or her has been dismissed
pursuant to Section 1203.4 of the Penal Code.

(2) The person was convicted of a misdemeanor and the
information or accusation against him or her has been dismissed
pursuant to Section 1203.4 or 1203.4a of the Penal Code.

(3) The certificate holder was convicted of a felony or a
misdemeanor, but has previously disclosed the fact of each
conviction to the department, and the department has made a
determination in accordance with law that the conviction does not
disqualify the applicant from certification.

(b) An application or certificate shall be denied, suspended, or
revoked upon conviction in another state of an offense that, if
committed or attempted in this state, would have been punishable
as one or more of the offenses set forth in subdivision (a), unless
evidence of rehabilitation comparable to the certificate of
rehabilitation or dismissal of a misdemeanor set forth in paragraph
(1) or (2) of subdivision (a) is provided.
(c) (1) The department may deny an application or deny, suspend, or revoke a certificate issued under this article for any of the following:

(A) Unprofessional conduct, including, but not limited to, incompetence, gross negligence, physical, mental, or verbal abuse of patients, or misappropriation of property of patients or others.

(B) Conviction of a crime substantially related to the qualifications, functions, and duties of a home health aide, irrespective of a subsequent order under Section 1203.4, 1203.4a, or 4852.13 of the Penal Code, where the department determines that the applicant or certificate holder has not adequately demonstrated that he or she has been rehabilitated and will present a threat to the health, safety, or welfare of patients.

(C) Conviction for, or use of, any controlled substance as defined in Division 10 (commencing with Section 11000) of this code, or any dangerous drug, as defined in Section 4022 of the Business and Professions Code, or alcoholic beverages, to an extent or in a manner dangerous or injurious to the home health aide, any other person, or the public, to the extent that this use would impair the ability to conduct, with safety to the public, the practice authorized by a certificate.

(D) Procuring a home health aide certificate by fraud, misrepresentation, or mistake.

(E) Making or giving any false statement or information in conjunction with the application for issuance of a home health aide certificate or training and examination application.

(F) Impersonating any applicant, or acting as proxy for an applicant, in any examination required under this article for the issuance of a certificate.

(G) Impersonating another home health aide, a licensed vocational nurse, or a registered nurse, or permitting or allowing another person to use a certificate for the purpose of providing nursing services.

(H) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision or term of, this article.

(2) In determining whether or not to deny an application or deny, suspend, or revoke a certificate issued under this article pursuant to this subdivision, the department shall take into
consideration the following factors as evidence of good character and rehabilitation:

(A) The nature and seriousness of the offense under consideration and its relationship to the person’s employment duties and responsibilities.

(B) Activities since conviction, including employment or participation in therapy or education, that would indicate changed behavior.

(C) The time that has elapsed since the commission of the conduct or offense referred to in subparagraph (A) or (B) and the number of offenses.

(D) The extent to which the person has complied with any terms of parole, probation, restitution, or any other sanction lawfully imposed against the person.

(E) Any rehabilitation evidence, including character references, submitted by the person.

(F) Employment history and current employer recommendations.

(G) Circumstances surrounding the commission of the offense that would demonstrate the unlikelihood of repetition.

(H) Granting by the Governor of a full and unconditional pardon.

(I) A certificate of rehabilitation from a superior court.

(d) When the department determines that a certificate shall be suspended, the department shall specify the period of actual suspension. The department may determine that the suspension shall be stayed, placing the certificate holder on probation with specified conditions for a period not to exceed two years. When the department determines that probation is the appropriate action, the certificate holder shall be notified that in lieu of the department proceeding with a formal action to suspend the certification and in lieu of an appeal pursuant to subdivision (g), the certificate holder may request to enter into a diversion program agreement. A diversion program agreement shall specify terms and conditions related to matters including, but not limited to, work performance, rehabilitation, training, counseling, progress reports, and treatment programs. If a certificate holder successfully completes a diversion program, no action shall be taken upon the allegations that were the basis for the diversion agreement. Upon failure of the certificate holder to comply with the terms and conditions of an agreement, the department may proceed with a formal action to suspend or revoke the certification.
(e) A plea or verdict of guilty, or a conviction following a plea of nolo contendere, shall be deemed a conviction within the meaning of this article. The department may deny an application or deny, suspend, or revoke a certification based on a conviction as provided in this article when the judgment of conviction is entered or when an order granting probation is made suspending the imposition of sentence.

(f) Upon determination to deny an application or deny, revoke, or suspend a certificate, the department shall notify the applicant or certificate holder in writing by certified mail of both of the following:

1. The reasons for the determination.
2. The applicant’s or certificate holder’s right to appeal the determination if the determination was made under subdivision (c).

(g) (1) Upon written notification that the department has determined that an application shall be denied or a certificate shall be denied, suspended, or revoked under subdivision (c), the applicant or certificate holder may request an administrative hearing by submitting a written request to the department within 20 business days of receipt of the written notification. Upon receipt of a written request, the department shall hold an administrative hearing pursuant to the procedures specified in Section 100171, except where those procedures are inconsistent with this section.

(2) A hearing under this section shall be conducted by a hearing officer or administrative law judge designated by the director at a location, other than the work facility, that is convenient to the applicant or certificate holder. The hearing shall be audio or video recorded and a written decision shall be sent by certified mail to the applicant or certificate holder within 30 calendar days of the hearing. Except as specified in subdivision (h), the effective date of an action to revoke or suspend a certificate shall be specified in the written decision, or if no administrative hearing is timely requested, the effective date shall be 21 business days from written notification of the department’s determination to revoke or suspend.

(h) The department may revoke or suspend a certificate prior to any hearing when immediate action is necessary in the judgment of the director to protect the public welfare. Notice of this action, including a statement of the necessity of immediate action to protect the public welfare, shall be sent in accordance with
subdivision (f). If the certificate holder requests an administrative hearing pursuant to subdivision (g), the department shall hold the administrative hearing as soon as possible but not later than 30 calendar days from receipt of the request for a hearing. A written hearing decision upholding or setting aside the action shall be sent by certified mail to the certificate holder within 30 calendar days of the hearing.

(i) Upon the expiration of the term of suspension, the certificate holder shall be reinstated by the department and shall be entitled to resume practice unless it is established to the satisfaction of the department that the person has practiced as a home health aide in California during the term of suspension. In this event, the department shall revoke the person’s certificate.

(j) Upon a determination to deny an application or deny, revoke, or suspend a certificate, the department shall notify the employer of the applicant or certificate holder in writing of that determination, and whether the determination is final, or whether a hearing is pending relating to this determination. If a licensee or facility is required to deny employment or terminate employment of the employee based upon notice from the state that the employee is determined to be unsuitable for employment under this section, the licensee or facility shall not incur criminal, civil, unemployment insurance, workers’ compensation, or administrative liability as a result of that denial or termination.

SEC. 127. Section 1798.200 of the Health and Safety Code is amended to read:

1798.200. (a) (1) (A) Except as provided in paragraph (2), an employer of an EMT-I or EMT-II may conduct investigations, as necessary, and take disciplinary action against an EMT-I or EMT-II who is employed by that employer for conduct in violation of subdivision (c). The employer shall notify the medical director of the local EMS agency that has jurisdiction in the county in which the alleged violation occurred within three days when an allegation has been validated as a potential violation of subdivision (c).

(B) Each employer of an EMT-I or EMT-II employee shall notify the medical director of the local EMS agency that has jurisdiction in the county in which a violation related to subdivision (c) occurred within three days after the EMT-I or EMT-II is terminated or suspended for a disciplinary cause, the EMT-I or EMT-II resigns following notification of an impending
investigation based upon evidence that would indicate the existence
of a disciplinary cause, or the EMT-I or EMT-II is removed from
EMT-related duties for a disciplinary cause after the completion
of the employer’s investigation.
(C) At the conclusion of an investigation, the employer of an
EMT-I or EMT-II may develop and implement, in accordance with
the guidelines for disciplinary orders, temporary suspensions, and
conditions of probation adopted pursuant to Section 1797.184, a
disciplinary plan for the EMT-I or EMT-II. Upon adoption of the
disciplinary plan, the employer shall submit that plan to the local
EMS agency within three working days. The employer’s
disciplinary plan may include a recommendation that the medical
director of the local EMS agency consider taking action against
the holder’s certificate pursuant to paragraph (3).
(2) If an EMT-I or EMT-II is not employed by an ambulance
service licensed by the Department of the California Highway
Patrol or a public safety agency or if that ambulance service or
public safety agency chooses not to conduct an investigation
pursuant to paragraph (1) for conduct in violation of subdivision
(c), the medical director of a local EMS agency shall conduct the
investigations, and, upon a determination of disciplinary cause,
take disciplinary action as necessary against the EMT-I or EMT-II.
At the conclusion of these investigations, the medical director shall
develop and implement, in accordance with the recommended
guidelines for disciplinary orders, temporary orders, and conditions
of probation adopted pursuant to Section 1797.184, a disciplinary
plan for the EMT-I or EMT-II. The medical director’s disciplinary
plan may include action against the holder’s certificate pursuant
to paragraph (3).
(3) The medical director of the local EMS agency may, upon a
determination of disciplinary cause and in accordance with
regulations for disciplinary processes adopted pursuant to Section
1797.184, deny, suspend, or revoke any EMT-I or EMT-II
certificate issued under this division, or may place any EMT-I or
EMT-II certificate holder on probation, upon the finding by that
medical director of the occurrence of any of the actions listed in
subdivision (c) and the occurrence of one of the following:
(A) The EMT-I or EMT-II employer, after conducting an
investigation, failed to impose discipline for the conduct under
investigation, or the medical director makes a determination that
the discipline imposed was not according to the guidelines for
disciplinary orders and conditions of probation and the conduct of
the EMT-I or EMT-II certificate holder constitutes grounds for
disciplinary action against the certificate.

(B) Either the employer of an EMT-I or EMT-II further
determines, after an investigation conducted under paragraph (1),
or the medical director determines after an investigation conducted
under paragraph (2), that the conduct requires disciplinary action
against the certificate.

(4) The medical director of the local EMS agency, after
consultation with the employer of an EMT-I or EMT-II, may
temporarily suspend, prior to a hearing, any EMT-I or EMT-II
certificate or both EMT-I and EMT-II certificates upon a
determination that both of the following conditions have been met:

(A) The certificate holder has engaged in acts or omissions that
constitute grounds for revocation of the EMT-I or EMT-II
certificate.

(B) Permitting the certificate holder to continue to engage in
the certified activity without restriction would pose an imminent
threat to the public health or safety.

(5) If the medical director of the local EMS agency temporarily
suspends a certificate, the local EMS agency shall notify the
certificate holder that his or her EMT-I or EMT-II certificate is
suspended and shall identify the reasons therefore. Within three
working days of the initiation of the suspension by the local EMS
agency, the agency and employer shall jointly investigate the
allegation in order for the agency to make a determination of the
continuation of the temporary suspension. All investigatory
information not otherwise protected by law held by the agency
and employer shall be shared between the parties via facsimile
transmission or overnight mail relative to the decision to
temporarily suspend. The local EMS agency shall decide, within
15 calendar days, whether to serve the certificate holder with an
accusation pursuant to Chapter 5 (commencing with Section 11500)
of Part 1 of Division 3 of Title 2 of the Government Code. If the
certificate holder files a notice of defense, the hearing shall be held
within 30 days of the local EMS agency’s receipt of the notice of
defense. The temporary suspension order shall be deemed vacated
if the local EMS agency fails to make a final determination on the
merits within 15 days after the administrative law judge renders
the proposed decision.

(6) The medical director of the local EMS agency shall refer,
for investigation and discipline, any complaint received on an
EMT-I or EMT-II to the relevant employer within three days of
receipt of the complaint, pursuant to subparagraph (A) of paragraph
(1) of subdivision (a).

(b) The authority may deny, suspend, or revoke any EMT-P
license issued under this division, or may place any EMT-P license
issued under this division, or may place any EMT-P licenseholder
on probation upon the finding by the director of the occurrence of
any of the actions listed in subdivision (c). Proceedings against
any EMT-P license or licenseholder shall be held in accordance
with Chapter 5 (commencing with Section 11500) of Part 1 of
Division 3 of Title 2 of the Government Code.

c) Any of the following actions shall be considered evidence
of a threat to the public health and safety and may result in the
denial, suspension, or revocation of a certificate or license issued
under this division, or in the placement on probation of a certificate
holder or licenseholder under this division:

(1) Fraud in the procurement of any certificate or license under
this division.

(2) Gross negligence.

(3) Repeated negligent acts.

(2) Demonstration and deployment projects that optimize alternative and renewable fuels for existing and developing engine technologies.

(3) Projects to produce alternative and renewable low-carbon fuels in California.
(4) Projects to decrease the overall impact of an alternative and renewable fuel’s life cycle carbon footprint and increase sustainability.

SEC. 131. Section 50843.5 of the Health and Safety Code is amended to read:

50843.5. (a) Subject to the availability of funding, the department shall make matching grants available to cities, counties, cities and counties, and charitable nonprofit organizations organized under Section 501(c)(3) of the Internal Revenue Code that have created and are operating or will operate housing trust funds. These funds shall be awarded through the issuance of a Notice of Funding Availability (NOFA).

(1) Applicants that provide matching funds from a source or sources other than impact fees on residential development shall receive a priority for funding.
(2) The department shall set aside funding for new trusts, as defined by the department in the NOFA.

(b) Housing trusts eligible for funding under this section shall have the following characteristics:

(1) Utilization of a public or joint public and private fund established by legislation, ordinance, resolution, or a public-private partnership to receive specific revenue to address local housing needs.

(2) Receipt of ongoing revenues from dedicated sources of funding such as taxes, fees, loan repayments, or private contributions.

(c) The minimum allocation to an applicant that is a newly established trust, and is in a county with a population that conforms with paragraph (2) of subdivision (c) of Section 53545.9, shall be five hundred thousand dollars ($500,000). The minimum allocation for all other trusts shall be one million dollars ($1,000,000). No applicant may receive an allocation in excess of two million dollars ($2,000,000). All funds provided pursuant to this section shall be matched on a dollar-for-dollar basis with moneys that are not required by any state or federal law to be spent on housing. No application for an existing housing trust shall be considered unless the department has received adequate documentation of the deposit in the local housing trust fund of the local match and the identity of the source of matching funds. An application for a new trust shall not be considered unless the department has received adequate documentation, as determined by the department, that an ordinance imposing or dedicating a tax or fee to be deposited into the new trust has been enacted or the applicant has adopted a legally binding commitment to deposit matching funds into the new trust. Funds shall not be disbursed by the department to any trust until all matching funds are on deposit and then funds may be disbursed only in amounts necessary to fund projects identified to receive a loan from the trust within a reasonable period of time, as determined by the department. Applicants shall be required to continue funding the local housing trust fund from these identified local sources, and continue the trust in operation, for a period of no less than five years from the date of award. If the funding is not continued for a five-year period, then (1) the amount of the department’s grant to the local housing trust fund, to the extent that the trust fund has unencumbered funds available, shall be
immediately repaid, and (2) any payments from any projects funded
by the local housing trust fund that would have been paid to the
local housing trust fund shall be paid instead to the department
and used for the program or its successor. The total amount paid
to the department pursuant to (1) and (2), combined, shall not
exceed the amount of the department’s grant.

(d) (1) Funds shall be used for the predevelopment costs,
acquisition, construction, or rehabilitation of the following types
of housing or projects:
   (A) Rental housing projects or units within rental housing
projects. The affordability of all assisted units shall be restricted
for not less than 55 years.
   (B) Emergency shelters, Safe Havens, and transitional housing,
as these terms are defined in Section 50801.
   (C) For sale housing projects or units within for sale housing
projects.
(2) At least 30 percent of the total amount of the grant and the
match shall be expended on projects, units, or shelters that are
affordable to, and restricted for, extremely low income persons
and families, as defined in Section 50106. No more than 20 percent
of the total amount of the grant and the match shall be expended
on projects or units affordable to, and restricted for,
moderate-income persons and families whose income does not
exceed 120 percent of the area median income. The remaining
funds shall be used for projects, units, or shelters that are affordable
to, and restricted for, lower income persons and families, as defined
in Section 50079.5.
(3) If funds are used for the acquisition, construction, or
rehabilitation of for sale housing projects or units within for sale
housing projects, the grantee shall record a deed restriction against
the property that will ensure compliance with one of the following
requirements upon resale of the for sale housing units, unless it is
in conflict with the requirements of another public funding source
or law:
   (A) If the property is sold within 30 years from the date that
trust funds are used to acquire, construct, or rehabilitate the
property, the owner or subsequent owner shall sell the home at an
affordable housing cost, as described in Section 50052.5, to a
household that meets the relevant income qualifications.
(B) The owner and grantee shall share the equity in the unit pursuant to an equity sharing agreement. The grantee shall reuse the proceeds of the equity sharing agreement consistent with this section. To the extent not in conflict with another public funding source or law, all of the following shall apply to the equity-sharing agreement provided for by the deed restriction:

(i) Upon resale by an owner-occupant of the home, the owner-occupant of the home shall retain the market value of any improvements, the downpayment, and his or her proportionate share of appreciation. The grantee shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used to make housing available to persons and families of the same income category as the original grant and for any type of housing or shelter specified in paragraph (1).

(ii) For purposes of this subdivision, the initial subsidy shall be equal to the fair market value of the home at the time of initial sale to the owner-occupant minus the initial sale price to the owner-occupant, plus the amount of any downpayment assistance or mortgage assistance. If upon resale by the owner-occupant the market value is lower than the initial market value, the value at the time of the resale shall be used as the initial market value.

(iii) For purposes of this subdivision, the grantee’s proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of the initial sale.

(e) Loan repayments shall accrue to the grantee housing trust for use pursuant to this section. If the trust no longer exists, loan repayments shall accrue to the department for use in the program or its successor.

(f) (1) In order for a city, county, or city and county to be eligible for funding, the applicant shall, at the time of application, meet both of the following requirements:

(A) Have an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, is in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) Have submitted to the department the annual progress report required by Section 65400 of the Government Code within the preceding 12 months, if the department has adopted the forms and
definitions pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 65400 of the Government Code.

(2) In order for a nonprofit organization applicant to be eligible for funding, the applicant shall agree to utilize funds provided under this chapter only for projects located in cities, counties, or a city and county that, at the time of application, meet both of the following requirements:

(i) Have an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) Have submitted to the department the annual progress report required by Section 65400 of the Government Code within the preceding 12 months, if the department has adopted the forms and definitions pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 65400 of the Government Code.

(g) Recipients shall have held, or shall agree to hold, a public hearing or hearings to discuss and describe the project or projects that will be financed with funds provided pursuant to this section. As a condition of receiving a grant pursuant to this section, any nonprofit organization shall agree that it will hold one public meeting a year to discuss the criteria that will be used to select projects to be funded. That meeting shall be open to the public, and public notice of this meeting shall be provided, except to the extent that any similar meeting of a city or county would be permitted to be held in closed session.

(h) No more than 5 percent of the funds appropriated to the department for the purposes of this program shall be used to pay the costs of administration of this section.

(i) A local housing trust fund shall encumber funds provided pursuant to this section no later than 36 months after receipt. Any funds not encumbered within that period shall revert to the department for use in the program or its successor.

(j) Recipients shall be required to file periodic reports with the department regarding the use of funds provided pursuant to this section. No later than December 31 of each year in which funds are awarded by the program, the department shall provide a report to the Legislature regarding the number of trust funds created, a
description of the projects supported, the number of units assisted, and the amount of matching funds received.

(6) “Safety vacuum release system” means a vacuum release system that ceases operation of the pump, reverses the circulation flow, or otherwise provides a vacuum release at a suction outlet when a blockage is detected.

(7) “Skimmer equalizer line” means a suction outlet located below the waterline and connected to the body of a skimmer that prevents air from being drawn into the pump if the water level drops below the skimmer weir. However, a skimmer equalizer line is not a main drain.

(8) “Unblockable drain” means a drain of any size and shape that a human body cannot sufficiently block to create a suction entrapment hazard.

(b) Subject to subdivision (c), an ASME/ANSI or ASTM performance standard relating to antientrapment devices or systems or an amendment or successor to, or later published edition of an ASME/ANSI or ASTM performance standard relating to antientrapment devices or systems shall become the applicable standard in California 90 days after publication by ASME/ANSI or ASTM, respectively, provided that the performance standard or amendment or successor to, or later published edition is approved by the department within 90 days of the publication of the performance standard by ASME/ANSI or ASTM, respectively. Notwithstanding any other law, the department may implement, interpret, or make specific the provisions of this section by means of a policy letter or similar instruction and this action by the department shall not be subject to the rulemaking requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(c) Subject to subdivision (f), every public swimming pool shall be equipped with antientrapment devices or systems that comply with ASME/ANSI performance standard A112.19.8, as in effect December 31, 2009, or any applicable ASME/ANSI performance
standard that has been adopted by the department pursuant to subdivision (b).

(d) Subject to subdivisions (e) and (f), every public swimming pool with a single main drain that is not an unblockable drain shall be equipped with at least one or more of the following devices or systems that are designed to prevent physical entrapment by pool drains:

1. A safety vacuum release system that has been tested by a department-approved independent third party and found to conform to ASME/ANSI performance standard A112.19.17, as in effect on December 31, 2009, or any applicable ASME/ANSI performance standard that has been adopted by the department pursuant to subdivision (b), or ASTM performance standard F2387, as in effect on December 31, 2009, or any applicable ASTM performance standard that has been adopted by the department pursuant to subdivision (b).

2. A suction-limiting vent system with a tamper-resistant atmospheric opening, provided that it conforms to any applicable ASME/ANSI or ASTM performance standard that has been adopted by the department pursuant to subdivision (b).

3. A gravity drainage system that utilizes a collector tank, provided that it conforms to any applicable ASME/ANSI or ASTM performance standard that has been adopted by the department pursuant to subdivision (b).

4. An automatic pump shut-off system tested by a department-approved independent third party and found to conform to any applicable ASME/ANSI or ASTM performance standard that has been adopted by the department pursuant to subdivision (b).

5. Any other system that is deemed, in accordance with federal law, to be equally effective as, or more effective than, the systems described in paragraphs (1) to (4), inclusive, at preventing or eliminating the risk of injury or death associated with pool drainage systems.

(e) Every public swimming pool constructed on or after January 1, 2010, shall have at least two main drains per pump that are hydraulically balanced and symmetrically plumbed through one or more “T” fittings, and that are separated by a distance of at least three feet in any dimension between the drains. A public swimming pool constructed on or after January 1, 2010, that meets the
requirements of this subdivision, shall be exempt from the
requirements of subdivision (d).
(f) A public swimming pool constructed prior to January 1,
2010, shall be retrofitted to comply with subdivisions (c) and (d)
by no later than July 1, 2010, except that no further retrofitting is
required for a public swimming pool that completed a retrofit
between December 19, 2007, and January 1, 2010, that complied
with the Virginia Graeme Baker Pool and Spa Safety Act (15
U.S.C. Sec. 8001 et seq.) as in effect on the date of issue of the
construction permit, or for a nonportable wading pool that
completed a retrofit prior to January 1, 2010, that complied with
state law on the date of issue of the construction permit. A public
swimming pool owner who meets the exception described in this
subdivision shall do one of the following prior to September 30,
2010:
(1) File the form issued by the department pursuant to
subdivision (g), as otherwise provided in subdivision (i).
(2) (A) File a signed statement attesting that the required work
has been completed.
(B) Provide a document containing the name and license number
of the qualified individual who completed the required work.
(C) Provide either a copy of the final building permit, if required
by the local agency, or a copy of one of the following documents
if no permit was required:
(i) A document that describes the modification in a manner that
provides sufficient information to document the work that was
done to comply with federal law.
(ii) A copy of the final paid invoice. The amount paid for the
services may be omitted or redacted from the final invoice prior
to submission.
(g) Prior to March 31, 2010, the department shall issue a form
for use by an owner of a public swimming pool to indicate
compliance with this section. The department shall consult with
county health officers and directors of departments of
environmental health in developing the form and shall post the
form on the department’s Internet Web site. The form shall be
completed by the owner of a public swimming pool prior to filing
the form with the appropriate city, county, or city and county
department of environmental health. The form shall include, but
not be limited to, the following information:
(1) A statement of whether the pool operates with a single or split main drain.
(2) Identification of the type of antientrapment devices or systems that have been installed pursuant to subdivision (c) and the date or dates of installation.
(3) Identification of the type of devices or systems designed to prevent physical entrapment that have been installed pursuant to subdivision (d) in a public swimming pool with a single main drain that is not an unblockable drain and the date or dates of installation or the reason why the requirement is not applicable.
(4) A signature and license number of a qualified individual who certifies that the factual information provided on the form in response to paragraphs (1) to (3), inclusive, is true to the best of his or her knowledge.
(h) A qualified individual who improperly certifies information pursuant to paragraph (4) of subdivision (g) shall be subject to potential disciplinary action at the discretion of the licensing authority.
(i) Except as provided in subdivision (f), each public swimming pool owner shall file a completed copy of the form issued by the department pursuant to this section with the city, county, or city and county department of environmental health in the city, county, or city and county in which the swimming pool is located. The form shall be filed within 30 days following the completion of the swimming pool construction or installation required pursuant to this section or, if the construction or installation is completed prior to the date that the department issues the form pursuant to this section, within 30 days of the date that the department issues the form. The public swimming pool owner or operator shall not make a false statement, representation, certification, record, report, or otherwise falsify information that he or she is required to file or maintain pursuant to this section.
(j) In enforcing this section, health officers and directors of city, county, or city and county departments of environmental health shall consider documentation filed on or with the form issued pursuant to this section by the owner of a public swimming pool as evidence of compliance with this section. A city, county, or city and county department of environmental health may verify the accuracy of the information filed on or with the form.
(k) To the extent that the requirements for public wading pools imposed by Section 116064 conflict with this section, the requirements of this section shall prevail.

(l) (1) Until January 1, 2014, the department may assess an annual fee on the owners of each public swimming pool, to be collected by the applicable local health department, in an amount not to exceed the amount necessary to defray the department’s costs of carrying out its duties under Section 116064.1 and this section but in no case shall this fee exceed six dollars ($6).

(2) The local health department may retain a portion of the fee collected pursuant to paragraph (1) in an amount necessary to cover the administrative costs of collecting the fee, but in no case to exceed one dollar ($1).

(3) The local health department shall bill the owner of each public swimming pool in its jurisdiction for the amount of the state fee. The local health department shall transmit the collected state fee to the Controller for deposit into the Recreational Health Fund, which is hereby created in the State Treasury. The local health department shall not be required to take action to collect an unpaid state fee, but shall submit to the department, every six months, a list containing the name and address of the owner of each public swimming pool who has failed to pay the state fee for more than 90 days after the date that the bill was provided to the owner of the public swimming pool.

(4) Owners that are exempt from local swimming pool permit fees shall also be exempt from the fees imposed pursuant to this subdivision.

(5) Except as provided in paragraph (2), all moneys collected by the department pursuant to this section shall be deposited into the Recreational Health Fund. Notwithstanding Section 16305.7 of the Government Code, interest and dividends on moneys in the Recreational Health Fund shall also be deposited in the fund. Moneys in the fund shall, upon appropriation by the Legislature, be available to the department for carrying out its duties under Section 116064.1 and this section and shall not be redirected for any other purpose.

SEC. 136. Section 116540 of the Health and Safety Code is amended to read:

116540. Following completion of the investigation and satisfaction of the requirements of subdivisions (a) and (b), the
department shall issue or deny the permit. The department may impose permit conditions, requirements for system improvements, and time schedules as it deems necessary to ensure a reliable and adequate supply of water at all times that is pure, wholesome, potable, and does not endanger the health of consumers.

(a) No public water system that was not in existence on January 1, 1998, shall be granted a permit unless the system demonstrates to the department that the water supplier possesses adequate financial, managerial, and technical capability to ensure the delivery of pure, wholesome, and potable drinking water. This section shall also apply to any change of ownership of a public water system that occurs after January 1, 1998.

(b) No permit under this chapter shall be issued to an association organized under Title 3 (commencing with Section 18000) of the Corporations Code. This section shall not apply to unincorporated associations that as of December 31, 1990, are holders of a permit issued under this chapter.

SEC. 137. Section 124991 of the Health and Safety Code is amended to read:

124991. (a) (1) The Birth Defects Monitoring Program, within the State Department of Public Health, shall collect and store any umbilical cord blood samples it receives from hospitals for storage and research. For purposes of ensuring financial stability, the Birth Defects Monitoring Program shall ensure that the following conditions, alone or in combination, are met:

(A) The fees paid by researchers pursuant to subdivision (c) shall be used for, and be sufficient to cover the cost of, collecting and storing blood samples, including umbilical cord blood samples.

(B) The department receives confirmation that a researcher has requested umbilical cord blood samples from the Birth Defects Monitoring Program for research or has requested umbilical cord blood samples to be included within a request for pregnancy or newborn blood samples through the program and has provided satisfactory evidence that adequate funding will be provided to the department from the fees paid by the researcher for the request.

(C) The department receives federal grant moneys to pay for initial startup costs for the collection and storage of umbilical cord blood samples.

(2) The department may limit the number of umbilical cord blood samples the program collects each year.
(b) (1) All information relating to umbilical cord blood samples collected and utilized by the department shall be confidential, and shall be used solely for the purposes of the program, or, if approved by the department, research. Access to confidential information shall be limited to authorized persons who agree, in writing, to maintain the confidentiality of that information. Notwithstanding any other provision of law, when the blood samples specified in subdivision (c), including those samples with any information identifying the person from whom the samples were obtained, are stored, processed, analyzed, or otherwise shared for research purposes with nondepartment staff, those samples may be shared by the program with department-authorized researchers for research purposes, and department representatives approved by the department, subject to the confidentiality and security requirements for confidential information established in this section and in Section 103850.

(2) The department shall maintain an accurate record of all persons who are given confidential information pursuant to this section, and any disclosure of confidential information shall be made only upon written agreement that the information will be kept confidential, used for its approved purpose, and not be further disclosed.

(3) A person who, in violation of a written agreement to maintain confidentiality, discloses information provided pursuant to this section, or who uses information provided pursuant to this section in a manner other than as approved pursuant to this section may be denied further access to confidential information maintained by the department, and shall be subject to a civil penalty not exceeding one thousand dollars ($1,000). The penalty provided in this section does not limit or otherwise restrict a remedy, provisional or otherwise, provided by law for the benefit of the department or a person covered by this section.

(c) In order to implement this section, the department shall establish fees in an amount that shall not exceed the costs of administering the program and the collection and storage of these samples, which the department shall collect from researchers who have been approved by the department and who seek to use the following types of blood samples for research:

(1) Umbilical cord blood.
(2) Pregnancy blood collected by the Genetic Disease Screening Program, and stored by the Birth Defects Monitoring Program.

(3) Newborn blood collected by the Genetic Disease Screening Program.

(d) Fees collected pursuant to subdivision (c) shall be collected by the department and deposited into the Birth Defects Monitoring Program Fund, the Genetic Disease Testing Fund, created pursuant to Section 124996, or the Cord Blood Banking Fund, which is hereby created as a special fund in the State Treasury. The amount of fees deposited into each of these funds shall be based on the program that is providing those pregnancy blood samples, and the purpose for which the blood sample was obtained. Notwithstanding any other provision of law, the moneys in the Birth Defects Monitoring Program Fund, the Genetic Disease Testing Fund, and the Cord Blood Banking Fund that are collected pursuant to subdivision (c), may be used by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (e).

(e) Moneys in those funds shall be used for the costs related to data management, including data linkage and entry, and blood collection, storage, retrieval, processing, inventory, and shipping.

(f) The department shall comply with the existing requirements in the Birth Defects Monitoring Program, as set forth in Chapter 1 (commencing with Section 103825) of Part 2 of Division 102.

(g) The department, any entities approved by the department, and researchers shall maintain the confidentiality of patient information and blood samples in accordance with existing law and in the same manner as other medical record information with patient identification that they possess, and shall use the information only for the following purposes:

(1) Research to identify risk factors for children’s and women’s diseases.

(2) Research to develop and evaluate screening tests.

(3) Research to develop and evaluate prevention strategies.

(4) Research to develop and evaluate treatments.

(h) (1) For purposes of ensuring the security of a donor’s personal information, before any blood samples are released pursuant to this section for research purposes, the State Committee for the Protection of Human Subjects (CPHS) shall determine if all of the following criteria have been met:
(A) The department, contractors, researchers, or other entities approved by the department have provided a plan sufficient to protect personal information from improper use and disclosures, including sufficient administrative, physical, and technical safeguards to protect personal information from reasonable anticipated threats to the security or confidentiality of the information.

(B) The department, contractors, researchers, or other entities approved by the department have provided a sufficient plan to destroy or return all personal information as soon as it is no longer needed for the research activity, unless the program contractors, researchers, or other entities approved by the department have demonstrated an ongoing need for the personal information for the research activity and have provided a long-term plan sufficient to protect the confidentiality of that information.

(C) The department, contractors, researchers, or other entities approved by the department have provided sufficient written assurances that the personal information will not be reused or disclosed to a person or entity, or used in a manner not approved in the research protocol, except as required by law or for authorized oversight of the research activity.

(2) As part of its review and approval of the research activity for the purpose of protecting personal information held in agency databases, CPHS shall accomplish at least all of the following:

(A) Determine whether the requested personal information is needed to conduct the research.

(B) Permit access to personal information only if it is needed for the research activity.

(C) Permit access only to the minimum personal information necessary for the research activity.

(D) Require the assignment of unique subject codes that are not derived from personal information in lieu of social security numbers if the research can be conducted without social security numbers.

(E) If feasible, and if cost, time, and technical expertise permit, require the agency to conduct a portion of the data processing for the researcher to minimize the release of personal information.

(i) In addition to the fees described in subdivision (c), the department may bill a researcher for the costs associated with the department’s process of protecting personal information, including,
but not limited to, the department’s costs for conducting a portion of the data processing for the researcher, removing personal information, encrypting or otherwise securing personal information, or assigning subject codes.

(j) This section does not prohibit the department from using its existing authority to enter into written agreements to enable other institutional review boards to approve research activities, projects or classes of projects for the department, provided that the data security requirements set forth in this section are satisfied.

SEC. 138. Section 128730 of the Health and Safety Code is amended to read:

128730. (a) Effective January 1, 1986, the office shall be the single state agency designated to collect the following health facility or clinic data for use by all state agencies:
(1) That data required by the office pursuant to Section 127285.
(2) That data required in the Medi-Cal cost reports pursuant to Section 14170 of the Welfare and Institutions Code.
(3) Those data items formerly required by the California Health Facilities Commission that are listed in Sections 128735 and 128740. Information collected pursuant to subdivision (g) of Section 128735 and Sections 128736 and 128737 shall be made available to the State Department of Health Care Services and the State Department of Public Health. The departments shall ensure that the patient’s rights to confidentiality shall not be violated in any manner. The departments shall comply with all applicable policies and requirements involving review and oversight by the State Committee for the Protection of Human Subjects.
(b) The office shall consolidate any and all of the reports listed under this section or Sections 128735 and 128740, to the extent feasible, to minimize the reporting burdens on hospitals, provided, however, that the office shall neither add nor delete data items from the Hospital Discharge Abstract Data Record or the quarterly reports without prior authorizing legislation, unless specifically required by federal law or regulation or judicial decision.

SEC. 139. Section 130060 of the Health and Safety Code is amended to read:

130060. (a) (1) After January 1, 2008, any general acute care hospital building that is determined to be a potential risk of collapse or pose significant loss of life shall only be used for nonacute care hospital purposes. A delay in this deadline may be granted by the
office upon a demonstration by the owner that compliance will
result in a loss of health care capacity that may not be provided
by other general acute care hospitals within a reasonable proximity.
In its request for an extension of the deadline, a hospital shall state
why the hospital is unable to comply with the January 1, 2008,
deadline requirement.
(2) Prior to granting an extension of the January 1, 2008,
deadline pursuant to this section, the office shall do all of the
following:
(A) Provide public notice of a hospital’s request for an extension
of the deadline. The notice, at a minimum, shall be posted on the
office’s Internet Web site, and shall include the facility’s name
and identification number, the status of the request, and the
beginning and ending dates of the comment period, and shall advise
the public of the opportunity to submit public comments pursuant
to subparagraph (C). The office shall also provide notice of all
requests for the deadline extension directly to interested parties
upon request of the interested parties.
(B) Provide copies of extension requests to interested parties
within 10 working days to allow interested parties to review and
provide comment within the 45-day comment period. The copies
shall include those records that are available to the public pursuant
to the California Public Records Act (Chapter 3.5 (commencing
with Section 6250) of Division 7 of Title 1 of the Government
Code).
(C) Allow the public to submit written comments on the
extension proposal for a period of not less than 45 days from the
date of the public notice.
(b) (1) It is the intent of the Legislature, in enacting this
subdivision, to facilitate the process of having more hospital
buildings in substantial compliance with this chapter and to take
nonconforming general acute care hospital inpatient buildings out
of service more quickly.
(2) The functional contiguous grouping of hospital buildings of
a general acute care hospital, each of which provides, as the
primary source, one or more of the hospital’s eight basic services
as specified in subdivision (a) of Section 1250, may receive a
five-year extension of the January 1, 2008, deadline specified in
subdivision (a) of this section pursuant to this subdivision for both
structural and nonstructural requirements. A functional contiguous
grouping refers to buildings containing one or more basic hospital
services that are either attached or connected in a way that is
acceptable to the State Department of Health Care Services. These
buildings may be either on the existing site or a new site.

(3) To receive the five-year extension, a single building
containing all of the basic services or at least one building within
the contiguous grouping of hospital buildings shall have obtained
a building permit prior to 1973 and this building shall be evaluated
and classified as a nonconforming, Structural Performance
Category-1 (SPC-1) building. The classification shall be submitted
to and accepted by the Office of Statewide Health Planning and
Development. The identified hospital building shall be exempt
from the requirement in subdivision (a) until January 1, 2013, if
the hospital agrees that the basic service or services that were
provided in that building shall be provided, on or before January
1, 2013, as follows:

(A) Moved into an existing conforming Structural Performance
Category-3 (SPC-3), Structural Performance Category-4 (SPC-4),
or Structural Performance Category-5 (SPC-5) and Non-Structural
Performance Category-4 (NPC-4) or Non-Structural Performance
Category-5 (NPC-5) building.

(B) Relocated to a newly built compliant SPC-5 and NPC-4 or
NPC-5 building.

(C) Continued in the building if the building is retrofitted to a
SPC-5 and NPC-4 or NPC-5 building.

(4) A five-year extension is also provided to a post-1973
building if the hospital owner informs the Office of Statewide
Health Planning and Development that the building is classified
as SPC-1, SPC-3, or SPC-4 and will be closed to general acute
care inpatient service use by January 1, 2013. The basic services
in the building shall be relocated into a SPC-5 and NPC-4 or NPC-5
building by January 1, 2013.

(5) SPC-1 buildings, other than the building identified in
paragraph (3) or (4), in the contiguous grouping of hospital
buildings shall also be exempt from the requirement in subdivision
(a) until January 1, 2013. However, on or before January 1, 2013,
at a minimum, each of these buildings shall be retrofitted to a
SPC-2 and NPC-3 building, or no longer be used for general acute
care hospital inpatient services.
(c) On or before March 1, 2001, the office shall establish a schedule of interim work progress deadlines that hospitals shall be required to meet to be eligible for the extension specified in subdivision (b). To receive this extension, the hospital building or buildings shall meet the year 2002 nonstructural requirements.

(d) A hospital building that is eligible for an extension pursuant to this section shall meet the January 1, 2030, nonstructural and structural deadline requirements if the building is to be used for general acute care inpatient services after January 1, 2030.

(e) Upon compliance with subdivision (b), the hospital shall be issued a written notice of compliance by the office. The office shall send a written notice of violation to hospital owners that fail to comply with this section. The office shall make copies of these notices available on its Internet Web site.

(f) (1) A hospital that has received an extension of the January 1, 2008, deadline pursuant to subdivision (a) or (b) may request an additional extension of up to two years for a hospital building that it owns or operates and that meets the criteria specified in paragraph (2), (3), or (5).

(2) The office may grant the additional extension if the hospital building subject to the extension meets all of the following criteria:

(A) The hospital building is under construction at the time of the request for extension under this subdivision and the purpose of the construction is to meet the requirements of subdivision (a) to allow the use of the building as a general acute care hospital building after the extension deadline granted by the office pursuant to subdivision (a) or (b).

(B) The hospital building plans were submitted to the office and were deemed ready for review by the office at least four years prior to the applicable deadline for the building. The hospital shall indicate, upon submission of its plans, the SPC-1 building or buildings that will be retrofitted or replaced to meet the requirements of this section as a result of the project.

(C) The hospital received a building permit for the construction described in subparagraph (A) at least two years prior to the applicable deadline for the building.

(D) The hospital submitted a construction timeline at least two years prior to the applicable deadline for the building demonstrating the hospital’s intent to meet the applicable deadline. The timeline shall include all of the following:
(i) The projected construction start date.
(ii) The projected construction completion date.
(iii) Identification of the contractor.

(E) The hospital is making reasonable progress toward meeting the timeline set forth in subparagraph (D), but factors beyond the hospital’s control make it impossible for the hospital to meet the deadline.

(3) The office may grant the additional extension if the hospital building subject to the extension meets all of the following criteria:

(A) The hospital building is owned by a health care district that has, as owner, received the extension of the January 1, 2008, deadline, but where the hospital is operated by an unaffiliated third-party lessee pursuant to a facility lease that extends at least through December 31, 2009. The district shall file a declaration with the office with a request for an extension stating that, as of the date of the filing, the district has lacked, and continues to lack, unrestricted access to the subject hospital building for seismic planning purposes during the term of the lease, and that the district is under contract with the county to maintain hospital services when the hospital comes under district control. The office shall not grant the extension if an unaffiliated third-party lessee will operate the hospital beyond December 31, 2010.

(B) The hospital building plans were submitted to the office and were deemed ready for review by the office at least four years prior to the applicable deadline for the building. The hospital shall indicate, upon submission of its plans, the SPC-1 building or buildings that will be retrofitted or replaced to meet the requirements of this section as a result of the project.

(C) The hospital received a building permit for the construction described in subparagraph (B) by December 31, 2011.

(D) The hospital submitted, by December 31, 2011, a construction timeline for the building demonstrating the hospital’s intent and ability to meet the deadline of December 31, 2014. The timeline shall include all of the following:

(i) The projected construction start date.
(ii) The projected construction completion date.
(iii) Identification of the contractor.

(E) The hospital building is under construction at the time of the request for the extension, the purpose of the construction is to meet the requirements of subdivision (a) to allow the use of the
building as a general acute care hospital building after the extension
deadline granted by the office pursuant to subdivision (a) or (b),
and the hospital is making reasonable progress toward meeting
the timeline set forth in subparagraph (D).

(F) The hospital granted an extension pursuant to this paragraph
shall submit an additional status report to the office, equivalent to
that required by subdivision (c) of Section 130061, no later than
June 30, 2013.

(4) An extension granted pursuant to paragraph (3) shall be
applicable only to the health care district applicant and its affiliated
hospital while the hospital is operated by the district or an entity
under the control of the district.

(5) The office may grant the additional extension if the hospital
building subject to the extension meets all of the following criteria:

(A) The hospital owner submitted to the office, prior to June
30, 2009, a request for review using current computer modeling
utilized by the office and based upon software developed by the
Federal Emergency Management Agency, referred to as Hazards
US, and the building was deemed SPC-1 after that review.

(B) The hospital building plans for the building are submitted
to the office and deemed ready for review by the office prior to
July 1, 2010. The hospital shall indicate, upon submission of its
plans, the SPC-1 building or buildings that shall be retrofitted or
replaced to meet the requirements of this section as a result of the
project.

(C) The hospital receives a building permit from the office for
the construction described in subparagraph (B) prior to January 1,
2012.

(D) The hospital submits, prior to January 1, 2012, a
construction timeline for the building demonstrating the hospital’s
intent and ability to meet the applicable deadline. The timeline
shall include all of the following:

(i) The projected construction start date.
(ii) The projected construction completion date.
(iii) Identification of the contractor.

(E) The hospital building is under construction at the time of
the request for the extension, the purpose of the construction is to
meet the requirements of subdivision (a) to allow the use of the
building as a general acute care hospital building after the extension
deadline granted by the office pursuant to subdivision (a) or (b),
and the hospital is making reasonable progress toward meeting
the timeline set forth in subparagraph (D).
(F) The hospital owner completes construction such that the
hospital meets all criteria to enable the office to issue a certificate
of occupancy by the applicable deadline for the building.
(6) A hospital denied an extension pursuant to this subdivision
may appeal the denial to the Hospital Building Safety Board.
(7) The office may revoke an extension granted pursuant to this
subdivision for any hospital building where the work of
construction is abandoned or suspended for a period of at least one
year, unless the hospital demonstrates in a public document that
the abandonment or suspension was caused by factors beyond its
control.
SEC. 140. Section 130251 of the Health and Safety Code is
amended to read:
130251. (a) The California Health and Human Services Agency
or one of the departments under its jurisdiction may apply for
federal funds made available through the federal American
Recovery and Reinvestment Act of 2009 (P.L. 111-5) for health
information technology and exchange.
(b) In the event that the California Health and Human Services
Agency or one of the departments under its jurisdiction elects not
to submit an application described in subdivision (a), the Governor
shall designate a qualified nonprofit entity to be the
state-designated entity for the purposes of health information
exchange, pursuant to the requirements set forth in ARRA.
(c) The agency or state-designated entity shall execute tasks
related to accessing federal stimulus funds made available through
ARRA, and facilitate and expand the use and disclosure of health
information electronically among organizations according to
nationally recognized standards and implementation specifications
while protecting, to the greatest extent possible, individual privacy
and the confidentiality of electronic medical records.
(d) The agency or state-designated entity shall develop a plan
to ensure that health information exchange capabilities are
available, adopted, and utilized statewide so that patients do not
experience disparities in access to the benefits of this technology
by age, race, ethnicity, language, income, insurance status,
geography, or otherwise.
(e) The agency or state-designated entity shall create a plan for a self-sustaining funding mechanism that does not include use of General Fund moneys that shall cover all reasonable costs of the administration of health information exchange when federal ARRA funds expire or are exhausted.

(f) The state-designated entity shall continually meet any conditions for being so designated as determined by the Secretary of California Health and Human Services. Failure to comply with this subdivision may result in the entity losing its designation.

2. (A) It shall be governed by a board with a diverse composition from multiple types of organizations from multiple regions throughout the state. The governing board shall include, at a minimum, all of the following:

(h) The state-designated entity shall report to the California Health and Human Services Agency and the Legislature on its progress and activities at least annually.
SEC. 141. Section 38.5 of the Insurance Code is amended to read:

38.5. Any written notice required to be given or mailed to any person by an insurer relating to any insurance on risks or on operations in this state not excepted by Section 1851 from the coverage of Chapter 9 (commencing with Section 1850.4) of Part 2 of Division 1 of this code may, if not excluded by subdivision (b) or (c) of Section 1633.3 of the Civil Code, be provided by electronic transmission pursuant to Title 2.5 (commencing with Section 1633.1) of Part 2 of Division 3 of the Civil Code, if each party has agreed to conduct the transaction by electronic means pursuant to Section 1633.5 of the Civil Code. The affidavit of the person who initiated the electronic transmission, stating the facts of that transmission into an information processing system outside of the control of the sender or of any person that sent the electronic record on behalf of the sender, is prima facie evidence that the notice was transmitted and shall be sufficient proof of notice. Any notice provided by electronic transmission shall be treated as if mailed or given for the purposes of any provision of this code, except as provided by subdivision (g) of Section 1633.15 of the Civil Code. The insurance company shall maintain a system for confirming that any notice or document that is to be provided by electronic means has been sent in a manner consistent with Section 1633.15 of the Civil Code. A valid electronic signature shall be sufficient for any provision of law requiring a written signature. The insurance company shall retain a copy of the confirmation and electronic signature, when either is required, with the policy information so that they are retrievable upon request by the Department of Insurance while the policy is in force and for five years thereafter.

SEC. 142. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:
(a) “Member insurer” means an insurer required to be a member of the association in accordance with subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States government.
(b) “Insolvent insurer” means an insurer that was a member insurer of the association, consistent with paragraph (11) of subdivision (c), either at the time the policy was issued or when
the insured event occurred, and against which an order of
liquidation or receivership with a finding of insolvency has been
entered by a court of competent jurisdiction, or, in the case of the
State Compensation Insurance Fund, if a finding of insolvency is
made by a duly enacted legislative measure.
(c) (1) “Covered claims” means the obligations of an insolvent
insurer, including the obligation for unearned premiums, that satisfy
all of the following requirements:
(A) Imposed by law and within the coverage of an insurance
policy of the insolvent insurer.
(B) Which were unpaid by the insolvent insurer.
(C) Which are presented as a claim to the liquidator in this state
or to the association on or before the last date fixed for the filing
of claims in the domiciliary liquidating proceedings.
(D) Which were incurred prior to the date coverage under the
policy terminated and prior to, on, or within 30 days after the date
the liquidator was appointed.
(E) For which the assets of the insolvent insurer are insufficient
to discharge in full.
(F) In the case of a policy of workers’ compensation insurance,
to provide workers’ compensation benefits under the workers’
compensation law of this state.
(G) In the case of other classes of insurance if the claimant or
insured is a resident of this state at the time of the insured
occurrence, or the property from which the claim arises is
permanently located in this state.
(2) “Covered claims” also includes the obligations assumed by
an assuming insurer from a ceding insurer where the assuming
insurer subsequently becomes an insolvent insurer if, at the time
of the insolvency of the assuming insurer, the ceding insurer is no
longer admitted to transact business in this state. Both the assuming
insurer and the ceding insurer shall have been member insurers at
the time the assumption was made. “Covered claims” under this
paragraph shall be required to satisfy the requirements of
subparagraphs (A) to (G), inclusive, of paragraph (1), except for
the requirement that the claims be against policies of the insolvent
insurer. The association shall have a right to recover any deposit,
bond, or other assets that may have been required to be posted by
the ceding company to the extent of covered claim payments and
shall be subrogated to any rights the policyholders may have against the ceding insurer.

(3) “Covered claims” does not include obligations arising from the following:

(A) Life, annuity, health, or disability insurance.

(B) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks.

(C) Fidelity or surety insurance including fidelity or surety bonds, or any other bonding obligations.

(D) Credit insurance.

(E) Title insurance.

(F) Ocean marine insurance or ocean marine coverage under any insurance policy including claims arising from the following: the Jones Act (46 U.S.C. Sec. 688), the Longshore and Harbor Workers’ Compensation Act (33 U.S.C. Sec. 901 et seq.), or any other similar federal statutory enactment, or any endorsement or policy affording protection and indemnity coverage.

(G) Any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses, except a special excess workers’ compensation policy issued pursuant to subdivision (c) of Section 3702.8 of the Labor Code that covers all or any part of workers’ compensation liabilities of an employer that is issued, or was previously issued, a certificate of consent to self-insure pursuant to subdivision (b) of Section 3700 of the Labor Code.

(4) “Covered claims” does not include any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured’s request, or after the insurance policy has been canceled by the liquidator, nor any obligations to any state or to the federal government.

(5) “Covered claims” does not include any obligations to insurers, insurance pools, or underwriting associations, nor their claims for contribution, indemnity, or subrogation, equitable or otherwise, except as otherwise provided in this chapter.

An insurer, insurance pool, or underwriting association may not maintain, in its own name or in the name of its insured, any claim or legal action against the insured of the insolvent insurer for contribution, indemnity or by way of subrogation, except insofar
as, and to the extent only, that the claim exceeds the policy limits of the insolvent insurer’s policy. In those claims or legal actions, the insured of the insolvent insurer is entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer’s policy, or in the amount of the limits remaining, where those limits have been diminished by the payment of other claims.

(6) “Covered claims,” except in cases involving a claim for workers’ compensation benefits or for unearned premiums, does not include any claim in an amount of one hundred dollars ($100) or less, nor that portion of any claim that is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(7) “Covered claims” does not include that portion of any claim, other than a claim for workers’ compensation benefits, that is in excess of five hundred thousand dollars ($500,000).

(8) “Covered claims” does not include any amount awarded as punitive or exemplary damages, nor any amount awarded by the Workers’ Compensation Appeals Board pursuant to Section 5814 or 5814.5 of the Labor Code because payment of compensation was unreasonably delayed or refused by the insolvent insurer.

(9) “Covered claims” does not include (A) any claim to the extent it is covered by any other insurance of a class covered by this article available to the claimant or insured or (B) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian, or other personal representative or trustee in bankruptcy, and does not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(10) “Covered claims” does not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to Sections 11802 and 11803.

(11) “Covered claims” does not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer’s admission to transact insurance in the State of California.
(12) “Covered claims” does not include surplus deposits of subscribers as defined in Section 1374.1.

(13) “Covered claims” shall also include obligations arising under an insurance policy written to indemnify a permissibly self-insured employer pursuant to subdivision (b) or (c) of Section 3700 of the Labor Code for its liability to pay workers’ compensation benefits in excess of a specific or aggregate retention, provided, however, that for purposes of this article, those claims shall not be considered workers’ compensation claims and therefore are subject to the per claim limit in paragraph (7) and any payments and expenses related thereto shall be allocated to category (c) for claims other than workers’ compensation, homeowners, and automobile, as provided in Section 1063.5.

These provisions shall apply to obligations arising under any policy as described herein issued to a permissibly self-insured employer or group of self-insured employers pursuant to Section 3700 of the Labor Code and notwithstanding any other provision of this code, those obligations shall be governed by this provision in the event that the Self-Insurers’ Security Fund is ordered to assume the liabilities of a permissibly self-insured employer or group of self-insured employers pursuant to Section 3701.5 of the Labor Code. The provisions of this paragraph apply only to insurance policies written to indemnify a permissibly self-insured employer or group of self-insured employers under subdivision (b) or (c) of Section 3700 of the Labor Code, for its liability to pay workers’ compensation benefits in excess of a specific or aggregate retention, and this paragraph does not apply to special excess workers’ compensation insurance policies unless issued pursuant to authority granted in subdivision (c) of Section 3702.8 of the Labor Code, and as provided for in subparagraph (G) of paragraph (3). In addition, this paragraph does not apply to any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses as are excluded in subparagraph (G) of paragraph (3).

Each permissibly self-insured employer or group of self-insured employers, or the Self-Insurers’ Security Fund, shall, to the extent required by the Labor Code, be responsible for paying, adjusting, and defending each claim arising under policies of insurance covered under this section, unless the benefits paid on a claim exceed the specific or aggregate retention, in which case:
(A) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy requires the insurer to defend and adjust the claim, the California Insurance Guarantee Association (CIGA) shall be solely responsible for adjusting and defending the claim, and shall make all payments due under the claim, subject to the limitations and exclusions of this article with regard to covered claims. As to each claim subject to this paragraph, notwithstanding any other provisions of this code or the Labor Code, and regardless of whether the amount paid by CIGA is adequate to discharge a claim obligation, neither the self-insured employer, group of self-insured employers, nor the Self-Insurers’ Security Fund, shall have any obligation to pay benefits over and above the specific or aggregate retention, except as provided in this subdivision.

(B) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy does not require the insurer to defend and adjust the claim, the permissibly self-insured employer or group of self-insured employers, or the Self-Insurers’ Security Fund, shall not have any further payment obligations with respect to the claim, but shall continue defending and adjusting the claim, and shall have the right, but not the obligation, in any proceeding to assert all applicable statutory limitations and exclusions as contained in this article with regard to the covered claim. CIGA shall have the right, but not the obligation, to intervene in any proceeding where the self-insured employer, group of self-insured employers, or the Self-Insurers’ Security Fund is defending any such claim and shall be permitted to raise the appropriate statutory limitations and exclusions as contained in this article with respect to covered claims. Regardless of whether the self-insured employer or group of self-insured employers, or the Self-Insurers’ Security Fund, asserts the applicable statutory limitations and exclusions, or whether CIGA intervenes in any such proceeding, CIGA shall be solely responsible for paying all benefits due on the claim, subject to the exclusions and limitations of this article with regard to covered claims. As to each claim subject to this paragraph, notwithstanding any other provision of the Insurance Code or the Labor Code and regardless of whether the amount paid by CIGA is adequate to discharge a claim obligation, neither the self-insured employer, group of self-insured employers, nor the Self-Insurers’ Security Fund, shall have any obligation to pay benefits over and
above the specific or aggregate retention, except as provided in
this subdivision.
(C) In the event that the benefits paid on the covered claim
exceed the per claim limit in paragraph (7), the responsibility for
paying, adjusting, and defending the claim shall be returned to the
permissibly self-insured employer or group of employers, or the
Self-Insurers’ Security Fund.
These provisions shall apply to all pending and future
insolvencies. For purposes of this paragraph, a pending insolvency
is one involving a company that is currently receiving benefits
from the guarantee association.
(d) “Admitted to transact insurance in this state” means an
insurer possessing a valid certificate of authority issued by the
department.
(e) “Affiliate” means a person who directly or indirectly, through
one or more intermediaries, controls, is controlled by, or is under
common control with an insolvent insurer on December 31 of the
year next preceding the date the insurer becomes an insolvent
insurer.
(f) “Control” means the possession, direct or indirect, of the
power to direct or cause the direction of the management and
policies of a person, whether through the ownership of voting
securities, by contract other than a commercial contract for goods
or nonmanagement services, or otherwise, unless the power is the
result of an official position with or corporate office held by the
person. Control is presumed to exist if any person, directly or
indirectly, owns, controls, holds with the power to vote, or holds
proxies representing, 10 percent or more of the voting securities
of any other person. This presumption may be rebutted by showing
that control does not in fact exist.
(g) “Claimant” means any insured making a first party claim or
any person instituting a liability claim, provided that no person
who is an affiliate of the insolvent insurer may be a claimant.
(h) “Ocean marine insurance” includes marine insurance as
defined in Section 103, except for inland marine insurance, as well
as any other form of insurance, regardless of the name, label, or
marketing designation of the insurance policy, that insures against
maritime perils or risks and other related perils or risks, which are
usually insured against by traditional marine insurance such as
hull and machinery, marine builders’ risks, and marine protection
and indemnity. Those perils and risks insured against include,
without limitation, loss, damage, or expense or legal liability of
the insured arising out of or incident to ownership, operation,
chartering, maintenance, use, repair, or construction of any vessel,
craft, or instrumentality in use in ocean or inland waterways,
including liability of the insured for personal injury, illness, or
death for loss or damage to the property of the insured or another
person.

(i) “Unearned premium” means that portion of a premium as
calculated by the liquidator that had not been earned because of
the cancellation of the insolvent insurer’s policy and is that
premium remaining for the unexpired term of the insolvent
insurer’s policy. “Unearned premium” does not include any amount
sought as return of a premium under any policy providing
retroactive insurance of a known loss or return of a premium under
any retrospectively rated policy or a policy subject to a contingent
surcharge or any policy in which the final determination of the
premium cost is computed after expiration of the policy and is
calculated on the basis of actual loss experience during the policy
period.
SEC. 143. Section 1063.2 of the Insurance Code is amended
to read:

1063.2. (a) The association shall pay and discharge covered
claims and in connection therewith pay for or furnish loss
adjustment services and defenses of claimants when required by
policy provisions. It may do so either directly by itself or through
a servicing facility or through a contract for reinsurance and
assumption of liabilities by one or more member insurers or
through a contract with the liquidator, upon terms satisfactory to
the association and to the liquidator, under which payments on
covered claims would be made by the liquidator using funds
provided by the association.

(b) The association shall be a party in interest in all proceedings
involving a covered claim, and shall have the same rights as the
insolvent insurer would have had if not in liquidation, including,
but not limited to, the right to: (1) appear, defend, and appeal a
claim in a court of competent jurisdiction, (2) receive notice of,
investigate, adjust, compromise, settle, and pay a covered claim,
and (3) investigate, handle, and deny a noncovered claim. The
association shall have no cause of action against the insureds of
the insolvent insurer for any sums it has paid out, except as
provided by this article.
(c) (1) If damages against uninsured motorists are recoverable
by the claimant from his or her own insurer, the applicable limits
of the uninsured motorist coverage shall be a credit against a
covered claim payable under this article. Any person having a
claim that may be recovered under more than one insurance
guaranty association or its equivalent shall seek recovery first from
the association of the place of residence of the insured, except that
if it is a first-party claim for damage to property with a permanent
location, he or she shall seek recovery first from the association
of the permanent location of the property, and if it is a workers’
compensation claim, he or she shall seek recovery first from the
association of the residence of the claimant. Any recovery under
this article shall be reduced by the amount of recovery from any
other insurance guaranty association or its equivalent. A member
insurer may recover in subrogation from the association only
one-half of any amount paid by that insurer under uninsured
motorist coverage for bodily injury or wrongful death (and nothing
for a payment for anything else), in those cases where the injured
person insured by such an insurer has proceeded under his or her
uninsured motorist coverage on the ground that the tortfeasor is
uninsured as a result of the insolvency of his or her liability insurer
(an insolvent insurer as defined in this article), provided that the
member insurer shall waive all rights of subrogation against the
tortfeasor. Any amount paid a claimant in excess of the amount
authorized by this section may be recovered by action, or other
proceeding, brought by the association.
(2) Any claimant having collision coverage on a loss that is
covered by the insolvent company’s liability policy shall first
proceed against his or her collision carrier. Neither that claimant
nor the collision carrier, if it is a member of the association, shall
have the right to sue or continue a suit against the insured of the
insolvent insurance company for that collision damage.
(d) The association shall have the right to recover from any
person who is an affiliate of the insolvent insurer and whose
liability obligations to other persons are satisfied in whole or in
part by payments made under this article the amount of any covered
claim and allocated claims expense paid on behalf of that person
pursuant to this article.
(e) Any person having a claim or legal right of recovery under
any governmental insurance or guaranty program which is also a
covered claim, shall be required to first exhaust his or her right
under the program. Any amount payable on a covered claim shall
be reduced by the amount of any recovery under the program.

(f) “Covered claims” for unearned premium by lenders under
insurance premium finance agreements as defined in Section 673
shall be computed as of the earliest cancellation date of the policy
pursuant to Section 673.

(g) “Covered claims” shall not include any judgments against
or obligations or liabilities of the insolvent insurer or the
commissioner, as liquidator, or otherwise resulting from alleged
or proven torts, nor shall any default judgment or stipulated
judgment against the insolvent insurer, or against the insured of
the insolvent insurer, be binding against the association.

(h) “Covered claims” shall not include any loss adjustment
expenses, including adjustment fees and expenses, attorney’s fees
and expenses, court costs, interest, and bond premiums, incurred
prior to the appointment of a liquidator.

SEC. 144. Section 10136 of the Insurance Code is amended
to read:

10136. (a) No direct or indirect transfer of structured settlement
payment rights by a payee to which this article applies shall be
effective, and no structured settlement obligor or annuity issuer
shall be required to make any payment directly or indirectly to a
transferee, unless all of the provisions of this section are satisfied.

(b) Ten or more days before the payee executes a transfer
agreement, the transferee shall provide the payee with a separate
written disclosure statement, accurately completed with the
information that applies to the transfer agreement, in substantially
the following form, in at least 12-point type unless otherwise
indicated (bracketed instructions shall not appear in the form):

“Disclosure Notice Required By Law [14-point boldface type]
You are selling (technically called ‘transferring’) your right to
receive your payments under a structured settlement. You should
get this disclosure notice at least 10 days before you sign any
contract.
IMPORTANT TERMS: [14-point boldface type]

You have agreed to sell to the transferee future payments totaling ____ dollars ($____) in exchange for a purchase price of ____ dollars ($____).

Those future payments have a discounted present value equal to ____ dollars ($____), calculated by applying the discount rate of ____ percent utilized by the Internal Revenue Service to value annuities in probate proceedings.

The purchase price to be paid to you was calculated using a discount rate of ____ percent.

The purchase price payable to you is less than the present value of the future payments stated above because the discount rate of your transaction is greater than the rate utilized by the Internal Revenue Service.

For comparison purposes:
If you did not sell your right to receive structured settlement payments, but instead borrowed the net amount of $____ and paid that loan back in installments with each of the payments you are now selling, the equivalent interest rate you would be paying for that loan would be ____% per year.

[The text and information set forth above under ‘IMPORTANT TERMS’ shall be in 14-point type and circumscribed by a box with a bold border]

To figure the net amount we are paying, we have charged you for the following expenses:

[itemize in a list by type and amount]

for a total of $____ in expenses.

You should get independent professional advice about whether selling your structured settlement payments is a good idea for you and for your dependents.

You are advised to seek independent legal or financial advice regarding the transaction and, under the law, the cost of that advice, up to one thousand five hundred dollars ($1,500), will be paid by the transferee, the person or entity to whom you have agreed to transfer and assign the payments in question. The transferee or purchaser’s accountant, counsel, or actuary may not advise you in this transaction.
You also should get independent professional advice from an accountant or lawyer experienced in tax matters about any income tax consequences from selling your structured settlement payments. We cannot give you the name of anyone to advise you.

Court approval is needed [14-point boldface type]. A court must approve any agreement you sign to sell your rights under a structured settlement. You will not receive any money until the court approves the sale. Court approval could take more than 30 days following the day you sign an agreement selling your rights under a structured settlement.

A sale of future structured settlement payments will mean that you will no longer receive the future payments that are sold. You are advised to enter into this transaction only after you have carefully considered the consequences of the transaction.

You may cancel the contract before court approval [14-point boldface type]. You may cancel the agreement selling (or transferring) your rights under a structured settlement without any cost or obligation. You may cancel at any time before the court approves the contract. You will get notice of the date of the court hearing.

If you want to cancel, you do not need any special form. But, you must cancel in writing. Send your cancellation to: [insert transferee’s name and address]. If you believe that you have been treated unfairly or have been misled, you should contact your local district attorney or the state Attorney General.”

(c) The transfer agreement shall be written in at least 12-point type and shall be complete and without blank spaces to be completed after the payee’s signature. The transfer agreement shall set forth clear and conspicuously, and in no less than 12-point type, all of the following:

(1) A statement that the agreement is not effective until the date on which a court enters a final order approving the transfer agreement and that payment to the payee pursuant to the transfer agreement will be delayed up to 30 days or more after the date the payee signed the transfer agreement in order for the court to review and approve the transfer agreement.

(2) The amounts and due dates of the structured settlement payments to be transferred.
(3) The aggregate amount of the structured settlement payments to be transferred. This amount shall be disclosed in the form prescribed in subdivision (b).

(4) The aggregate amount of all expenses, if any, to be deducted from the purchase price to be paid to the payee in exchange for the payments to be transferred, and an itemization of all expenses by type and amount.

(5) The amount payable to the payee, net of all expenses, in exchange for the payments to be transferred. This amount shall be disclosed in the form prescribed in subdivision (b).

(6) The discounted present value of all structured settlement payments to be transferred and a statement that “This is the value of your structured settlement in current dollars.” This amount shall be disclosed in the form prescribed in subdivision (b).

(7) The federal rate, as described in subdivision (c) of Section 10134, used in determining the discounted present value.

(8) The effective equivalent interest rate, which shall be disclosed in the following statement:

“YOU WILL BE PAYING THE EQUIVALENT OF AN INTEREST RATE OF ____% PER YEAR.

Based on the net amount that you will receive from us and the amounts and timing of the structured settlement payments that you are transferring to us, if the transferred structured settlement payments were installment payments on a loan, with each payment applied first to accrued unpaid interest and then to principal, it would be as if you were paying interest to us of ____% per year, assuming funding on the effective date of transfer.”

This percentage amount shall be disclosed in the form prescribed in subdivision (b) in the space for “the equivalent interest rate you would be paying for this loan would be ____% per year.”

(9) The quotient (expressed as a percentage) obtained by dividing the net payment amount by the discounted present value of the payments.

(10) A statement that the payee should obtain independent professional advice regarding any federal and state income tax consequences arising from the proposed transfer, and that the transferee may not refer the payee to any specific adviser for that purpose.
(11) A statement that the court approving the transfer agreement retains continuing jurisdiction to interpret and monitor implementation of the agreement as justice may require.

(12) The following statement: “If you believe you were treated unfairly or were misled as to the nature of the obligations you assumed upon entering into this agreement, you should report those circumstances to your local district attorney or the office of the Attorney General.”

(13) The following statement printed in 14-point type, circumscribed by a box with a bold border, and set forth immediately above or adjacent to the space reserved for the payee’s signature:

“You have the right to cancel this agreement without any cost or obligation until the date the court approves this agreement. You will receive notice of the court hearing date when approval may occur. You must cancel in writing and send your cancellation to [insert transferee’s name and address],”

(d) The contract for transferring the structured settlement payment rights may not violate Section 10138.

(e) At any time before the date on which a court enters a final order approving the transfer agreement pursuant to Section 10139.5, the payee may cancel the transfer agreement, without cost or further obligation, by providing written notice of cancellation to the transferee.

SEC. 146. Section 10192.81 of the Insurance Code is amended to read:

10192.81. The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 standardized Medicare supplement benefit plan for sale with an effective date on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued with an effective date prior to June 1, 2010, remain subject to the requirements of Section 10192.8.

(a) The following general standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this article:

1. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.
(2) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with those changes.

(4) A Medicare supplement policy or certificate shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(5) Each Medicare supplement policy shall be guaranteed renewable.

(A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

(B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation which is shown by the issuer to be material to the acceptance for coverage. The contestability period for Medicare supplement insurance shall be two years, pursuant to Section 10350.2.

(C) If the Medicare supplement policy is terminated by the master policyholder and is not replaced as provided under subparagraph (E), the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, does one of the following:

(i) Provides for continuation of the benefits contained in the group policy.

(ii) Provides for benefits that otherwise meet the requirements of one of the standardized policies defined in this article.

(D) If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall do one of the following:

(i) Offer the certificate holder the conversion opportunity described in subparagraph (C).

(ii) At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.
(E) (i) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(ii) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate that has been in force for six months or more, the replacing issuer shall not impose an exclusion or limitation based on a preexisting condition. If the original coverage has been in force for less than six months, the replacing issuer shall waive any time period applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy or certificate to the extent the time was spent under the original coverage.

(6) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits shall not be considered in determining a continuous loss.

(7) (A) (i) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period, not to exceed 24 months, in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Medi-Cal, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance. Upon receipt of timely notice, the insurer shall return directly to the insured that portion of the premium attributable to the period of Medi-Cal eligibility, subject to adjustment for paid claims.

(ii) If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance under Medi-Cal, the policy or certificate shall be automatically reinstated (effective as of the date of termination of entitlement) as of the termination
of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement or equivalent coverage shall be provided if the prior form is no longer available.

(iii) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the federal Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the federal Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the applicable premium.

(B) Reinstitution of coverages shall comply with all of the following requirements:

(i) Not provide for any waiting period with respect to treatment of preexisting conditions.

(ii) Provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension.

(iii) Provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(8) A Medicare supplement policy shall not limit coverage exclusively to a single disease or affliction.

(9) A Medicare supplement policy shall provide an examination period of 30 days after the receipt of the policy by the applicant for purposes of review, during which time the applicant may return the policy as described in subdivision (e) of Section 10192.17.

(b) With respect to the standards for basic (core) benefits for benefit plans A, B, C, D, F, high deductible F, G, M, and N, every issuer of Medicare supplement insurance benefit plans shall make available a policy or certificate including only the following basic “core” package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the
basic (core) package, but not in lieu of it. However, the benefits
described in paragraphs (7) and (8) shall not be offered so long as
California is required to disallow these benefits for Medicare
beneficiaries by the Centers for Medicare and Medicaid Services
or other agent of the federal government under Section 1395ss of
Title 42 of the United States Code.

(1) Coverage of Part A Medicare eligible expenses for
hospitalization to the extent not covered by Medicare from the
61st day through the 90th day, inclusive, in any Medicare benefit
period.

(2) Coverage of Part A Medicare eligible expenses incurred for
hospitalization to the extent not covered by Medicare for each
Medicare lifetime inpatient reserve day used.

(3) Upon exhaustion of the Medicare hospital inpatient coverage,
including the lifetime reserve days, coverage of 100 percent of the
Medicare Part A eligible expenses for hospitalization paid at the
applicable prospective payment system (PPS) rate, or other
appropriate Medicare standard of payment, subject to a lifetime
maximum benefit of an additional 365 days. The provider shall
accept the issuer’s payment as payment in full and may not bill
the insured for any balance.

(4) Coverage under Medicare Parts A and B for the reasonable
cost of the first three pints of blood, or equivalent quantities of
packed red blood cells, as defined under federal regulations, unless
replaced in accordance with federal regulations.

(5) Coverage for the coinsurance amount, or in the case of
hospital outpatient department services paid under a prospective
payment system, the copayment amount, of Medicare eligible
expenses under Part B regardless of hospital confinement, subject
to the Medicare Part B deductible.

(6) Coverage of cost sharing for all Part A Medicare eligible
hospice care and respite care expenses.

(7) Coverage of the actual cost, up to the legally billed amount,
of an annual mammogram as provided in Section 10123.81, to the
extent not paid by Medicare.

(8) Coverage of the actual cost, up to the legally billed amount,
of an annual cervical cancer screening test as provided in Section
10123.18, to the extent not paid by Medicare.

(c) The following additional benefits shall be included in
Medicare supplement benefit plans B, C, D, F, high deductible F,
G, M, and N, consistent with the plan type and benefits for each
plan as provided in Section 10192.91:

(1) With respect to the Medicare Part A deductible, coverage
for 100 percent of the Medicare Part A inpatient hospital deductible
amount per benefit period.

(2) With respect to the Medicare Part A deductible, coverage
for 50 percent of the Medicare Part A inpatient hospital deductible
amount per benefit period.

(3) With respect to skilled nursing facility care, coverage for
the actual billed charges up to the coinsurance amount from the
21st day through the 100th day in a Medicare benefit period for
posthospital skilled nursing facility care eligible under Medicare
Part A.

for 100 percent of the Medicare Part B deductible amount per
calendar year regardless of hospital confinement.

(5) With respect to 100 percent of the Medicare Part B excess
charges, coverage for all of the difference between the actual
Medicare Part B charges as billed, not to exceed any charge
limitation established by the Medicare Program or state law, and
the Medicare-approved Part B charge.

(6) With respect to medically necessary emergency care in a
foreign country, coverage to the extent not covered by Medicare
for 80 percent of the billed charges for Medicare-eligible expenses
for medically necessary emergency hospital, physician, and medical
care received in a foreign country, which care would have been
covered by Medicare if provided in the United States and which
care began during the first 60 consecutive days of each trip outside
the United States, subject to a calendar year deductible of two
hundred fifty dollars ($250), and a lifetime maximum benefit of
fifty thousand dollars ($50,000). For purposes of this benefit,
“emergency care” shall mean care needed immediately because
of an injury or an illness of sudden and unexpected onset.

(e) (1) A licensee or registrant shall notify the Labor Commissioner in writing within 90 days of the date of a final judgment issued by a court, a final order issued by the Labor Commissioner, or an accord that imposes on the licensee or registrant requirements involving unpaid wages. If the licensee or registrant fails to comply with this notification requirement, the Labor Commissioner shall suspend the license or registration on the date that the Labor Commissioner is informed, or is made aware of, the judgment, order, or accord. The suspension shall remain in effect until the licensee or registrant satisfies either of the requirements described in subdivision (d).

(2) A licensee or registrant who notifies the Labor Commissioner of a judgment, order, or accord pursuant to paragraph (1), shall file with the notice a bond or a cash deposit meeting the criteria of paragraph (1) of subdivision (c).

The Labor Commissioner shall not reduce the bond or cash deposit amount below the balance of the entire amount involving unpaid wages. Upon full satisfaction of the requirements involving unpaid wages, the Labor Commissioner may terminate the bond or cash deposit requirement.

(2) Notwithstanding paragraph (1), within one year from the date of filing the bond or cash deposit pursuant to paragraph (1) of subdivision (c) or paragraph (2) of subdivision (e), a licensee or registrant shall submit a notarized accord between the licensee or registrant and the other parties to the judgment, order, or accord demonstrating satisfaction of all requirements imposed by the judgment, order, or accord involving unpaid wages. The Labor Commissioner shall suspend the license or registration of a person who fails to file the notarized accord within that timeframe. Notwithstanding paragraph (1) of subdivision (c), a person who has failed to file a notarized accord within the timeframe required by this paragraph shall have his or her license or registration reinstated only after demonstrating that he or she has satisfied all requirements imposed by a final judgment, order, or accord involving unpaid wages. As an alternative to payment in full of
all debts involving unpaid wages, a person may submit a notarized

copy of an accord between the licensee or registrant and the other

parties to the accord.

(g) The failure of a licensee or registrant to maintain a bond
required by this section or to abide by all requirements imposed
on a licensee or registrant by an accord involving unpaid wages
between the licensee or registrant and the other parties to the accord
shall result in the automatic suspension of his or her license or
registration.

(h) (1) A licensee or registrant shall not allow a person who is
a judgment debtor in a final judgment issued by a court or in a
final order issued by the Labor Commissioner involving unpaid
wages that imposes requirements that have not been satisfied in
their entirety to serve in a capacity described in Section 1689 or
subparagraph (B) of paragraph (1) of subdivision (a) of Section

shall reinstate the license or registration upon the resignation of
the person named as a judgment debtor or complete satisfaction
of the unpaid wages requirements.

(i) A person whose license or registration is suspended pursuant
to this section, who is denied issuance or reinstatement of a license
or registration, or who has been assessed a civil penalty for
knowingly providing false information in the statement required
by paragraph (1) of subdivision (b) shall pay to the Labor
Commissioner all reasonable costs incurred by the Labor
Commissioner in all activities relating to the adverse license or
registration action, commencing with the first notice issued by the
Labor Commissioner that he or she has taken any adverse action
under this section relative to a license or registration. The Labor
Commissioner shall not reinstate a license or registration unless
the person has paid all costs assessed by the Labor Commissioner
or has entered into an accord with the Labor Commissioner that
establishes a payment plan.

(j) This section shall not apply to an applicant for a farm labor
contractor license or a garment manufacturer registration or to a
licensee or registrant when the unpaid wages, as described by this
section, have been discharged in a bankruptcy proceeding.
SEC. 152. Section 699.5 of the Military and Veterans Code is amended to read:

699.5. (a) The department may assist every veteran of the United States and the dependent or survivor of every veteran of the United States in presenting and pursuing the claim as the veteran, dependent, or survivor may have against the United States arising out of war service and in establishing the veteran’s, dependent’s, or survivor’s right to any privilege, preference, care, or compensation provided for by the laws of the United States or of this state. The department may cooperate and, with the approval of the Department of Finance, contract with any veterans service organization, and pursuant to the contract may compensate the organization for services within the scope of this section rendered by it to any veteran or dependent or survivor of a veteran. The contract shall not be made unless the department determines that, owing to the confidential relationships involved and the necessity of operating through agencies that the veterans, dependents, or survivors involved will feel to be sympathetic toward their problems, the services cannot satisfactorily be rendered otherwise than through the agency of the veterans organization and that the best interests of the veterans, dependents, or survivors involved will be served if the contract is made.

(b) (1) The Legislature finds and declares that services provided by veterans service organizations play an important role in the department’s responsibilities to assist veterans and their dependents and survivors in presenting and pursuing claims against the United States, and that it is an efficient and reasonable use of state funds to provide compensation to veterans service organizations for these services.

(2) The Legislature further finds and declares that paragraph (1) shall not be implemented by using the General Fund until the annual budget for county veterans service officers reaches a minimum of five million dollars ($5,000,000). This subdivision shall not be construed to preclude the use of federal funding in implementing these provisions.

(c) Veterans service organizations that elect to contract with the department in accordance with this section shall document the claims processed each year by the veterans service officers employed by the veterans service organization at offices located...
in California. The documentation shall be in accordance with procedures established by the department.

(d) The department shall determine annually the amount of monetary benefits paid to eligible veterans and their dependents and survivors in the state as a result of the work of the veterans service officers of the contracting organizations. Beginning on January 1, 2006, the department shall, on or before January 1 of each year, prepare and transmit its determination for the preceding fiscal year to the Department of Finance and the Legislature. The department shall also identify federal sources to support the efforts of veterans service organizations pursuant to this section. section shall be punished in accordance with either subdivision
(a) or (b) of Section 290.018.

the chief of police in the city in which he or she is physically
present, or the sheriff of the county if he or she is physically present
in an unincorporated area or city that has no police department,
within five working days, of his or her move out of state. The
transient shall inform that registering agency of his or her planned
destination, residence or transient location out of state, and any
plans he or she has to return to California, if known. The law
enforcement agency shall, within three days after receipt of this
information, forward a copy of the change of location information
to the Department of Justice. The department shall forward
appropriate registration data to the law enforcement agency having
local jurisdiction of the new place of residence or location.

officer, not a peace officer, employed by a law enforcement agency
of Fresno County, Kern County, Riverside County, San Diego
County, Santa Clara County, Stanislaus County, or a county having
a population of 425,000 or less who has the authority and
responsibility for maintaining custody of prisoners and performs
tasks related to the operation of a local detention facility used for
the detention of persons usually pending arraignment or upon court
order either for their own safekeeping or for the specific purpose
of serving a sentence therein. Custodial officers of a county shall
be employees of, and under the authority of, the sheriff, except in
counties in which the sheriff, as of July 1, 1993, is not in charge
of and the sole and exclusive authority to keep the county jail and
the prisoners in it. A custodial officer includes a person designated
as a correctional officer, jailer, or other similar title. The duties of
a custodial officer may include the serving of warrants, court
orders, writs, and subpoenas in the detention facility or under
circumstances arising directly out of maintaining custody of
prisoners and related tasks.

(b) A custodial officer has no right to carry or possess firearms
in the performance of his or her prescribed duties, except, under
the direction of the sheriff or chief of police, while engaged in
transporting prisoners; guarding hospitalized prisoners; or
suppressing jail riots, lynchings, escapes, or rescues in or about a
detention facility falling under the care and custody of the sheriff
or chief of police.

(c) Each person described in this section as a custodial officer
shall, within 90 days following the date of the initial assignment
to that position, satisfactorily complete the training course specified
in Section 832. In addition, each person designated as a custodial
officer shall, within one year following the date of the initial
assignment as a custodial officer, have satisfactorily met the minimum selection and training standards prescribed by the Corrections Standards Authority pursuant to Section 6035. Persons designated as custodial officers, before the expiration of the 90-day and one-year periods described in this subdivision, who have not yet completed the required training, shall not carry or possess firearms in the performance of their prescribed duties, but may perform the duties of a custodial officer only while under the direct supervision of a peace officer, as described in Section 830.1, who has completed the training prescribed by the Commission on Peace Officer Standards and Training, or a custodial officer who has completed the training required in this section.

(d) At any time 20 or more custodial officers are on duty, there shall be at least one peace officer, as described in Section 830.1, on duty at the same time to supervise the performance of the custodial officers.

(e) This section shall not be construed to confer any authority upon any custodial officer except while on duty.

(f) A custodial officer may use reasonable force in establishing and maintaining custody of persons delivered to him or her by a law enforcement officer; may make arrests for misdemeanors and felonies within the local detention facility pursuant to a duly issued warrant; may make warrantless arrests pursuant to Section 836.5 only during the duration of his or her job; may release without further criminal process persons arrested for intoxication; and may release misdemeanants on citation to appear in lieu of or after booking.

(g) Custodial officers employed by the Santa Clara County Department of Corrections are authorized to perform the following additional duties in the facility:

1. Arrest a person without a warrant whenever the custodial officer has reasonable cause to believe that the person to be arrested has committed a misdemeanor or felony in the presence of the officer that is a violation of a statute or ordinance that the officer has the duty to enforce.

2. Search property, cells, prisoners, or visitors.

3. Conduct strip or body cavity searches of prisoners pursuant to Section 4030.

4. Conduct searches and seizures pursuant to a duly issued warrant.
(5) Segregate prisoners.
(6) Classify prisoners for the purpose of housing or participation in supervised activities.

These duties may be performed at the Santa Clara Valley Medical Center as needed and only as they directly relate to guarding inpatient, in-custody inmates. This subdivision shall not be construed to authorize the performance of any law enforcement activity involving any person other than the inmate or his or her visitors.

(h) Nothing in this section shall authorize a custodial officer to carry or possess a firearm when the officer is not on duty.

(i) It is the intent of the Legislature that this section, as it relates to Santa Clara County, enumerate specific duties of custodial officers (known as “correctional officers” in Santa Clara County) and to clarify the relationships of the correctional officers and deputy sheriffs in Santa Clara County. These duties are the same duties of the custodial officers prior to the date of enactment of Chapter 635 of the Statutes of 1999 pursuant to local rules and judicial decisions. It is further the intent of the Legislature that all issues regarding compensation for custodial officers remain subject to the collective bargaining process between the County of Santa Clara and the authorized bargaining representative for the custodial officers. However, nothing in this section shall be construed to assert that the duties of custodial officers are equivalent to the duties of deputy sheriffs nor to affect the ability of the county to negotiate pay that reflects the different duties of custodial officers and deputy sheriffs.

(j) This section shall become operative on January 1, 2003.

SEC. 159. Section 851.8 of the Penal Code is amended to read:

851.8. (a) In any case where a person has been arrested and no accusatory pleading has been filed, the person arrested may petition the law enforcement agency having jurisdiction over the offense to destroy its records of the arrest. A copy of the petition shall be served upon the prosecuting attorney of the county or city having jurisdiction over the offense. The law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the prosecuting attorney, seal its arrest records, and the petition for relief under this section for three years from the date of the arrest and thereafter destroy its arrest records and the petition. The
law enforcement agency having jurisdiction over the offense shall
notify the Department of Justice, and any law enforcement agency
that arrested the petitioner or participated in the arrest of the
petitioner for an offense for which the petitioner has been found
factually innocent under this subdivision, of the sealing of the
arrest records and the reason therefor. The Department of Justice
and any law enforcement agency so notified shall forthwith seal
their records of the arrest and the notice of sealing for three years
from the date of the arrest, and thereafter destroy their records of
the arrest and the notice of sealing. The law enforcement agency
having jurisdiction over the offense and the Department of Justice
shall request the destruction of any records of the arrest which they
have given to any local, state, or federal agency or to any other
person or entity. Each agency, person, or entity within the State
of California receiving the request shall destroy its records of the
arrest and the request, unless otherwise provided in this section.

(b) If, after receipt by both the law enforcement agency and the
prosecuting attorney of a petition for relief under subdivision (a),
the law enforcement agency and prosecuting attorney do not
respond to the petition by accepting or denying the petition within
60 days after the running of the relevant statute of limitations or
within 60 days after receipt of the petition in cases where the statute
of limitations has previously lapsed, then the petition shall be
deemed to be denied. In any case where the petition of an arrestee
to the law enforcement agency to have an arrest record destroyed
is denied, petition may be made to the superior court that would
have had territorial jurisdiction over the matter. A copy of the
petition shall be served on the law enforcement agency and the
prosecuting attorney of the county or city having jurisdiction over
the offense at least 10 days prior to the hearing thereon. The
prosecuting attorney and the law enforcement agency through the
district attorney may present evidence to the court at the hearing.
Notwithstanding Section 1538.5 or 1539, any judicial determination
of factual innocence made pursuant to this section may be heard
and determined upon declarations, affidavits, police reports, or
any other evidence submitted by the parties which is material,
relevant, and reliable. A finding of factual innocence and an order
for the sealing and destruction of records pursuant to this section
shall not be made unless the court finds that no reasonable cause
exists to believe that the arrestee committed the offense for which
the arrest was made. In any court hearing to determine the factual
innocence of a party, the initial burden of proof shall rest with the
petitioner to show that no reasonable cause exists to believe that
the arrestee committed the offense for which the arrest was made.
If the court finds that this showing of no reasonable cause has been
made by the petitioner, then the burden of proof shall shift to the
respondent to show that a reasonable cause exists to believe that
the petitioner committed the offense for which the arrest was made.
If the court finds the arrestee to be factually innocent of the charges
for which the arrest was made, then the court shall order the law
enforcement agency having jurisdiction over the offense, the
Department of Justice, and any law enforcement agency which
arrested the petitioner or participated in the arrest of the petitioner
for an offense for which the petitioner has been found factually
innocent under this section to seal their records of the arrest and
the court order to seal and destroy the records, for three years from
the date of the arrest and thereafter to destroy their records of the
arrest and the court order to seal and destroy those records. The
court shall also order the law enforcement agency having
jurisdiction over the offense and the Department of Justice to
request the destruction of any records of the arrest which they have
given to any local, state, or federal agency, person or entity. Each
state or local agency, person or entity within the State of California
receiving such a request shall destroy its records of the arrest and
the request to destroy the records, unless otherwise provided in
this section. The court shall give to the petitioner a copy of any
court order concerning the destruction of the arrest records.

(c) In any case where a person has been arrested, and an
accusatory pleading has been filed, but where no conviction has
occurred, the defendant may, at any time after dismissal of the
action, petition the court that dismissed the action for a finding
that the defendant is factually innocent of the charges for which
the arrest was made. A copy of the petition shall be served on the
prosecuting attorney of the county or city in which the accusatory
pleading was filed at least 10 days prior to the hearing on the
petitioner’s factual innocence. The prosecuting attorney may
present evidence to the court at the hearing. The hearing shall be
conducted as provided in subdivision (b). If the court finds the
petitioner to be factually innocent of the charges for which the
arrest was made, then the court shall grant the relief as provided in subdivision (b).

(d) In any case where a person has been arrested and an accusatory pleading has been filed, but where no conviction has occurred, the court may, with the concurrence of the prosecuting attorney, grant the relief provided in subdivision (b) at the time of the dismissal of the accusatory pleading.

(e) Whenever any person is acquitted of a charge and it appears to the judge presiding at the trial at which the acquittal occurred that the defendant was factually innocent of the charge, the judge may grant the relief provided in subdivision (b).

(f) In any case where a person who has been arrested is granted relief pursuant to subdivision (a) or (b), the law enforcement agency having jurisdiction over the offense or court shall issue a written declaration to the arrestee stating that it is the determination of the law enforcement agency having jurisdiction over the offense or court that the arrestee is factually innocent of the charges for which the person was arrested and that the arrestee is thereby exonerated. Thereafter, the arrest shall be deemed not to have occurred and the person may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by persons applying for the destruction of their arrest records and for the written declaration that one person was found factually innocent under subdivisions (a) and (b).

(h) Documentation of arrest records destroyed pursuant to subdivision (a), (b), (c), (d), or (e) that are contained in investigative police reports shall bear the notation “Exonerated” whenever reference is made to the arrestee. The arrestee shall be notified in writing by the law enforcement agency having jurisdiction over the offense of the sealing and destruction of the arrest records pursuant to this section.

(i) (1) Any finding that an arrestee is factually innocent pursuant to subdivision (a), (b), (c), (d), or (e) shall not be admissible as evidence in any action.

(2) Notwithstanding paragraph (1), a finding that an arrestee is factually innocent pursuant to subdivisions (a) to (e), inclusive, shall be admissible as evidence at a hearing before the California Victim Compensation and Government Claims Board.
(j) Destruction of records of arrest pursuant to subdivision (a), (b), (c), (d), or (e) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest, and the record shall be prepared again so that it appears that the arrest never occurred. However, where (1) the only entries on the record pertain to the arrest and (2) the record can be destroyed without necessarily affecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to subdivision (a), (b), (c), (d), or (e) if the arrestee or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of the records has received a certified copy of the complaint in the civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil actions, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to subdivision (a), (b), (c), (d), or (e) shall be sealed and destroyed pursuant to subdivision (a), (b), (c), (d), or (e).

(l) For arrests occurring on or after January 1, 1981, and for accusatory pleadings filed on or after January 1, 1981, petitions for relief under this section may be filed up to two years from the date of the arrest or filing of the accusatory pleading, whichever is later. Until January 1, 1983, petitioners can file for relief under this section for arrests which occurred or accusatory pleadings which were filed up to five years prior to the effective date of the statute. Any time restrictions on filing for relief under this section may be waived upon a showing of good cause by the petitioner and in the absence of prejudice.

(m) Any relief which is available to a petitioner under this section for an arrest shall also be available for an arrest which has been deemed to be or described as a detention under Section 849.5 or 851.6.

(n) This section shall not apply to any offense which is classified as an infraction.
This section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate division of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a court of appeal. A judgment of a court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

Any decision referred to in this subdivision shall be stayed pending appeal.

If not otherwise appealed by a party to the action, any decision referred to in this subdivision which is a judgment by the appellate division of the superior court shall be appealed by the Attorney General.

A judgment of the court under subdivision (b), (c), (d), or (e) is subject to the following appeal path:

1. In a felony case, appeal is to the court of appeal.
2. In a misdemeanor case, or in a case in which no accusatory pleading was filed, appeal is to the appellate division of the superior court.

SEC. 160. Section 1000.1 of the Penal Code is amended to read:

1000.1. (a) If the prosecuting attorney determines that this chapter may be applicable to the defendant, he or she shall advise the defendant and his or her attorney in writing of that determination. This notification shall include all of the following:
1. A full description of the procedures for deferred entry of judgment.
2. A general explanation of the roles and authorities of the probation department, the prosecuting attorney, the program, and the court in the process.
3. A clear statement that in lieu of trial, the court may grant deferred entry of judgment with respect to any crime specified in subdivision (a) of Section 1000 that is charged, provided that the defendant pleads guilty to each of these charges and waives time for the pronouncement of judgment, and that upon the defendant’s successful completion of a program, as specified in subdivision (c) of Section 1000, the positive recommendation of the program.
authority and the motion of the prosecuting attorney, the court, or
the probation department, but no sooner than 18 months and no
later than three years from the date of the defendant’s referral to
the program, the court shall dismiss the charge or charges against
the defendant.

(4) A clear statement that upon any failure of treatment or
condition under the program, or any circumstance specified in
Section 1000.3, the prosecuting attorney or the probation
department or the court on its own may make a motion to the court
for entry of judgment and the court shall render a finding of guilt
to the charge or charges pled, enter judgment, and schedule a
sentencing hearing as otherwise provided in this code.

(5) An explanation of criminal record retention and disposition
resulting from participation in the deferred entry of judgment
program and the defendant’s rights relative to answering questions
about his or her arrest and deferred entry of judgment following
successful completion of the program.

(b) If the defendant consents and waives his or her right to a
 speedy trial or a speedy preliminary hearing, the court may refer
the case to the probation department or the court may summarily
grant deferred entry of judgment if the defendant pleads guilty to
the charge or charges and waives time for the pronouncement of
judgment. When directed by the court, the probation department
shall make an investigation and take into consideration the
defendant’s age, employment and service records, educational
background, community and family ties, prior controlled substance
use, treatment history, if any, demonstrable motivation, and other
mitigating factors in determining whether the defendant is a person
who would be benefited by education, treatment, or rehabilitation.
The probation department shall also determine which programs
the defendant would benefit from and which programs would
accept the defendant. The probation department shall report its
findings and recommendations to the court. The court shall make
the final determination regarding education, treatment, or
rehabilitation for the defendant. If the court determines that it is
appropriate, the court shall grant deferred entry of judgment if the
defendant pleads guilty to the charge or charges and waives time
for the pronouncement of judgment.

(c) No statement, or any information procured therefrom, made
by the defendant to any probation officer or drug treatment worker,
that is made during the course of any investigation conducted by
the probation department or treatment program pursuant to
subdivision (b), and prior to the reporting of the probation
department’s findings and recommendations to the court, shall be
admissible in any action or proceeding brought subsequent to the
investigation.
No statement, or any information procured therefrom, with
respect to the specific offense with which the defendant is charged,
that is made to any probation officer or drug program worker
subsequent to the granting of deferred entry of judgment, shall be
admissible in any action or proceeding, including a sentencing
hearing.
(d) A defendant’s plea of guilty pursuant to this chapter shall
not constitute a conviction for any purpose unless a judgment of
guilty is entered pursuant to Section 1000.3.
SEC. 161. Section 1120 of the Penal Code is amended to read:
1120. If a juror has any personal knowledge respecting a fact
in controversy in a cause, he or she must declare the same in open
court during the trial. If, during the retirement of the jury, a juror
declares a fact that could be evidence in the cause, as of his or her
own knowledge, the jury must return into court. In either of these
cases, the juror making the statement must be sworn as a witness
and examined in the presence of the parties in order that the court
may determine whether good cause exists for his or her discharge
as a juror.
SEC. 162. Section 1170 of the Penal Code, as amended by
Section 2 of Chapter 416 of the Statutes of 2008, is amended to
read:
1170. (a) (1) The Legislature finds and declares that the
purpose of imprisonment for crime is punishment. This purpose
is best served by terms proportionate to the seriousness of the
offense with provision for uniformity in the sentences of offenders
committing the same offense under similar circumstances. The
Legislature further finds and declares that the elimination of
disparity and the provision of uniformity of sentences can best be
achieved by determinate sentences fixed by statute in proportion
to the seriousness of the offense as determined by the Legislature
to be imposed by the court with specified discretion.
(2) Notwithstanding paragraph (1), the Legislature further finds
and declares that programs should be available for inmates,
including, but not limited to, educational programs, that are
designed to prepare nonviolent felony offenders for successful
reentry into the community. The Legislature encourages the
development of policies and programs designed to educate and
rehabilitate nonviolent felony offenders. In implementing this
section, the Department of Corrections and Rehabilitation is
encouraged to give priority enrollment in programs to promote
successful return to the community to an inmate with a short
remaining term of commitment and a release date that would allow
him or her adequate time to complete the program.

(3) In a case in which the punishment prescribed by statute for
a person convicted of a public offense is a term of imprisonment
in the state prison of any specification of three time periods, the
court shall sentence the defendant to one of the terms of
imprisonment specified unless the convicted person is given
another disposition provided by law, including a fine, jail,
probation, or the suspension of imposition or execution of sentence
or is sentenced pursuant to subdivision (b) of Section 1168 because
he or she had committed his or her crime prior to July 1, 1977. In
sentencing the convicted person, the court shall apply the
sentencing rules of the Judicial Council. The court, unless it
determines that there are circumstances in mitigation of the
punishment prescribed, shall also impose any other term that it is
required by law to impose as an additional term. This article does
not affect any provision of law that imposes the death penalty, that
authorizes or restricts the granting of probation or suspending the
execution or imposition of sentence, or expressly provides for
imprisonment in the state prison for life. In a case in which the
amount of preimprisonment credit under Section 2900.5 or another
provision of law is equal to or exceeds any sentence imposed
pursuant to this chapter, the entire sentence shall be deemed to
have been served and the defendant shall not be actually delivered
to the custody of the secretary. The court shall advise the defendant
that he or she shall serve a period of parole and order the defendant
to report to the parole office closest to the defendant’s last legal
residence, unless the in-custody credits equal the total sentence,
including both confinement time and the period of parole. The
sentence shall be deemed a separate prior prison term under Section
667.5, and a copy of the judgment and other necessary
documentation shall be forwarded to the secretary.
(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer’s report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer’s report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court shall not impose an upper term by using the fact of an enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court also shall inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided that the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.
(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner’s sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, or loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner’s sentence should be recalled.

(4) A physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden’s representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner’s medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden’s representative shall
contact the inmate’s emergency contact and provide the information
described in paragraph (2).

(5) The warden or the warden’s representative shall provide the
prisoner and his or her family member, agent, or emergency
contact, as described in paragraph (4), updated information
throughout the recall and resentencing process with regard to the
prisoner’s medical condition and the status of the prisoner’s recall
and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the
prisoner or his or her family member or designee may
independently request consideration for recall and resentencing
by contacting the chief medical officer at the prison or the
secretary. Upon receipt of the request, the chief medical officer
and the warden or the warden’s representative shall follow the
procedures described in paragraph (4). If the secretary determines
that the prisoner satisfies the criteria set forth in paragraph (2), the
secretary or board may recommend to the court that the prisoner’s
sentence be recalled. The secretary shall submit a recommendation
for release within 30 days in the case of inmates sentenced to
determinate terms and, in the case of inmates sentenced to
indeterminate terms, the secretary shall make a recommendation
to the Board of Parole Hearings with respect to the inmates who
have applied under this section. The board shall consider this
information and make an independent judgment pursuant to
paragraph (2) and make findings related thereto before rejecting
the request or making a recommendation to the court. This action
shall be taken at the next lawfully noticed board meeting.

(7) A recommendation for recall submitted to the court by the
secretary or the Board of Parole Hearings shall include one or more
medical evaluations, a postrelease plan, and findings pursuant to
paragraph (2).

(8) If possible, the matter shall be heard before the same judge
of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application,
the prisoner shall be released by the department within 48 hours
of receipt of the court’s order, unless a longer time period is agreed
to by the inmate. At the time of release, the warden or the warden’s
representative shall ensure that the prisoner has each of the
following in his or her possession: a discharge medical summary,
full medical records, state identification, parole medications, and
all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner’s forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) A sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) This section shall become operative on January 1, 2011.

SEC. 163. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten
thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant’s inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum. The court may specify that funds confiscated at the time of the defendant’s arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution fine if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant’s inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant’s inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments authorized in Section 1464 of this code or Chapter 12 (commencing with Section 76000) of Title 8 of the Government
Code, or the state surcharge authorized in Section 1465.7 of this code, and shall be deposited in the Restitution Fund in the State Treasury.

(f) Except as provided in subdivisions (q) and (r), in every case in which a victim has suffered economic loss as a result of the defendant’s conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. The court may specify that funds confiscated at the time of the defendant’s arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution order if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant’s criminal conduct, including, but not limited to, all of the following:
(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor’s parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor’s parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney’s fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5,
including, but not limited to, a home security device or system, or
replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make
the residence accessible to or the vehicle operational by the victim,
if the victim is permanently disabled, whether the disability is
partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant’s conduct, the Restitution
Fund has provided assistance to or on behalf of a victim or
derivative victim pursuant to Chapter 5 (commencing with Section
13950) of Part 4 of Division 3 of Title 2 of the Government Code,
the amount of assistance provided shall be presumed to be a direct
result of the defendant’s criminal conduct and shall be included
in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund
shall be established by copies of bills submitted to the California
Victim Compensation and Government Claims Board reflecting
the amount paid by the board and whether the services for which
payment was made were for medical or dental expenses, funeral
or burial expenses, mental health counseling, wage or support
losses, or rehabilitation. Certified copies of these bills provided
by the board and redacted to protect the privacy and safety of the
victim or any legal privilege, together with a statement made under
penalty of perjury by the custodian of records that those bills were
submitted to and were paid by the board, shall be sufficient to meet
this requirement.

(C) If the defendant offers evidence to rebut the presumption
established by this paragraph, the court may release additional
information contained in the records of the board to the defendant
only after reviewing that information in camera and finding that
the information is necessary for the defendant to dispute the amount
of the restitution order.

(5) Except as provided in paragraph (6), in any case in which
an order may be entered pursuant to this subdivision, the defendant
shall prepare and file a disclosure identifying all assets, income,
and liabilities in which the defendant held or controlled a present
or future interest as of the date of the defendant’s arrest for the
crime for which restitution may be ordered. The financial disclosure
statements shall be made available to the victim and the board
pursuant to Section 1214. The disclosure shall be signed by the
defendant upon a form approved or adopted by the Judicial Council
for the purpose of facilitating the disclosure. Any defendant who
willfully states as true any material matter that he or she knows to
be false on the disclosure required by this subdivision is guilty of
a misdemeanor, unless this conduct is punishable as perjury or
another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required
in paragraph (5), but who has filed a financial affidavit or financial
information pursuant to subdivision (c) of Section 987, shall be
deemed to have waived the confidentiality of that affidavit or
financial information as to a victim in whose favor the order of
restitution is entered pursuant to subdivision (f). The affidavit or
information shall serve in lieu of the financial disclosure required
in paragraph (5), and paragraphs (7) to (10), inclusive, shall not
apply.

(7) Except as provided in paragraph (6), the defendant shall file
the disclosure with the clerk of the court no later than the date set
for the defendant’s sentencing, unless otherwise directed by the
court. The disclosure may be inspected or copied as provided by
subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the
duty under paragraph (7) of filing with the clerk by requiring that
the defendant’s disclosure be submitted as an attachment to, and
be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of
paragraph (2) of subdivision (b) of Section 1203 or subdivision
(g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of
subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information
submitted by the defendant applying for a conditional sentence
pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant’s unreasonable failure
to make a complete disclosure pursuant to paragraph (5) as any of
the following:

(A) A circumstance in aggravation of the crime in imposing a
term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be
served by admitting the defendant to probation under Section 1203.
(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant’s failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant’s employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds or controls or has held or controlled a present or future interest during the defendant’s period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant’s scheduled release from probation or completion of the defendant’s conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states
those reasons on the record. A defendant’s inability to pay shall
not be considered a compelling and extraordinary reason not to
impose a restitution order, nor shall inability to pay be a
consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination
pursuant to the procedures specified in Article 2 (commencing
with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part
2 of the Code of Civil Procedure, in order to determine the
defendant’s financial assets for purposes of collecting on the
restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall
be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f)
shall not affect the right of a victim to recovery from the Restitution
Fund as otherwise provided by law, except to the extent that
restitution is actually collected pursuant to the order. Restitution
collected pursuant to this subdivision shall be credited to any other
judgments for the same losses obtained against the defendant
arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, “victim” shall include all of
the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership,
association, joint venture, government, governmental subdivision,
agency, or instrumentality, or any other legal or commercial entity
when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result
of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling,
spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the
victim.

(C) At the time of the crime was a person who had previously
lived in the household of the victim for a period of not less than
two years in a relationship substantially similar to a relationship
listed in subparagraph (A).

(D) Is another family member of the victim, including, but not
limited to, the victim’s fiancé or fiancée, and who witnessed the
crime.

(E) Is the primary caretaker of a minor victim.
(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(5) Any governmental entity that is responsible for repairing, replacing, or restoring public or privately owned property that has been defaced with graffiti or other inscribed material, as defined in subdivision (e) of Section 594, and that has sustained an economic loss as the result of a violation of Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7.

(l) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.
(q) Upon conviction for a violation of Section 236.1, the court shall, in addition to any other penalty or restitution, order the defendant to pay restitution to the victim in any case in which a victim has suffered economic loss as a result of the defendant’s conduct. The court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. In determining restitution pursuant to this section, the court shall base its order upon the greatest of the following: the gross value of the victim’s labor or services based upon the comparable value of similar services in the labor market in which the offense occurred, the value of the victim’s labor as guaranteed under California law, the actual income derived by the defendant from the victim’s labor or services, or any other appropriate means to provide reparations to the victim.

(r) In addition to any other penalty or fine, the court shall order any person who has been convicted of any violation of Section 653h, 653s, 653u, or 653w to make restitution to any owner or lawful producer, or trade association acting on behalf of the owner or lawful producer, of a phonograph record, disc, wire, tape, film, or other device or article from which sounds or visual images are derived that suffered economic loss resulting from the violation. For the purpose of calculating restitution, the value of each nonconforming article or device shall be based on the aggregate wholesale value of lawfully manufactured and authorized devices or articles from which sounds or visual images are devised, unless a higher value can be proved in the case of (1) an unreleased audio work or (2) an audiovisual work that, at the time of unauthorized distribution, has not been made available in copies for sale to the general public in the United States on a digital versatile disc. The order of restitution shall also include reasonable costs incurred as a result of any investigation of the violation undertaken by the owner, lawful producer, or trade association acting on behalf of the owner or lawful producer. “Aggregate wholesale value” means the average wholesale value of lawfully manufactured and authorized sound or audiovisual recordings. Proof of the specific wholesale value of each nonconforming device or article is not required.

SEC. 164. Section 1202.8 of the Penal Code is amended to read:
1202.8. (a) Persons placed on probation by a court shall be
under the supervision of the county probation officer who shall
determine both the level and type of supervision consistent with
the court-ordered conditions of probation.

(b) Commencing January 1, 2009, every person who has been
assessed with the State Authorized Risk Assessment Tool for Sex
Offenders (SARATSO) pursuant to Sections 290.04 to 290.06,
inclusive, and who has a SARATSO risk level of high shall be
continuously electronically monitored while on probation, unless
the court determines that such monitoring is unnecessary for a
particular person. The monitoring device used for these purposes
shall be identified as one that employs the latest available proven
effective monitoring technology. Nothing in this section prohibits
probation authorities from using electronic monitoring technology
pursuant to any other provision of law.

(c) Within 30 days of a court making an order to provide
restitution to a victim or to the Restitution Fund, the probation
officer shall establish an account into which any restitution
payments that are not deposited into the Restitution Fund shall be
deposited.

(d) Beginning January 1, 2009, and every two years thereafter,
each probation department shall report to the Corrections Standards
Authority all relevant statistics and relevant information regarding
the effectiveness of continuous electronic monitoring of offenders
pursuant to subdivision (b). The report shall include the costs of
monitoring and the recidivism rates of those persons who have
been monitored. The Corrections Standards Authority shall compile
the reports and submit a single report to the Legislature and the
Governor every two years through 2017.

SEC. 166. Section 1203.4 of the Penal Code is amended to read:

1203.4. (a) In any case in which a defendant has fulfilled the conditions of probation for the entire period of probation, or has been discharged prior to the termination of the period of probation, or in any other case in which a court, in its discretion and the interests of justice, determines that a defendant should be granted the relief available under this section, the defendant shall, at any time after the termination of the period of probation, if he or she is not then serving a sentence for any offense, on probation for any offense, or charged with the commission of any offense, be
permitted by the court to withdraw his or her plea of guilty or plea of nolo contendere and enter a plea of not guilty; or, if he or she has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and, in either case, the court shall thereupon dismiss the accusations or information against the defendant and except as noted below, he or she shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted, except as provided in Section 13555 of the Vehicle Code. The probationer shall be informed, in his or her probation papers, of this right and privilege and his or her right, if any, to petition for a certificate of rehabilitation and pardon. The probationer may make the application and change of plea in person or by attorney, or by the probation officer authorized in writing. However, in any subsequent prosecution of the defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The order shall state, and the probationer shall be informed, that the order does not relieve him or her of the obligation to disclose the conviction in response to any direct question contained in any questionnaire or application for public office, for licensure by any state or local agency, or for contracting with the California State Lottery Commission.

Dismissal of an accusation or information pursuant to this section does not permit a person to own, possess, or have in his or her custody or control any firearm or prevent his or her conviction under Section 12021.

Dismissal of an accusation or information underlying a conviction pursuant to this section does not permit a person prohibited from holding public office as a result of that conviction to hold public office.

This subdivision shall apply to all applications for relief under this section which are filed on or after November 23, 1970.

(b) Subdivision (a) of this section does not apply to any misdemeanor that is within the provisions of Section 42002.1 of the Vehicle Code, to any violation of subdivision (c) of Section 286, Section 288, subdivision (c) of Section 288a, Section 288.5, or subdivision (j) of Section 289, any felony conviction pursuant to subdivision (d) of Section 261.5, or to any infraction.
(c) (1) Except as provided in paragraph (2), subdivision (a) does not apply to a person who receives a notice to appear or is otherwise charged with a violation of an offense described in subdivisions (a) to (e), inclusive, of Section 12810 of the Vehicle Code.

(2) If a defendant who was convicted of a violation listed in paragraph (1) petitions the court, the court in its discretion and in the interests of justice may order the relief provided pursuant to subdivision (a) to that defendant.

(d) A person who petitions for a change of plea or setting aside of a verdict under this section may be required to reimburse the court for the actual costs of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the court not to exceed one hundred fifty dollars ($150), and to reimburse the county for the actual costs of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the county board of supervisors not to exceed one hundred fifty dollars ($150), and to reimburse any city for the actual costs of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the city council not to exceed one hundred fifty dollars ($150). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (g) of Section 987.8 and shall not be a prerequisite to a person’s eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the costs for services established pursuant to this subdivision.

(e) Relief shall not be granted under this section unless the prosecuting attorney has been given 15 days’ notice of the petition for relief. The probation officer shall notify the prosecuting attorney when a petition is filed, pursuant to this section.

It shall be presumed that the prosecuting attorney has received notice if proof of service is filed with the court.

(f) If, after receiving notice pursuant to subdivision (e), the prosecuting attorney fails to appear and object to a petition for dismissal, the prosecuting attorney may not move to set aside or otherwise appeal the grant of that petition.
(g) Notwithstanding the above provisions or any other provision of law, the Governor shall have the right to pardon a person convicted of a violation of subdivision (c) of Section 286, Section 288, subdivision (c) of Section 288a, Section 288.5, or subdivision (j) of Section 289, if there are extraordinary circumstances.

1. Enhancing public safety through the management and reduction of offender risk while under felony probation supervision and upon reentry from jail into the community.

2. Providing a range of probation supervision tools, sanctions, and services applied to felony probationers based on a risk and needs assessment for the purpose of reducing criminal conduct and promoting behavioral change that results in reducing recidivism and promoting the successful reintegration of offenders into the community.

4. Holding offenders accountable for their criminal behaviors and for successful compliance with applicable court orders and conditions of supervision.

5. Improving public safety outcomes for persons placed on probation for a felony offense, as measured by their successful completion of probation and the commensurate reduction in the
rate of felony probationers sent to prison as a result of a probation
revocation or conviction of a new crime.
(d) “Evidence-based practices” refers to supervision policies,
procedures, programs, and practices demonstrated by scientific
research to reduce recidivism among individuals under probation,

The CPO shall have discretion to spend funds on any of the above practices and programs consistent with this act but, at a minimum, shall devote at least 5 percent of all funding received to evaluate the effectiveness of those programs and practices implemented with the funds provided pursuant to this chapter. A CPO may petition the Administrative Office of the Courts to have this restriction waived, and the Administrative Office of the Courts shall have the authority to grant such a petition, if the CPO can demonstrate that the department is already devoting sufficient funds to the evaluation of these programs and practices.

Each probation department receiving funds under this chapter shall maintain a complete and accurate accounting of all funds received pursuant to this chapter.

SEC. 171. Section 1233.1 of the Penal Code, as added by Section 2 of Chapter 608 of the Statutes of 2009, is amended to read:
SB 1330 — 396 —

1233.1. After the conclusion of each calendar year following
the enactment of this section, the Director of Finance, in
consultation with the Department of Corrections and Rehabilitation,
the Joint Legislative Budget Committee, the Chief Probation
Officers of California, and the Administrative Office of the Courts,
shall calculate the following for that calendar year:

(a) The cost to the state to incarcerate in prison and supervise
on parole a probationer sent to prison. This calculation shall take
into consideration factors including, but not limited to, the average
length of stay in prison and on parole for probationers, as well as
the associated parole revocation rates, and revocation costs.

(b) The statewide probation failure rate. The statewide probation
failure rate shall be calculated as the total number of adult felony
probationers statewide sent to prison in the previous year as a
percentage of the statewide adult felony probation population as
of June 30 of that year.

(c) The probation failure rate for each county. Each county’s
probation failure rate shall be calculated as the number of adult
felony probationers sent to prison from that county in the previous
year as a percentage of the county’s adult felony probation
population as of June 30 of that year.

(d) An estimate of the number of adult felony probationers each
county successfully prevented from being sent to prison. For each
county, this estimate shall be calculated based on the reduction in
the county’s probation failure rate as calculated annually pursuant
to subdivision (c) of this section and the county’s baseline
probation failure rate as calculated pursuant to Section 1233. In
making this estimate, the Director of Finance, in consultation with
the Department of Corrections and Rehabilitation, the Joint
Legislative Budget Committee, the Chief Probation Officers of
California, and the Administrative Office of the Courts, shall adjust
the calculations to account for changes in each county’s adult
felony probation caseload in the most recent completed calendar
year as compared to the county’s adult felony probation population
during the period 2006 to 2008, inclusive.

(e) In calculating probation failure rates for the state and
individual counties, the number of adult felony probationers sent
to prison shall include those adult felony probationers sent to state
prison for a revocation of probation, as well as adult felony
probationers sent to state prison for a conviction of a new felony
offense. The calculation shall also include adult felony probationers who are sent to prison for conviction of a new crime and who simultaneously have their probation terms terminated.

accounts, reports, vouchers, correspondence files, documents, and
other records, and to examine the bank accounts, money, or other
property of the Department of Corrections and Rehabilitation for
any audit, investigation, inspection, or contemporaneous oversight.
Any officer or employee of any agency or entity having these
records or property in his or her possession or under his or her
control shall permit access to, and examination and reproduction
thereof consistent with the provisions of this section, upon the
request of the Inspector General or his or her authorized
representative.

(b) For the purpose of conducting any audit, investigation,
inspection, or contemporaneous oversight, the Inspector General
or his or her authorized representative shall have access to the
records and property of any public or private entity or person
subject to review or regulation by the public agency or public entity
being audited, investigated, or overseen to the same extent that

No provision of law or any memorandum of understanding or any
other agreement entered into between the employing entity and
the employee or the employee’s representative providing for the
confidentiality or privilege of any records or property shall prevent

(c) Any officer or person who fails or refuses to permit access,

of a misdemeanor.
(d) The Inspector General may require any employee of the Department of Corrections and Rehabilitation to be interviewed on a confidential basis. The Inspector General shall have the discretion to redact the name or other identifying information of any person interviewed from any public report issued by the Inspector General, where required by law or where the failure to redact the information may hinder prosecution or an action in a criminal, civil, or administrative proceeding, or where the Inspector General determines that disclosure of the information is not in the interests of justice. It is not the purpose of these communications to address disciplinary action or grievance procedures that may routinely occur. If it appears that the facts of the case could lead to punitive action, the Inspector General shall be subject to Sections 3303, 3307, 3307.5, 3308, and 3309 of the Government Code as if the Inspector General were the employer, except that the Inspector General shall not be subject to the provisions of any memorandum of understanding or other agreement entered into between the employing entity and the employee or the employee’s representative that is in conflict with, or adds to the requirements of, Sections 3303, 3307, 3307.5, 3308, and 3309 of the Government Code.

SEC. 176. Section 6128 of the Penal Code is amended to read:

6128. (a) The Office of the Inspector General may receive communications from any individual, including those employed by any department, board, or authority who believes he or she may have information that may describe an improper governmental activity, as that term is defined in subdivision (b) of Section 8547.2 of the Government Code. It is not the purpose of these communications to redress any single disciplinary action or grievance that may routinely occur.

(b) In order to properly respond to any allegation of improper governmental activity, the Inspector General shall establish a toll-free public telephone number for the purpose of identifying any alleged wrongdoing by an employee of the Department of Corrections and Rehabilitation. This telephone number shall be posted by the department in clear view of all employees and the public. When appropriate, the Inspector General shall initiate an
investigation or audit of any alleged improper governmental activity. However, any request to conduct an investigation shall be in writing.

(c) All identifying information, and any personal papers or correspondence from any person who initiated the investigation shall not be disclosed, except in those cases where the Inspector General determines that disclosure of the information is necessary in the interests of justice.

SEC. 177. Section 6131 of the Penal Code is amended to read:

6131. (a) Upon the completion of any audit conducted by the Inspector General, he or she shall prepare a written report, which shall be disclosed, along with all underlying materials the Inspector General deems appropriate, to the Governor, the Secretary of the Department of Corrections and Rehabilitation, the appropriate director, chairperson, or law enforcement agency, and the Legislature. Copies of all those written reports shall be posted on the Inspector General’s Internet Web site within 10 days of being disclosed to the above-listed entities or persons.

(b) Upon the completion of any investigation conducted by the Inspector General, he or she shall prepare a complete written report, which shall be held as confidential and disclosed in confidence, along with all underlying investigative materials the Inspector General deems appropriate, to the Governor, the Secretary of the Department of Corrections and Rehabilitation, and the appropriate director, chairperson, or law enforcement agency.

(c) Upon the completion of any investigation conducted by the Inspector General, he or she shall also prepare and issue on a quarterly basis a public investigative report that includes all investigations completed in the previous quarter. The public investigative report shall differ from the complete investigative report in the respect that the Inspector General shall have the discretion to redact or otherwise protect the names of individuals, specific locations, or other facts that, if not redacted, might hinder prosecution related to the investigation, or where disclosure of the information is otherwise prohibited by law, and to decline to produce any of the underlying investigative materials. In a case where allegations were deemed to be unfounded, all applicable identifying information shall be redacted. The public investigative report shall be made available to the public upon request and on a quarterly basis as follows:
(1) In those cases where an investigation is referred only for
disciplinary action before the State Personnel Board or for other
administrative proceedings, the employing entity shall, within 10
days of receipt of the State Personnel Board’s order rendered in
other administrative proceedings, provide the Inspector General
with a copy of the order. The Inspector General shall attach the
order to the public investigative report on his or her Internet Web
site and provide copies of the report and order to the Legislature,
as well as to any complaining employee and any employee who
was the subject of the investigation.

(2) In those cases where the employing entity and the employee
against whom disciplinary action has been taken enter into a
settlement agreement concerning the disciplinary action, the
employing entity shall, within 10 days of the settlement agreement
becoming final, notify the Inspector General in writing of that fact
and shall describe what disciplinary action, if any, was ultimately
imposed on the employee. The Inspector General shall include the
settlement information in the public investigative report on his or
her Internet Web site and provide copies of the report to the
Legislature, as well as to any complaining employee and any
employee who was the subject of the investigation.

(3) In those cases where the employing entity declines to pursue
disciplinary action against an employee, the employing entity shall,
within 10 days of its decision, notify the Inspector General in
writing of its decision not to pursue disciplinary action, setting
forth the reasons for its decision. The Inspector General shall
include the decision and rationale in the public investigative report
on his or her Internet Web site and provide copies of the report to
the Legislature, as well as to any complaining employee and any
employee who was the subject of the investigation.

(4) In those cases where an investigation has been referred for
possible criminal prosecution, and the applicable local law
enforcement agency or the Attorney General has decided to
commence criminal proceedings against an employee, the report
shall be made public at a time deemed appropriate by the Inspector
General after consultation with the local law enforcement agency
or the Attorney General, but in all cases no later than when
discovery has been provided to the defendant in the criminal
proceedings. The Inspector General shall thereafter post the public
investigative report on his or her Internet Web site and provide
copies of the report to the Legislature, as well as to any
complaining employee and any employee who was the subject of
the investigation.

(5) In those cases where the local law enforcement agency or
the Attorney General declines to commence criminal proceedings
against an employee, the local law enforcement agency or the
Attorney General shall, within 30 days of reaching that decision,
notify the Inspector General of that fact. The Inspector General
shall include the decision in the public investigative report on his
or her Internet Web site and provide copies of the report to the
Legislature, as well as to any complaining employee and any
employee who was the subject of the investigation.

(6) In those cases where an investigation has been referred for
neither disciplinary action or other administrative proceedings,
or for criminal prosecution, the Inspector General shall include
the decision not to refer the matter in the public investigative report
on his or her Internet Web site and provide copies of the report to
the Legislature, as well as to any complaining employee and any
employee who was the subject of the investigation.

(b) Upon admission to WRAP, local or state prosecutors shall give each participant a written opt-out form for submission to relevant Internet search engine companies or entities. This form shall notify entities of the protected person and prevent the inclusion of the participant’s addresses and telephone numbers in public Internet search databases.

SEC. 192. Section 10344 of the Public Contract Code is amended to read:

10344. (a) Contracts subject to the provisions of this article may be awarded under a procedure that makes use of a request for proposal. State agencies that use this procedure shall include in the request for proposal a clear, precise description of the work to be performed or services to be provided, a description of the format that proposals shall follow and the elements they shall contain, the standards the agency will use in evaluating proposals, the date on which proposals are due, and the timetable the agency will follow in reviewing and evaluating them.

State agencies that use a procedure that makes use of a request for proposal shall evaluate proposals and award contracts in accordance with the provisions of subdivision (b) or (c). No proposals shall be considered that have not been received at the place, and prior to the closing time, stated in the request for proposal.

(b) State agencies that use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a requirement that bidders submit their proposals with the bid price and all cost information in a separate, sealed envelope.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals received shall be reviewed to determine those that meet the format requirements and the standards specified in the request for proposal.
(2) The sealed envelopes containing the bid price and cost information for those proposals that meet the format requirements and standards shall then be publicly opened and read.

(3) The contract shall be awarded to the lowest responsible bidder meeting the standards.

(c) State agencies that use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a description of the methods that will be used in evaluating and scoring the proposals. Any evaluation and scoring method shall ensure that substantial weight in relationship to all other criteria utilized shall be given to the contract price proposed by the bidder.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals shall be reviewed to determine which meet the format requirements specified in the request for proposal.

(2) All proposals meeting the formal requirements shall then be submitted to an agency evaluation committee which shall evaluate and score the proposals using the methods specified in the request for proposal. All proposals and all evaluation and scoring sheets shall be available for public inspection at the conclusion of the committee scoring process.

(3) The contract shall be awarded to the bidder whose proposal is given the highest score by the evaluation committee.

(d) Nothing in this section shall require the awarding of the contract if no proposals are received containing bids offering a contract price that in the opinion of the state agency is a reasonable price.

(e) (1) In addition to the information required by subdivision (a), a request for proposal for a contract that involves the furnishing of equipment, materials, or supplies shall contain the following statement:

"It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in Section 17030 of the Business and Professions Code."

(2) On and after March 31, 2010, and until December 31, 2011, if a request for proposal does not contain the statement required by paragraph (1), the awarding agency shall report this error to the department within 30 days of the date the awarding agency discovers this error.
(3) The department shall post in the State Contracting Manual instructions for including the statement required by paragraph (1) in all affected contracts.

(4) The statement required by paragraph (1) shall be deemed to be part of a request for proposal even if the statement is inadvertently omitted from the request for proposal.

SEC. 193. Section 2621.7 of the Public Resources Code is amended to read:

2621.7. This chapter, except Section 2621.9, shall not apply to any of the following:

(a) The conversion of an existing apartment complex into a condominium.

(b) Any development or structure in existence prior to May 4, 1975, except for an alteration or addition to a structure that exceeds the value limit specified in subdivision (c).

(c) An alteration or addition to any structure if the value of the alteration or addition does not exceed 50 percent of the value of the structure.

(d) (1) Any structure located within the jurisdiction of the City of Berkeley or the City of Oakland which was damaged by fire between October 20, 1991, and October 23, 1991, if granted an exemption pursuant to this subdivision.

(2) The city may apply to the State Geologist for an exemption and the State Geologist shall grant the exemption only if the structure located within the earthquake fault zone is not situated upon a trace of an active fault line, as delineated in the official earthquake fault zone map or in more recent geologic data, as determined by the State Geologist.

(3) When requesting an exemption, the city shall submit to the State Geologist all of the following information:

(A) Maps noting the parcel numbers of proposed building sites that are at least 50 feet from an identified fault and a statement that there is not any more recent information to indicate a geologic hazard.

(B) Identification of any sites that are within 50 feet of an identified fault.

(C) Proof that the property owner has been notified that the granting of an exemption is not any guarantee that a geologic hazard does not exist.
(4) The granting of the exemption does not relieve a seller of real property or an agent for the seller of the obligation to disclose to a prospective purchaser that the property is located within a delineated earthquake fault zone, as required by Section 2621.9.

(e) (1) Alterations which include seismic retrofitting, as defined in Section 8894.2 of the Government Code, to any of the following buildings in existence prior to May 4, 1975:

(A) Unreinforced masonry buildings, as described in subdivision (a) of Section 8875 of the Government Code.

(B) Concrete tilt-up buildings, as described in Section 8893 of the Government Code.

(D) Any structure owned and operated by a state entity or agency that is listed on the California Register of Historical Resources or the National Register of Historic Places, including the California Memorial Stadium. This exemption shall not apply unless the state entity or agency submits a plan of proposed alterations to the State Geologist. The addition of this subparagraph does not modify, alter, conflict with, or supersede the intent or applicability of any other provisions of this chapter.

(2) The exemption granted by subparagraphs (A), (B), and (C) of paragraph (1) shall not apply unless a city or county acts in accordance with all of the following:

(A) The building permit issued by the city or county for the alterations authorizes no greater human occupancy load, regardless of proposed use, than that authorized for the existing use permitted at the time the city or county grants the exemption. This may be accomplished by the city or county making a human occupancy load determination that is based on, and no greater than, the existing authorized use, and including that determination on the building permit application as well as a statement substantially as follows: “Under subparagraph (A) of paragraph (2) of subdivision (e) of Section 2621.7 of the Public Resources Code, the occupancy load is limited to the occupancy load for the last lawful use authorized or existing prior to the issuance of this building permit, as determined by the city or county.”

(B) The city or county requires seismic retrofitting, as defined in Section 8894.2 of the Government Code, which is necessary to
strengthen the entire structure and provide increased resistance to
ground shaking from earthquakes.

(C) Exemptions granted pursuant to paragraph (1) are reported
in writing to the State Geologist within 30 days of the building
permit issuance date.

(3) Any structure with human occupancy restrictions under
subparagraph (A) of paragraph (2) shall not be granted a new
building permit that allows an increase in human occupancy unless
a geologic report, prepared pursuant to subdivision (d) of Section
3603 of Title 14 of the California Code of Regulations in effect
on January 1, 1994, demonstrates that the structure is not on the
trace of an active fault, or the requirement of a geologic report has
been waived pursuant to Section 2623.

(4) A qualified historical building within an earthquake fault
zone that is exempt pursuant to this subdivision may be repaired
or seismically retrofitted using the State Historical Building Code,
except that, notwithstanding any provision of that building code
and its implementing regulations, paragraph (2) shall apply.

SEC. 194. Section 4590 of the Public Resources Code, as
amended by Section 1 of Chapter 269 of the Statutes of 2009, is
amended to read:

4590. (a) (1) A timber harvesting plan is effective for a period
of not more than three years, unless extended pursuant to paragraph

(B) All timber operations are in conformance with the plan, this
chapter, and all applicable rules and regulations, upon the filing
of the notice of extension as required by this section.

(b) The extension shall apply to any area covered by the plan
for which a report has not been submitted under Section 4585. The
notice of extension shall be provided to the department not sooner
than 30 days, but at least 10 days, prior to the expiration date of
the plan. The notice shall include the circumstances that prevented
a timely completion of the timber operations under the plan, written
certification by a registered professional forester that neither of
the conditions in subdivision (f) have occurred, and, consistent
with Section 4583, an agreement to comply with this chapter and
the rules and regulations of the board as they exist on the date the
extension notice is filed.
(c) Stocking work may continue for more than the effective
period of the plan under subdivision (a), but shall be completed
within five years after the conclusion of other work.
(d) Notwithstanding subdivision (a) and the submission of a
completion report pursuant to Section 4585, a timber harvesting
plan, on which timber operations have commenced but not been
completed, may be reopened and extended by amendment for up
to a maximum of four 1-year extensions if the following conditions
have been met:
1. The plan expired in 2008 or 2009.
2. The plan complies with subparagraphs (A) and (B) of
paragraph (2) of subdivision (a).
3. The notice of extension, pursuant to subdivision (b), includes
written certification by a registered professional forester that neither
of the conditions in subdivision (f) has occurred.
(e) A timber harvesting plan that is approved on or after January
1, 2010, to December 31, 2011, inclusive, may be extended by
amendment for a two-year period in order to complete the timber
operations, up to a maximum of two 2-year extensions, if the plan
complies with subparagraphs (A) and (B) of paragraph (2) of
subdivision (a) and the notice of extension, pursuant to subdivision
(b), includes written certification by a registered professional
forester that neither of the conditions in subdivision (f) has
occurred.
(f) The department shall not approve an extension pursuant to
subdivision (e) if either of the following has occurred:
1. Listed species, as described in Article 1 (commencing with
Section 2050) of Chapter 1.5 of Division 3 of the Fish and Game
Code or the federal Endangered Species Act (16 U.S.C. Sec. 1531
et seq.), have been discovered in the logging area of the plan since
approval of the timber harvesting plan.
2. Significant physical changes to the harvest area or adjacent
areas have occurred since the timber harvesting plan’s cumulative
impacts were originally assessed.
(g) An extension of a timber harvesting plan on which either of
the conditions in subdivision (f) has occurred may be obtained
only pursuant to Section 1039 of Title 14 of the California Code
of Regulations. Notwithstanding the notice provision of subdivision
(b), for purposes of this subdivision the notice of extension shall
be provided to the department not sooner than 140 days, but at
least 10 days, prior to the expiration date of the plan.
(h) This section shall remain in effect only until January 1, 2012,
and as of that date is repealed, unless a later enacted statute, that
is enacted before January 1, 2012, deletes or extends that date.
SEC. 195. Section 5842 of the Public Resources Code is
amended to read:
5842. (a) The Legislature hereby adopts the American River
Parkway Plan so as to provide coordination with local agencies in
the protection and management of the diverse and valuable natural
land, water, native wildlife, and vegetation of the American River
Parkway.
(b) Actions of state and local agencies with regard to land use
decisions shall be consistent with the American River Parkway
Plan, subject to the following provisions:
(1) This chapter does not impair the authority and
responsibilities of state or local public agencies in maintaining and
operating the flood channel, levees, and pump stations, except that
these operations, as nearly as practicable, shall be consistent with
the American River Parkway Plan.
(2) This chapter does not affect the existing authority of the
City of Sacramento to conduct or settle litigation involving the
validity or application of the American River Parkway Plan.
(3) This chapter does not prohibit the reasonable expansion of
the water treatment facility operated by the City of Sacramento.
(4) This chapter does not impair the authority and
responsibilities of state agencies in managing the California
Exposition flood plain or Bushy Lake area pursuant to Chapter 9
(commencing with Section 5830).
(5) This chapter does not affect the exercise of existing water
rights.
(c) Notwithstanding subdivision (a), the Legislature finds and
declares that Chapter 10 of the American River Parkway Plan,
titled Area Plans, which consists of maps, policies, and narrative,
may be amended through a local amendment process. However,
Area Plans may be amended only to the extent that they are not
inconsistent with the state-adopted Area Plan policies contained
in Chapter 2 of the American River Parkway Plan. The Legislature
recognizes that amendments to Area Plans shall be carried out by
the Sacramento County Board of Supervisors in accordance with
the public hearing process described in Chapter 11 of the American
River Parkway Plan, titled Implementation, and recognizes the
roles and responsibilities of public agencies set forth in the public
hearing process including coordination with the city councils of
the Cities of Sacramento and Rancho Cordova.

SEC. 196. Section 25402.10 of the Public Resources Code is
amended to read:

25402.10. (a) On and after January 1, 2009, electric and gas

the United States Environmental Protection Agency’s ENERGY
STAR Portfolio Manager, for at least the most recent 12 months.

energy consumption data for the account specified for a building
to the United States Environmental Protection Agency’s ENERGY
STAR Portfolio Manager in a manner that preserves the
confidentiality of the customer.
(c) In carrying out this section, an electric or gas utility may use
any method for providing the specified data in order to maximize
efficiency and minimize overall program cost, and is encouraged
to work with the United States Environmental Protection Agency
and customers in developing reasonable reporting options.
(d) (1) Based on a schedule developed by the commission
pursuant to paragraph (2), an owner or operator of a nonresidential
building shall disclose the United States Environmental Protection
Agency’s ENERGY STAR Portfolio Manager benchmarking data
and ratings for the most recent 12-month period to a prospective
buyer, lessee of the entire building, or lender that would finance
the entire building. If the data is delivered to a prospective buyer,
lessee, or lender, a property owner, operator, or his or her agent is
not required to provide additional information, and the information
shall be deemed to be adequate to inform the prospective buyer,
lessee, or lender regarding the United States Environmental
Protection Agency’s ENERGY STAR Portfolio Manager
benchmarking data and ratings for the most recent 12-month period for the building that is being sold, leased, financed, or refinanced.

(2) The commission shall establish a schedule by which an owner or operator is required to meet the requirements of this subdivision.

(e) Notwithstanding subdivision (d), this section does not increase or decrease the duties, if any, of a property owner, operator, or his or her broker or agent under this chapter or alter the duty of a seller, agent, or broker to disclose the existence of a material fact affecting the real property.

SEC. 197. Section 48010 of the Public Resources Code is amended to read:

48010. (a) (1) An operator of a landfill that is operating the landfill on July 1, 2011, and that elects to participate in the State Solid Waste Postclosure and Corrective Action Trust Fund pursuant to this article, shall submit written notice to the board on or before July 1, 2011.

(2) An operator of multiple landfills that elects to participate in the State Solid Waste Postclosure and Corrective Action Trust Fund is required to submit written notice that includes all of the operator’s operating landfills and all other landfills in which that operator has in common ownership.

(3) The board shall provide to the state board the name and address, and any other information necessary to administer and collect the fee imposed pursuant to subdivision (b) of Section 48000, of every operator of a landfill electing to participate in the State Solid Waste Postclosure and Corrective Action Trust Fund on or before August 31, 2011.

(b) If an operator that is operating a landfill on July 1, 2011, submits a written notification to the board that it elects to participate after the trust fund fee goes into effect, the operator shall pay all trust fund fees applicable from January 1, 2012, and a 5-percent penalty before being allowed to participate.

(c) For new landfills that receive a solid waste facility permit after July 1, 2011, the operator’s election to participate in the State Solid Waste Postclosure and Corrective Action Trust Fund shall be submitted in writing to the board before the board concurs in the issuance of the permit pursuant to Section 44009.
(d) All elections to participate made by landfill operators pursuant to this section are final, binding, and irrevocable for those operators and their successors and assignees.

SEC. 198. Section 48027 of the Public Resources Code is amended to read:

48027. (a) (1) The Legislature hereby finds and declares that effective response to cleanup at solid waste disposal and codisposal sites requires that the state have sufficient funds available in the trust fund created pursuant to subdivision (b).

(2) The Legislature further finds and declares that the maintenance of the trust fund is of the utmost importance to the state and that it is essential that, except as described in subdivision (g), any moneys in the trust fund be used solely for the purposes authorized in this article and not be used, loaned, or transferred for any other purpose.

(b) The Solid Waste Disposal Site Cleanup Trust Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the moneys in the trust fund are hereby continuously appropriated to the board for expenditure, without regard to fiscal years, for the purposes of this article.

(c) The following moneys shall be deposited into the trust fund:

(1) Funds appropriated by the Legislature from the Integrated Waste Management Account to the board for solid waste disposal or codisposal site cleanup.

(2) Any interest earned on the moneys in the trust fund.

(3) Any cost recoveries from responsible parties for solid waste disposal or codisposal site cleanup and loan repayments pursuant to this article.

(d) If this article is repealed, the trust fund shall be dissolved and all moneys in the fund shall be distributed to solid waste landfill operators who have paid into the trust fund during the effective life of the trust fund.

(e) Any trust fund distributions received by solid waste landfill operators pursuant to subdivision (c) may be used for only any of the following activities, as related to solid waste landfills:

(1) Solid waste landfill closure and postclosure maintenance operations.

(2) Implementation of Part 258 (commencing with Section 258.1) of Chapter I of Title 40 of the Code of Federal Regulations.

(3) Corrective actions at the solid waste landfill.
(f) The balance in the trust fund each July 1 shall not exceed thirty million dollars ($30,000,000).

(g) Notwithstanding any other law, the Controller may use the moneys in the Solid Waste Disposal Site Cleanup Trust Fund for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code.

SEC. 199. Section 281 of the Public Utilities Code is amended to read:

281. (a) The commission shall develop, implement, and administer the California Advanced Services Fund to encourage deployment of high-quality advanced communications services to all Californians that will promote economic growth, job creation, and the substantial social benefits of advanced information and communications technologies, as provided in Decision 07-12-054.

(b) (1) All moneys collected by the surcharge authorized by the commission pursuant to that decision, whether collected before or after January 1, 2009, shall be transmitted to the commission pursuant to a schedule established by the commission. The commission shall transfer the moneys received to the Controller for deposit in the California Advanced Services Fund.

(2) All interest earned on moneys in the fund shall be deposited in the fund.

(3) The commission may not collect moneys, by imposing the surcharge described in paragraph (1) for deposit in the fund, in an amount that exceeds a total amount of one hundred million dollars ($100,000,000).

(c) (1) Any moneys appropriated from the California Advanced Services Fund to the commission may only be expended for the program administered by the commission pursuant to subdivision (a), including the costs incurred by the commission in developing, implementing, and administering the program and the fund.

(2) Notwithstanding any other law and for the sole purpose of providing matching funds pursuant to the federal American Recovery and Reinvestment Act of 2009 (P.L. 111-5), any entity eligible for funding pursuant to that act shall be eligible to apply to participate in the program administered by the commission pursuant to subdivision (a), if that entity otherwise satisfies the eligibility requirements under that program. Nothing in this section shall impede the ability of an incumbent local exchange carrier, as defined by subsection (h) of Section 251 of Title 47 of the
United States Code, that is regulated under a rate-of-return regulatory structure, to recover, in rate base, California infrastructure investment not provided through federal or state grant funds for facilities that provide broadband service and California intrastate voice service.

(d) The commission shall conduct both a financial audit and a performance audit of the implementation and effectiveness of the California Advanced Services Fund to ensure that funds have been expended in accordance with the approved terms of the winning bids and this section. The commission shall report its findings to the Legislature by December 31, 2010. The report shall also include an update to the maps in the final report of the California Broadband Task Force.

(e) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 200. Section 399.20 of the Public Utilities Code is amended to read:

399.20. (a) It is the policy of this state and the intent of the Legislature to encourage electrical generation from eligible renewable energy resources.

(b) As used in this section, “electric generation facility” means an electric generation facility located within the service territory of, and developed to sell electricity to, an electrical corporation that meets all of the following criteria:

(1) Has an effective capacity of not more than three megawatts.

(2) Is interconnected and operates in parallel with the electrical transmission and distribution grid.

(3) Is strategically located and interconnected to the electrical transmission and distribution grid in a manner that optimizes the deliverability of electricity generated at the facility to load centers.

(4) Is an eligible renewable energy resource.

(c) Every electrical corporation shall file with the commission a standard tariff for electricity purchased from an electric generation facility. The commission may modify or adjust the requirements of this section for any electrical corporation with less than 100,000 service connections, as individual circumstances merit.

(d) (1) The tariff shall provide for payment for every kilowatthour of electricity purchased from an electric generation
facility for a period of 10, 15, or 20 years, as authorized by the
commission. The payment shall be the market price determined
by the commission pursuant to Section 399.15 and shall include
all current and anticipated environmental compliance costs,
including, but not limited to, mitigation of emissions of greenhouse
gases and air pollution offsets associated with the operation of new
generating facilities in the local air pollution control or air quality
management district where the electric generation facility is
located.

(2) The commission may adjust the payment rate to reflect the
value of every kilowatthour of electricity generated on a
time-of-delivery basis.

(3) The commission shall ensure, with respect to rates and
charges, that ratepayers that do not receive service pursuant to the
tariff are indifferent to whether a ratepayer with an electric
generation facility receives service pursuant to the tariff.

(e) An electrical corporation shall provide expedited
interconnection procedures to an electric generation facility located
on a distribution circuit that generates electricity at a time and in
a manner so as to offset the peak demand on the distribution circuit,
if the electrical corporation determines that the electric generation
facility will not adversely affect the distribution grid. The
commission shall consider and may establish a value for an electric
generation facility located on a distribution circuit that generates
electricity at a time and in a manner so as to offset the peak demand
on the distribution circuit.

(f) An electrical corporation shall make the tariff available to
the owner or operator of an electric generation facility within the
service territory of the electrical corporation, upon request, on a
first-come-first-served basis, until the electrical corporation meets
its proportionate share of a statewide cap of 750 megawatts
cumulative rated generation capacity served under this section and
Section 387.6. The proportionate share shall be calculated based
on the ratio of the electrical corporation’s peak demand compared
to the total statewide peak demand.

(g) The electrical corporation may make the terms of the tariff
available to owners and operators of an electric generation facility
in the form of a standard contract subject to commission approval.

(h) Every kilowatthour of electricity purchased from an electric
generation facility shall count toward meeting the electrical
corporation’s renewables portfolio standard annual procurement targets for purposes of paragraph (1) of subdivision (b) of Section 399.15.

(i) The physical generating capacity of an electric generation facility shall count toward the electrical corporation’s resource adequacy requirement for purposes of Section 380.

(j) (1) The commission shall establish performance standards for any electric generation facility that has a capacity greater than one megawatt to ensure that those facilities are constructed, operated, and maintained to generate the expected annual net production of electricity and do not impact system reliability.

(2) The commission may reduce the three megawatt capacity limitation of paragraph (1) of subdivision (b) if the commission finds that a reduced capacity limitation is necessary to maintain system reliability within that electrical corporation’s service territory.

(k) (1) Any owner or operator of an electric generation facility that received ratepayer-funded incentives in accordance with Section 379.6 of this code, or with Section 25782 of the Public Resources Code, and participated in a net metering program pursuant to Sections 2827, 2827.9, and 2827.10 of this code prior to January 1, 2010, shall be eligible for a tariff or standard contract filed by an electrical corporation pursuant to this section.

(2) In establishing the tariffs or standard contracts pursuant to this section, the commission shall consider ratepayer-funded incentive payments previously received by the generation facility pursuant to Section 379.6 of this code or Section 25782 of the Public Resources Code. The commission shall require reimbursement of any funds received from these incentive programs to an electric generation facility, in order for that facility to be eligible for a tariff or standard contract filed by an electrical corporation pursuant to this section, unless the commission determines ratepayers have received sufficient value from the incentives provided to the facility based on how long the project has been in operation and the amount of renewable electricity previously generated by the facility.

(3) A customer that receives service under a tariff or contract approved by the commission pursuant to this section is not eligible to participate in any net metering program.
An owner or operator of an electric generation facility electing to receive service under a tariff or contract approved by the commission shall continue to receive service under the tariff or contract until either of the following occurs:

1. The owner or operator of an electric generation facility no longer meets the eligibility requirements for receiving service pursuant to the tariff or contract.
2. The period of service established by the commission pursuant to subdivision (d) is completed.

Within 10 days of receipt of a request for a tariff pursuant to this section from an owner or operator of an electric generation facility, the electrical corporation that receives the request shall post a copy of the request on its Internet Web site. The information posted on the Internet Web site shall include the name of the city in which the facility is located, but information that is proprietary and confidential, including, but not limited to, address information beyond the name of the city in which the facility is located, shall be redacted.

A electrical corporation may deny a tariff request pursuant to this section if the electrical corporation makes any of the following findings:

1. The electric generation facility does not meet the requirements of this section.
2. The transmission or distribution grid that would serve as the point of interconnection is inadequate.
3. The electric generation facility does not meet all applicable state and local laws and building standards, and utility interconnection requirements.
4. The aggregate of all electric generating facilities on a distribution circuit would adversely impact utility operation and load restoration efforts of the distribution system.

Upon receiving a notice of denial from an electrical corporation, the owner or operator of the electric generation facility denied a tariff pursuant to this section shall have the right to appeal that decision to the commission.

In order to ensure the safety and reliability of electric generation facilities, the owner of an electric generation facility receiving a tariff pursuant to this section shall provide an inspection and maintenance report to the electrical corporation at least once every other year. The inspection and maintenance report shall be...
prepared at the owner’s or operator’s expense by a California-licensed contractor who is not the owner or operator of the electric generation facility. A California-licensed electrician shall perform the inspection of the electrical portion of the generation facility.

(q) The contract between the electric generation facility receiving the tariff and the electrical corporation shall contain provisions that ensure that construction of the electric generating facility complies with all applicable state and local laws and building standards, and utility interconnection requirements.

(r) (1) All construction and installation of facilities of the electrical corporation, including at the point of the output meter or at the transmission or distribution grid, shall be performed only by that electrical corporation.

(2) All interconnection facilities installed on the electrical corporation’s side of the transfer point for electricity between the electrical corporation and the electrical conductors of the electric generation facility shall be owned, operated, and maintained only by the electrical corporation. The ownership, installation, operation, reading, and testing of revenue metering equipment for electric generating facilities shall only be performed by the electrical corporation.

SEC. 201. Section 777.1 of the Public Utilities Code is amended to read:

777.1. (a) If an electrical, gas, heat, or water corporation furnishes residential service to residential occupants through a master meter in a multiunit residential structure, mobilehome park, or permanent residential structure in a labor camp, as defined in Section 17008 of the Health and Safety Code, and the owner, manager, or operator of the structure or park is listed by the corporation as the customer of record, the corporation shall make every good faith effort to inform the residential occupants, by means of a written notice posted on the door of each residential unit at least 15 days prior to termination, when the account is in arrears, that service will be terminated on a date specified in the notice. If it is not reasonable or practicable to post the notice on the door of each residential unit, the corporation shall post two copies of the notice in each accessible common area and at each point of access to the structure or structures. The notice shall further inform the residential occupants that they have the right to become
customers, to whom the service will then be billed, without being
required to pay any amount which may be due on the delinquent
account. The notice also shall specify, in plain language, what the
residential occupants are required to do in order to prevent the
termination of, or to reestablish service; the estimated monthly
cost of service; the title, address, and telephone number of a
representative of the corporation who can assist the residential
occupants in continuing service; and the address and telephone
number of a qualified legal services project, as defined in Section
6213 of the Business and Professions Code, which has been
recommended by the local county bar association. The notice shall
be in English and the languages listed in Section 1632 of the Civil
Code.

(b) The corporation is not required to make service available to
the residential occupants unless each residential occupant or a
representative of the residential occupants agrees to the terms and
conditions of service and meets the requirements of law and the
corporation’s rules and tariffs. However, if one or more of the
residential occupants or the representative of the residential
occupants are willing and able to assume responsibility for
subsequent charges to the account to the satisfaction of the
corporation, or if there is a physical means, legally available to
the corporation, of selectively terminating service to those
residential occupants who have not met the requirements of the
corporation’s rules and tariffs or for whom the representative of
the residential occupants is not responsible, the corporation shall
make service available to those residential occupants who have
met those requirements or on whose behalf those requirements
have been met.

(c) If prior service for a period of time or other demonstration
of credit worthiness is a condition for establishing credit with the
corporation, residence and proof of prompt payment of rent or
other credit obligation during that period of time acceptable to the
corporation is a satisfactory equivalent.

(d) Any residential occupant who becomes a customer of the
corporation pursuant to this section whose periodic payments, such
as rental payments, include charges for residential electrical, gas,
heat, or water service, where those charges are not separately
stated, may deduct from the periodic payment each payment period
(e) If a corporation furnishes residential service subject to subdivision (a), the corporation shall not terminate that service in any of the following situations:

(1) During the pendency of an investigation by the corporation of a customer dispute or complaint.

(2) If the customer has been granted an extension of the period for payment of a bill.

(3) For an indebtedness owed by the customer to any other person or corporation or if the obligation represented by the delinquent account or other indebtedness was incurred with a person or corporation other than the electrical, gas, heat, or water corporation demanding payment therefor.

(4) If a delinquent account relates to another property owned, managed, or operated by the customer.

(5) If a public health or building officer certifies that termination would result in a significant threat to the health or safety of the residential occupants or the public.

(f) Notwithstanding any other provision of law, and in addition to any other remedy provided by law, if the owner, manager, or operator, by any act or omission, directs, permits, or fails to prevent a termination of service while any residential unit receiving that service is occupied, the residential occupant or the representative of the residential occupants may commence an action for the recovery of all of the following:

(1) Reasonable costs and expenses incurred by the residential occupant or the representative of the residential occupants related to restoration of service.

(2) Actual damages related to the termination of service.

(3) Reasonable attorney’s fees of the residential occupants, the representative of the residential occupants, or each of them, incurred in the enforcement of this section, including, but not limited to, enforcement of a lien.

(g) Notwithstanding any other provision of law, and in addition to any other remedy provided by law, if the owner, manager, or operator, by any act or omission, directs, permits, or fails to prevent a termination of service while any residential unit receiving that service is occupied, the corporation may commence an action for the recovery of all of the following:

(1) Delinquent charges accruing prior to the expiration of the notice prescribed by subdivision (a).

(2) Reasonable costs incurred by the corporation related to the restoration of service.

(3) Reasonable attorney’s fees of the corporation incurred in the enforcement of this section or in the collection of delinquent charges, including, but not limited to, enforcement of a lien.

If the court finds that the owner, manager, or operator has paid the amount in arrears prior to termination, the court shall allow no recovery of any charges, costs, damages, expenses, or fees under this subdivision from the owner, manager, or operator.

An abstract of any money judgment entered pursuant to subdivision (f) or (g) of this section shall be recorded pursuant to Section 697.310 of the Code of Civil Procedure.

(h) No termination of service subject to this section may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge to the residential occupants or customer for the restoration of the service.

In the event of a wrongful termination by the corporation, the corporation shall, in addition, be liable to the residential occupants or customer for actual damages resulting from the termination and for the costs of enforcement of this section, including, but not limited to, reasonable attorney’s fees, if the residential occupants or the representative of the residential occupants made a good faith effort to have the service continued without interruption.

(i) The commission shall adopt rules and orders necessary to implement this section and shall liberally construe this section to accomplish its purpose of ensuring that service to residential occupants is not terminated due to nonpayment by the customer unless the corporation has made every reasonable effort to continue service to the residential occupants. The rules and orders shall include, but are not limited to, reasonable penalties for a violation of this section, guidelines for assistance to residents in the enforcement of this section, and requirements for the notice prescribed by subdivision (a), including, but not limited to, clear wording, large and boldface type, and comprehensive instructions to ensure full notice to the resident.

(j) Nothing in this section broadens or restricts any authority of a local agency that existed prior to January 1, 1989, to adopt an
ordinance protecting a residential occupant from the involuntary
termination of residential public utility service.

(k) This section preempts any statute or ordinance permitting
punitive damages against any owner, manager, or operator on
account of an involuntary termination of residential public utility
service or permitting the recovery of costs associated with the
formation, maintenance, and termination of a tenants’ association.

(l) For purposes of this section, “representative of the residential
occupants” does not include a tenants’ association.

SEC. 202. Section 851 of the Public Utilities Code is amended
to read:

851. A public utility, other than a common carrier by railroad
subject to Part A of the Interstate Commerce Act (49 U.S.C. Sec.
10101 et seq.), shall not sell, lease, assign, mortgage, or otherwise
dispose of, or encumber the whole or any part of its railroad, street
railroad, line, plant, system, or other property necessary or useful
in the performance of its duties to the public, or any franchise or
permit or any right thereunder, or by any means whatsoever,
directly or indirectly, merge or consolidate its railroad, street
railroad, line, plant, system, or other property, or franchises or
permits or any part thereof, with any other public utility, without
first having either secured an order from the commission
authorizing it to do so for qualified transactions valued above five
million dollars ($5,000,000), or for qualified transactions valued
at five million dollars ($5,000,000) or less, filed an advice letter
and obtained approval from the commission authorizing it to do
so. If the advice letter is uncontested, approval may be given by
the executive director or the director of the division of the
commission having regulatory jurisdiction over the utility. The
commission shall determine the types of transactions valued at
five million dollars ($5,000,000) or less, that qualify for advice
letter handling. For a qualified transaction valued at five million
dollars ($5,000,000) or less, the commission may designate a
procedure different than the advice letter procedure if it determines
that the transaction warrants a more comprehensive review. Absent
protest or incomplete documentation, the commission shall approve
or deny the advice letter within 120 days of its filing by the
applicant public utility. The commission shall reject any advice
letter that seeks to circumvent the five million dollar ($5,000,000)
threshold by dividing a single asset with a value of more than five
million dollars ($5,000,000), into component parts, each valued
at less than five million dollars ($5,000,000). Every sale, lease,
assignment, mortgage, disposition, encumbrance, merger, or
consolidation made other than in accordance with the advice letter
and approval from the commission authorizing it is void. The
permission and approval of the commission to the exercise of a
franchise or permit under Article 1 (commencing with Section
1001) of Chapter 5, or the sale, lease, assignment, mortgage, or
other disposition or encumbrance of a franchise or permit under
this article shall not revive or validate any lapsed or invalid
franchise or permit, or enlarge or add to the powers or privileges
contained in the grant of any franchise or permit, or waive any
forfeiture.

This section does not prevent the sale, lease, encumbrance, or
other disposition by any public utility of property that is not
necessary or useful in the performance of its duties to the public,
and any disposition of property by a public utility shall be
conclusively presumed to be of property that is not useful or
necessary in the performance of its duties to the public, as to any
purchaser, lessee, or encumbrancer dealing with that property in
good faith for value, provided that this section does not apply to
the interchange of equipment in the regular course of transportation
between connecting common carriers.

SEC. 203. Section 2881 of the Public Utilities Code is amended
to read:

2881. (a) The commission shall design and implement a
program to provide a telecommunications device capable of serving
the needs of individuals who are deaf or hearing impaired, together
with a single party line, at no charge additional to the basic
exchange rate, to any subscriber who is certified as an individual
who is deaf or hearing impaired by a licensed physician and
surgeon, audiologist, or a qualified state or federal agency, as
determined by the commission, and to any subscriber that is an
organization representing individuals who are deaf or hearing
impaired, as determined and specified by the commission pursuant
to subdivision (e). A licensed hearing aid dispenser may certify
the need of an individual to participate in the program if that
individual has been previously fitted with an amplified device by
the dispenser and the dispenser has the individual’s hearing records
on file prior to certification.
(b) The commission shall also design and implement a program to provide a dual-party relay system, using third-party intervention to connect individuals who are deaf or hearing impaired and offices of organizations representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e), with persons of normal hearing by way of intercommunications devices for individuals who are deaf or hearing impaired and the telephone system, making available reasonable access of all phases of public telephone service to telephone subscribers who are deaf or hearing impaired. In order to make a dual-party relay system that will meet the requirements of individuals who are deaf or hearing impaired available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual-party relay service to the deaf or hearing impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987. The commission shall apply for certification of this program under rules adopted by the Federal Communications Commission pursuant to Section 401 of the federal Americans with Disabilities Act of 1990 (P.L. 101-336).

c) The commission shall also design and implement a program whereby specialized or supplemental telephone communications equipment may be provided to subscribers who are certified to be disabled at no charge additional to the basic exchange rate. The certification, including a statement of visual or medical need for specialized telecommunications equipment, shall be provided by a licensed optometrist or physician and surgeon, acting within the scope of practice of his or her license, or by a qualified state or federal agency as determined by the commission. The commission shall, in this connection, study the feasibility of, and implement, if determined to be feasible, personal income criteria, in addition to the certification of disability, for determining a subscriber’s eligibility under this subdivision.

d) The commission shall establish a rate recovery mechanism through a surcharge not to exceed one-half of 1 percent uniformly applied to a subscriber’s intrastate telephone service, other than
one-way radio paging service and universal telephone service, both within a service area and between service areas, to allow providers of the equipment and service specified in subdivisions (a), (b), and (c) to recover costs as they are incurred under this section. The surcharge shall be in effect until January 1, 2014. The commission shall require that the programs implemented under this section be identified on subscribers’ bills and shall establish a fund and require separate accounting for each of the programs implemented under this section.

(e) The commission shall determine and specify those statewide organizations representing the deaf or hearing impaired that shall receive a telecommunications device pursuant to subdivision (a) or a dual-party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office.

(f) The commission may direct any telephone corporation subject to its jurisdiction to comply with its determinations and specifications pursuant to this section.

(g) The commission shall annually review the surcharge level and the balances in the funds established pursuant to subdivision (d). Until January 1, 2014, the commission shall be authorized to make, within the limits set by subdivision (d), any necessary adjustments to the surcharge to ensure that the programs supported thereby are adequately funded and that the fund balances are not excessive. A fund balance which is projected to exceed six months’ worth of projected expenses at the end of the fiscal year is excessive.

(h) The commission shall prepare and submit to the Legislature, on or before December 31 of each year, a report on the fiscal status of the programs established and funded pursuant to this section and Sections 2881.1 and 2881.2. The report shall include a statement of the surcharge level established pursuant to subdivision (d) and revenues produced by the surcharge, an accounting of program expenses, and an evaluation of options for controlling those expenses and increasing program efficiency, including, but not limited to, all of the following proposals:

(1) The establishment of a means test for persons to qualify for program equipment or free or reduced charges for the use of telecommunications services.
(2) If and to the extent not prohibited under Section 401 of the federal Americans with Disabilities Act of 1990 (P.L. 101-336), the imposition of limits or other restrictions on maximum usage levels for the relay service, which shall include the development of a program to provide basic communications requirements to all relay users at discounted rates, including discounted toll-call rates, and, for usage in excess of those basic requirements, at rates which recover the full costs of service.

(3) More efficient means for obtaining and distributing equipment to qualified subscribers.

(4) The establishment of quality standards for increasing the efficiency of the relay system.

   (i) In order to continue to meet the access needs of individuals with functional limitations of hearing, vision, movement, manipulation, speech, and interpretation of information, the commission shall perform ongoing assessment of, and if appropriate, expand the scope of the program to allow for additional access capability consistent with evolving telecommunications technology.

   (j) The commission shall structure the programs required by this section so that any charge imposed to promote the goals of universal service reasonably equals the value of the benefits of universal service to contributing entities and their subscribers.

SEC. 204. Section 5411 of the Public Utilities Code is amended to read:

5411. Every charter-party carrier of passengers and every officer, director, agent, or employee of any charter-party carrier of passengers who violates or who fails to comply with, or who procures, aids, or abets any violation by any charter-party carrier of passengers of any provision of this chapter, or who fails to obey, observe, or comply with any order, decision, rule, regulation, direction, demand, or requirement of the commission, or of any operating permit or certificate issued to any charter-party carrier of passengers, or who procures, aids, or abets any charter-party carrier of passengers in its failure to obey, observe, or comply with any such order, decision, rule, regulation, direction, demand, requirement, or operating permit or certificate, is guilty of a misdemeanor and is punishable by a fine of not less than one thousand dollars ($1,000) and not more than five thousand dollars
SEC. 205. Section 10009.1 of the Public Utilities Code is amended to read:

10009.1. (a) If a public utility furnishes light, heat, water, or power to residential occupants through a master meter in a multiunit residential structure, mobilehome park, or permanent residential structures in a labor camp, as defined in Section 17008 of the Health and Safety Code, and the owner, manager, or operator of the structure or park is listed by the public utility as the customer of record, the public utility shall make every good faith effort to inform the residential occupants, by means of a written notice posted on the door of each residential unit at least 15 days prior to termination, when the account is in arrears, that service will be terminated on a date specified in the notice. If it is not reasonable or practicable to post the notice on the door of each residential unit, the public utility shall post two copies of the notice in each accessible common area and at each point of access to the structure or structures. The notice shall further inform the residential occupants that they have the right to become utility customers, to whom the service will then be billed, without being required to pay the amount due on the delinquent account. The notice also shall specify, in plain language, what the residential occupants are required to do in order to prevent the termination of, or to reestablish service; the estimated monthly cost of service; the title, address, and telephone number of a representative of the public utility who can assist the residential occupants in continuing service; and the address and telephone number of a qualified legal services project, as defined in Section 6213 of the Business and Professions Code, which has been recommended by the local county bar association. The notice shall be in English and the languages listed in Section 1632 of the Civil Code.

(b) The public utility is not required to make service available to the residential occupants unless each residential occupant or a representative of the residential occupants agrees to the terms and conditions of service, and meets the requirements of law and the public utility’s rules. However, if one or more of the residential occupants or the representative of the residential occupants are willing and able to assume responsibility for subsequent charges to the account to the satisfaction of the public utility, or if there is
a physical means, legally available to the public utility, of
selectively terminating service to those residential occupants who
have not met the requirements of the public utility’s rules or for
whom the representative of the residential occupants is not
responsible, the public utility shall make service available to the
residential occupants who have met those requirements or on whose
behalf those requirements have been met.

(c) If prior service for a period of time or other demonstration
of credit worthiness is a condition for establishing credit with the
public utility, residence and proof of prompt payment of rent or
other credit obligation during that period of time acceptable to the
public utility is a satisfactory equivalent.

(d) Any residential occupant who becomes a customer of the
public utility pursuant to this section whose periodic payments,
such as rental payments, include charges for residential light, heat,
water, or power, where these charges are not separately stated,
may deduct from the periodic payment each payment period all
reasonable charges paid to the public utility for those services
during the preceding payment period.

(e) If a public utility furnishes residential service subject to
subdivision (a), the public utility may not terminate that service
in any of the following situations:

(1) During the pendency of an investigation by the public utility
of a customer dispute or complaint.

(2) If the customer has been granted an extension of the period
for payment of a bill.

(3) For an indebtedness owed by the customer to any other
public agency or when the obligation represented by the delinquent
account or other indebtedness was incurred with any public agency
other than the public utility.

(4) If a delinquent account relates to another property owned,
managed, or operated by the customer.

(5) If a public health or building officer certifies that termination
would result in a significant threat to the health or safety of the
residential occupants or the public.

(f) Notwithstanding any other provision of law, and in addition
to any other remedy provided by law, if the owner, manager, or
operator, by any act or omission, directs, permits, or fails to prevent
a termination of service while any residential unit is occupied, the
residential occupant or the representative of the residential
occupants may commence an action for the recovery of all of the following:

(1) Reasonable costs and expenses incurred by the residential occupant or the representative of the residential occupants related to restoration of service.

(2) Actual damages related to the termination of service.

(3) Reasonable attorney’s fees of the residential occupants, the representative of the residential occupants, or each of them, incurred in the enforcement of this section, including, but not limited to, enforcement of a lien.

(g) Notwithstanding any other provision of law, and in addition to any other remedy provided by law, if the owner, manager, or operator, by any act or omission, directs, permits, or fails to prevent a termination of service while any residential unit receiving that service is occupied, the corporation may commence an action for the recovery of all of the following:

(1) Delinquent charges accruing prior to the expiration of the notice prescribed by subdivision (a).

(2) Reasonable costs incurred by the corporation related to the restoration of service.

(3) Reasonable attorney’s fees of the corporation incurred in the enforcement of this section or in the collection of delinquent charges, including, but not limited to, enforcement of a lien.

If the court finds that the owner, manager, or operator has paid the amount in arrears prior to termination, the court shall allow no recovery of any charges, costs, damages, expenses, or fees under this subdivision from the owner, manager, or operator.

An abstract of any money judgment entered pursuant to subdivision (f) or (g) of this section shall be recorded pursuant to Section 697.310 of the Code of Civil Procedure.

(h) No termination of service subject to this section may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge to the residential occupants or customer for the restoration of the service.

In the event of a wrongful termination by the public utility, the public utility shall, in addition, be liable to the residential occupants or customer for actual damages resulting from the termination and for the costs of enforcement of this section, including, but not limited to, reasonable attorney’s fees, if the residential occupants
or the representative of the residential occupants make a good faith
effort to have the service continued without interruption.

   (i) The public utility shall adopt rules and regulations necessary
to implement this section and shall liberally construe this section
to accomplish its purpose of ensuring that service to residential
occupants is not terminated due to nonpayment by the customer
unless the public utility has made every reasonable effort to
continue service to the residential occupants. The rules and
regulations shall include, but are not limited to, guidelines for
assistance to actual users in the enforcement of this section and
requirements for the notice prescribed by subdivision (a), including,
but not limited to, clear wording, large and boldface type, and
comprehensive instructions to ensure full notice to the actual user.

   (j) Nothing in this section broadens or restricts any authority of
a local agency that existed prior to January 1, 1989, to adopt an
ordinance protecting a residential occupant from the involuntary
termination of residential public utility service.

   (k) This section preempts any statute or ordinance permitting
punitive damages against any owner, manager, or operator on
account of an involuntary termination of residential public utility
service or permitting the recovery of costs associated with the
formation, maintenance, and termination of a tenants’ association.

   (l) For purposes of this section, “representative of the residential
occupants” does not include a tenants’ association.

SEC. 206. Section 99233.2 of the Public Utilities Code, as
added by Section 2 of Chapter 530 of the Statutes of 2009, is
amended to read:

  99233.2. (a) Except as provided in subdivisions (b) and (c),
there shall be allocated to the transportation planning agency, if it
is statutorily created, such sums as it may approve, up to 3 percent
of annual revenues, for the conduct of the transportation planning
and programming process, unless a greater amount is approved by
the director.

   (b) (1) In those areas that have a county transportation
commission created pursuant to Section 130050, up to 1 percent
of annual revenues shall be allocated to the commission in Los
Angeles County, and up to 3 percent of the annual revenues shall
be allocated to the commissions in Orange, Riverside, and San
Bernardino Counties for the transportation planning and
programming process. Of the funds allocated to the commission
in Riverside County, one-half shall be allocated for planning studies within the Western Riverside County and the Coachella Valley areas, as determined by the commission.

(2) In the area of the multicounty designated transportation planning agency, as defined in Section 130004, up to three-fourths of 1 percent of annual revenues shall be allocated by the appropriate entities, proportionately, on or before each July 1, to the multicounty designated transportation planning agency for the transportation planning and programming process. No operator shall grant any funds it receives under this chapter to the designated multicounty transportation planning agency for purposes of the agency carrying out its responsibilities under Division 12 (commencing with Section 130000).

(c) In Ventura County, up to 2 percent of the annual revenues shall be allocated to the Ventura County Transportation Commission for the transportation planning and programming process.

(d) This section shall become operative on July 1, 2011.

SEC. 207. Section 99312 of the Public Utilities Code is amended to read:

99312. Except as provided in Sections 99311 and 99311.5, the funds in the account shall be made available for the following purposes:

(a) Fifty percent for purposes of Section 99315.

(b) To the Controller, 25 percent for allocation to transportation planning agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board pursuant to Section 99314.

(c) To the Controller, 25 percent for allocation to transportation agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board for purposes of Section 99313.

(d) For the 2007–08 fiscal year, notwithstanding any other provision of this section, or any other provision of law, the allocations made pursuant to this section shall be adjusted as follows:

(1) From the funds transferred to the account pursuant to paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, fifty million dollars ($50,000,000) is hereby appropriated to the Controller and shall be allocated pursuant to
subdivision (b); fifty million dollars ($50,000,000) is hereby appropriated to the Controller and shall be allocated pursuant to subdivision (c); and the remainder of revenue shall remain in the Public Transportation Account to fund other state public transportation priorities. The Controller shall make these allocations in four equal quarterly amounts of twelve million five hundred thousand dollars ($12,500,000), as achievable by the receipt of the specified revenue.

(2) The amount appropriated in Item 2640-101-0046 of Section 2.00 of the Budget Act of 2006 (Chapters 47 and 48 of the Statutes of 2006) for state transit assistance pursuant to subdivisions (b) and (c) was greater than the amount of revenues received to support state transit assistance pursuant to Section 7102 of the Revenue and Taxation Code. Therefore, notwithstanding any other provision of law, the amount that would have otherwise been available for appropriation to state transit assistance in the 2007–08 fiscal year pursuant to paragraphs (2) and (3) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, shall be reduced by the excess amount that was appropriated to state transit assistance in the Budget Act of 2006, and that excess amount, as determined by the Department of Finance, shall instead remain in the Public Transportation Account to fund other state public transportation priorities. The funding for state transit assistance as described in this paragraph is hereby appropriated to the Controller for allocation. The Controller shall attempt to spread this adjustment equally over four quarterly payments, as achievable by revenue estimates.

(e) For the 2008–09 fiscal year and thereafter, notwithstanding any other provision of this section or any other provision of law, and except as provided in subdivision (f), the funds transferred to the account pursuant to paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code shall be made available for the following purposes:

(1) For purposes of Section 99315, 33.34 percent, subject to appropriation by the Legislature.

(2) To the Controller, 33.33 percent for allocation to transportation planning agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board pursuant to Section 99314. These funds are hereby continuously appropriated for purposes of this paragraph.
(3) To the Controller, 33.33 percent for the allocation to transportation agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board for purposes of Section 99313. These funds are hereby continuously appropriated for purposes of this paragraph.

(f) For the 2009–10 to 2012–13 fiscal years, inclusive, notwithstanding any other provision of this section or any other provision of law, the funds in the account subject to this section shall be made available only for purposes of Section 99315, subject to appropriation by the Legislature.

SEC. 208. Section 185036 of the Public Utilities Code is amended to read:

185036. Upon approval by the Legislature, by the enactment of a statute, or approval by the voters of a financial plan providing the necessary funding for the construction of a high-speed network, the authority may do any of the following:

(a) Enter into contracts with private or public entities for the design, construction, and operation of high-speed trains. The contracts may be separated into individual tasks or segments or may include all tasks and segments, including a design-build or design-build-operate contract.

(b) Acquire rights-of-way through purchase or eminent domain.

(c) Issue debt, secured by pledges of state funds, federal grants, or project revenues. The pledge of state funds shall be limited to those funds expressly authorized by statute or voter-approved initiatives.

(d) Enter into cooperative or joint development agreements with local governments or private entities.

SEC. 209. Section 69 of the Revenue and Taxation Code is amended to read:

69. (a) Notwithstanding any other law, pursuant to Section 2 of Article XIII A of the California Constitution, the base year value of property that is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county that is acquired or newly constructed within five years after the disaster, or five years in the case of the Northridge earthquake, as a replacement for the substantially damaged or destroyed property. At the time the base
year value of the substantially damaged or destroyed property is transferred to the replacement property, the substantially damaged or destroyed property shall be reassessed at its full cash value; however, the substantially damaged or destroyed property shall retain its base year value notwithstanding the transfer authorized by this section. If the owner or owners of substantially damaged or destroyed property receive property tax relief under this section, that property shall not be eligible for property tax relief under subdivision (c) of Section 70 in the event of its reconstruction.

(b) The replacement base year value of the replacement property acquired shall be determined in accordance with this section. The assessor shall use the following procedure in determining the appropriate replacement base year value of comparable replacement property:

(1) If the full cash value of the comparable replacement property does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed, then the adjusted base year value of the property substantially damaged or destroyed shall be transferred to the comparable replacement property as its replacement base year value.

(2) If the full cash value of the replacement property exceeds 120 percent of the full cash value of the property substantially damaged or destroyed, then the amount of the full cash value over 120 percent of the full cash value of the property substantially damaged or destroyed shall be added to the adjusted base year value of the property substantially damaged or destroyed. The sum of these amounts shall become the replacement property’s replacement base year value.

(3) If the full cash value of the comparable replacement property is less than the adjusted base year value of the property substantially damaged or destroyed, then that lower value shall become the replacement property’s base year value.

(4) The full cash value of the property substantially damaged or destroyed shall be the amount of its full cash value immediately prior to its substantial damage or destruction, as determined by the county assessor of the county in which the property is located.

(c) For purposes of this section:

(1) Property is substantially damaged or destroyed if the land or the improvements sustain physical damage amounting to more than 50 percent of its full cash value immediately prior to the
disaster. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the disaster and is permanent in nature.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property that it replaces.

(A) Property is similar in function if the replacement property is subject to similar governmental restrictions, such as zoning.

(B) Both the size and utility of property are interrelated and associated with value. Property is similar in size and utility only to the extent that the replacement property is, or is intended to be, used in the same manner as the property substantially damaged or destroyed and its full cash value does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed.

(i) A replacement property or any portion thereof used or intended to be used for a purpose substantially different than the use made of the property substantially damaged or destroyed shall to the extent of the dissimilar use be considered not similar in utility.

(ii) A replacement property or portion thereof that satisfies the use requirement but has a full cash value that exceeds 120 percent of the full cash value of the property substantially damaged or destroyed shall be considered, to the extent of the excess, not similar in utility and size.

(C) To the extent that replacement property, or any portion thereof, is not similar in function, size, and utility, the property, or portion thereof, shall be considered to have undergone a change in ownership when the replacement property is acquired or newly constructed.

(3) “Disaster” means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

(d) (1) This section applies to any comparable replacement property acquired or newly constructed on or after July 1, 1985.

(2) The amendments made by Chapter 1053 of the Statutes of 1993 apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster occurring on or after October
(3) The amendments made by Chapter 317 of the Statutes of 2006 apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster occurring on or after July 1, 2003, and to the determination of base year values for the 2003–04 fiscal year and fiscal years thereafter. 

(e) Only the owner or owners of the property substantially damaged or destroyed, whether one or more individuals, partnerships, corporations, other legal entities, or a combination thereof, shall receive property tax relief under this section. Relief under this section shall be granted to an owner or owners of substantially damaged or destroyed property obtaining title to replacement property. The acquisition of an ownership interest in a legal entity that, directly or indirectly, owns real property is not an acquisition of comparable property.

SEC. 210. Section 69.3 of the Revenue and Taxation Code is amended to read:

69.3. (a) (1) Notwithstanding any other law, pursuant to the authority of paragraph (3) of subdivision (e) of Section 2 of Article XIII A of the California Constitution, a county board of supervisors, after consultation with affected local agencies located within the boundaries of the county, may adopt an ordinance that authorizes the transfer, subject to the conditions and limitations of this section, of the base year value of real property that is located within another county in this state and has been substantially damaged or destroyed by a disaster to comparable replacement property, including land, of equal or lesser value that is located within the adopting county and has been acquired or newly constructed as a replacement for the damaged or destroyed property within three years after the damage or destruction of the original property.

(2) The base year value of the original property shall be the base year value of the original property as determined in accordance with Section 110.1, with the inflation factor adjustments permitted by subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property was substantially damaged or destroyed. The base year value of the original property shall also include any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period
subsequent to the date of the substantial damage to, or destruction of, the original property and up to the date the replacement property is acquired or newly constructed, regardless of whether the claimant continued to own the original property during this entire period. The base year or years used to compute the base year value of the original property shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(b) For purposes of this section:

1. “Affected local agency” means any city, special district, school district, or community college district that receives an annual allocation of ad valorem property tax revenues.
2. “Claimant” means an owner or owners of real property claiming the property tax relief provided by this section.
3. “Comparable replacement property” means a replacement property that has a full cash value of equal or lesser value as defined in paragraph (6).
4. “Consultation” means a noticed hearing that is conducted by a county board of supervisors concerning the adoption of an ordinance described in subdivision (a) and with respect to which all affected local agencies within the boundaries of the county are provided with reasonable notice of the time and the place of the hearing and a reasonable opportunity to appear and participate.
5. “Disaster” means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

6. “Equal or lesser value” means that the amount of the full cash value of the replacement property does not exceed one of the following:
   A. One hundred five percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the first year following the date of the damage or destruction of the original property.
   B. One hundred ten percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the second year following the date of the damage or destruction of the original property.
   C. One hundred fifteen percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the third year following the date of the damage or destruction of the original property.
purchased or newly constructed within the third year following
the date of the damage or destruction of the original property.

For purposes of this paragraph, if the replacement property is,
in part, purchased and, in part, newly constructed, the date the
"replacement property is purchased or newly constructed" is the
date of the purchase or the date of completion of new construction,
whichever is later.

(7) “Full cash value of the original property” means its full cash
value, as determined in accordance with Section 110, immediately
prior to its substantial damage or destruction, as determined by
the county assessor of the county in which the property is located.

(8) “Full cash value of the replacement property” means its full
cash value, as determined in accordance with Section 110.1 as of
the date upon which it was purchased or new construction was
completed, that is applicable on and after that date.

(9) “Original property” means a building, structure, or other
shelter constituting a place of abode, whether real property or
personal property, that is owned and occupied by a claimant as his
or her principal place of residence, and any land owned by the
claimant on which the building, structure, or other shelter is
situated, that has been substantially damaged or destroyed by a
disaster. For purposes of this paragraph, land constituting a part
of original property includes only that area of reasonable size that
is used as a site for a residence, and “land owned by the claimant”
includes land for which the claimant either holds a leasehold
interest described in subdivision (c) of Section 61 or a land
purchase contract. For purposes of this paragraph, each unit of a
multiunit dwelling shall be considered a separate original property.

(10) “Owner or owners” means an individual or individuals,
but does not include any firm, partnership, association, corporation,
company, or other legal entity or organization of any kind.

(11) “Replacement property” means a building, structure, or
other shelter constituting a place of abode, whether real property
or personal property, that is owned and occupied by a claimant as
his or her principal place of residence, and any land owned by the
claimant on which the building, structure, or other shelter is
situated. For purposes of this paragraph, land constituting a part
of the replacement property includes only that area of reasonable
size that is used as the site for a residence, and “land owned by
the claimant” includes land for which the claimant either holds a
leasehold interest described in subdivision (c) of Section 61 or a
land purchase contract. For purposes of this paragraph, each unit
of a multiunit dwelling shall be considered a separate replacement
property. “Replacement property” does not include any property,
including land or improvements, if the claimant owned any portion
of that property prior to the date of the disaster that damaged or
destroyed the original property.

(12) “Substantially damaged or destroyed” means property
where either the land or the improvements sustain physical damage
amounting to more than 50 percent of its full cash value
immediately prior to the disaster. Damage includes a diminution
in the value of property as a result of restricted access to the
property where the restricted access was caused by the disaster
and is permanent in nature.

(c) At the time the base year value of the substantially damaged
or destroyed property is transferred to the replacement property
pursuant to an ordinance adopted under this section, the
substantially damaged or destroyed property shall be reassessed
at its full cash value. However, the substantially damaged or
destroyed property shall retain its base year value notwithstanding
that transfer. If the owner or owners of substantially damaged or
destroyed property receive property tax relief under this section,
that property shall not be eligible for property tax relief under
subdivision (c) of Section 70 in the event of its reconstruction.

(d) Only the owner or owners of the property that has been
substantially damaged or destroyed may receive property tax relief
under an ordinance adopted pursuant to this section. Relief under
an ordinance adopted pursuant to this section shall be granted to
an owner or owners of a substantially damaged or destroyed
property obtaining comparable replacement property. The
acquisition of an ownership interest in a legal entity that, directly
or indirectly, owns real property is not an acquisition of comparable
replacement property for purposes of this section.

(e) A timely claim for relief under an ordinance adopted pursuant
to this section, in that form as shall be prescribed by the board,
shall be filed by the owner with the assessor of the county in which
the replacement property is located. No relief under an ordinance
adopted pursuant to this section shall be granted unless the claim
is filed no later than January 1, 1996, or within three years after
the replacement property is acquired or newly constructed, whichever is later.

(f) Any taxes that were levied on the replacement property prior to the filing of a claim on the basis of the replacement property’s new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(g) This section shall apply to any comparable replacement property of equal or lesser value that is acquired or newly constructed as a replacement for property that has been substantially damaged or destroyed by a disaster occurring on or after October 20, 1991, and to the determination of base year values for the 1991–92 fiscal year and each fiscal year thereafter.

SEC. 211. Section 276 of the Revenue and Taxation Code is amended to read:

276. (a) Except as otherwise provided by subdivision (b), for property for which the disabled veterans’ exemption described in Section 205.5 was available, but for which a timely claim was not filed, a partial exemption shall be applied in accordance with whichever of the following is applicable:

(1) Ninety percent of any tax, including any interest or penalty thereon, levied upon that portion of the assessed value of the property that would have been exempt under a timely and appropriate claim shall be canceled or refunded, provided that an appropriate claim for exemption is filed after 5 p.m. on February 15 of the calendar year in which the fiscal year begins but on or before the following December 10.

(2) If an appropriate claim for exemption is filed after the time period specified in paragraph (1), 85 percent of that portion of any tax, including any interest or penalty thereon, that was levied upon that portion of the assessed value of the property that would have been exempt under a timely and appropriate claim, shall be canceled or refunded. Cancellations made under this paragraph are subject to the provisions of Article 1 (commencing with Section 4985) of Chapter 4. Refunds issued under this paragraph are subject to the limitations periods on refunds as described in Article 1 (commencing with Section 5096) of Chapter 5.

(b) If a late-filed claim for the one-hundred-fifty-thousand-dollar ($150,000) exemption is filed in conjunction with a timely filed
claim for the one-hundred-thousand-dollar ($100,000) exemption, the amount of any exemption allowed under the late-filed claim under subdivision (a) shall be determined on the basis of that portion of the exemption amount, otherwise available under subdivision (a), that exceeds one hundred thousand dollars ($100,000).

(c) For those claims filed pursuant to subdivision (a) after November 15, the exemption under that subdivision may be applied to the second installment. If that exemption is so applied, the first installment is still delinquent on December 10, and is subject to delinquent penalties provided for in this division if that installment is not timely paid. A refund shall be made to the taxpayer upon a claim submitted to the auditor if the exemption is applied to the second installment and either of the following is true:

(1) Both installments are paid on or before December 10.

(2) The reduction in taxes resulting from the exemption exceeds the amount of taxes due on the second installment.

SEC. 212. Section 6018.6 of the Revenue and Taxation Code is amended to read:

6018.6. (a) Any person who received no more than 20 percent of his or her total gross receipts from the alteration of garments during the preceding calendar year is a consumer of, and shall not be considered a retailer within the provisions of this part with respect to, property used or furnished by that person in altering new or used clothing, provided that both of the following apply:

(1) That person operates a location or locations as a pickup and delivery point for garment cleaning, or provides spotting and pressing services on the premises but not garment cleaning, or operates a garment cleaning or dyeing plant on the premises.

(2) Seventy-five percent or more of that person’s total gross receipts represent charges for garment cleaning or dyeing services.

(b) Sales tax shall not apply to the charges for alterations specified in subdivision (a). However, that person is a retailer of any other tangible personal property sold to consumers in the regular course of business and sales tax shall apply to the gross receipts from those sales.

(c) For the purpose of this section:

(1) “Cleaning” means wet cleaning and drycleaning.

(2) “Wet cleaning” means the process of cleaning a garment by immersion in water, or by applying manually or by any mechanical
device, water, or any detergent and water, or by spraying or
brushing the garment with water or water and any detergent, or
water vapor, or steam, and includes self-service or coin-operated
equipment in whole or in part.

(3) “Drycleaning” means the process of cleaning or renovating
wearing apparel, feathers, furs, hats, fabrics, household items, or
textiles by immersion and agitation, spraying, vaporization, or
immersion only, in a volatile, commercially moisture-free solvent
or by the use of a volatile or inflammable product, applied either
manually or by means of a mechanical appliance and including
self-service or coin-operated equipment in whole or in part.

(4) “Dyeing” means the process of coloring wearing apparel,
feathers, furs, hats, fabrics, or textiles by the use of aniline dyes,
mordants, or acids, with or without steam, excluding, however,
the use of any dye or combination of dyes which is directly soluble
or dispersible in water and which does not require chemical
alteration of its structure for application, where that dye or
combination of dyes is applied to cotton, viscose rayon, or
cuprammonium rayon other than wearing apparel.

(5) “Spotting” means the process of removing spots or stains
or localized areas of soil from a garment, either before or after,
and with or without drycleaning or wet cleaning, by brushing,
spraying, or other means of manual or mechanical application,
other than immersion, with water, detergents, and volatile or
inflammable solvents, chemicals, or any, or all of them.

(6) “Pressing” means the process of restoring the garment to
the original shape, dimensions, or contour thereof, or to those in
which the same was received from the customer, or as directed by
the customer, and the removal of wrinkles, stresses, bulges, and
impressions, imprint marks and shine, from a garment by the
application of pressure, heat, moisture, water vapor, or steam, or
all of them, whether applied manually, or by any mechanical
means.

SEC. 213. Section 6248 of the Revenue and Taxation Code is
amended to read:

6248. (a) There shall be a rebuttable presumption that any
vehicle, vessel, or aircraft bought outside of this state on or after
the effective date of this section, and which is brought into
California within 12 months from the date of its purchase, was
acquired for storage, use, or other consumption in this state and is
subject to use tax if any of the following occurs:
(1) The vehicle, vessel, or aircraft was purchased by a California
resident as defined in Section 516 of the Vehicle Code. For
purposes of this section, a closely held corporation or limited
liability company shall also be considered a California resident if
50 percent or more of the shares or membership interests are held
by shareholders or members who are residents of California as
defined in Section 516 of the Vehicle Code.
(2) In the case of a vehicle, the vehicle was subject to
registration under Chapter 1 (commencing with Section 4000) of

ownership.
(4) If purchased by a nonresident of California, the vehicle,
vessel, or aircraft is used or stored in this state more than one-half
of the time during the first 12 months of ownership.
(b) This presumption may be controverted by documentary
evidence that the vehicle, vessel, or aircraft was purchased for use
outside of this state during the first 12 months of ownership. This
evidence may include, but is not limited to, evidence of registration

subdivision.
(e) Notwithstanding subdivision (a), any aircraft or vessel
brought into this state exclusively for the purpose of repair, retrofit,
or modification shall not be deemed to be acquired for storage,
use, or other consumption in this state if the repair, retrofit, or
modification is, in the case of a vessel, performed by a repair
facility that holds an appropriate permit issued by the board and
is licensed to do business by the county in which it is located, or,
in the case of an aircraft, performed by a repair station certified by the Federal Aviation Administration or a manufacturer’s maintenance facility.

(f) The presumption set forth in subdivision (a) may be controverted by documentary evidence that the vehicle was brought into this state for the exclusive purpose of warranty or repair service and was used or stored in this state for that purpose for 30 days or less. The 30-day period begins when the vehicle enters this state, includes any time of travel to and from the warranty or repair facility, and ends when the vehicle is returned to a point outside the state. The documentary evidence shall include a work order stating the dates that the vehicle is in the possession of the warranty or repair facility and a statement by the owner of the vehicle specifying dates of travel to and from the warranty or repair facility.

(3) “Storm damage repair” is repair or reconstruction of local streets and highways and related drainage improvements that have been damaged due to winter storms and flooding, and construction of drainage improvements to mitigate future roadway flooding and damage problems, in those jurisdictions that have been declared disaster areas by the President of the United States, where the costs of those repairs are ineligible for emergency funding with Federal Emergency Relief (ER) funds or Federal Emergency Management Administration (FEMA) funds.

shall calculate an annual average of expenditure for the period
between July 1, 1996, and December 31, 2000, inclusive, that the

fiscal years. Each city and county shall furnish the data to the
Controller not later than 120 days after receiving the request. The
Controller may withhold payment to cities and counties that do
not comply with the request for information or that provide
incomplete data.
(5) The Controller may perform audits to ensure compliance
with paragraph (2) when deemed necessary. Any city or county
that has not complied with paragraph (2) shall reimburse the state
for the funds it received during that fiscal year. Any funds withheld
or returned as a result of a failure to comply with paragraph (2)
shall be reallocated to the other counties and cities whose
expenditures are in compliance.
(6) If a city or county fails to comply with the requirements of
paragraph (2) in a particular fiscal year, the city or county may
expend during that fiscal year and the following fiscal year a total
amount that is not less than the total amount required to be
expended for those fiscal years for purposes of complying with
paragraph (2).
(7) The allocation made under paragraph (4) or (5) of
subdivision (c) shall be expended not later than the end of the fiscal
year following the fiscal year in which the allocation was made,
and any funds not expended within that period shall be returned
to the Controller and shall be reallocated to the other cities and
counties pursuant to the allocation formulas set forth in paragraph
(4) or (5) of subdivision (c).

(g) The Los Angeles County Metropolitan Transportation
Authority shall give first priority for using its share of the funds
made available under subparagraphs (B) and (C) of paragraph (2)
of subdivision (c) to providing the levels of bus service mandated
under the consent decree entered into by the authority on October
v. Los Angeles County Metropolitan Transportation Authority.

(h) (1) For the purpose of allocating funds under paragraph (4)
or (5) of subdivision (c) to counties, cities, and a city and county,

prepared by the Demographic Research Unit of the Department
of Finance. For a city that incorporated after January 1, 1998, that
does not appear on the most recent population estimates prepared
by the Demographic Research Unit, the Controller shall use the
population determined for that city under Section 11005.3 of the
Revenue and Taxation Code.

(2) The amendments made to Section 11005.3 by the act adding
this paragraph shall not apply to a population determination under
paragraph (1).

(i) This section shall become inoperative on the date that all
encumbrances incurred for the projects funded under paragraph
(3) of subdivision (c) have been liquidated or on June 30, 2008,
whichever date is later, and as of the January 1 immediately
following that date is repealed.

SEC. 217. Section 30461.6 of the Revenue and Taxation Code is amended to read:

30461.6. (a) Notwithstanding Section 30461, the board shall transmit the revenue derived from the increase in the cigarette tax rate of one mill ($0.001) per cigarette imposed by Section 30101 on and after January 1, 1994, to the Treasurer to be deposited in the State Treasury to the credit of the Breast Cancer Fund, which fund is hereby created. (d) (1) Any entity funded by the Breast Cancer Control Program shall coordinate with other local providers of breast cancer screening, diagnostic, followup, education, and advocacy services to avoid duplication of effort. Any entity funded by the program

(2) Administrative costs of the State Department of Public Health shall not exceed 10 percent of the funds allocated to the Breast Cancer Control Program created pursuant to paragraph (2) of subdivision (b). Indirect costs of the entities funded by this program shall not exceed 12 percent. The department shall define “indirect costs” in accordance with applicable state and federal law.

(f) Any entity funded by the Breast Cancer Control Program shall collect data and maintain records that are determined by the State Department of Public Health to be necessary to facilitate the department’s ability to monitor and evaluate the effectiveness of the entities and the program. Commencing with the program’s second year of operation, the State Department of Public Health shall submit an annual report to the Legislature and any other appropriate entity. The costs associated with this report shall be paid from the allocation made pursuant to paragraph (2) of subdivision (b). It is the intent of the Legislature that breast cancer-related survivors and advocates and health advocates for low-income women compose at least one-third of the advisory panel. It is also the intent of the Legislature that the State Department of Public Health collaborate closely with the panel.

(i) It is the intent of the Legislature in enacting the Breast Cancer Control Program to decrease cancer mortality rates attributable to breast cancer among uninsured and underinsured women, with special emphasis on low-income, Native American, and minority women. It is also the intent of the Legislature that the communities served by the Breast Cancer Control Program reflect the ethnic, racial, cultural, and geographic diversity of the state and that the Breast Cancer Control Program fund entities where uninsured and underinsured women are most likely to seek their health care.

(j) The State Department of Public Health or any entity funded by the Breast Cancer Control Program shall collect personal and medical information necessary to administer this program from any individual applying for services under the program. The information shall be confidential and shall not be disclosed other than for purposes directly connected with the administration of this program or except as otherwise provided by law or pursuant to prior written consent of the subject of the information.

The State Department of Public Health or any entity funded by the Breast Cancer Control Program may disclose the confidential information to medical personnel and fiscal intermediaries of the state to the extent necessary to administer this program, and to other state public health agencies or medical researchers when the
confidential information is necessary to carry out the duties of those agencies or researchers in the investigation, control, or surveillance of breast cancer.

(k) The State Department of Public Health shall adopt regulations to implement this act in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). 149.9. (a) Pursuant to Section 149.7 and the memorandum of understanding between the Los Angeles County Metropolitan Transportation Authority (LACMTA), the United States Department of Transportation, and the department, as adopted on July 24, 2008, and any subsequent, mutually agreed upon changes to that memorandum, the LACMTA may operate a value-pricing and transit development demonstration program involving high-occupancy toll (HOT) lanes to be conducted, administered, developed, and operated on State Highway Routes 10 and 110 in Los Angeles County by the LACMTA.
(b) The LACMTA shall implement the program in cooperation with the department and the active participation of the Department of the California Highway Patrol, pursuant to a cooperative agreement that addresses all matters related to design, construction, maintenance, and operation of state highway system facilities in connection with the value-pricing and transit program. With the consent of the department, the board of the LACMTA shall establish appropriate performance measures, such as speed or travel times, for the purpose of ensuring optimal use of the HOT lanes without adversely affecting other traffic on the state highway system.

(c) The LACMTA and the department may implement the demonstration program under the following conditions:

(1) The value-pricing program may be operated on State Highway Routes 10 and 110 in Los Angeles County on designated high-occupancy vehicle (HOV) lanes.

(2) (A) Single-occupant vehicles, or those vehicles that do not meet minimum occupancy requirements, may be authorized to enter and use the HOV lanes in the identified corridors, under conditions as determined by the LACMTA.

(B) The LACMTA may not change the vehicle occupancy requirement for access to the HOV lanes in the identified corridors during the demonstration period that is authorized under this section.

(3) As part of the demonstration program, each proposed HOT lane shall have nontolled alternative lanes available for public use in the same corridor as the proposed HOT lanes.

(4) The LACMTA shall implement a public outreach and communications plan in order to solicit public input into the development of the demonstration program.

(5) In implementing the program, the LACMTA shall identify the affected communities in the respective corridors and work with those communities to identify impacts and develop mitigation measures.

(6) The amount of the toll shall be established by the LACMTA, and collected and administered in a manner determined by the LACMTA. The LACMTA shall conduct a public hearing 30 days prior to setting or increasing the toll.

(7) The LACMTA shall assess the impacts of the program on commuters of low income and shall provide mitigation to those
impacted commuters. Mitigation measures may include, but are not limited to, reduced toll charges and toll credits for transit users. Eligible commuters for reduced toll charges or toll credits for transit users shall meet the eligibility requirements for assistance programs under Chapter 2 (commencing with Section 11200) or Chapter 3 (commencing with Section 12000) of Part 3 of, Part 5 (commencing with Section 17000) of, or Chapter 10 (commencing with Section 18900), Chapter 10.1 (commencing with Section 18930), or Chapter 10.3 (commencing with Section 18937) of Part 6 of, Division 9 of the Welfare and Institutions Code.

(9) The LACMTA may operate the demonstration program until January 15, 2013, during which time it may not issue bonds for the demonstration program.

(10) The LACMTA and the department shall report to the Legislature by December 31, 2012. The report shall include, but not be limited to, a summary of the demonstration program, a survey of its users, the impact on carpoolers, revenues generated, how transit service or alternative modes of transportation were impacted, any potential effect on traffic congestion in the HOV lane and in the neighboring lanes, the number of toll-paying vehicles that utilized the HOT lanes, any potential reductions in the greenhouse gas emissions that are attributable to congestion reduction resulting from the HOT lane demonstration project, and a description of the mitigation measures on the affected communities and commuters in this demonstration program.

(11) Pursuant to Section 149.7, the revenue generated from the program may be available to the LACMTA for the direct expenses related to the maintenance, administration, and operation, including collection and enforcement, of the demonstration program. Administrative expenses shall not exceed 3 percent of the revenues.

(12) All remaining revenue generated by the demonstration program shall be used in the corridor from which the revenue was generated exclusively for preconstruction, construction, and other related costs of high-occupancy vehicle facilities and the improvement of transit service in the corridor, including, but not limited to, support for transit operations pursuant to an expenditure plan adopted by the LACMTA.
(13) This section shall not prevent the department or any local agency from constructing facilities that compete with the HOT lane demonstration project, and the LACMTA shall not be entitled to compensation for adverse effects on toll revenue due to those facilities.

SEC. 223. Section 30918 of the Streets and Highways Code is amended to read:

30918. (a) It is the intention of the Legislature to maintain tolls on all of the bridges specified in Section 30910 at rates sufficient to meet any obligation to the holders of bonds secured by the bridge toll revenues. The authority shall retain authority to set the toll schedule as may be necessary to meet those bond obligations. The authority shall provide at least 30 days’ notice to the transportation policy committee of each house of the Legislature and shall hold a public hearing before adopting a toll schedule reflecting the increased toll rate.

(b) The authority shall increase the toll rates specified in the adopted toll schedule in order to meet its obligations and covenants under any bond resolution or indenture of the authority for any outstanding toll bridge revenue bonds issued by the authority and the requirements of any constituent instruments defining the rights of holders of related obligations of the authority entered into pursuant to Section 5922 of the Government Code and, notwithstanding Section 30887 or subdivision (c) of Section 30916 of this code, or any other law, may increase the toll rates specified in the adopted toll schedule to provide funds for the planning, design, construction, operation, maintenance, repair, replacement, rehabilitation, and seismic retrofit of the state-owned toll bridges specified in Section 30910 of this code, to provide funding to meet the requirements of Sections 30884 and 30911 of this code, and to provide funding to meet the requirements of voter-approved regional measures pursuant to Sections 30914 and 30921 of this code.

(c) The authority’s toll structure for the state-owned toll bridges specified in Section 30910 may vary from bridge to bridge and may include discounts for vehicles classified by the authority as high-occupancy vehicles, notwithstanding any other law.

(d) If the authority establishes high-occupancy vehicle lane fee discounts or access for vehicles classified by the authority as high-occupancy vehicles for any bridge, the authority shall
collaborate with the department to reach agreement on how the
occupancy requirements shall apply on each segment of highway
that connects with that bridge.

(e) All tolls referred to in this section and Sections 30916, 31010, and 31011 may be treated by the authority as a single revenue source for accounting and administrative purposes and for the purposes of any bond indenture or resolution and any agreement entered into pursuant to Section 5922 of the Government Code.

(f) It is the intent of the Legislature that the authority should consider the needs and requirements of both its electronic and cash-paying customers when it designates toll payment options at the toll plazas for the toll bridges under its jurisdiction.

ignition interlock devices that have been certified according to the 
requirements of this section continue to meet certification 
requirements. The department may periodically require 
manufacturers to indicate in writing whether the devices continue 
to meet certification requirements. 
(B) The department may use denial of certification, suspension 
or revocation of certification, or decertification of an ignition 
interlock device in another state as an indication that the
certification requirements are not met, if either of the following apply:

(i) The denial of certification, suspension or revocation of certification, or decertification in another state constitutes a violation by the manufacturer of Article 2.55 (commencing with Section 125.00) of Chapter 1 of Division 1 of Title 13 of the California Code of Regulations.

(ii) The denial of certification for an ignition interlock device in another state was due to a failure of an ignition interlock device to meet the standards adopted by the regulation set forth in clause (i), specifically Sections 1 and 2 of the model specification for breath alcohol ignition interlock devices, as published by notice in the Federal Register, Vol. 57, No. 67, Tuesday, April 7, 1992, on pages 11774 to 11787, inclusive.

(C) Failure to continue to meet certification requirements shall result in suspension or revocation of certification of ignition interlock devices.

(b) (1) A manufacturer shall not furnish an installer, service center, technician, or consumer with technology or information that allows a device to be used in a manner that is contrary to the purpose for which it is certified.

(2) Upon a violation of paragraph (1), the department shall suspend or revoke the certification of the ignition interlock device that is the subject of that violation.

(c) An installer, service center, or technician shall not tamper with, change, or alter the functionality of the device from its certified criteria.

(d) The department shall utilize information from an independent laboratory to certify ignition interlock devices on or off the premises of the manufacturer or manufacturer’s agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of ignition interlock devices. If the certification of a device is suspended or revoked, the manufacturer of the device shall be responsible for, and shall bear the cost of, the removal of the device and the replacement of a certified device of the manufacturer or another manufacturer.

(e) No model of ignition interlock device shall be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.
(f) All manufacturers of ignition interlock devices that meet the requirements of subdivision (e) and are certified in a manner approved by the Department of Motor Vehicles, who intend to market the devices in this state, first shall apply to the Department of Motor Vehicles on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the department in carrying out this section.

(g) A manufacturer and a manufacturer’s agent certified by the department to provide ignition interlock devices shall provide each year to the department information on the number of false positives and the time to reset the device. The department shall use this information in evaluating the continued certification of an ignition interlock device.

(h) The department shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An “Option to Install,” to be sent by the Department of Motor Vehicles to repeat offenders along with the mandatory order of suspension or revocation. This shall include the alternatives available for early license reinstatement with the installation of an ignition interlock device and shall be accompanied by a toll-free telephone number for each manufacturer of a certified ignition interlock device. Information regarding approved installation locations shall be provided to drivers by manufacturers with ignition interlock devices that have been certified in accordance with this section.

(2) A “Verification of Installation” to be returned to the department by the reinstating offender upon application for reinstatement. Copies shall be provided for the manufacturer or the manufacturer’s agent.

(3) A “Notice of Noncompliance” and procedures to ensure continued use of the ignition interlock device during the restriction period and to ensure compliance with maintenance requirements. The maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

(i) Every manufacturer and manufacturer’s agent certified by the department to provide ignition interlock devices shall adopt fee schedules that provide for the payment of the costs of the device
by applicants in amounts commensurate with the applicant’s ability
to pay.

(3) Except for court records described in Section 68152 of the Government Code, the confidential records and information described in paragraphs (1) and (2) may be retained for up to six months from the date the information was first obtained, or until final disposition of the citation, whichever date is later, after which time the information shall be destroyed in a manner that will preserve the confidentiality of any person included in the record or information.

(f) Notwithstanding subdivision (e), the registered owner or any individual identified by the registered owner as the driver of the vehicle at the time of the alleged violation shall be permitted to review the photographic evidence of the alleged violation.

(g) (1) A contract between a governmental agency and a manufacturer or supplier of automated enforcement equipment may not include provision for the payment or compensation to the manufacturer or supplier based on the number of citations generated, or as a percentage of the revenue generated, as a result of the use of the equipment authorized under this section.

(2) Paragraph (1) does not apply to a contract that was entered into by a governmental agency and a manufacturer or supplier of automated enforcement equipment before January 1, 2004, unless
that contract is renewed, extended, or amended on or after January
1, 2004.

vehicle is driven, disables the equipment for all uses except as a
visual display as described in paragraphs (1) to (4), inclusive.
(B) The equipment is designed, operated, and configured in a
manner that prevents the driver of the motor vehicle from viewing
the television broadcast or video signal while operating the vehicle
in a safe and reasonable manner.
(6) A mobile digital terminal that is fitted with an opaque
covering that does not allow the driver to view any part of the
display while driving, even though the terminal may be operating,
installed in a vehicle that is owned or operated by any of the
following:
(A) An electrical corporation, as defined in Section 218 of the
Public Utilities Code.

SEC. 232. Section 40002 of the Vehicle Code is amended to read:
40002. (a) (1) If there is a violation of Section 40001, an owner or any other person subject to Section 40001, who was not driving the vehicle involved in the violation, may be mailed a written notice to appear. An exact and legible duplicate copy of
that notice when filed with the court, in lieu of a verified complaint, is a complaint to which the defendant may plead “guilty.”

(2) If, however, the defendant fails to appear in court or does not deposit lawful bail, or pleads other than “guilty” of the offense charged, a verified complaint shall be filed which shall be deemed to be an original complaint, and thereafter proceedings shall be had as provided by law, except that a defendant may, by an agreement in writing, subscribed by the defendant and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

(3) A verified complaint pursuant to paragraph (2) shall include a paragraph that informs the person that unless he or she appears in the court designated in the complaint within 21 days after being given the complaint and answers the charge, renewal of registration of the vehicle involved in the offense may be precluded by the department, or a warrant of arrest may be issued against him or her.

(b) (1) If a person mailed a notice to appear pursuant to paragraph (1) of subdivision (a) fails to appear in court or deposit bail, a warrant of arrest shall not be issued based on the notice to appear, even if that notice is verified. An arrest warrant may be issued only after a verified complaint pursuant to paragraph (2) of subdivision (a) is given the person and the person fails to appear in court to answer that complaint.

(2) If a person mailed a notice to appear pursuant to paragraph (1) of subdivision (a) fails to appear in court or deposit bail, the court may give by mail to the person a notice of noncompliance. A notice of noncompliance shall include a paragraph that informs the person that unless he or she appears in the court designated in the notice to appear within 21 days after being given by mail the notice of noncompliance and answers the charge on the notice to appear, or pays the applicable fine and penalties if an appearance is not required, renewal of registration of the vehicle involved in the offense may be precluded by the department.

(c) A verified complaint filed pursuant to this section shall conform to Chapter 2 (commencing with Section 948) of Title 5 of Part 2 of the Penal Code.

SEC. 233. Section 42001.13 of the Vehicle Code is amended to read:

42001.13. (a) A person who commits a violation of Section 22507.8 is subject to either a civil notice of parking violation pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 or a criminal notice to appear.

(b) If a notice to appear is issued and upon conviction of an infraction for a violation of Section 22507.8, a person shall be punished as follows:

(1) A fine of not less than two hundred fifty dollars ($250) and not more than five hundred dollars ($500) for the first offense.

(2) A fine of not less than five hundred dollars ($500) and not more than seven hundred fifty dollars ($750) for the second offense.

(3) A fine of not less than seven hundred fifty dollars ($750) and not more than one thousand dollars ($1,000) for three or more offenses.

(c) The court may suspend the imposition of the fine if the person convicted possessed at the time of the offense, but failed to display, a valid special identification license plate issued pursuant to Section 5007 or a distinguishing placard issued pursuant to Section 22511.55 or 22511.59.

(d) A fine imposed under this section may be paid in installments if the court determines that the defendant is unable to pay the entire amount in one payment.

SEC. 234. Section 10608.24 of the Water Code is amended to read:

10608.24. (a) Each urban retail water supplier shall meet its interim urban water use target by December 31, 2015.

(b) Each urban retail water supplier shall meet its urban water use target by December 31, 2020.

(c) An urban retail water supplier’s compliance daily per capita water use shall be the measure of progress toward achievement of its urban water use target.
(d) (1) When determining compliance daily per capita water use, an urban retail water supplier may consider the following factors:

   (A) Differences in evapotranspiration and rainfall in the baseline period compared to the compliance reporting period.

   (B) Substantial changes to commercial or industrial water use resulting from increased business output and economic development that have occurred during the reporting period.

   (C) Substantial changes to institutional water use resulting from fire suppression services or other extraordinary events, or from new or expanded operations, that have occurred during the reporting period.

   (2) If the urban retail water supplier elects to adjust its estimate of compliance daily per capita water use due to one or more of the factors described in paragraph (1), it shall provide the basis for, and data supporting, the adjustment in the report required by Section 10608.40.

(e) When developing the urban water use target pursuant to Section 10608.20, an urban retail water supplier that has a substantial percentage of industrial water use in its service area may exclude process water from the calculation of gross water use to avoid a disproportionate burden on another customer sector.

(f) (1) An urban retail water supplier that includes agricultural water use in an urban water management plan pursuant to Part 2.6 (commencing with Section 10610) may include the agricultural water use in determining gross water use. An urban retail water supplier that includes agricultural water use in determining gross water use and develops its urban water use target pursuant to paragraph (2) of subdivision (b) of Section 10608.20 shall use a water efficient standard for agricultural irrigation of 100 percent of reference evapotranspiration multiplied by the crop coefficient for irrigated acres.

   (2) An urban retail water supplier, that is also an agricultural water supplier, is not subject to the requirements of Chapter 4 (commencing with Section 10608.48), if the agricultural water use is incorporated into its urban water use target pursuant to paragraph (1).

SEC. 235. Section 10608.44 of the Water Code is amended to read:
10608.44. Each state agency shall reduce water use at facilities it operates to support urban retail water suppliers in meeting the target identified in Section 10608.16.

SEC. 236. Section 10853 of the Water Code is amended to read:

10853. An agricultural water supplier that provides water to less than 25,000 irrigated acres, excluding recycled water, shall not be required to implement the requirements of this part or Part 2.55 (commencing with Section 10608) unless sufficient funding has specifically been provided to that water supplier for these purposes.

SEC. 237. Section 10933 of the Water Code is amended to read:

10933. (a) On or before January 1, 2012, the department shall commence to identify the extent of monitoring of groundwater elevations that is being undertaken within each basin and subbasin. (b) The department shall prioritize groundwater basins and subbasins for the purpose of implementing this section. In prioritizing the basins and subbasins, the department shall, to the extent data are available, consider all of the following:

(1) The population overlying the basin or subbasin.
(2) The rate of current and projected growth of the population overlying the basin or subbasin.
(3) The number of public supply wells that draw from the basin or subbasin.
(4) The total number of wells that draw from the basin or subbasin.
(5) The irrigated acreage overlying the basin or subbasin.
(6) The degree to which persons overlying the basin or subbasin rely on groundwater as their primary source of water.
(7) Any documented impacts on the groundwater within the basin or subbasin, including overdraft, subsidence, saline intrusion, and other water quality degradation.
(8) Any other information determined to be relevant by the department.
(c) If the department determines that all or part of a basin or subbasin is not being monitored pursuant to this part, the department shall do all of the following:

(1) Attempt to contact all well owners within the area not being monitored.
(2) Determine if there is an interest in establishing any of the following:

(A) A groundwater management plan pursuant to Part 2.75 (commencing with Section 10750).

(B) An integrated regional water management plan pursuant to Part 2.2 (commencing with Section 10530) that includes a groundwater management component that complies with the requirements of Section 10753.7.

(C) A voluntary groundwater monitoring association pursuant to Section 10935.

(d) If the department determines that there is sufficient interest in establishing a plan or association described in paragraph (2) of subdivision (c), or if the county agrees to perform the groundwater monitoring functions in accordance with this part, the department shall work cooperatively with the interested parties to comply with the requirements of this part within two years.

(e) If the department determines, with regard to a basin or subbasin, that there is insufficient interest in establishing a plan or association described in paragraph (2) of subdivision (c), and if the county decides not to perform the groundwater monitoring and reporting functions of this part, the department shall do all of the following:

(1) Identify any existing monitoring wells that overlie the basin or subbasin that are owned or operated by the department or any other state or federal agency.

(2) Determine whether the monitoring wells identified pursuant to paragraph (1) provide sufficient information to demonstrate seasonal and long-term trends in groundwater elevations.

(3) If the department determines that the monitoring wells identified pursuant to paragraph (1) provide sufficient information to demonstrate seasonal and long-term trends in groundwater elevations, the department shall not perform groundwater monitoring functions pursuant to Section 10933.5.

(4) If the department determines that the monitoring wells identified pursuant to paragraph (1) provide insufficient information to demonstrate seasonal and long-term trends in groundwater elevations, and the State Mining and Geology Board concurs with that determination, the department shall perform groundwater monitoring functions pursuant to Section 10933.5.
SEC. 238. Section 12645 of the Water Code is amended to read:

12645. The Legislature finds and declares all of the following:

(a) In 1911, the Legislature adopted a flood control plan for the Sacramento Valley, as proposed by the federal California Debris Commission, and created the Reclamation Board to regulate levees and other encroachments, and to review and approve flood control plans for the Sacramento River and its tributaries. The state’s adoption of a valleywide flood management plan was intended to create a unified plan of flood control and to reclaim lands from overflow. Six years later, California gained congressional authorization for the United States Army Corps of Engineers (Corps) to collaborate with the state in building and maintaining the Sacramento River Flood Control Project. The federal government transferred completed portions of the Sacramento River Flood Control Project to the state as portions were completed, and the state, in turn, passed responsibility for operation and maintenance to local districts organized to provide flood control within their boundaries.

(b) The state and federal governments have built or rebuilt levees, weirs, and bypasses to increase conveyance of flood waters downstream. The Sacramento River Flood Control Project and the federal-state flood control project in the San Joaquin Valley include approximately 1,600 miles of levees and other facilities to reduce central valley flood risk, now defined as the State Plan of Flood Control in subdivision (j) of Section 5096.805 of the Public Resources Code. The Corps often constructed federal “project levees” in both the Sacramento and San Joaquin River watersheds by modifying existing levees. The federal government transferred completed portions of the Sacramento River Flood Control Project to the state, as portions were completed, which in turn passed responsibility for operation and maintenance to local reclamation districts.

(c) In 2003, a state Court of Appeal in Paterno v. State of California (2003) 113 Cal.App.4th 998 (Paterno), held the state liable, in a claim for inverse condemnation, for failure of a levee that was operated and maintained by a local levee maintenance district. In settlement of that litigation, the state’s liability was substantial because homes and a shopping center were built behind the levee and suffered from the resulting flood.
(d) The Legislature has authorized funding for numerous flood control projects throughout the Sacramento and San Joaquin River watersheds. These statutory authorizations included varying provisions regarding responsibility and liability for operation and maintenance of the flood control facilities, and may or may not have incorporated the specified facilities into the federal-state Sacramento River or San Joaquin River flood control projects. After the court ruling in Paterno, the status of each flood facility became critically important to determining liability, and legal ambiguities led to questions about whether particular facilities were incorporated into a federal-state flood control project. In some cases, despite a location between two project levees, certain levees remain outside the jurisdiction of a federal-state flood control project, with local agencies retaining liability.

(e) In 2006, California voters approved the Disaster Preparedness and Flood Prevention Bond Act of 2006, which authorized the issuance of general obligation bonds in the amount of $4.9 billion for flood protection and defined the Sacramento River and San Joaquin River federal-state flood control projects as the “State Plan of Flood Control.” The following year, the Legislature passed a package of bills to reform state flood protection policy in the central valley. These laws required the Department of Water Resources to develop, and the Central Valley Flood Protection Board to adopt, a Central Valley Flood Protection Plan, which is broader than the State Plan of Flood Control, affecting the entire watersheds of the Sacramento and San Joaquin Valley. These laws included provisions intended to limit state liability to facilities identified in the State Plan of Flood Control. These laws did not specifically address the facilities described in this article.

SEC. 239. Section 12647 of the Water Code is amended to read:

12647. (a) The state shall not have responsibility or liability for the construction, operation, and maintenance of central valley flood control facilities identified in this article unless all of the following apply:

1. The department identifies the facility as part of the State Plan of Flood Control.
2. The state has expressly accepted the transfer of liability for the facility from the federal government.
(3) The board incorporates the facility into the State Plan of Flood Control pursuant to Section 9611.

(b) Unless otherwise specifically provided, nothing in this article shall be construed to expand the responsibility of the state for the operation or maintenance of any flood management facility outside the scope of the State Plan of Flood Control, except as specifically determined by the board pursuant to Section 9611.

(c) Use of the phrase “adopted and authorized” in this article does not, by itself, reflect incorporation of the specified facility into the State Plan of Flood Control or assumption of liability by the state, unless one of the conditions described in subdivision (a) applies to the facility.

(d) Nothing in this section abrogates or modifies any duty, responsibility, or liability of any federal, state, or local agency, including, but not limited to, those duties, responsibilities, and liabilities set forth in Sections 8370, 12642, and 12828.

SEC. 240. Section 30779 of the Water Code is amended to read:

30779. The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

GENERAL (OR SPECIAL) WATER DISTRICT ELECTION, _____

COUNTY WATER DISTRICT

(Inserting date thereof).

Instructions to Voters: To vote, stamp or write a cross (+) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear, or deface this ballot, return it to the inspector of elections and obtain another.

SEC. 241. Section 4691 of the Welfare and Institutions Code is amended to read:

4691. (a) The Legislature reaffirms its intent that community-based day programs be planned and provided as part of a continuum of services to enable persons with developmental disabilities to approximate the pattern of everyday living available to people of the same age without disabilities. The Legislature further intends that standards be developed to ensure high-quality services, and that equitable ratesetting procedures based upon those standards be established, maintained, and revised, as necessary.
The Legislature intends that ratesetting procedures be developed for all community-based day programs, which include adult development centers, activity centers, infant day programs, behavior management programs, social recreational programs, and independent living programs.

(b) For the purpose of ensuring that regional centers may secure high-quality services for persons with developmental disabilities, the State Department of Developmental Services shall promulgate regulations establishing program standards and an equitable process for setting rates of state payment for community-based day programs. These regulations shall include, but are not limited to, all of the following:

(1) The standards and requirements related to the operation of the program including, but not limited to, staff qualifications, staff-to-client ratios, client entrance and exit criteria, program design, program evaluation, program and client records and documentation, client placement, and personnel requirements and functions.

(2) The allowable cost components of the program including salary and wages, staff benefits, operating expenses, and management organization costs where two or more programs are operated by a separate and distinct corporation or entity.

(3) The rate determination processes for establishing rates, based on the allowable costs of the allowable cost components. Different rate determination processes may be developed for establishing rates for new and existing programs, and for the initial and subsequent years of implementation of the regulations. The processes shall include, but are not limited to, all of the following:

(A) The procedure for identification and grouping of programs by type of day program and approved staff-to-client ratio.

(B) The requirements for an identification of the program, cost, and other information, if any, which the program is required to submit to the department or the regional center, the consequences, if any, for failure to do so, and the timeframes and format for submission and review.

(C) The ratesetting methodology.

(D) A procedure for adjusting rates as a result of anticipated and unanticipated program changes and fiscal audits of the program and a procedure for appealing rates, including the timeframes for
the program to request an adjustment or appeal, and for the
department to respond.
(E) A procedure for increasing established rates and the
allowable range of rates due to cost-of-living adjustments.
(F) A procedure for increasing established rates as a result of
Budget Act appropriations made pursuant to the ratesetting
methodology established pursuant to Section 4691.5 and
subdivision (c) of this section.

The department shall develop these regulations in consultation
with representatives from organizations representing the
developmental services system as determined by the department.
The State Council on Developmental Disabilities, and other
organizations representing regional centers, providers, and clients
shall have an opportunity to review and comment upon the
proposed regulations prior to their promulgation. The department
shall promulgate these regulations for all community-based day
programs by July 1, 1990.
(c) Upon the promulgation of regulations pursuant to subdivision
(b), and pursuant to Section 4691.5, and by September 1 of each
year thereafter, the department shall establish rates pursuant to the
regulations. Rate increases during the 1990–91 and 1991–92 fiscal
years shall be limited to those specified in subdivision (b). For the
1992–93 fiscal year and all succeeding fiscal years, any increases
proposed during those years in the rates of reimbursement
established pursuant to the regulations, except for rate increases
due to rate appeals and rate adjustments based on unanticipated
program changes, shall be subject to the appropriation of sufficient
funds in the Budget Act, for those purposes, to fully provide the
proposed increase to all eligible programs for the entire fiscal year.
If the funds appropriated in the Budget Act are not sufficient to
fully provide for the proposed increase in the rates of
reimbursement for all eligible programs for the entire fiscal year,
the proposed increase shall be limited to the level of funds
appropriated. The increases proposed in the rates of reimbursement
shall be reduced equitably among all eligible providers in
accordance with funds appropriated and the eligible programs shall
be reimbursed at the reduced amount for the entire fiscal year.
(d) Using the reported costs of day programs reimbursed at a
permanent rate and the standards and ratesetting processes
promulgated pursuant to subdivision (b) as a basis, the department
shall report to the Legislature as follows:
(1) By April 15, 1993, and every odd year thereafter, the
difference between permanent rates for existing programs and the
rates of those programs based upon their allowable costs and client
attendance, submitted pursuant to the regulations specified in
subdivision (b). In reporting the difference, the department shall
also identify the amount of the difference associated with programs
whose rates are above the allowable range of rates, which is
available for increasing the rates of programs whose rates are below
the allowable range, to within the allowable range, and any other
pertinent cost or rate information which the department deems
necessary.
(2) By April 15, 1994, and every even year thereafter, the level
of funding, if any, which was not appropriated to reimburse
providers at the proposed rates reported the prior fiscal year
pursuant to paragraph (1), and any other pertinent cost or rate
information which the department deems necessary.
(3) The April 15, 1996, report pursuant to paragraph (2) shall
be prepared jointly by the department and organizations
representing community-based day program providers, as
determined by the department. That report shall also include a
review of the ratesetting process and recommendations, if any, for
its modification.
(e) Rates established by the department pursuant to subdivision
(b) are exempt from the provisions of Chapter 3.5 (commencing
with Section 11340) of Part 1 of Division 3 of Title 2 of the
Government Code.
(f) The department shall ensure that the regional centers monitor
compliance with program standards.
SEC. 242. Section 4860 of the Welfare and Institutions Code
is amended to read:
4860. (a) (1) The hourly rate for supported employment
services provided to consumers receiving individualized services
shall be thirty dollars and eighty-two cents ($30.82).
(2) Job coach hours spent in travel to consumer worksites may
be reimbursable for individualized services only when the job
coach travels from the vendor’s headquarters to the consumer’s
worksite or from one consumer’s worksite to another, and only
when the travel is one way.
(b) The hourly rate for group services shall be thirty dollars and eighty-two cents ($30.82), regardless of the number of consumers served in the group. Consumers in a group shall be scheduled to start and end work at the same time, unless an exception that takes into consideration the consumer’s compensated work schedule is approved in advance by the regional center. The department, in consultation with stakeholders, shall adopt regulations to define the appropriate grounds for granting these exceptions. When the number of consumers in a supported employment placement group drops to fewer than the minimum required in subdivision (r) of Section 4851, the regional center may terminate funding for the group services in that group, unless, within 90 days, the program provider adds one or more regional centers, or Department of Rehabilitation-funded supported employment consumers to the group.

(c) Job coaching hours for group services shall be allocated on a prorated basis between a regional center and the Department of Rehabilitation when regional center and Department of Rehabilitation consumers are served in the same group.

(d) When Section 4855 applies, fees shall be authorized for the following:

1. A three-hundred-sixty-dollar ($360) fee shall be paid to the program provider upon intake of a consumer into a supported employment program. No fee shall be paid if that consumer completed a supported employment intake process with that same supported employment program within the previous 12 months.

2. A seven-hundred-twenty-dollar ($720) fee shall be paid upon placement of a consumer in an integrated job, except that no fee shall be paid if that consumer is placed with another consumer or consumers assigned to the same job coach during the same hours of employment.

3. A seven-hundred-twenty-dollar ($720) fee shall be paid after a 90-day retention of a consumer in a job, except that no fee shall be paid if that consumer has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment.

(e) Notwithstanding paragraph (4) of subdivision (a) of Section 4648, the regional center shall pay the supported employment program rates established by this section.
SEC. 243. Section 5806 of the Welfare and Institutions Code is amended to read:

5806. The State Department of Mental Health shall establish service standards that ensure that members of the target population are identified, and services provided to assist them to live independently, work, and reach their potential as productive citizens. The department shall provide annual oversight of grants issued pursuant to this part for compliance with these standards. These standards shall include, but are not limited to, all of the following:

(a) A service planning and delivery process that is target population based and includes the following:

(1) Determination of the numbers of clients to be served and the programs and services that will be provided to meet their needs. The local director of mental health shall consult with the sheriff, the police chief, the probation officer, the mental health board, contract agencies, and family, client, ethnic, and citizen constituency groups as determined by the director.

(2) Plans for services, including outreach to families whose severely mentally ill adult is living with them, design of mental health services, coordination and access to medications, psychiatric and psychological services, substance abuse services, supportive housing or other housing assistance, vocational rehabilitation, and veterans’ services. Plans also shall contain evaluation strategies, that shall consider cultural, linguistic, gender, age, and special needs of minorities in the target populations. Provision shall be made for staff with the cultural background and linguistic skills necessary to remove barriers to mental health services due to limited-English-speaking ability and cultural differences. Recipients of outreach services may include families, the public, primary care physicians, and others who are likely to come into contact with individuals who may be suffering from an untreated severe mental illness who would be likely to become homeless if the illness continued to be untreated for a substantial period of time. Outreach to adults may include adults voluntarily or involuntarily hospitalized as a result of a severe mental illness.

(3) Provision for services to meet the needs of target population clients who are physically disabled.

(4) Provision for services to meet the special needs of older adults.
(5) Provision for family support and consultation services, parenting support and consultation services, and peer support or self-help group support, where appropriate for the individual.

(6) Provision for services to be client-directed and that employ psychosocial rehabilitation and recovery principles.

(7) Provision for psychiatric and psychological services that are integrated with other services and for psychiatric and psychological collaboration in overall service planning.

(8) Provision for services specifically directed to seriously mentally ill young adults 25 years of age or younger who are homeless or at significant risk of becoming homeless. These provisions may include continuation of services that still would be received through other funds had eligibility not been terminated due to age.

(9) Services reflecting special needs of women from diverse cultural backgrounds, including supportive housing that accepts children, personal services coordinator therapeutic treatment, and substance treatment programs that address gender-specific trauma and abuse in the lives of persons with mental illness, and vocational rehabilitation programs that offer job training programs free of gender bias and sensitive to the needs of women.

(10) Provision for housing for clients that is immediate, transitional, permanent, or all of these.

(11) Provision for clients who have been suffering from an untreated severe mental illness for less than one year, and who do not require the full range of services but are at risk of becoming homeless unless a comprehensive individual and family support services plan is implemented. These clients shall be served in a manner that is designed to meet their needs.

(12) Provision for services for veterans.

(b) A client shall have a clearly designated mental health personal services coordinator who may be part of a multidisciplinary treatment team who is responsible for providing or assuring needed services. SEC. 245. Section 14085.57 of the Welfare and Institutions
Code is amended to read:

14085.57. (a) A designated public hospital, as defined in
subdivision (d) of Section 14166.1, that is contracting to provide
services under this article, and that has or would have fulfilled the
criteria set forth in Section 14105.98 or subparagraph (B) of
paragraph (1) of subdivision (c) of Section 14166.3 for the three
most recent years prior to submitting final plans for an eligible
project in accordance with paragraph (3) of subdivision (b), may
receive supplemental reimbursement to the extent provided for in
Section 14085.5, subject to subdivision (c), in addition to the rate
of payment provided for in the contract entered into under this
article.
(b) (1) A hospital qualifying pursuant to subdivision (a) that
elects to receive reimbursement under this section shall submit
documentation to the department regarding debt service on general
obligation bonds or revenue bonds used for financing the
construction, renovation, or replacement of hospital facilities,
including buildings and fixed equipment.
(2) A hospital qualifying pursuant to subdivision (a) shall remain open for the life of the supplemental reimbursements provided for pursuant to this section.

(3) (A) Eligible projects shall include those new capital projects funded by new debt for which final plans have been submitted to the Office of Statewide Health Planning and Development after January 1, 2007, and prior to December 31, 2011.

(B) Eligible projects that may receive supplemental reimbursement pursuant to subdivision (a) are limited to projects related to meeting seismic safety deadlines.

(c) No expenditure of state funds, either from the General Fund or any special fund, shall be made for the nonfederal share of the supplemental reimbursement provided for in this section. The department shall, for designated public hospitals that meet the criteria in subdivision (a), claim federal expenditures through the use of certified public expenditures or intergovernmental transfers, as necessary and appropriate.

(d) The department shall promptly seek any necessary, and all available, federal approvals for the implementation of this section. This section shall be implemented only to the extent that federal approval and federal financial participation are available.

SEC. 246. Section 14105.3 of the Welfare and Institutions Code is amended to read:

14105.3. (a) The department is considered to be the purchaser, but not the dispenser or distributor, of prescribed drugs under the Medi-Cal program for the purpose of enabling the department to obtain from manufacturers of prescribed drugs the most favorable price for those drugs furnished by one or more manufacturers, based upon the large quantity of the drugs purchased under the Medi-Cal program, and to enable the department, notwithstanding any other provision of state law, to obtain from the manufacturers discounts, rebates, or refunds based on the quantities purchased under the program, insofar as may be permissible under federal law. Nothing in this section shall interfere with usual and customary distribution practices in the drug industry.

(b) The department may enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of appliances, durable medical equipment, medical supplies, and other product-type health care services and with laboratories for clinical laboratory services for
the purpose of obtaining the most favorable prices to the state and
to assure adequate quality of the product or service. Except as
provided in subdivision (f), this subdivision shall not apply to
prescribed drugs dispensed by pharmacies licensed pursuant to
Article 7 (commencing with Section 4110) of Chapter 9 of Division
2 of the Business and Professions Code.

(c) Notwithstanding subdivision (b), the department may not
enter into a contract with a clinical laboratory unless the clinical
laboratory operates in conformity with Chapter 3 (commencing
with Section 1200) of Division 2 of the Business and Professions
Code and the regulations adopted thereunder, and Section 263a of
Title 42 of the United States Code and the regulations adopted
thereunder.

(d) The department shall contract with manufacturers of
single-source drugs on a negotiated basis, and with manufacturers
of multisource drugs on a bid or negotiated basis.

(e) In order to ensure and improve access by Medi-Cal
beneficiaries to both hearing aid appliances and provider services,
and to ensure that the state obtains the most favorable prices, the
department, by June 30, 2008, shall enter into exclusive or
nonexclusive contracts, on a bid or negotiated basis, for purchasing
hearing aid appliances.

(f) In order to provide specialized care in the distribution of
specialized drugs, as identified by the department and that include,
but are not limited to, blood factors and immunizations, the
department may enter into contracts with providers licensed to
dispense dangerous drugs or devices pursuant to Chapter 9
(commencing with Section 4000) of Division 2 of the Business
and Professions Code, for programs that qualify for federal funding
pursuant to the medicaid state plan, or waivers and the programs
authorized by Article 5 (commencing with Section 123800) of
Chapter 3 of Part 2 of, and Article 1 (commencing with Section
125125) of Chapter 2 of Part 5 of, Division 106 of the Health and
Safety Code, in accordance with this subdivision.

(1) The department shall, for purposes of ensuring proper patient
care, consult current standards of practice when executing a
provider contract.

(2) The department shall, for purposes of ensuring quality of
care to people with unique conditions requiring specialty drugs,
contract with a nonexclusive number of providers that meets the
needs of the affected population, covers all geographic regions in California, and reflects the distribution of the specialty drug in the community. The department may use a single provider in the event the product manufacturer designates a sole-source delivery mechanism. The department shall consult with interested parties and appropriate stakeholders in implementing this section with respect to all of the following:

(A) Notifying stakeholder representatives of the potential inclusion or exclusion of drugs in the specialty pharmacy program.

(B) Allowing for written input regarding the potential inclusion or exclusion of drugs into the specialty pharmacy program.

(C) Scheduling at least one public meeting regarding the potential inclusion or exclusion of drugs into the specialty pharmacy program.

(D) Obtaining a recommendation from the Medi-Cal Drug Utilization Review Advisory Committee, established pursuant to Section 1927 of the federal Social Security Act (42 U.S.C. Sec. 1396r-8), on the inclusion or exclusion of drugs into the specialty pharmacy program distribution based on clinical best practices related to each drug considered.

(3) For purposes of this subdivision, the definition of “blood factors” has the same meaning as that term is defined in Section 14105.86.

(4) The department shall make every reasonable effort to ensure all medically necessary clotting factor therapies are available for the treatment of people with bleeding disorders.

(5) The department shall generate an annual report, published publicly six months after the end of the first and second years after implementation, which shall include, but not be limited to, all of the following information:

(A) The number and geographic distribution of participating providers.

(B) The number and geographic distribution of beneficiaries receiving specialty drugs, including on a per-provider basis.

(C) A summary of problems and complaints received regarding the specialty pharmacy program.

(D) An evaluation of hospital and emergency services before and after implementation for the targeted patient population.

(E) Results of patient satisfaction surveys.

(F) The cost-effectiveness of the program.
(6) This subdivision shall become inoperative three years after
the date of implementation, as provided pursuant to a notice to the
public issued by the department, or until July 1, 2013, whichever
is earlier.

(g) The department may contract with an intermediary to
establish provider contracts pursuant to this section for programs
that qualify for federal funding pursuant to the Medicaid state plan
or waivers and the programs authorized by Article 5 (commencing
with Section 123800) of Chapter 3 of Part 2 of, and Article 1
(commencing with Section 125125) of Chapter 2 of Part 5 of,
Division 106 of the Health and Safety Code.

(h) In carrying out contracting activity for this or any section
associated with the Medi-Cal list of contract drugs, notwithstanding
Section 19130 of the Government Code, the department may
contract, either directly or through the fiscal intermediary, for
pharmacy consultant staff necessary to accomplish the contracting
process or treatment authorization request reviews. The fiscal
intermediary contract, including any contract amendment, system
change pursuant to a change order, and project or systems
development notice shall be exempt from Part 2 (commencing
with Section 10100) of Division 2 of the Public Contract Code
and any policies, procedures, or regulations authorized by these
provisions.

(i) In order to achieve maximum cost savings the Legislature
hereby determines that an expedited contract process for contracts
under this section is necessary. Therefore, contracts under this
section shall be exempt from Chapter 2 (commencing with Section
10290) of Part 2 of Division 2 of the Public Contract Code.

(j) For purposes of implementing the contracting provisions
specified in this section, the department shall do all of the
following:

(1) Ensure adequate access for Medi-Cal patients to quality
laboratory testing services in the geographic regions of the state
where contracting occurs.

(2) Consult with the statewide association of clinical laboratories
and other appropriate stakeholders on the implementation of the
contracting provisions specified in this section to ensure maximum
access for Medi-Cal patients consistent with the savings targets
projected by the 2002–03 budget conference committee for clinical
laboratory services provided under the Medi-Cal program.
(3) Consider which types of laboratories are appropriate for implementing the contracting provisions specified in this section, including independent laboratories, outreach laboratory programs of hospital-based laboratories, clinic laboratories, physician office laboratories, and group practice laboratories.

SEC. 247. Section 14132.725 of the Welfare and Institutions Code is amended to read:

14132.725. (a) Commencing July 1, 2006, to the extent that federal financial participation is available, face-to-face contact between a health care provider and a patient shall not be required under the Medi-Cal program for teleophthalmology and teledermatology by store and forward. Services appropriately provided through the store and forward process are subject to billing and reimbursement policies developed by the department.

(b) For purposes of this section, “teleophthalmology and teledermatology by store and forward” means an asynchronous transmission of medical information to be reviewed at a later time by a physician at a distant site who is trained in ophthalmology or dermatology or, for teleophthalmology, by an optometrist who is licensed pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code, where the physician or optometrist at the distant site reviews the medical information without the patient being present in real time. A patient receiving teleophthalmology or teledermatology by store and forward shall be notified of the right to receive interactive communication with the distant specialist physician or optometrist, and shall receive an interactive communication with the distant specialist physician or optometrist, upon request. If requested, communication with the distant specialist physician or optometrist may occur either at the time of the consultation, or within 30 days of the patient’s notification of the results of the consultation. If the reviewing optometrist identifies a disease or condition requiring consultation or referral pursuant to Section 3041 of the Business and Professions Code, that consultation or referral shall be with an ophthalmologist or other appropriate physician and surgeon, as required.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, and make specific this
section by means of all-county letters, provider bulletins, and similar instructions.

(d) On or before January 1, 2008, the department shall report to the Legislature the number and type of services provided, and the payments made related to the application of store and forward telemedicine as provided, under this section as a Medi-Cal benefit.

(e) The health care provider shall comply with the informed consent provisions of subdivisions (c) to (g), inclusive, of, and subdivisions (i) and (j) of, Section 2290.5 of the Business and Professions Code when a patient receives teleophthalmology or teledermatology by store and forward.

(f) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 248. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. (a) The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for that administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs that are incurred by performing eligibility determinations at county hospitals, or that are incurred due to the outstationing of any other eligibility function. Except as provided in Section 14154.15, reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county’s welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for administrative cost control for the California Work Opportunity and Responsibility to Kids (CalWORKs), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns that
result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

(b) Nothing in this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner that would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

(c) (1) The Legislature finds and declares that in order for counties to do the work that is expected of them, it is necessary that they receive adequate funding, including adjustments for reasonable annual cost-of-doing-business increases. The Legislature further finds and declares that linking appropriate funding for county Medi-Cal administrative operations, including annual cost-of-doing-business adjustments, with performance standards will give counties the incentive to meet the performance standards and enable them to continue to do the work they do on behalf of the state. It is therefore the Legislature’s intent to provide appropriate funding to the counties for the effective administration of the Medi-Cal program at the local level to ensure that counties can reasonably meet the purposes of the performance measures as contained in this section.

(2) It is the intent of the Legislature to not appropriate funds for the cost-of-doing-business adjustment for the 2008–09 and 2009–10 fiscal years.

(d) The department is responsible for the Medi-Cal program in accordance with state and federal law. A county shall determine Medi-Cal eligibility in accordance with state and federal law. If in the course of its duties the department becomes aware of accuracy problems in any county, the department shall, within available resources, provide training and technical assistance as appropriate. Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.
(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(C) Notwithstanding the rulemaking procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of all-county letters or similar instructions, without further regulatory action.

(3) Perform timely annual redeterminations, as follows:

(A) Ninety percent of the annual redetermination forms shall be mailed to the recipient by the anniversary date.

(B) Ninety percent of the annual redeterminations shall be completed within 60 days of the recipient’s annual redetermination date for those redeterminations based on forms that are complete and have been returned to the county by the recipient in a timely manner.

(C) Ninety percent of those annual redeterminations where the redetermination form has not been returned to the county by the recipient shall be completed by sending a notice of action to the recipient within 45 days after the date the form was due to the county.

(D) When a child is determined by the county to change from no share of cost to a share of cost and the child meets the eligibility criteria for the Healthy Families Program established under Section 12693.98 of the Insurance Code, the child shall be placed in the Medi-Cal-to-Healthy Families Bridge Benefits Program, and these cases shall be processed as follows:
(i) Ninety percent of the families of these children shall be sent a notice informing them of the Healthy Families Program within five working days from the determination of a share of cost.

(ii) Ninety percent of all annual redetermination forms for these children shall be sent to the Healthy Families Program within five working days from the determination of a share of cost if the parent has given consent to send this information to the Healthy Families Program.

(iii) Ninety percent of the families of these children placed in the Medi-Cal-to-Healthy Families Bridge Benefits Program who have not consented to sending the child’s annual redetermination form to the Healthy Families Program shall be sent a request, within five working days of the determination of a share of cost, to consent to send the information to the Healthy Families Program.

(E) Subparagraph (D) shall not be implemented until 60 days after the Medi-Cal and Joint Medi-Cal and Healthy Families applications and the Medi-Cal redetermination forms are revised to allow the parent of a child to consent to forward the child’s information to the Healthy Families Program.

(e) The department shall develop procedures in collaboration with the counties and stakeholder groups for determining county review cycles, sampling methodology and procedures, and data reporting.

(f) On January 1 of each year, each applicable county, as determined by the department, shall report to the department on the county’s results in meeting the performance standards specified in this section. The report shall be subject to verification by the department. County reports shall be provided to the public upon written request.

(g) If the department finds that a county is not in compliance with one or more of the standards set forth in this section, the county shall, within 60 days, submit a corrective action plan to the department for approval. The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the standard of standards with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid a sanction.

(h) (1) If a county does not meet the performance standards for completing eligibility determinations and redeterminations as
specified in this section, the department may, at its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds were reduced. If the county continues not to meet the performance standards, the department may reduce the allocation by an additional 2 percent for each year thereafter in which sufficient improvement has not been made to meet the performance standards.

(2) No reduction of the allocation of funds to a county shall be imposed pursuant to this subdivision for failure to meet performance standards during any period of time in which the cost-of-doing-business increase is suspended.

(i) The department shall develop procedures, in collaboration with the counties and stakeholders, for developing instructions for the performance standards established under subparagraph (D) of paragraph (3) of subdivision (d), no later than September 1, 2005.

(j) No later than September 1, 2005, the department shall issue a revised annual redetermination form to allow a parent to indicate parental consent to forward the annual redetermination form to the Healthy Families Program if the child is determined to have a share of cost.

(k) The department, in coordination with the Managed Risk Medical Insurance Board, shall streamline the method of providing the Healthy Families Program with information necessary to determine Healthy Families eligibility for a child who is receiving services under the Medi-Cal-to-Healthy Families Bridge Benefits Program.

(E) (i) In the amount of eighty-four million seven hundred fifty-seven thousand six hundred ninety dollars ($84,757,690) for the 1999–2000 fiscal year.

(e) For the 1991–92 state fiscal year, the department shall determine, no later than 70 days after the enactment of this section, the transferor entities for the 1991–92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991–92 fiscal year issued by the department pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for
which a public entity is the licensee as of July 1, 1991. The public
entity that is the licensee of each identified eligible hospital shall
be a transferor entity for the 1991–92 transfer year.

(f) The department shall determine, no later than 70 days after
the enactment of this section, the transfer amounts for the 1991–92
transfer year.

The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991–92 shall be identified. For
each hospital, the applicable total per diem payment adjustment
amount under Section 14105.98 for the 1991–92 transfer year shall
be computed. This amount shall be multiplied by 80 percent of the
eligible hospital’s annualized Medi-Cal inpatient paid days as
determined from all Medi-Cal paid claims records available through
April 1, 1991. The products of these calculations for all eligible
hospitals shall be added together to determine an aggregate sum
for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor
entities as licensees shall be identified. For each hospital, the
applicable total per diem payment adjustment amount under Section
14105.98 for the 1991–92 transfer year shall be computed. This
amount shall be multiplied by 80 percent of the eligible hospital’s
annualized Medi-Cal inpatient paid days as determined from all
Medi-Cal paid claims records available through April 1, 1991. The
products of these calculations for all eligible hospitals with
transferor entities as licensees shall be added together to determine
an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be
divided by the aggregate sum determined under paragraph (2),
yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied
by the amount determined for each hospital under paragraph (2).
The product of this calculation for each hospital in paragraph (2)
shall be divided by 1.771, yielding a transfer amount for the
particular transferor entity for the transfer year.

(g) For the 1991–92 transfer year, the department shall notify
each transferor entity in writing of its applicable transfer amount
or amounts.

(h) For the 1992–93 transfer year and subsequent transfer years,
transfer amounts shall be determined in the same procedural
manner as set forth in subdivision (f), except:
(1) The department shall use all of the following:
(A) The disproportionate share list applicable to the particular transfer year to determine the eligible hospitals.
(B) The payment adjustment amounts calculated under Section 14105.98 for the particular transfer year. These amounts shall take into account any projected or actual increases or decreases in the size of the payment adjustment program as are required under Section 14105.98 for the particular year in question, including any decreases resulting from the application of the OBRA 1993 payment limitation. The department may issue interim, revised, and supplemental transfer requests as necessary and appropriate to address changes in payment adjustment levels that occur under Section 14105.98. All transfer requests, or adjustments thereto, issued to transferor entities by the department shall meet the requirements set forth in subdivision (i).
(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.
(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.
(E) For the 1993–94 transfer year and subsequent transfer years, the divisor to be used for purposes of the calculation referred to in paragraph (4) of subdivision (f) shall be determined by the department. The divisor shall be calculated to ensure that the appropriate amount of transfers from transferor entities are received into the fund to satisfy the requirements of Section 14105.98, exclusive of the amounts described in paragraph (2) of this subdivision, and to satisfy the requirements of paragraph (2) of subdivision (d), for the particular transfer year. For the 1993–94 transfer year, the divisor shall be 1.742.
(F) The following provisions shall apply for certain transfer amounts relating to nonsupplemental payments under Section 14105.98:
(i) For the 1998–99 transfer year, transfer amounts shall be determined as though the payment adjustment amounts arising pursuant to subdivision (ag) of Section 14105.98 were increased by the amounts paid or payable pursuant to subdivision (af) of Section 14105.98.
(ii) Any transfer amounts paid by a transferor entity pursuant to subparagraph (C) of paragraph (2) shall serve as credit for the particular transferor entity against an equal amount of its transfer obligation for the 1998–99 transfer year.

(iii) For the 1999–2000 transfer year, transfer amounts shall be determined as though the amount to be transferred to the Health Care Deposit Fund, as referred to in paragraph (2) of subdivision (d), were reduced by 28 percent.

(2) (A) Except as provided in subparagraphs (B), (C), and (D), for the 1993–94 transfer year and subsequent transfer years, transfer amounts shall be increased for the particular transfer year in the amounts necessary to fund the nonfederal share of the total supplemental payment adjustment amounts of all types that arise under Section 14105.98. These increases shall be paid only by those transferor entities that are licensees of hospitals that are projected to receive some or all of the particular supplemental payments, and the increases shall be paid by the transferor entities on a pro rata basis in connection with the particular supplemental payments. For purposes of this paragraph, supplemental payment adjustment amounts shall be deemed to arise for the particular transfer year as of the date specified in Section 14105.98. Transfer amounts to fund the nonfederal share of the payments shall be paid for the particular transfer year within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(B) For the 1995–96 transfer year, the nonfederal share of the secondary supplemental payment adjustments described in paragraph (9) of subdivision (y) of Section 14105.98 shall be funded as follows:

(i) Ninety-nine percent of the nonfederal share shall be funded by a transfer from the University of California.

(ii) One percent of the nonfederal share shall be funded by transfers from those public entities that are the licensees of the hospitals included in the “other public hospitals” group referred to in clauses (ii) and (iii) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98. The transfer responsibilities for this 1 percent shall be allocated to the particular public entities on a pro rata basis, based on a formula or formulae customarily used by the department for allocating transfer amounts under this section. The formula or formulae shall take into account, through
reallocation of transfer amounts as appropriate, the situation of
hospitals whose secondary supplemental payment adjustments are
restricted due to the application of the limitation set forth in clause
(v) of subparagraph (B) of paragraph (9) of subdivision (y) of
Section 14105.98.
(iii) All transfer amounts under this subparagraph shall be paid
by the particular transferor entities within 30 days after the
department notifies the transferor entity in writing of the transfer
amount to be paid.
(C) For the 1997–98 transfer year, transfer amounts to fund the
nonfederal share of the supplemental payment adjustments
described in subdivision (af) of Section 14105.98 shall be funded
by a transfer from the County of Los Angeles.
(D) (i) For the 1998–99 transfer year, transfer amounts to fund
the nonfederal share of the supplemental payment adjustment
amounts arising under subdivision (ah) of Section 14105.98 shall
be increased as set forth in clause (ii).
(ii) The transfer amounts otherwise calculated to fund the
supplemental payment adjustments referred to in clause (i) shall
be increased on a pro rata basis by an amount equal to 28 percent
of the amount to be transferred to the Health Care Deposit Fund
for the 1999–2000 fiscal year, as referred to in paragraph (2) of
subdivision (d).
(3) The department shall prepare preliminary analyses and
calculations regarding potential transfer amounts, and potential
transferor entities shall be notified by the department of estimated
transfer amounts as soon as reasonably feasible regarding any
particular transfer year. Written notices of transfer amounts shall
be issued by the department as soon as possible with respect to
each transfer year. All state agencies shall take all necessary steps
in order to supply applicable data to the department to accomplish
these tasks. The Office of Statewide Health Planning and
Development shall provide to the department quarterly access to
the edited and unedited confidential patient discharge data files
for all Medi-Cal eligible patients. The department shall maintain
the confidentiality of that data to the same extent as is required of
the Office of Statewide Health Planning and Development. In
addition, the Office of Statewide Health Planning and Development
shall provide to the department, not later than March 1 of each
year, the data specified by the department, as the data existed on
the statewide database file as of February 1 of each year, from all
of the following:
(A) Hospital annual disclosure reports, filed with the Office of
Statewide Health Planning and Development pursuant to former
Section 443.31 of, or Section 128735 of, the Health and Safety
Code, for hospital fiscal years that ended during the calendar year
ending 13 months prior to the applicable February 1.
(B) Annual reports of hospitals, filed with the Office of
Statewide Health Planning and Development pursuant to former
Section 439.2 of, or Section 127285 of, the Health and Safety
Code, for the calendar year ending 13 months prior to the
applicable February 1.
(C) Hospital patient discharge data reports, filed with the Office
of Statewide Health Planning and Development pursuant to former
subdivision (g) of Section 443.31 of, or Section 128735 of, the
Health and Safety Code, for the calendar year ending 13 months
prior to the applicable February 1.
(D) Any other materials on file with the Office of Statewide
Health Planning and Development.
(4) Transfer amounts calculated by the department may be
increased or decreased by a percentage amount consistent with the
Medi-Cal state plan.
(5) For the 1993–94 fiscal year, the transfer amount that would
otherwise be required from the University of California shall be
increased by fifteen million dollars ($15,000,000).
(6) Notwithstanding any other law, except for subparagraph (D)
of paragraph (2), the total amount of transfers required from the
transferor entities for any particular transfer year shall not exceed
the sum of the following:
(A) The amount needed to fund the nonfederal share of all
payment adjustment amounts applicable to the particular payment
adjustment year as calculated under Section 14105.98. Included
in the calculations for this purpose shall be any decreases in the
program as a whole, and for individual hospitals, that arise due to
the provisions of Section 1396r-4(f) or (g) of Title 42 of the United
States Code.
(B) The amount needed to fund the transfers to the Health Care
Deposit Fund, as referred to in subdivision (d).
(7) (A) Except as provided in subparagraphs (B) and (C) and
in paragraph (2) of subdivision (j), and except for a prudent reserve
not to exceed two million dollars ($2,000,000) in the Medi-Cal Inpatient Payment Adjustment Fund, any amounts in the fund, including interest that accrues with respect to the amounts in the fund, that are not expended, or estimated to be required for expenditure, under Section 14105.98 with respect to a particular transfer year shall be returned on a pro rata basis to the transferor entities for the particular transfer year within 120 days after the department determines that the funds are not needed for an expenditure in connection with the particular transfer year.

(B) The department shall determine the interest amounts that have accrued in the fund from its inception through June 30, 1995, and, no later than January 1, 1996, shall distribute these interest amounts to transferor entities:

(C) With respect to those particular amounts in the fund resulting solely from the provisions of subparagraph (D) of paragraph (2), the department shall determine by September 30, 1999, whether these particular amounts exceed 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d). Any excess amount so determined shall be returned to the particular transferor entities on a pro rata basis no later than October 31, 1999.

(D) Regarding any funds returned to a transferor entity under subparagraph (A) or (C), or interest amounts distributed to a transferor entity under subparagraph (B), the department shall provide to the transferor entity a written statement that explains the basis for the particular return or distribution of funds and contains the general calculations used by the department in determining the amount of the particular return or distribution of funds.

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments.

(2) (A) Except as provided in subparagraphs (B) and (C), for the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. However, for the 1997–98 and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in the form of periodic
installments according to a timetable established by the department. The timetable shall be structured to effectuate, on a reasonable basis, the prompt distribution of all nonsupplemental payment adjustments under Section 14105.98, and transfers to the Health Care Deposit Fund under subdivision (d).

(B) For the 1994–95 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(C) For the 1995–96 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(D) Except as otherwise specifically provided, subparagraphs (A) to (C), inclusive, shall not apply to increases in transfer amounts described in paragraph (2) of subdivision (h) or to additional transfer amounts described in subdivision (o).

(E) All requests for transfer payments, or adjustments thereto, issued by the department shall be in writing and shall include (i) an explanation of the basis for the particular transfer request or transfer activity, (ii) a summary description of program funding status for the particular transfer year, and (iii) the general calculations used by the department in connection with the particular transfer request or transfer activity.

(3) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds. In addition, no private donated funds from any health care provider, or from any person or organization affiliated with the health care provider, shall be channeled through a transferor entity or any other public entity to the fund, unless the donated funds will qualify under federal rules as a valid component of the nonfederal share of the Medi-Cal program and will be matched by federal funds. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) (1) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which
otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(2) Where a withhold or a recoupment occurs pursuant to the provisions of paragraph (2) of subdivision (r) of Section 14105.98, the nonfederal portion of the amount in question shall remain in the fund, or shall be redeposited in the fund by the department, as applicable. The department shall then proceed as follows:

(A) If the withhold or recoupment was imposed with respect to a hospital whose licensee was a transferor entity for the particular state fiscal year to which the withhold or recoupment related, the nonfederal portion of the amount withheld or recouped shall serve as a credit for the particular transferor entity against an equal amount of transfer obligations under this section, to be applied whenever the transfer obligations next arise. Should no such transfer obligation arise within 180 days, the department shall return the funds in question to the particular transferor entity within 30 days thereafter.

(B) For other situations, the withheld or recouped nonfederal portion shall be subject to paragraph (7) of subdivision (h).

(k) All transfer amounts received by the Controller or amounts offset by the Controller shall immediately be deposited in the fund.

(l) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.
(n) Except as otherwise permitted by state and federal law, no transfer amount submitted to the Controller under this section, and no offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

(o) Whenever additional transfer amounts are required to fund the nonfederal share of payment adjustment amounts under Section 14105.98 that are distributed after the close of the particular payment adjustment year to which the payment adjustment amounts apply, the additional transfer amounts shall be paid by the parties who were the transferor entities for the particular transfer year that was concurrent with the particular payment adjustment year. The additional transfer amounts shall be calculated under the formula that was in effect during the particular transfer year. For transfer years prior to the 1993–94 transfer year, the percentage of the additional transfer amounts available for transfer to the Health Care Deposit Fund under subdivision (d) shall be the percentage that was in effect during the particular transfer year. These additional transfer amounts shall be paid by transferor entities within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(p) (1) Ten million dollars ($10,000,000) of the amount transferred from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund due to amounts transferred attributable to years prior to the 1993–94 fiscal year is hereby appropriated without regard to fiscal years to the State Department of Health Care Services to be used to support the development of managed care programs under the department’s plan to expand Medi-Cal managed care.

(2) These funds shall be used by the department for both of the following purposes: (A) distributions to counties or other local entities that contract with the department to receive those funds to offset a portion of the costs of forming the local initiative entity and (B) distributions to local initiative entities that contract with the department to receive those funds to offset a portion of the costs of developing the local initiative health delivery system in accordance with the department’s plan to expand Medi-Cal managed care.

(3) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) shall meet the objectives of
the department’s plan to expand Medi-Cal managed care with regard to traditional and safety net providers. 

(4) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) may be authorized under those contracts to utilize their funds to provide for reimbursement of the costs of local organizations and entities incurred in participating in the development and operation of a local initiative.

(5) To the full extent permitted by state and federal law, these funds shall be distributed by the department for expenditure at the local level in a manner that qualifies for federal financial participation under the Medicaid Program.

(q) (1) Any local initiative entity that has performed unanticipated additional work for the purposes identified in subparagraph (B) of paragraph (2) of subdivision (p) resulting in additional costs attributable to the development of its local initiative health delivery system, may file a claim for reimbursement with the department for the additional costs incurred due to delays in start dates through the 1996–97 fiscal year. The claim shall be filed by the local initiative entity not later than 90 days after the effective date of the act adding this subdivision, and shall not seek extra compensation for any sum that is or could have been asserted pursuant to the contract disputes and appeals resolution provisions of the local initiative entity’s respective two-plan model contract. All claims for unanticipated additional incurred costs shall be submitted with adequate supporting documentation including, but not limited to, all of the following:

(A) Invoices, receipts, job descriptions, payroll records, work plans, and other materials that identify the unanticipated additional claimed and incurred costs.

(B) Documents reflecting mitigation of costs.

(C) To the extent lost profits are included in the claim, documentation identifying those profits and the manner of calculation.

(D) Documents reflecting the anticipated start date, the actual start date, and reasons for the delay between the dates, if any.

(2) In determining any amount to be paid, the department shall do all of the following:

(A) Conduct a fiscal analysis of the local initiative entity’s claimed costs.
(B) Determine the appropriate amount of payment, after taking into consideration the supporting documentation and the results of any audit.

(C) Provide funding for any such payment, as approved by the Department of Finance through the deficiency process.

(D) Complete the determination required in subparagraph (B) within six months after receipt of a local initiative entity’s completed claim and supporting documentation. Prior to final determination, there shall be a review and comment period for that local initiative entity.

(E) Make reasonable efforts to obtain federal financial participation. In the event federal financial participation is not allowed for this payment, the state’s payment shall be 50 percent of the total amount determined to be payable.

(r) Notwithstanding any other law, the Controller may use the moneys in the Medi-Cal Inpatient Payment Adjustment Fund for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code. However, interest shall be paid on all moneys loaned to the General Fund from the Medi-Cal Inpatient Payment Adjustment Fund. Interest payable shall be computed at a rate determined by the Pooled Money Investment Board to be the current earning rate of the fund from which loaned. This subdivision does not authorize any transfer that will interfere with the carrying out of the object for which the Medi-Cal Inpatient Payment Adjustment Fund was created.

SEC. 250. Section 14166.221 of the Welfare and Institutions Code is amended to read:

14166.221. (a) It is the intent of the Legislature for the department to maximize the receipt of federal funds for California’s Medi-Cal program, including this demonstration project, by identifying state resources which will enable the state to obtain additional federal reimbursement during this unprecedented fiscal crisis. It is further the intent of the Legislature that any program identified by the department for the purposes specified in this section shall not be modified or altered in any manner unless subsequent statutory authority is expressly provided by the Legislature.

(b) Notwithstanding Section 14166.22, in order to maximize federal claiming under the demonstration project, the department shall have broad discretion to claim federal reimbursement
consistent with all applicable federal claiming rules for the following expenditures in an order of priority determined by the department:

1. Expenditures in programs funded in whole or in part by realignment funds under Chapter 6 (commencing with Section 17600) of Part 5, including, but not limited to, the County Medical Services Program.

2. Expenditures in programs funded in whole or in part by the County Mental Health Services Act.

3. Other public expenditures, to the extent the department determines the expenditures to be appropriate for claiming under the demonstration project.

4. Expenditures in any programs referenced in subdivision (a) of Section 14166.22 or other state-only funded programs as the department, in its discretion, determines should be used for the purposes of this section. These programs may include programs administered by other state agencies or departments.

The department shall have discretion to claim under this section for any and all additional demonstration project funding made available pursuant to any amendments to the demonstration project made on or after October 1, 2008, or pursuant to any federal laws that increase the amount of available funding, including, but not limited to, the federal American Recovery and Reinvestment Act of 2009 (P.L. 111-5). This additional funding shall include federal funds made available due to an increase in the federal medical assistance percentage in addition to any other increase in the amount of federal funding.

Any amounts received in the 2008–09, 2009–10, and 2010–11 fiscal years from the federal government pursuant to additional demonstration project funding as specified in this section shall be deposited in the Federal Trust Fund. Notwithstanding Section 28.00 of the Budget Act of 2009, the Department of Finance may authorize expenditure of these funds in a manner consistent with federal law and that offsets General Fund expenditures otherwise authorized in the Budget Act of 2009 for the Medi-Cal program, and as appropriated in Item 4260-101-0001 of Section 2.00 of that act, or for the Health Care Support Fund. For any adjustments made under the authority provided for by this section, the Department of Finance shall provide notification in writing to the Chairperson of the Joint Legislative Budget Committee.
Committee not less than 30 days prior to the effective date of the adjustment, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification to the chairperson of the joint committee shall include, at a minimum, the amounts of the proposed appropriation adjustments, a description of any assumptions used in making the adjustments, the relevant federal authority, and any other clarifying description as relevant.

(e) If the federal Centers for Medicare and Medicaid Services or any federal or state court issues a ruling that any or all federal dollars obtained by claiming for expenditures from any particular program referenced in subdivision (b) cannot be used to increase state revenues, the department may discontinue use of those expenditures for claiming under this section and substitute other expenditures from other programs referenced in subdivision (b) at its discretion.

(f) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of a provider bulletin, or other similar instruction, without taking regulatory action. The department shall also provide notification to the Joint Legislative Budget Committee within five working days if that action is taken in order to inform the Legislature that the action is being implemented.

SEC. 251. Section 14167.3 of the Welfare and Institutions Code is amended to read:

14167.3. (a) Private hospitals shall be paid supplemental amounts for the provision of hospital inpatient services and subacute services as set forth in this section. The supplemental amounts shall be in addition to any other amounts payable to hospitals with respect to those services and shall not affect any other payments to hospitals.

(b) Except as set forth in subdivisions (g) and (h), each private hospital shall be paid the following amounts as applicable for the provision of hospital inpatient services for each subject federal fiscal year:

(1) Six hundred forty-seven dollars and seventy cents ($647.70) multiplied by the hospital’s general acute care days.

(2) Four hundred eighty-five dollars ($485) multiplied by the hospital’s acute psychiatric days that were paid directly by the
department and were not the financial responsibility of a mental health plan.

(3) One thousand three hundred fifty dollars ($1,350) multiplied by the number of the hospital’s high acuity days if the hospital’s Medicaid inpatient utilization rate is less than 41.1 percent, at least 5 percent of the hospital’s general acute care days are high acuity days, and the hospital is not a small and rural hospital as defined in Section 124840 of the Health and Safety Code. This amount shall be in addition to the amounts specified in paragraphs (1) and (2).

(4) One thousand three hundred fifty dollars ($1,350) multiplied by the number of the hospital’s high acuity days if the hospital qualifies to receive the amount set forth in paragraph (3) and has been designated as a Level I, Level II, Adult/Ped Level I, or Adult/Ped Level II trauma center by the Emergency Medical Services Authority established pursuant to Section 1797.1 of the Health and Safety Code. This amount shall be in addition to the amounts specified in paragraphs (1), (2), and (3).

(c) A private hospital that provides Medi-Cal subacute services during a subject federal fiscal year and has a Medicaid inpatient utilization rate that is greater than 5.0 percent and less than 26.10 percent shall be paid for the provision of subacute services during each subject federal fiscal year a supplemental amount equal to 50 percent of the Medi-Cal subacute payments made to the hospital during the 2008 calendar year.

(d) (1) In the event federal financial participation for a subject federal fiscal year is not available for all of the supplemental amounts payable to private hospitals under subdivision (b) due to the application of a federal limit or for any other reason, both of the following shall apply:

(A) The total amount payable to private hospitals under subdivision (b) for the subject federal fiscal year shall be reduced to reflect the amount for which federal financial participation is available.

(B) The amount payable under subdivision (b) to each private hospital for the subject federal fiscal year shall be equal to the amount computed under subdivision (b) multiplied by the ratio of the total amount for which federal financial participation is available to the total amount computed under subdivision (b).
(2) In the event federal financial participation for a subject federal fiscal year is not available for all of the supplemental amounts payable to private hospitals under subdivision (c) due to the application of a federal upper limit or for any other reason, both of the following shall apply:

(A) The total amount payable to private hospitals under subdivision (c) for the subject federal fiscal year shall be reduced to reflect the amount for which federal financial participation is available.

(B) The amount payable under subdivision (c) to each private hospital for the subject federal fiscal year shall be equal to the amount computed under subdivision (c) multiplied by the ratio of the total amount for which federal financial participation is available to the total amount computed under subdivision (c).

(e) In the event the amount otherwise payable to a hospital under this section for a subject federal fiscal year exceeds the amount for which federal financial participation is available for that hospital, the amount due to the hospital for that federal fiscal year shall be reduced to the amount for which federal financial participation is available.

(f) The amounts set forth in this section are inclusive of federal financial participation.

(g) No payments shall be made under this section to a new hospital.

(h) No payments shall be made under this section to a converted hospital for the subject federal fiscal year in which the hospital becomes a converted hospital or for subsequent subject federal fiscal years.

SEC. 252. Section 14167.6 of the Welfare and Institutions Code is amended to read:

14167.6. (a) The department shall enhance payments to Medi-Cal managed health care plans for the subject federal fiscal years as set forth in this section.

(b) The enhanced payments shall be made as part of the monthly capitated payments made by the department to managed health care plans.

(c) The department shall determine the amount of the enhanced payments to managed health care plans for each subject month consistent with the following objectives:
(1) Pay to managed health care plans in the aggregate the sum of the individual hospital managed care supplemental payments for each month.

(2) Result in payment of the individual hospital managed care supplemental payment to each subject hospital in accordance with Section 14167.10.

(3) Result in rates that may be certified as actuarially sound.

(4) Result in rates that are approved by the federal government for purposes of federal financial participation.

(d) The department shall make enhanced payments to managed health care plans exclusively for the purpose of making supplemental payments to hospitals, in order to support the availability of hospital services and ensure access for Medi-Cal beneficiaries. Managed health care plans shall pass through enhanced payments to hospitals in a manner determined by the department. The enhanced payments to managed health care plans shall be made as follows:

(1) The enhanced payments shall commence during the second month following the month during which the quality assurance fee set forth in Article 5.22 (commencing with Section 14167.31) is due and payable from hospitals if the quality assurance fee includes funds for enhanced payments to managed health care plans. The last enhanced payments made pursuant to this section shall be made during December 2010.

(2) The enhanced payments made during the first month in which enhanced payments are made pursuant to this section shall include the sum of the enhanced payments for all prior months for which payments are due.

(3) The enhanced payments made during December 2010 shall include payments for December 2010 to September 2011, inclusive, to the extent that federal financial participation is available for the enhanced payments.

(e) Payments to managed health care plans that would be paid in the absence of the payments made pursuant to this section shall not be reduced as a consequence of payment under this section.

(f) (1) Each managed health care plan shall expend, in the form of supplemental payments to hospitals, 100 percent of any rate enhanced payments it receives under this section, pursuant to Section 14167.10.
(2) Interest earned by the managed health care plans during timely implementation of subdivision (b) of Section 14167.10 shall be in lieu of any administrative fee that the department might otherwise pay to the plans for implementation of this article.

(3) The department may issue change orders to amend contracts with managed health care plans on either a quarterly or semiannual basis to adjust monthly capitation payments to coincide with updated enrollment data so that the amounts paid to hospitals pursuant to this section equals, or nearly equals, the amounts set forth in subdivision (a) of Section 14167.10.

(g) In the event federal financial participation is not available for all of the enhanced managed care payments determined for a month pursuant to this section for any reason, the enhanced payments mandated by this section for that month shall be reduced proportionately to the amount for which federal financial participation is available.

(h) Enhanced payments to a managed health care plan pursuant to this section shall not be taken into consideration by the department or the Department of Managed Health Care in determining the percentage of total costs attributed to administrative costs for the purposes of determining compliance with any administrative costs limit, including, but not limited to, those described in Sections 14087.101 and 14464 of this code, Section 1378 of the Health and Safety Code, and Section 1300.78 of Title 28 of the California Code of Regulations.

SEC. 253. Section 14167.7 of the Welfare and Institutions Code is amended to read:

14167.7. (a) The amount of any payments made under this article to private hospitals, including the amount of payments made under Sections 14167.2 and 14167.3 and additional payments to private hospitals by managed health care plans pursuant to Section 14167.6, shall not be included in the calculation of the low-income percent or the OBRA 1993 payment limitation, as defined in paragraph (24) of subdivision (a) of Section 14105.98, for purposes
of determining payments to private hospitals pursuant to Section 14166.11.

(b) The amount of any payments made to a hospital under this article shall not be included in the calculation of stabilization funding under Article 5.2 (commencing with Section 14166).

SEC. 254. Section 14167.10 of the Welfare and Institutions Code is amended to read:

14167.10. (a) (1) At the same time that the department makes an enhanced payment to a managed health care plan under Section 14167.6, the department shall notify the plan of each hospital to which the plan shall make supplemental managed care payments as a consequence of receiving the enhanced payment and the amount of the supplemental payment. The department shall determine the amount of the supplemental payment due to each subject hospital so that the total supplemental managed care payments to the hospital from all managed health care plans resulting from payments made to the managed health care plans for the subject month under Section 14167.6 equals or approximately equals the hospital’s individual hospital managed care supplemental payment.

(2) In the case of the enhanced payments made to a managed health care plan during the first month in which the payments are made to the plan, the amounts of supplemental payments due to each hospital pursuant to paragraph (1) shall be multiplied by the number of months for which the enhanced payments were made.

(3) The notice provided by the department in connection with the enhanced managed care payments to each managed health care plan during December 2010 shall also direct the managed health care plan to make monthly supplemental payments to hospitals for months, if any, from January 2011 to September 2011, inclusive, for which federal financial participation is available as described in paragraph (3) of subdivision (d) of Section 14167.6 and the amount of the supplemental payments as calculated pursuant to this subdivision.

(b) Each managed health care plan receiving payments under Section 14167.6 shall make supplemental payments to hospitals within 30 days of receiving the payments under Section 14167.6, except that if the managed health care plan receives enhanced payments during December 2010, which include payments relating to some or all of the month of January 2011 to September 2011,
inclusive, the managed health care plan shall make payments relating to the months of January 2011 to September 2011, inclusive, during each month to which the payment relates. The payments shall be made to those hospitals and in those amounts set forth by the department in its notice provided pursuant to subdivision (a).

(c) The supplemental payments made to hospitals pursuant to this section shall be in addition to any other amounts payable to hospitals by a managed health care plan or otherwise and shall not affect any other payments to hospitals.

(d) For each subject federal fiscal year, the sum of all supplemental payments made by a managed health care plan to subject hospitals pursuant to this section shall equal, or approximately equal, all enhanced payments received by the managed health care plan from the department pursuant to Section 14167.6.

(e) Managed health care plans shall not take into account payments made pursuant to this article in negotiating the amount of payments to hospitals that are not made pursuant to this article.

(f) The obligations of a Medi-Cal managed health care plan to make payments to a hospital for services furnished by the hospital that are not covered by a contract between the managed health care plan and the hospital, including the amounts of payments required apart from payments under this article, shall not be affected by any payments made under this article.

(g) In the event federal financial participation for a month is not available for all of the enhanced managed health care plan payments pursuant to Section 14167.6 for any reason, the supplemental payments made to hospitals under this section shall be reduced proportionately to the amount for which federal financial participation is available, and the department’s notice under subdivision (a) shall reflect that reduction.

(h) No payments shall be made under this section to a new hospital.

(i) Any delegation or attempted delegation by a managed health care plan of its obligation to make payments under this section shall not relieve the plan from its obligation to make those payments. Managed health care plans shall submit the documentation the department may require to demonstrate compliance with this subdivision. The documentation shall
demonstrate actual payments to hospitals, and not assignment to subcontractors of the managed health care plan’s obligation of the duty to pay hospitals. The department and each managed health care plan shall make available to each subject hospital, within 15 days of receipt of the hospital’s written request, documentation demonstrating the amount that the plan paid to the subject hospital for a subject month and the amount due from the plan to the subject hospital for the subject month.

(j) If the department determines that a managed health care plan has failed to pay any enhanced payment amounts it received pursuant to Section 14167.6 to hospitals as required by this section, the department shall immediately recover the amounts determined by an offset to the capitation payments made to the managed health care plan and by any other legal means available. At least 30 calendar days prior to seeking any recovery, the department shall notify the managed health care plan to explain the nature of the department’s determination, to establish the amount of the enhanced payment amount in excess of supplemental payments to hospitals, and to describe the recovery process. The department may terminate any or all contracts between the department and a managed health care plan that fails to make payments as required by this section.

(k) The department shall pay to a managed health care plan or plans, as the director determines is or are appropriate, any amounts recovered under subdivision (j) for the purpose of making payments to hospitals pursuant to this section and shall direct the managed health care plan or plans receiving those amounts to make specific payments to specific hospitals to ensure that hospitals receive the amounts set forth in this section.

(l) Managed health care plans shall in no event be obligated under this section to make supplemental payments to hospitals that exceed the enhanced payments made to the managed care health plans under Section 14167.6.

(2) Based upon that success, California now desires to provide community-based, risk-based, and capitated long-term care services under the Programs of All-Inclusive Care for the Elderly (PACE) as optional services under California’s Medicaid state plan and under contracts, entered into between the federal Centers for Medicare and Medicaid Services, the department, as the single state medicaid agency, and PACE organizations, meeting the requirements of the Balanced Budget Act of 1997 (P.L. 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Chapter IV of Title 42 of the Code of Federal Regulations.

Waivers granted by the director shall be applicable only to services provided under the
terms of the agreement and for the duration of the agreement, whichever is earlier, unless the director authorizes an extension of the waiver pursuant to subdivision (f). A waiver shall only be granted when all of the following apply:

(1) The agreement promises to offer a worthwhile test of an innovative approach or to encourage the development of a new service for which there is a recognized need.

(2) The regulatory requirement prevents the implementation of the agreement.

(3) The requesting county proposes to monitor the agreement through performance measures that ensure that the purposes of the waived regulation will be achieved.

(b) The director shall take steps that are necessary to prevent the loss of any substantial amounts of federal funds as a result of the waivers granted under this section. (e) The county or private nonprofit agency shall fund an independent evaluation of the waiver, as described in subdivision (f) of Section 18987.61.

(f) The director may grant a county’s request to extend the waiver for up to an additional three years based upon a review and analysis of all of the following information:

(1) The results of the report, if required under subdivision (e) of Section 18987.61.

(2) The results of the independent evaluation of the waiver, pursuant to subdivision (e) of this section.

(3) Justification for the extension, and verification of continued compliance with this section.
(g) (1) For any waiver approved on or before January 1, 2010, an extension of the waiver for up to an additional three years may be based upon the department’s review and analysis of the information required to be submitted in subdivision (f).

(2) If an independent evaluation has not yet been completed, the department may grant an extension based upon its review of available information. However, an independent evaluation shall be required to be completed within one year prior to the end of the waiver.

The board of directors shall appoint each nominee within 30 days after the nomination is submitted, or may within the same time period by resolution reject any nominee for cause which is documented in the resolution by a detailed statement of reasons. If the board of directors rejects a nominee of any purveyor, the affected purveyor shall promptly submit a second and different nominee to the board of directors. The board of directors shall appoint the second nominee within 30 days after the second nomination is submitted, or may within the same time period likewise by resolution reject that second nominee for cause which is documented in the resolution by a detailed statement of reasons. directors of the agency.

3. The term of office of an appointed director is four years.

4. Upon expiration of an initial term of office of an appointed
director, the office of that appointed director shall be filled pursuant
to Section 5.2. If a vacancy occurs in the office of an appointed

person for appointment to the vacant office, and the vacant office
shall be filled by the board of directors not later than 30 days after
that nomination.

5. An incumbent in the office of appointed director shall be
subject to recall by the voters of the entire agency in accordance
with Division 11 (commencing with Section 11000) of the
Elections Code, except that any vacancy created by a successful
recall shall be filled in accordance with the procedure provided by
this section for a vacancy created other than by a recall election.

(b) (1) Notwithstanding any other provision of the Castaic Lake
Water Agency Law, if the agency acquires a private water
purveyor, the term of office of the director appointed by the private
purveyor shall terminate at noon on the first Monday after January
1 of the year following the acquisition.

(2) The successor to the director described in paragraph (1) shall
be elected at-large by agency voters at the statewide general
election held in November of the even-numbered year following
the acquisition, and shall take office at noon on the first Monday
after January 1 of the year following the election. The successor
and each elected director thereafter to hold the office described in
this subdivision shall hold office for the term of four years from
the date of taking office and until the election and qualification of
the next director to hold that office.

(3) The elected office described in paragraph (2) shall cease to
exist upon the abolishment of the offices of appointed directors
pursuant to subdivision (c) of Section 5.2.

(4) Paragraph (1) shall not be effective with respect to the
director appointed by the Santa Clarita Water Company until a
court of competent jurisdiction issues a final decision holding that
the agency acquired the company.

SEC. 263. Section 1 of Chapter 226 of the Statutes of 2009 is amended to read:

Section 1. (a) The Legislature finds and declares that it has long been established in California that a horse racing association and its parimutuel operation are actually only holding the stakes. The funds wagered are not the property of the racing association. The racing association merely holds the funds wagered until the results of the race are known, then the association pays the winning wagers, and holds funds for others pursuant to the California Horse Racing Law. It has always been known that the funds due the various distributees are not the property of the racing association. The racing association is merely acting as a trustee until the funds are paid to those as provided for in statute.

(b) It is therefore the intent of the Legislature that the purpose of this act is not to change California law, but merely to codify this trustee relationship.

SEC. 264. Section 2 of Chapter 405 of the Statutes of 2009 is amended to read:

Sec. 2. Section 1.5 of this bill incorporates amendments to Section 25660 of the Business and Professions Code proposed by both this bill and AB 1191. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2010, (2) each bill amends Section 25660 of the Business and Professions Code, and (3) this bill is enacted after AB 1191, in which case Section 1 of this bill shall not become operative.

SEC. 265. Section 3 of Chapter 426 of the Statutes of 2009 is amended to read:

Sec. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the California Citrus Pest and Disease Prevention Committee to, among other things, develop a work plan to deal with the recent discovery in Santa Ana of Asian citrus psyllids, a tiny insect that often carries citrus green disease, a pathogen that has destroyed groves in Florida and wiped out much of the citrus industries in China, India, Saudi Arabia, Egypt, and Brazil, it is necessary for this act to take effect immediately.
SEC. 266. Any section of any act enacted by the Legislature
during the 2010 calendar year that takes effect on or before January
1, 2011, and that amends, amends and renumbers, adds, repeals
and adds, or repeals a section that is amended, amended and

by this act shall not become operative if any section of any other
act that is enacted by the Legislature during the 2010 calendar year
and takes effect on or before January 1, 2011, amends, amends
