

ASSEMBLY BILL

No. 43

Introduced by Assembly Member Monning

December 6, 2010

An act to add Section 14005.60 to the Welfare and Institutions Code, relating to Medi-Cal.

LEGISLATIVE COUNSEL'S DIGEST

AB 43, as introduced, Monning. Medi-Cal: eligibility.

Existing law establishes the Medi-Cal program, administered by the State Department of Health Care Services, under which basic health care services are provided to qualified low-income persons. The Medi-Cal program is, in part, governed and funded by federal Medicaid provisions.

Existing federal law requires states, beginning January 1, 2014, as a condition of receiving federal Medicaid funds, to provide health care services to persons who are under 65 years of age, not pregnant, not entitled to, or enrolled for, benefits under Medicare Part A, or enrolled for benefits under Medicare Part B, or as otherwise specified, and whose income does not exceed 133% of the poverty line, as defined.

This bill would require the department to establish, by January 1, 2014, eligibility for Medi-Cal benefits for any person who meets these eligibility requirements. This bill would permit the department, to the extent permitted by federal law, to phase in coverage for those individuals.

This bill would require the department to prepare and submit for approval to the federal Centers for Medicare and Medicaid Services an initial transition plan, as specified. This bill would also require the

department to submit the initial transition plan to the appropriate policy and fiscal committees of the Legislature.

Because counties are required to make Medi-Cal eligibility determinations and this bill would expand Medi-Cal eligibility, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:
