

ASSEMBLY BILL

No. 87

Introduced by Assembly Member Logue

January 6, 2011

An act relating to home furnishings.

LEGISLATIVE COUNSEL'S DIGEST

AB 87, as introduced, Logue. Home furnishings: inspections: compensation.

Existing law, the Home Furnishings and Thermal Insulation Act, provides for the licensure and regulation of various manufacturers, sellers, upholsterers, and sanitizers of home furnishings, such as furniture and bedding. The act is enforced by the Chief of the Bureau of Electronic and Appliance Repair, Home Furnishings, and Thermal Insulation. Existing law authorizes the chief or any inspector to open any article of upholstered furniture or bedding for the purpose of inspection and to take any part for analysis. Existing law also authorizes the bureau to condemn, withhold from sale, seize, or destroy any upholstered furniture or bedding or any filling material or insulation that is found to be in violation of the act.

This bill would state the intent of the Legislature to enact legislation that would amend the act to require that compensation be provided to property owners during the course of enforcement.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
