

ASSEMBLY BILL

No. 91

Introduced by Assembly Member Portantino

January 10, 2011

An act to add and repeal Section 76072 of the Education Code, relating to student financial aid.

LEGISLATIVE COUNSEL'S DIGEST

AB 91, as introduced, Portantino. Community colleges: student financial aid: pilot program.

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes community college districts, administered by a governing board, throughout the state, and authorizes these districts to provide instruction to students at the community college campuses maintained by the districts.

Existing law requires the Office of the Chancellor of the California Community Colleges to develop a statement that individual students will be asked to sign, which acknowledges that federal and state funds are available to assist with the costs of college and that information regarding these programs, and assistance in applying for those funds, can be obtained at the financial aid office.

This bill would require the Office of the Chancellor, until January 1, 2015, to establish a voluntary pilot program, with specified requirements, to increase student participation in state and federal financial aid programs. The bill would require the Office of the Chancellor to provide specified information on the pilot program to the Legislative Analyst's Office by January 10, 2014, which the Legislative Analyst's Office

would be required to use to report to the Legislature on the results of the pilot program and make recommendations for statewide expansion of the pilot program.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

28 (d) The Office of the Chancellor of the California Community
29 Colleges is encouraged to pursue both private and federal funding
30 to support implementation and operation of the pilot program.

31 (e) Once a pilot program has been established pursuant to
32 subdivision (a), the Office of the Chancellor shall provide the

6 aid programs.

8 (e), the Legislative Analyst's Office shall report to the Legislature
9 on the results of the pilot program and make recommendations for
10 statewide expansion of the pilot program. The report shall include
11 all of the following:

12 (1) A statistical analysis of financial aid applications and awards
13 before and after implementation of the pilot program.

14 (2) A summary of the major strategies and techniques employed
15 by the participating community college campuses in administering
16 the pilot program.

17 (g) This section shall remain in effect only until January 1,
18 2015, and as of that date is repealed, unless a later enacted statute,
19 that is enacted before January 1, 2015, deletes or extends that date.
