### CHAPTER 815

An act to add Section 12803.35 to the Government Code, to add Section 19548.5 to the Revenue and Taxation Code, and to amend Sections 1088.5 and 1095 of the Unemployment Insurance Code, relating to state government.

[Approved by Governor September 30, 2012. Filed with  
Secretary of State September 30, 2012.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 174, Monning. Office of Systems Integration: California Health and Human Services Automation Fund.

Existing law establishes the Office of Systems Integration and requires that office to implement a statewide automated welfare system for specified public assistance programs.

This bill would establish the California Health and Human Services Automation Fund within the State Treasury and would, upon appropriation by the Legislature, expend specified moneys deposited into the fund for services rendered by the office. Certain funds would only be transferred to the fund upon order of the Department of Finance, as specified.

Existing law provides that it is a misdemeanor for the Franchise Tax Board or specified state employees to disclose or make known any information in a return, report, or document filed under the Administration of Franchise and Income Tax Laws, but authorizes the Franchise Tax Board to disclose this information to specified agencies for specified purposes.

This bill would authorize the Franchise Tax Board, upon request, to disclose to the California Health Benefit Exchange, the State Department of Health Care Services, the Managed Risk Medical Insurance Board, and county departments and agencies, returns or return information to verify or determine eligibility of an individual for Medi-Cal benefits, the Healthy Families Program, the Access for Infants and Mothers Program, health benefits, tax credits, health insurance subsidies, or cost-sharing reductions through the exchange.

Existing law provides for the payment of unemployment compensation benefits to eligible unemployed individuals, and requires the Employment Development Department to implement and administer the unemployment insurance system in the state. Existing law requires each employer to file with the department a report of wages paid to his or her workers and to furnish to each employee a written statement showing, among other things, the total amount of wages, and total wages subject to personal income tax, as provided. Existing law also requires each employer to file with the department specified information on new employees, and authorizes the use of that information for specified purposes including, among other things,

administration of the law regarding unemployment compensation benefits. Existing law provides that a person who knowingly accesses, uses, or discloses confidential information without authorization is guilty of a misdemeanor.

This bill would also authorize the Employment Development Department to provide employer or employee information to the State Department of Health Care Services, the California Health Benefit Exchange, the Managed Risk Medical Insurance Board, and county departments and agencies for specified purposes. By expanding the crime of knowingly and wrongfully accessing, using, or disclosing specified information, this bill would impose a state-mandated local program.

Under existing law, the information obtained in the administration of the Unemployment Insurance Law is for the exclusive use and information of the Director of Employment Development in the discharge of his or her duties and is not open to the public. However, existing law requires the director to permit the use of specified information for specified purposes, and allows the director to require reimbursement for direct costs incurred. Existing law provides that a person who knowingly accesses, uses, or discloses this confidential information without authorization is guilty of a misdemeanor.

This bill would require the Director of Employment Development to enable the State Department of Health Care Services, the California Health Benefit Exchange, the Managed Risk Medical Insurance Board, and county departments and agencies to obtain information regarding employee wages, California employer account numbers, employer reports of wages, and number of employees, and disability insurance and unemployment insurance claim information for specified purposes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would incorporate additional changes in Section 1088.5 of the Unemployment Insurance Code, proposed by AB 1794 and AB 1845, that would become operative only if this bill and either or both of those bills are chaptered and become effective January 1, 2013, and this bill is chaptered last.

This bill would incorporate additional changes in Section 1095 of the Unemployment Insurance Code, proposed by SB 691 and SB 1258 that would become operative only if this bill and either or both of those bills are chaptered and become effective January 1, 2013, and this bill is chaptered last.
