No. 258

**Introduced by Assembly Member Hagman
(Coauthors: Assembly Members Atkins, Halderman, Mansoor,
Perea, and Smyth)**

February 7, 2011

An act to amend Section 121690 of the Health and Safety Code, relating to rabies.

LEGISLATIVE COUNSEL'S DIGEST

AB 258, as introduced, Hagman. Rabies: vaccinations.

Existing law imposes various requirements upon dog owners in rabies areas designated by the State Public Health Officer. Any person who violates these requirements is guilty of an infraction, punishable by a fine not exceeding \$1,000. Violation of these requirements also results in impounding of the dog by the local jurisdiction. Among the requirements imposed under existing law is that a dog 4 months of age or older must be vaccinated against rabies.

This bill would exempt from the vaccination requirement a dog whose life would be endangered due to disease or other considerations if the dog received the vaccine, as determined by a licensed veterinarian on an annual basis. The bill would also require a dog that is exempt from the vaccination requirement to be confined to the premises of the owner, keeper, or harbinger and would require, if the dog is off the premises of the owner, keeper, or harbinger, the dog to be on a leash not to exceed 6 feet in length and to be under the direct physical control of an adult.

Existing law authorizes a city, city and county, or county to provide, by ordinance, for the issuance of a license for a dog that has attained the age of 4 months or older and has been vaccinated against rabies.

Under existing law, the license period shall not extend beyond the remaining period of validity for the current rabies vaccination.

This bill would prohibit, in the event that a dog is exempted from the vaccination requirement, the license period from extending beyond one year.

By imposing a higher level of service upon local agencies and by changing the definition of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 121690 of the Health and Safety Code
2 is amended to read:

3 121690. In rabies areas, all of the following shall apply:

4 (a) Every dog owner, after his or her dog attains the age of four
5 months, shall no less than once every two years secure a license
6 for the dog as provided by ordinance of the responsible city, city
7 and county, or county. License fees shall be fixed by the
8 responsible city, city and county, or county, at an amount not to
9 exceed limitations otherwise prescribed by state law or city, city
10 and county, or county charter.

11 (b) (1) Every dog owner, after his or her dog attains the age of
12 four months, shall, at intervals of time not more often than once a
13 year, as may be prescribed by the department, procure its
14 vaccination by a licensed veterinarian with a canine antirabies
15 vaccine approved by, and in a manner prescribed by, the
16 ~~department~~ department, unless a licensed veterinarian determines,
17 on an annual basis, that a rabies vaccination would endanger the
18 dog's life due to disease or other considerations. The responsible

1 city, county, or city and county may specify the means by which
2 the dog owner is required to provide proof of his or her dog's rabies
3 vaccination, including, but not limited to, by electronic
4 transmission or facsimile.

7 *form developed by the department stating the inadvisability of the*
8 *vaccination, and shall include a signed statement by the dog owner*
9 *affirming that the owner understands the consequences and accepts*
10 *all liability associated with owning a dog that has not received*

19 *this section shall, at the discretion of the local public health officer*
20 *or the officer's designee, be confined to the premises of the owner,*
21 *keeper, or harbinger and, when off the premises, shall be on a leash*

25 *that is not currently vaccinated against rabies.*

26 (c) All dogs under four months of age shall be confined to the
27 premises of, or kept under physical restraint by, the owner, keeper,
28 or harbinger. Nothing in this chapter and Section 120435 shall be
29 construed to prevent the sale or transportation of a puppy four
30 months old or younger.

31 (d) Any dog in violation of this chapter and any additional
32 provisions that may be prescribed by any local governing body
33 shall be impounded, as provided by local ordinance.

38 (f) Each city, county, or city and county shall provide dog
39 vaccination clinics, or arrange for dog vaccination at clinics
40 operated by veterinary groups or associations, held at strategic

1 locations throughout each city, city and county, or county. The
2 vaccination and licensing procedures may be combined as a single
3 operation in the clinics. No charge in excess of the actual cost shall
4 be made for any one vaccination at a clinic. No owner of a dog
5 shall be required to have his or her dog vaccinated at a public clinic
6 if the owner elects to have the dog vaccinated by a licensed
7 veterinarian of the owner's choice.

8 All public clinics shall be required to operate under antiseptic
9 immunization conditions comparable to those used in the
10 vaccination of human beings.

11 (g) In addition to the authority provided in subdivision (a), the
12 ordinance of the responsible city, city and county, or county may
13 provide for the issuance of a license for a period not to exceed
14 three years for dogs that have attained the age of 12 months or
15 older and have been ~~vaccinated against rabies~~ *either vaccinated*
16 *against rabies or exempted from the vaccination requirement*
17 *pursuant to subdivision (b)*. The person to whom the license is
18 issued pursuant to this subdivision may choose a license period as
19 established by the governing body of up to one, two, or three years.
20 However, when issuing a license pursuant to this subdivision, the
21 license period shall not extend beyond the remaining period of
22 validity for the current rabies ~~vaccination~~ *vaccination and, if a dog*
23 *is exempted from the vaccination requirement pursuant to*
24 *subdivision (b), the license period shall not extend beyond one*
25 *year*. A dog owner who complies with this subdivision shall be

33 SEC. 2. No reimbursement is required by this act pursuant to
34 Section 6 of Article XIII B of the California Constitution for certain
35 costs that may be incurred by a local agency or school district
36 because, in that regard, this act creates a new crime or infraction,
37 eliminates a crime or infraction, or changes the penalty for a crime
38 or infraction, within the meaning of Section 17556 of the
39 Government Code, or changes the definition of a crime within the

1 meaning of Section 6 of Article XIII B of the California
2 Constitution.

3 However, if the Commission on State Mandates determines that
4 this act contains other costs mandated by the state, reimbursement
5 to local agencies and school districts for those costs shall be made
6 pursuant to Part 7 (commencing with Section 17500) of Division
7 4 of Title 2 of the Government Code.
