

**ASSEMBLY BILL**

**No. 387**

---

---

**Introduced by Assembly Member Bonilla**

February 14, 2011

---

---

An act to amend Section 12305 of the Education Code, relating to education finance.

LEGISLATIVE COUNSEL'S DIGEST

AB 387, as introduced, Bonilla. Education finance: State Allocation Board.

Existing law requires that, whenever an act of Congress provides funds as federal aid to education to states for apportionment or allocation to school districts or community college districts, and that act of Congress does not require that the funds be administered in this state by a state officer or agency other than the State Allocation Board, the act shall be administered and the funds apportioned by the State Allocation Board under a prescribed state statute. Existing law also requires the apportionment of money among the school districts and community college districts in which potash leases or deposits are situated in the proportion that the total amount of rents, royalties, and other payments bears to the total amount paid to the United States from leases or deposits in all school districts and community college districts.

This bill would make technical, nonsubstantive changes in the provision related to the apportionment of funds derived from potash leases or deposits.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 12305 of the Education Code is amended  
2 to read:  
3 12305. The money shall be apportioned among the school  
4 districts and community college districts in which potash leases  
5 or deposits are situated in the proportion—~~which~~ *that* the total  
6 amount of rents, royalties, and other payments made to the United  
7 States from potash leases or deposits in each district bears to the  
8 total amount paid to the United States from leases or deposits in  
9 all *school districts and community college* districts.
