

AMENDED IN SENATE JUNE 20, 2011

AMENDED IN ASSEMBLY APRIL 6, 2011

CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 648

Introduced by Assembly Members Block and Fletcher

February 16, 2011

An act to amend Sections 4801, 4802, 4803, 4807, 4810, 4812, and 4813 of, and to add Section 4805 to, the Penal Code, relating to clemency.

LEGISLATIVE COUNSEL'S DIGEST

AB 648, as amended, Block. Clemency.

The California Constitution authorizes the Governor to grant reprieves, pardons, or commutations after sentence has been entered, but prohibits the Governor from granting a pardon or commutation to a person twice convicted of a felony except on recommendation of the Supreme Court, 4 judges concurring. The California Constitution further requires the Governor to report to the Legislature each reprieve, pardon, and commutation stating the pertinent facts and reasons for granting it. Existing statutory law provides that at least 10 days before the Governor acts upon an application for a pardon, written notice of the intention to apply therefor, signed by the person applying, shall be served upon the district attorney of the county where the conviction was had, and proof, by affidavit, of the service is required to be presented to the Governor.

This bill would require that, at least ~~30~~ 10 days before the Governor acts upon any application for a commutation, the application signed by the person applying be served upon the district attorney of the county where the conviction was had. The bill would authorize the district

attorney to submit a written recommendation to the Governor for or against commutation of sentence. The bill would further require the district attorney to notify the victim or victims of the crime or crimes related to the application for commutation of sentence and those persons’ family members, and allow those persons to submit a recommendation to the Governor for or against commutation of sentence. By imposing additional duties on the district attorney, this bill would create a state-mandated local program.

Existing law requires the Governor, at the beginning of every session of the Legislature, to communicate to the Legislature, in addition to each case of reprieve or pardon, each commutation and include specified information in that communication.

This bill would instead require the Governor, at the beginning of every regular session of the Legislature, to file a written report with the Legislature that includes each application that was granted for each reprieve, pardon, or commutation received by the Governor, or his or her predecessor in office, during the previous regular session of the Legislature, as specified, and require that the report be made available to the public. The bill would make other conforming changes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: yes.
