ASSEMBLY BILL

No. 819

Introduced by Assembly Member Wieckowski

February 17, 2011

An act to amend Section 891 of, and to add and repeal Section 891.1 of, the Streets and Highways Code, relating to bikeways.

LEGISLATIVE COUNSEL'S DIGEST

AB 819, as amended, Wieckowski. Bikeways.

Existing law requires the Department of Transportation, in cooperation with county and city governments, to establish minimum safety design criteria for the planning and construction of bikeways, and authorizes cities, counties, and local agencies to establish bikeways. Existing law requires all city, county, regional, and other local agencies responsible for the development or operation of bikeways or roadways where bicycle travel is permitted to utilize all minimum safety design criteria and uniform specifications and symbols for signs, markers, and traffic control devices established pursuant to specified provisions of existing law.

This bill would require the department to establish, by ~~January 1~~ *June 30, 2013*, procedures for cities, counties, and local agencies to be granted exceptions from the requirement to use those criteria and specifications for purposes of research, experimentation, testing, evaluation, or verification. The bill would require the department, by ~~April~~ *November 1, 2014*, to report to the transportation policy committees of both houses of the Legislature the steps that the department has taken ~~during the 2013 calendar year~~ to implement those requirements, including, but not limited to, information regarding requests received and granted by the department *from July 1, 2013, to June 30, 2014, inclusive*, for those exceptions, and the reasons the department rejected any requests for those exceptions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.
