An act to amend Section 4663 of the Labor Code, relating to workers' compensation.

LEGISLATIVE COUNSEL'S DIGEST

AB 1155, as amended, Alejo. Workers' compensation.

(1) Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment.

This bill would state the intent of the Legislature to enact legislation that would apply employment discrimination protections to workers' compensation law in order to prohibit the wrongful reduction or denial of workers' compensation benefits.

(2) Existing law requires any physician who prepares a report addressing the issue of permanent disability due to a claimed industrial injury to address the issue of causation of the permanent disability, and

requires that the report include an apportionment determination in order to be considered complete on the issue of permanent disability.

This bill would prohibit race, religious creed, color, national origin, age, gender, marital status, sex, sexual orientation, or genetic characteristics from being considered a cause or other factor of disability considered in any determination made pursuant to those provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 4663 of the Labor Code is amended to
2 read:
3 4663. (a) Apportionment of permanent disability shall be based
4 on causation.
5 (b) Any physician who prepares a report addressing the issue
6 of permanent disability due to a claimed industrial injury shall in
7 that report address the issue of causation of the permanent
8 disability.
9 (c) In order for a physician’s report to be considered complete
10 on the issue of permanent disability, the report ~~must~~ shall include
11 an apportionment determination. A physician shall make an
12 apportionment determination by finding what approximate
13 percentage of the permanent disability is caused by the direct result
14 of injury arising out of and occurring in the course of employment
15 and what approximate percentage of the permanent disability is
16 caused by other factors both before and subsequent to the industrial
17 injury, including prior industrial injuries. If the physician is unable
18 to include an apportionment determination in his or her report, the
19 physician shall state the specific reasons why the physician cannot
20 make a determination of the effect of that prior condition on the
21 permanent disability arising from the injury. The physician shall
22 then consult with other physicians or refer the employee to another
23 physician from whom the employee is authorized to seek treatment
24 or evaluation in accordance with this division in order to make the
25 final determination. Race, religious creed, color, national origin,
26 age, gender, marital status, sex, sexual orientation, or genetic
27 characteristics shall not be considered a cause or other factor of
28 disability with regard to any determination made under this section.

1 (d) An employee who claims an industrial injury shall, upon
2 request, disclose all previous permanent disabilities or physical
3 impairments.

4 (e) Subdivisions (a), (b), and (c) shall not apply to injuries or
5 illnesses covered under Sections 3212, 3212.1, 3212.2, 3212.3,
6 3212.4, 3212.5, 3212.6, 3212.7, 3212.8, 3212.85, 3212.9, 3212.10,
7 3212.11, 3212.12, 3213, and 3213.2.

8 (f) For purposes of this section, “genetic characteristics” has
9 the same meaning as that term is defined in subdivision (d) of
10 Section 10123.3 of the Insurance Code.

11 SEC. 2. (a) The Legislature finds and declares all of the
12 following:

13 (1) The federal and state constitutions, federal law, and state
14 statutes prohibit employment discrimination against individuals
15 on the basis of immutable characteristics, such as race, age, gender,
16 and sexual orientation, as well as other factors, such as religion
17 and marital status.

18 (2) Under the state’s workers’ compensation system, injured
19 workers or their dependents are entitled to certain benefits that
20 include compensation for permanent partial disability or death
21 arising out of, and in the course of, employment, without regard
22 to fault. In return, employers are shielded from civil liability in
23 any claims of negligence related to the employee’s injury.

24 (3) Workers’ compensation benefits have been reduced or denied
25 on the basis of personal characteristics of the employee that, if
26 applied in an employment context, would be prohibited
27 employment discrimination.

28 (b) It is the intent of the Legislature to enact legislation that
29 would apply employment discrimination protections to workers’
30 compensation law in order to prohibit the wrongful reduction or
31 denial of workers’ compensation benefits.
