An act to amend ~~Sections 2583, 12000, and Section 12154~~ of, and to add Sections 12013.3 and 12013.5 to, the Fish and Game Code, relating to wildlife.

LEGISLATIVE COUNSEL'S DIGEST

AB 1162, as amended, Chesbro. Wildlife: poaching.

~~(1) Existing law regulates the taking or possession of birds, mammals, fish, amphibians, and reptiles. Existing law relating to the control of illegally taken fish and wildlife authorizes the imposition of a civil penalty, not to exceed \$10,000, on any person who violates the Fish and Game Code or any regulation adopted to carry out that code, and, with the exercise of due care, should have known that the specified animals were taken, possessed, transported, imported, received, purchased, acquired, or sold in violation of, or in a manner unlawful under, existing law. Existing law requires those civil penalties to be deposited in the Fish and Game Preservation Fund.~~

This bill would increase the maximum civil penalty for a violation of the above provisions from \$10,000 to \$40,000.

~~(2) Existing law provides that, except as expressly provided otherwise in the Fish and Game Code, any violation of that code, or of any rule, regulation, or order made or adopted under that code, is a misdemeanor.~~

~~This bill would make a technical, nonsubstantive change to that provision.~~

~~(3)~~

(1) Existing law provides that any person who illegally takes, possesses, imports, exports, sells, purchases, barter, trades, or exchanges any amphibian, bird, fish, mammal, or reptile, or part thereof, for profit or personal gain, is guilty of a misdemeanor punishable by a fine of not less than \$5,000, nor more than \$40,000, or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. Existing law authorizes the department, upon a conviction of certain violations, to suspend or permanently revoke a person's hunting or sport fishing license or permit privileges and authorizes the seizure or forfeiture of any device or apparatus used in the commission of specified offenses.

This bill would subject any person who knowingly and illegally takes a trophy deer, elk, antelope, wild turkey, or bighorn sheep in specified ways to a fine of not less than \$5,000, nor more than \$40,000, *for deer, elk, antelope, and bighorn sheep violations, and a fine of not less than \$2,000, nor more than \$5,000, for wild turkey violations*, or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. *The bill would require the Fish and Game Commission to adopt regulations to implement this provision.* The bill would subject any person who uses a signal-emitting device, as defined, in conjunction with the take of bear for the purpose of selling or trafficking in bear parts to a fine of \$10,000 per bear part. The bill would ~~require the Fish and Game Commission to adopt regulations to implement these provisions, and would~~ require all revenue from fines imposed pursuant to these provisions to be deposited in the Big Game Management Account or the Upland Game Bird Account, based on the violation. The bill would include those offenses in those suspension, revocation, and forfeiture provisions. By creating new crimes, this bill would impose a state-mandated local program.

~~(4)~~

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

*The people of the State of California do enact as follows:*
