Introduced by Assembly Member Perea

February 14, 2012

An act to add Section 13444 to the Water Code, relating to water.

LEGISLATIVE COUNSEL'S DIGEST

AB 1669, as amended, Perea. Groundwater: Nitrate at Risk Area Fund.

Existing law establishes the State Water Resources Control Board and authorizes the board to adopt regulations to carry out its powers and duties. Under existing law, the Porter-Cologne Water Quality Control Act, the board is required to formulate and adopt state policy for water quality control.

This bill would establish the Nitrate at Risk Area Fund, to be administered by the board and, upon appropriation by the Legislature, moneys in the fund would be available for the purposes of developing and implementing sustainable and affordable solutions for disadvantaged
