An act to amend Section 66020.5 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 1723, as amended, Fuentes. Postsecondary educational institutions: meetings: live video and audio transmission.

Existing law requires the Board of Governors of the California Community Colleges, the Trustees of the California State University, the California Postsecondary Education Commission, and the Student Aid Commission, including a specified auxiliary organization, and requests the Regents of the University of California, to provide for live audio transmission of all meetings, which are open to the public pursuant to specified law, through a technology that is accessible to as large a segment of the public as possible, including, but not necessarily limited to, the use of cable, satellite, over-the-air, or any other type of transmission that can be accessed through a television.

This bill would require those entities, and request the regents, also to provide for live video transmissions and to archive and post the video and audio transmissions on the entity’s Internet Web site for at least 12 months and within 48 hours following the initial transmission. The bill would remove over-the-air transmissions from the list of transmissions that can be accessed through a television, ~~and would exempt the Student Aid Commission, including a specified auxiliary organization, from the requirement to provide for live video transmissions.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
