CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 1986

Introduced by Assembly Member Davis

February 23, 2012

~~An act relating to hazardous waste.~~

An act to amend Section 21003 of the Elections Code, relating to redistricting.

LEGISLATIVE COUNSEL'S DIGEST

AB 1986, as amended, Davis. ~~Hazardous waste: public utilities.~~ *Redistricting.*

Existing law, as added by constitutional initiative, establishes the Citizens Redistricting Commission, and charges it with various duties and responsibilities in connection with redistricting Assembly, Senate, Board of Equalization, and congressional districts, as specified. Existing law requires the Department of Corrections and Rehabilitation to furnish to the Citizens Redistricting Commission, not sooner than April 1, 2020, and not later than July 1, 2020, and in each year of the decennial census thereafter, specified information regarding the last known place of residence, as defined, of each inmate incarcerated in a state adult correctional facility, except an inmate whose last known place of residence is outside of California. Existing law requests the Citizens Redistricting Commission to deem each incarcerated person as residing at his or her last known place of residence, rather than at the institution of his or her incarceration, and to utilize the above information in carrying out its redistricting responsibilities.

This bill would require the department to exclude all inmates in state custody for whom a last known place of residence within California

cannot be determined and inmates in federal custody in a facility within California from the information furnished to the commission. The bill also would request the commission to refrain from publishing any information regarding a specific inmate’s last known place of residence and would make clarifying and conforming changes.

~~Existing law exempts a person who initially collects certain types of hazardous waste at a remote site and transports the hazardous waste to a consolidation site from complying with the existing requirements concerning possession of a manifest and registration as a hazardous waste transporter, if the person complies with specified conditions, including if not more than 275 gallons or 2,500 pounds, whichever is greater, of hazardous waste is transported in any shipment. Existing law exempts a public utility, local publicly owned utility, or municipal utility from those limits with regard to the transportation of a certain amount of mineral oil or of hazardous wastewater from the dewatering of utility vaults.~~

~~This bill would declare the intention of the Legislature to enact subsequent legislation regarding the transportation of hazardous waste by public utilities.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~ yes.
 State-mandated local program: no.
